# A renewed emphasis on Pride & Loyalty

In the last edition of the *UNB Alumni News*, I reported that Alumni Council has been going through a process of reviewing and evaluating the Association's Strategic Plan.

Much has been accomplished and much has changed in the last three years. Interviews were held with various stakeholders, including alumni, staff and university administrators, to receive feedback as to the progress and development of the plan. These comments, together with extensive discussions held by Council, have led to Energized & Involved II, which was to be approved at our April Alumni Council meeting. Following Council's approval, the revised strategic plan will be posted on the Alumni website.

While this new plan is once again intended to be in harmony with the goals of the university and is written with the assumption of a continuing strong relationship and partnership commitment from UNB, we must keep in mind that the purpose of the plan continues to be to "energize and involve" alumni in support of UNB.

In summary, the directions or Key Result Areas (KRAs) have remained very much the same with the exception of one new KRA, as well as defined "lead" and "support" roles for each area. The Associated Alumni will take a "lead" role in Pride & Loyalty, Students & Young Alumni, and Advice. The Association will provide a "support" role in Fundraising, Advocacy, and Student & Faculty Recruitment.

Pride & Loyalty has been defined as our newest KRA and is by far the most important. The Associated Alumni recognizes the fundamental importance of creating among alum-

ni a feeling of pride in being a UNB graduate, and a sense of loyalty to UNB. None of the other KRAs can be reached without alumni first having this positive feeling about their relationships with each other and with UNB. Chapter development, reunions, social events, student recruitment receptions and other similar events must engender pride and loyalty among alumni and must encourage greater participation from alumni. Watch for opportunities to show your pride . . . Celebration 2004 on the Saint John campus and Homecoming 2005 on the Fredericton campus are coming soon . . . or why not attend a lobster boil in Calgary or a golf tournament in Halifax . . . or if there is no established event in your area, why not start one? The alumni office will provide as much support as possible and I will personally endeavor to attend as many activities as possible to thank you for showing your pride.

As a result of our plan, chapters are also going through a re-designing process and will soon have a different look and format to encompass more towns, cities, regions, countries and affiliation groups. As alumni, we are all part of the UNB community and our plan is committed to creating individual opportunities to create a larger connection and network system of alumni.

As I continue to attend Association and University events, I am overwhelmed by the support, involvement and commitment of so many alumni who are clearly proud of their affiliation with UNB.

*Carey A. Ryan*

## CIS hockey nationals brought out the best in our alumni

It's really too bad there's no way to convey on these pages — either through words or images — the intensity and depth of emotion the CIS national men's hockey championships brought to the Fredericton campus in March.

While we've tried (see pages 37-38), you really had to be at the Aitken Centre for the games, particularly the UNB tilts, to get a true sense of what Association President Carey Ryan is talking about in her column above — Pride and Loyalty.

You could *feel* the institutional Pride and Loyalty wafting through the Aitken Centre rafters every time UNB took to the ice. I was there, and it wasn't just my imagination. In casual conversations with other fans, most of them alumni, in the concourse between periods, the sense of excitement was palpable. And during the games themselves, the crowd was into it with an enthusiasm that hasn't been witnessed at UNB in many, many years. All the local media pundits commented on the fans' fervor, with *The Daily Gleaner's* Dave Ritchie writing, "Ten years from now, they'll still be talking about the night of March 27, 2004 (the gold-medal game).

And were you there?"

Now that the bar has been set, we encourage all alumni to look for opportunities to display their Pride and Loyalty.

●  
Actually, page 21 of this edition offers you all a chance to participate in an alumni activity from wherever you are in the world. We're holding our alumni elections, and it's your chance to have a direct say in the affairs of the association.

Please take a moment to review our slate of eight candidates, and then choose **up to four** of them. (If you choose more than four, you'll spoil your ballot.)

You can vote via the mail-in hard-copy ballot on page 21, but we'll also have available our convenient and easy-to-use electronic ballot. Just go to [www.unb.ca/alumni/elections](http://www.unb.ca/alumni/elections) and send us your choices via the web.

## Under Tow: A History of Tugs and Towing

By Donal M. Baird (BSc'48)  
Vanwell Publishing Ltd.  
ISBN: 1-4107-1018-1

From the early British and Dutch towing companies to the current Canadian and global conglomerates, towing has been a diverse and economically vital part of trade and commerce. The first tugboats — or towboats as they are known on the Pacific coast — were steam-powered paddlewheelers. Their tasks evolved from carrying passengers and freight in constricted waters, to towing sailing ships to safe harbour, moving great log booms downstream to pulp and paper mills, the delicate task of assisting large vessels into and out of their berths, pushing barges, and handling oil rigs. The development of tow boats is described here in terms of their evolving roles in freight and ship handling with particular attention to the rise and history of tug companies around the world, and especially in Canada. Liberally illustrated from the author's extensive collection of photographs, it will be an important addition to any tug enthusiast's library.

## Peregrinus

By Michael Bankiewicz (PhD'56)  
1st Book Library  
ISBN: 1-4107-1018-1

Three generations ago Teutonic armor crushed our way of life in Eastern Europe. Thousands of us were scattered around the world like autumn leaves by the cruel winds of war. This book records our peregrinations. Hence its title — PEREGRINUS — in Roman times a wanderer. The invading armies trampled heavily on the heart of my mother's town. They chased me and many others away. Some are still running. My wanderings, like the wanderings of many, led me across Germany to France, Spain and Portugal. In 1943 I reached Gibraltar and hence the British Isles. Next it was the army, the invasion of Normandy and our triumphal march through France, Belgium and Holland to the crumbling gates of the Third Reich. Ordered back to England I endured the Day of Victory — joy for most, but a day of sorrow for us Poles sold by the Western Powers to the Soviets. Then, we all, ex-combatants, scrambled for a better place in the sun.

## Wanting the Day: Selected Poems

By Brian Bartlett (BA'75)  
Goose Lane Editions (Canada);  
Peterloo Poets (Cornwall, England)  
ISBN: 0-86492-357-0

This gathering of poems, published

simultaneously in Canada and Britain, comes from six collections and chapbooks of poetry, the earliest published in 1972 when Bartlett was an undergraduate at UNB. Of Bartlett's most recent collection, Don Coles has written: "Mostly, what strikes me about *The Afterlife of Trees* is the very distinctive voice that, once opened, it shows forth. I'd recognize it among many. The words, the lines, just keep on justifying one's eyes being there . . . . If there's a higher mode to aim at, I don't know what it is."

## The Wizard's Ward

By Deborah Hale (MacDonald, BEd'80,  
C-AUS'87)  
Luna Books  
ISBN: 0-373-80205-6

A young enchantress embarks on a quest to find, waken, and wed the legendary 'Waiting King,' who will help her liberate their country from its cruel conquerors. This book marks Hale's debut in the fantasy genre after 10 award-winning historical romances. To read an excerpt, visit [www.deborahhale.com](http://www.deborahhale.com).

## The Last Champion

By Deborah Hale (MacDonald, BEd'80,  
C-AUS'87)  
Harlequin Historical  
ISBN: 0-373-29303-8

When her vassals are threatened by a robber baron during England's 12th-century civil war, Dominic De Montford must persuade a renowned warrior to take up his sword one last time in defence of the lands that were once his.

## Total Hockey NHL

By James Duplacey (BA'76)  
Triumph Books  
ISBN: 0-920445-86-1

*Total Hockey NHL* is the third edition of the Total Hockey encyclopedia to be issued. Unlike its predecessors, this volume is devoted entirely to the National Hockey League and features in-depth analysis, essays, commentaries, charts and statistics for every player, manager and coach who ever appeared in an NHL game. Mr. Duplacey is the associate editor and author.

## The Ultimate Prize — The Stanley Cup

By James Duplacey (BA'76)  
Andrews McMeel  
ISBN: 0-740738-30-5

The title says it all — a detailed, conclusive history of professional sports most-prized trophy. From the days of the Silver Chalice to the era of the Massive Mug, every Stanley Cup game and moment are profiled in detail. Mr. Duplacey is NHL

Publications senior writer and the author of over 50 books on culture and sport.

## Hockey's Book of Firsts

By James Duplacey (BA'76)  
World Publications  
ISBN: 1-57215-337-7

This book is a detailed study of hockey's famous firsts — from the first goalie to wear a mask (a girl), the first defenceman to record 100 points in a season (not Orr) to the first player arrested during a game (pure humour). Most hockey fans think they know the facts, but this book tells the true tales of hockey's famous firsts.

## The Only Hand: A Cookbook

By Margaret MacNaughton Glassford (BSc'55)  
Knockout Communications  
ISBN: 1894933621

Margie Glassford discovered that being able to prepare the food she loved was an essential ingredient in her recovery from an aneurysm that left her paralyzed on one side. For others who have suffered a disability but are keen to get back in the kitchen, *The Only Hand* is a helpful guide and a true inspiration. *The Only Hand* includes 72 delicious, nutritious recipes the author has prepared many times. It also serves up helpful hints, a list of necessary equipment and loads of encouragement.

## Crabby Crab

By Ruth I. Howard (BSc'44)  
Trafford Publishing  
ISBN: 1-4120-1432-8

*Crabby Crab* is the result of reminiscing about entertaining grandchildren at the cottage with walks on the beach. The sea creatures mentioned in the book — the crab, starfish, mussel and barnacle — all are common to the seashore and easily identified. Children can empathise with shoveling sand, placing the living animals in a bucket to take home as "pets." The illustrations entail a learning component — tube feet on the starfish, feathery legs on the barnacle that capture food, threads that attach mussels to a surface and the ebb and flow of the tide. The delightful water colour illustrations by Helen Downing Hunter (UNB) are enlivened by the artist's familiarity and enjoyment of the beach. The hand printing of the text adds to the book's appeal.

## Aboriginal Law: Commentary, Cases and Materials

By Thomas Isaac (LLB'91)  
Purich Publishing Ltd.  
ISBN: 1-895830-23-0

The third edition of Tom Isaac's *Aboriginal Law* contains more extensive and

detailed commentary than earlier editions, and highlights the most important aspects of Canadian law affecting Aboriginal people. The author provides detailed information on and analysis of current law, referring to relevant court decisions, statutes and land claims agreements. While this is a law book, it is written and designed for use by anyone interested in Aboriginal legal issues. Reviewers have described previous editions as “a welcome guide to the dynamic political and legal environment of the rapidly changing field of Aboriginal law in Canada.”

### Fredericton Flashback

By Ted Jones (BA'65, MA'69)  
Nimbus Publishing Limited  
ISBN: 1-55109-465-7

In these colourful stories from Fredericton's past, the city's most exceptional characters and remarkable events are retrieved from the annals of history. Bringing together 50 of the best articles from Ted Jones's long-running and popular *Daily Gleaner* column (Fredericton Flashback), this book portrays New Brunswick's capital city in the light of its own fascinating history. From scandal and tragedy to triumph and success, these stories are filled with unforgettable names and events — striking in detail and surprising in scope.

### The Canadian Law of Consent to Treatment, 3rd Edition

By Lorne E. Rozovsky, QC (BA'63)  
LexisNexis Butterworths  
ISBN: 0-433-44171-2

This 17th book by the author is a step-by-step guide to assist health care professionals, health administrators, risk managers and lawyers to avoid costly and time-consuming litigation as a result of improperly obtained or documented consent to treatment in health-care settings. It includes a discussion of the legal and risk management principles on numerous subjects from emergencies, reproduction, the mentally disabled, children, human research and experimentation, organ donations, the right to refuse treatment to documentation of consent. The book is the standard guide to consent to treatment across Canada and has been officially endorsed by the Canadian Health Information Management Association.

●

**EDITOR'S NOTE:** *The Alumni News Books column welcomes information about recent publications by alumni and faculty. If you have been published, please send us the name of the book, the author and their connection to UNB, the publisher, the ISBN number, and a brief précis of the contents.*

*An artist's conception of what the campus might look like . . . someday.*

## Campus plan for Fredericton envisions a 'showcase campus'

**V**isionary. Responsible. Exciting. The University of New Brunswick's Fredericton Campus Plan is all of these and more. Officially unveiled on Feb. 4, the plan is a conceptual tool that will serve as a guide for managing the development and revitalization of the campus in the long term.

“UNB in Fredericton has one of the oldest and most beautiful campuses in Canada,” said UNB President John McLaughlin. “We wanted a campus plan to ensure that we preserve and enhance the university's special character. The plan will guide our decisions about campus beautification, construction and facilities enhancement far into the future.”

Governed by a series of guiding principles, the plan is intended to create an environment that will be an inspiration to students, faculty, staff and visitors. “The concept is to create an environment that is pedestrian friendly, that has planned and diverse green spaces, is accessible, ecologically sensitive, and connected to the surrounding community,” said Mike Ryan, associate vice-president (campus services and planning) and a member of the Campus

Plan steering committee. “I have no doubt that we will achieve all of those things in the long-term.

“UNB Fredericton will be a showcase campus.”

The planning process, which took about two years, involved broad consultation within the university community and the community at large. The feedback received from neighbours, students, city officials and many others influenced the planning process and is reflected in the final plan.

The next step will be the development of an implementation plan.

“It's important to note that the plan is not time specific,” explains Mr. Ryan. “The timing of new buildings, for example, will be determined by the demand for space and the availability of funding. However, when we do decide to build, the plan will serve as a guide for a building's location, its architecture, landscaping, and so on.”

A biennial review will ensure the plan responds to evolving realities while maintaining the overall vision of the original.

For more information about the UNB Fredericton campus plan, visit [www.unbf.ca/campusplan](http://www.unbf.ca/campusplan).

# MCCAIN APPOINTED CHAIR OF FORGING OUR FUTURES

*Alumnus on board to lead ambitious capital campaign*

Allison McCain (BScEE'72) of Florenceville, N.B., has been named chair of **Forging Our Futures**, the most ambitious fund-raising campaign in UNB's history.

"We welcome Allison McCain to **Forging Our Futures**, a campaign which is critically important to UNB," said UNB President John McLaughlin. "This campaign will move the whole university forward into the future and Mr. McCain, as chair, will be helping to plan and lead that process. We're very pleased to have someone with his commitment and vision as part of this campaign."

A UNB alumnus, Mr. McCain is chair of the board of McCain Foods Limited.

"I'm honoured to be a part of **Forging Our Futures**," said Mr. McCain. "This is a time for all UNB's stakeholders and friends to support the university. As a graduate and someone who recognizes the powerful impact the university has on our province, region and country, I am proud to be involved with this campaign and UNB."

Mr. McCain brings more than 30 years of national and international business experience to the campaign. After graduating from UNB with a degree in electrical engineering, he worked for three years as an engineer with NBTel. In 1975 he joined McCain Foods as a project engineer and held a number of increasingly responsible management positions before being elected chairman of McCain Foods in 2002.

"Allison McCain is a leader," said Dr. McLaughlin. "His international business experience and support for the community will be invaluable to the campaign and to this university. We're expecting great things from Mr. McCain just as we are from **Forging Our Futures**."

**Forging Our Futures** will make strategic investments in students, faculty, facilities and programs. The campaign will strengthen UNB's position as a national university that is fundamentally important to the economic, social

*Allison McCain graduated from UNB in 1972 with a BScEE, and has served as chair of the board of McCain Foods Limited since 2002.*

and cultural well-being of the province, the region and the country.

The campaign is expected to be formally launched later this year, although no official date has been set. Currently, the campaign is in the preparatory stage, which includes the internal UNB faculty and staff campaign.

"We're still some time away from the launch of the campaign, but with this appointment, we're taking a significant step forward," said Dr. McLaughlin. "To our friends, supporters and stakeholders, I say look to the end of the year for more news on **Forging Our Futures**."

More information on the campaign is available online at [www.unbfutures.ca](http://www.unbfutures.ca).

## New scholarships, prizes at UNB

Scholarships, prizes and other awards are an increasingly-vital component of the assistance UNB offers to its student body. In this space from time to time, *Alumni News* will be highlighting recent additions to the existing list of hundreds of scholarships, prizes, bursaries and awards available to qualified students.

### Shaila Bari Memorial Scholarship

A scholarship awarded to a female international student on the Fredericton campus who has completed at least the minimum requirements for the first year of the bachelor of business administration degree program. Selection will be based on academic achievement (minimum 3.0 GPA) and financial need. This award is funded by the Faculty of Administration and friends and family of the late Shaila Bari.

### Arun Datta Prize

A prize to be awarded annually on the recommendation of the Department of Economics to an outstanding student on the Fredericton campus who achieves high standing in ECON 3401 International Economics: Trade. The prize is funded by colleagues, family and friends of the late Dr. Arun Datta.

### Jennifer A. Douglass Memorial Bursary

To be awarded annually on the basis of financial need to a Fredericton campus student who has graduated from an N.B. high school. The recipient should have just completed the requirements for the first or second year of his/her degree program and demonstrated successful academic performance. Preference will be given to a student who has demonstrated humanitarian qualities. The bursary is funded by family and friends in memory of Jennifer A. Douglass.

### Jason Herron Memorial Award

A prize to be awarded annually to students who have completed at least 90 credit hours in the bachelor of forest engineering or bachelor of forestry degree program on the Fredericton

campus. Major consideration will be given to students who have demonstrated professionalism, a commitment to fellow students, academic leadership and whose judgment is respected by peers and faculty. Nominations from students, staff and faculty will be received by the faculty scholarship committee. This award is funded by friends and colleagues of Jason Herron, forest manager for Georgia-Pacific in New Brunswick for many years, and a UNB lecturer, 2000-2003.

### Marie La Forest Scholarship

To commemorate the contributions of D. Marie Warner La Forest to the Law School community over many years, a scholarship is awarded to a New Brunswick resident entering the first year of law study. Criteria of selection are academic excellence, financial need and substantial community and extra-curricular involvement. The scholarship is funded by family and friends of Marie Warner La Forest.

### Maureen McCarthy Memorial Bursary

A bursary awarded on the basis of financial need to a Fredericton campus student from Westmorland County who is entering their first year in business administration. The recipient must demonstrate successful academic performance. This bursary is funded by family and friends of Maureen McCarthy.

### Arlee Hoyt McGee Nursing History Scholarship

Open to nursing students at any of the four UNB sites who are graduates of an N.B. high school and have completed at least the minimum requirements for the first year of a nursing degree program. Selection will be based on academic achievement and financial need. Preference will be given to students who are registered in the NURS 4274 "Iconography of the Nurse."

If you would like to contribute to these newly-created memorial awards, please contact the Office of Development & Donor Relations at 1-877-UNB-GIVE (862-4483) or e-mail the office at [giving@unbfutures.ca](mailto:giving@unbfutures.ca).

Photo: Joy Cummings

## Hockey icon speaks at UNB

Legendary NHL goalie **Ken Dryden** delivers his address during the Faculty of Kinesiology's "Skating Into The Future" conference held as part of the CIS National Men's Hockey Championships at UNB Fredericton in March. Mr. Dryden, vice-chairman of Maple Leaf Sports and Entertainment, the parent company of the Toronto Maple Leafs, spoke about on-ice violence in the sport, and said the game of hockey must be re-examined at its most basic level before it becomes an "extreme sport." For more on the championships, see page 37.

## McConnell Hall to get first facelift in 42 years

McConnell Hall on the Fredericton campus, where thousands of alumni got their daily sustenance, is getting a facelift, the first in its 42-year history.

The McConnell Hall renovations will be the first of other scheduled improvements in a multi-phased food service strategic plan designed to enhance freshness, variety and value for on-campus dining facilities.

Along with the enhanced food service plan and new serving stations, capacity at McConnell Hall will be upgraded from its present 300 to approximately 375 in the first phase. From a facility primarily serving residential students, renovations are expected to expand the client base to include faculty, staff and off-campus students.

# UNB launches major public policy initiative

BY LISA HRABLUK

Director, Next NB/Avenir N-B

It is time for New Brunswickers to talk to each other and UNB wants to help start the conversation.

Next NB/Avenir N-B is a new initiative, born out of UNB President John McLaughlin's belief that the university must actively participate in the development of its province.

The province of New Brunswick faces some challenges. Its population isn't increasing, its access to capital is limited and it is in danger of falling behind the rest of the country.

UNB, as the province's largest university and Canada's oldest English language university, will help guide that conversation with Next NB/Avenir N-B, a unique exercise in public participation that was launched in February.

As a university, UNB has the power of convocation, the ability to bring people together who wouldn't normally seek each other out, to engage in a non-partisan discussion about New Brunswick's future.

Next NB/Avenir N-B is a fully bilingual project designed to reflect New Brunswick's bicultural nature and its distinction as the only officially bilingual province in Canada.

"It is important for us to have this conversation," said Dr. McLaughlin. "We must look in the mirror and examine what we see and then have a deep and substantive debate about our future."

Next NB/Avenir N-B will do that by issuing 10 discussion papers.

The first one, "The Next New Brunswick, A Story of Transformation/Notre Avenir, Vers le Nouveau-Brunswick de demain," details some of those challenges and encourages New Brunswickers to step forward to write a new story for the province.

The paper was released at the official project launch at UNB Fredericton on Feb. 3 and was published in *The Telegraph-Journal* on Feb. 7. *The Telegraph-Journal* is Next NB/Avenir N-B's media sponsor and will publish each of the discussion papers.

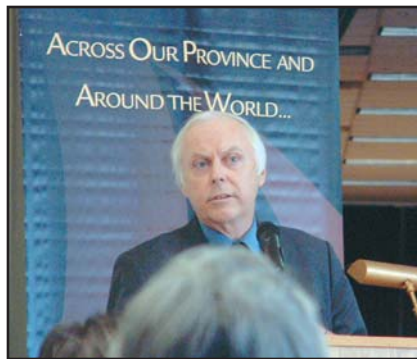

Photo: Mike Hawkins

UNB President John McLaughlin speaks during the launch of Next NB/Avenir N-B.

The remaining nine topics will be on specific public policy issues — culture; immigration and migration; town, country and coast; education; understanding poverty; the economy; health care; global world, small province; and how does New Brunswick stand on its own.

Eight of those topics will be supported by public forums held throughout New Brunswick. The first was held March 8 at the Wu Conference Centre on the Fredericton campus, when a panel of four New Brunswickers led by Lt.-Gov. Herménégilde Chiasson asked a crowd of francophones and anglophones, whites, blacks, Asians, and aboriginals to help define New Brunswick's culture and its people.

The final topic — how does New Brunswick stand on its own — will lead into a signature conference to be held June 21-23, 2005, in Saint John.

"I want Next NB to re-engage young people in politics and public participation," said Dr. McLaughlin. "They are our future leaders and we need their voices and their ideas."

We are looking for suggestions and comments from everyone. We really want to know what New Brunswickers want and what they think we should be talking about.

The Next NB/Avenir N-B website is [www.nextnb.ca](http://www.nextnb.ca) or [www.avenirnb.ca](http://www.avenirnb.ca).

Lisa Hrabluk is a special adviser with the UNB President's Office, and is based in Saint John. She is also a columnist with *The Telegraph-Journal*.

## UNBSJ helps improve health research

UNBSJ has signed a memorandum of understanding (MOU) with three other key players in health research and education. The MOU, which involves the Atlantic Health Sciences Corp. (AHSC), the National Research Council Institute for Information Technology e-Business (NRC-IIT e-Business), N.B. Community College (NBCC) and the university, is intended to encourage stronger health research collaboration.

By identifying areas of co-operation and common principles, the parties to the MOU hope to work more closely in areas of health research and education. The MOU points out that the physical proximity and the established working relationships that exist among AHSC, NBCC, NRC and UNB in Saint John provide a substantial basis for integrated, broad-based applied research in health and wellness.

"Innovation is a key factor in the prosperity of our province, which is why it is so exciting to see positive initiatives such as this," said N.B. Training and Employment Development Minister Margaret-Ann Blaney. "The combined efforts of the four institutions named in this MOU will help attract and retain highly skilled individuals in the field of research and development."

Dr. Keith De'Bell, dean of science, applied science and engineering at UNBSJ, agreed. "Each institution brings strengths to the table that will help to meet current health care challenges," he said.

"For example, the university has expertise in the area of research methodologies, health care delivery in clinical and community settings, determinants of health, data analysis and modeling, and electronic commerce."

The parties to the MOU foresee involvement in joint projects in e-health, data analysis, health-care evaluation, population health and the determinants of health, and scientific and technological research in health. They also expect to work together on approaches to research funding opportunities and other matters affecting the capacity for health research.

## Business legend Harrison McCain passes away

**H**arrison McCain, CC, (LLD'86), co-founder and founding chairman of McCain Foods Limited and a long-time friend of UNB, passed away March 18, 2004, at the Lahey Clinic in Boston. Dr. McCain had been in declining health for some time. He was 76 years old.

He directed the growth of McCain Foods for 45 years as it grew from a small French fry processing operation in Florenceville, N.B., to the world's largest producer of French fries and a \$6.4 billion a year international frozen food firm.

He also was a member of the council of the UNB President's Associates, and chairman of the UNB Foundation. In the mid-1990s, he served as a member of the cabinet for **The Venture Campaign**.

A native of Florenceville, Dr. McCain was born Nov. 3, 1927, the son of Andrew D. McCain, a pioneer seed potato exporter, and Laura (Perley) McCain, CM. He graduated from Florenceville High School and attended Acadia University, where he received a BA in economics in 1949.

After several years in sales with Irving Oil Ltd., Mr. McCain left at the age of 29 to pursue an independent career. On May 24, 1956, the four McCain brothers — Andrew, Robert, Harrison and Wallace — founded McCain Foods Limited. Harrison and Wallace assumed active management roles in the new company while older

*Harrison McCain was a strong supporter of UNB during his lifetime.*

brothers Andrew and Robert became directors.

In addition to directorships within the McCain Group and his role as Chairman of McCain Foods Limited, during his career Mr. McCain sat on many boards of directors including the Bank of Nova Scotia, Petro-Canada, the Canada Development Corp., Council for Canadian Unity, Canadian Council of Christians and Jews, Izaak Walton Killam Children's Hospital, N.B. Research and Productivity Council, the N.B. Development Corp., Beaverbrook Art Gallery, Junior

Achievement of Canada, the Japan Society and the Lahey Clinic Canadian Foundation.

In more than 45 years in the food industry, Dr. McCain received many honors for his achievements, for his societal leadership and philanthropic activities. In 1984, he was inducted as an Officer of the Order of Canada. In 1986, he was the recipient of an Honorary Doctor of Laws from UNB and named an Honorary Life Member of the Agriculture Institute of Canada.

He was named a Companion of the Order of Canada, an Honorary Life Member of the Potato Association of America, and earned the Gary Wright Humanitarian Award from Friends of We Care Inc. in 1992. In 1993 he was inducted into the Canadian Business Hall of Fame.

In 2002, Dr. McCain was honored with the Order of New Brunswick award in its inaugural year.

Dr. McCain is survived by a son, **Mark McCain** (BA'77), Toronto; three daughters, Ann Evans, Toronto; Laura McCain-Jensen, Niagara-on-the Lake, Ont., and Gillian McCain, New York; a brother, **Wallace McCain** (Class of '51, DLitt'02), Toronto; a sister, Marie Sutherland, Woodstock, N.B.; three grandsons; and several nieces and nephews. He was predeceased by his wife Marion (McNair), son Peter and brothers Robert and Andrew, and sister Eleanor Johnson.

## UNB's biomedical expertise making a difference in Cuba

**C**anadians are making a difference in Cuba by sharing their expertise in the highly technical field of biomedical engineering.

The world-renowned Institute of Biomedical Engineering at UNB in Fredericton and the Hospital for Sick Children in Toronto have partnered with three Cuban universities — Universidad Central Marta Arbreu de Las Villas (UCLV) in Santa Clara, Instituto Superior Politecnico José A. Echeverra (ISPJAE) in Havana, and Universidad de Oriente (UO) in Santiago de Cuba — on a six-year, \$750,000 project funded by the Canadian International

Development Agency (CIDA).

"One of the goals of this project is to transfer the skills and knowledge of Canadian experts in biomedical and clinical engineering," says UNB's Ed Biden, principal investigator for the project. "To this end, we're providing a series of training opportunities for Cuban professors."

Over the winter, The Institute of Biomedical Engineering had two professors, one from Santiago and one from Santa Clara, on four-month placements. A third, from Havana, trained with the Hospital for Sick Children.

At the conclusion of their placements, they were to take what they

have learned back to their students and colleagues at their respective universities. Their ultimate goal is to offer graduate programs that will satisfy Cuba's demand for highly skilled professionals in biomedical engineering.

The project will equip advanced labs in each of the three partner universities in Cuba, and, through research and development, contribute to the country's growing medical equipment industry.

"This project builds on an earlier one, also funded by CIDA, which saw UNB partner with UCLV," said Dr. Biden. "Our first project saw a number of students come to UNBF for doctorates."

## Canadian Rivers Institute receives nearly \$1.8 million from innovation fund

The Canada Foundation for Innovation (CFI) has awarded UNB \$1,794,202 for infrastructure in support of research at the Canadian Rivers Institute.

“The infrastructure will include new facilities for understanding the ecological health of rivers and estuaries,” explained Kelly Munkittrick, the designated project leader at UNB Saint John. “The facilities will support unique Canadian state-of-the-science research in aquatic sciences.”

Dr. Munkittrick holds a Canada Research Chair in Ecosystem Health Assessment at UNB Saint John and is the associate director of UNB’s Canadian Rivers Institute.

The UNB funding was part of a total of \$585.9 million in CIF funding for 126 projects at 57 Canadian universities, colleges, hospitals and other non-profit research institutions.

The Canadian Rivers Institute was founded in December 2000 as a collaboration by researchers at UNB Saint John and UNB Fredericton. It has expanded to include additional partners, such as the Watershed Research Group at UPEI and Environment Canada’s Atlantic Region and National Water Research Institute. This multi-university, multi-sector institute is focused on protecting the ecological health of Canadian rivers, including their estuaries.

“The funding from CFI will enable the institute to add facilities for research on the environmental impacts of industrial, municipal and agricultural wastes,” explained Dr. Munkittrick. “It will also support research on the environmental impacts of pesticides and pharmaceuticals.”

## UNBSJ researchers awarded funding

Two UNBSJ researchers have been awarded a total of \$205,122 by the N.B. Innovation Foundation.

Dr. Thierry Chopin, a professor of marine biology, has been awarded \$175,122 to support his research into combining the production of farmed salmon with seaweed and mussels so that the nutrients from the salmon farms are converted into other crops that also have value. Dr. Jeff Houlahan, a conservation biologist, has been awarded \$30,000 to study the effects of land-use on wetland water quality and biodiversity and to study innovative, science-based ways to control mosquito populations.

“These are important and valuable research projects,” said Greg Kealey, UNB vice-president, research. “Dr. Chopin’s project could help guide the sustainable development of New Brunswick’s aquaculture industry. Dr. Houlahan’s project could help protect New Brunswickers’ health from diseases like the West Nile virus and provide valuable information on the economic consequences of alternate land use scenarios.”

In December 2002, Premier Bernard Lord established a \$20-million innovation fund as one of the cornerstones of the province’s 10-year prosperity plan. The N.B. Innovation Foundation is an independent corporation, established to administer the fund with the objective of supporting innovation projects and building the innovation capacity of the province.

## New athletics floor in Saint John

UNBSJ’s G. Forbes Elliot Athletics Centre is now the proud home of a new 30,000-square-foot gym floor that officially opened in February. The floor, which replaced a rubber surface, is a combination of a state-of-the-art hardwood centre court surrounded by synthetic rubber outer courts. UNBSJ’s varsity athletes are raving about the difference. “It’s awesome,” said Jackie Kennedy, a Seawolves women’s basketball player. “It’s really made a difference in terms of the fatigue factor and the strain one feels when playing on a harder surface, not to mention the fact that it’s wonderful to be playing in our home gym once again.” Since construction of the floor took place over the late fall, the Seawolves had been forced to play their games in high school gymnasiums in the Saint John area. Shown at centre court on the new floor are, from left, Ms. Kennedy; Richard Johnson, AC equipment manager; Ning Na Liao, Seawolves badminton player; Leah Smith, Seawolves women’s soccer player; and Dave Munro, acting director of athletics.

## Web Sightings

- [www.unb.ca/bruns](http://www.unb.ca/bruns) — Still going strong, *The Brunswickan*, Canada’s oldest official student publication, has an online presence that includes the latest news and also archives of past editions.
- [www.unb.ca/chsr](http://www.unb.ca/chsr) — Also still going strong, CHSR (College Hill Student Radio) has available live programming through its ShoutCast Stream.
- [groups.msn.com/ocsaalumni](http://groups.msn.com/ocsaalumni) — A brief history of Chinese students at UNB from 1955 to 1970, compiled by Prof. Anthony Lister. The site covers the period from the arrival of the first four Chinese students in 1955 through to the establishment of the Overseas Chinese Students Association in 1964 and the increase in the number of Chinese students through the late 1960s.

# \$2.5M Gift a Landmark

For William S. (Bill) Lewis (BScEE'62, DLitt'01), it all came down to a question of fulfilling the greatest need.

That need, as the Halifax businessman saw it, was the training of the educators and researchers of tomorrow, and that's why he's given UNB \$2.5 million to establish the Dr. William S. Lewis Doctoral Fellowships.

It's the largest gift the university has ever received from a living alumnus.

The fellowships will be awarded to UNB doctoral students who have the potential to be regional, national, and international leaders in research and the dissemination of knowledge. Selection will be based on academic excellence and on the candidate's contribution to their field of study. At full implementation, the fellowship will normally be \$25,000 per year per student, with a maximum of four students per year.

"Dr. Lewis's generosity is well known to this university," said UNB President John McLaughlin. "This landmark gift will help us attract some of the best graduate students. And since UNB is the centre of graduate studies and research for New Brunswick, this fellowship will have a major impact on the province and the region."

Graduate studies is a critical part of UNB's role in the province. The university's percentage increase in graduate student enrolment this year is the largest in the country. The almost 1,300 graduate students on both UNB campuses contribute to more than half of all the province's research and development activity. Graduate students are tomorrow's inventors, writers, thinkers and professors.

"It is my hope that through this commitment and the creation of these fellowships, UNB will be positioned as a leader in Canada," said Dr. Lewis. "It is also my hope that this is just the beginning. My commitment must be seen as a catalyst and incentive to others."

Dr. McLaughlin concurs. "This is great

'It is my hope that this is just the beginning. My commitment must be seen as a catalyst and incentive to others.'

— Dr. William Lewis

Photo:  
Joy Cummings

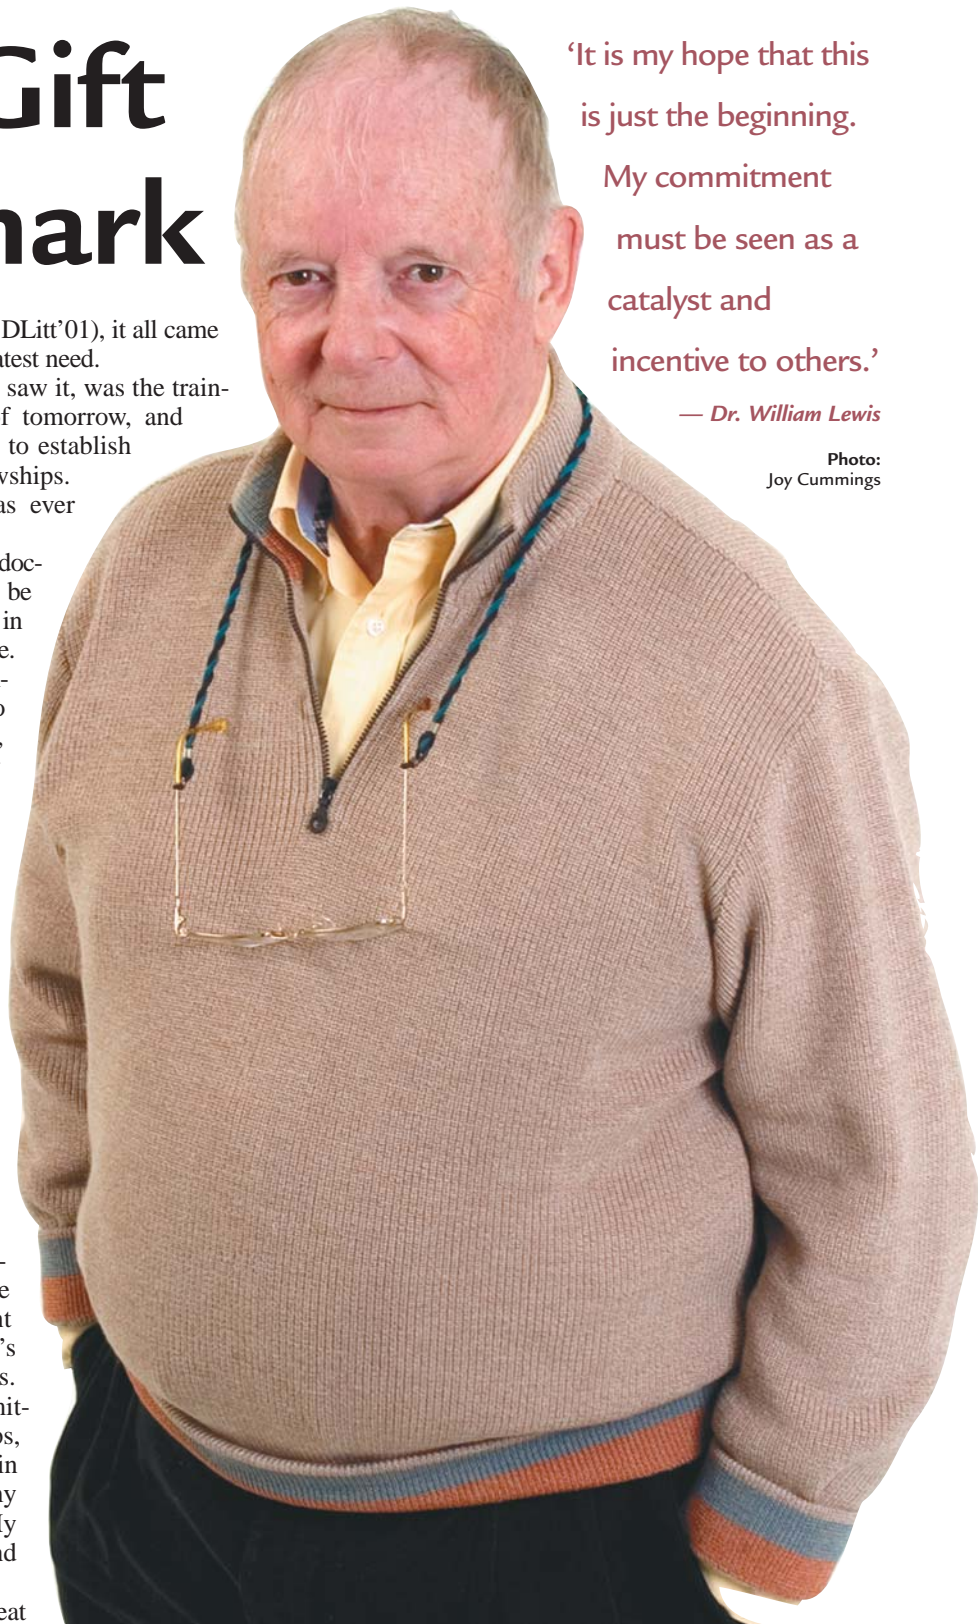

Photo: Joy Cummings

At the announcement of the gift in February were, from left, Allison McCain, chair of Forging Our Futures, William S. Lewis, Gwen Davies, dean of graduate studies, and UNB President John McLaughlin.

news, not only for our graduate studies program, but also for the upcoming campaign. We're not even out of the starting gate yet on Forging Our Futures, and here we have an 'early bird gift' of \$2.5 million. This is what we hope will be one of many multi-million-dollar gifts to Forging Our Futures."

The evolution of Dr. Lewis' gift actually began during the tenure of UNB President Elizabeth Parr-Johnston in the late 1990s. While she was serving as president of Mount Saint Vincent University in Halifax, it was announced she was to become UNB's next president. Dr. Lewis then invited Liz and her husband Archie to his home for dinner, and the Parr-Johnstons reciprocated after their move to Fredericton.

"It was basically a re-connecting process," Dr. Lewis said. He had earlier made a significant contribution to the musician-in-residence program at UNB during the tenure of President Robin Armstrong, and later he was asked by Dr. Parr-Johnston to "set up an endowment of some sort and she offered me several alternatives."

"One of my brokers had invited me to a futuristic lecture," Dr. Lewis said. "He was taking us on a trip through the future, and he talked about the horrendous shortage of not only university professors, but doctors, engineers, dentists, lawyers — basically all the professions — that's going to occur as the baby boomers retire.

"So, out of all the alternatives that Liz presented to me, it seemed the most sensible one, and the most urgent from the university's point of view, was to encourage doctoral students. You have to have somebody teaching, so you have to train them. That seemed to me to be the logical place to put the money."

And the Lewis Doctoral Fellowships were born.

Dr. Lewis was born in Moncton, N.B., and graduated from high school in Millerton, N.B. He joined the RCAF, flying for six years. At that time, opportunities for advancement in the forces were few and far between, Dr. Lewis said, so he chucked his military career and enrolled at UNB in 1957.

Why electrical engineering?

"Well, I've always had a tremendous curiosity about how

Photo: Joy Cummings

## A student's perspective . . .

**NAME:** Lee Ellen Pottie, President, Graduate Student Association

**HOMETOWN:** Halifax

**UNDERGRADUATE DEGREES:** BA'99 (Hons), English and creative writing, UPEI; MA'00, English and creative writing, University of Windsor

**CURRENT STUDIES:** PhD candidate, English. "My area of research is orality, folklore, and 20th-century Maritime literature."

**ON THE FINANCIAL DEMANDS:** "I don't even like to think about what my education is costing. I started as a mature student and as a single parent in 1995. At that time, two of my three children were attending university also, with the third one starting community college about one year later. I worked 30-35 hours a week with a full course load, but still needed student loans. I applied to two schools to do doctoral study, saying that if I was offered money, I would go; otherwise, I would work. UNB came through, so I moved to Fredericton. It was central enough to P.E.I., where my children live, and to Halifax, where my mother lives. Unfortunately, the GRA/GTA funding was not enough, so I resorted to student loans . . . again. The life of a single graduate student is difficult. If you calculate the \$12,000 he/she receives for one year, less tuition of, say, \$5,000, that leaves \$7,000. From that comes rent, food, utilities, phone, transportation . . . I won't go on because the student is already at least \$4,000 in the hole, and I haven't even added the study-related costs, such as books, photocopying, research trips, etc. Dr. Lewis' fellowship for doctoral candidates is a gift of extraordinary generosity. With all of the challenges a graduate student has to face, the Lewis Fellowship will enable the student chosen to focus on his/her research and studies without financial worries."

## A student's perspective . . .

**NAME:** Paul Wilson, Vice-President Administration, Graduate Student Association

**HOMETOWN:** Sheffield, England

**UNDERGRADUATE DEGREES:** BSc'99 (Hons) geology, University of St. Andrews, Scotland

**CURRENT STUDIES:** PhD candidate, geology. "I'm working on the structural geology of Carboniferous rocks in southern New Brunswick, something that is poorly understood despite the presence of economic natural gas and potash/rock salt deposits."

**ON THE FINANCIAL DEMANDS:** "I'm an international student, so adequate funding is particularly important. The international student differential fee for grad students is currently \$4,240 on top of the fees paid by other graduate students. In general, supervisors pay international graduate students extra to cover this additional fee, but not always. Even then, the money comes out of the supervisor's research budget, leading to less money for analysis, microscope time, fieldwork, conferences and so on. This is why scholarship funding is so important. It allows graduate students to worry less about where the next rent payment is coming from, and it frees up money to spend on research. This can't help but improve the quality of research that gets done."

things work," Dr. Lewis said. "Unfortunately, once I discovered how things worked, I was no longer interested in making them work." It was a contradiction that would lead Dr. Lewis to a career in finance rather than engineering.

Still, he had a terrific experience at UNB.

"I spent five glorious years here," he said. "We had a ball. I was a resident of Jones House, and we had quite a collection of bodies over there — Joe Mulder and his brother Nick were here, John Champ was here, Fred Eaton was here . . . . Our social life was busy."

After graduation and with a waning interest in engineering, Dr. Lewis went off to MIT (on the recommendation of long-time UNB computer science Prof. Dana Wasson) and did a masters in finance. He then spent a few years working with the Canada Development Bank ("It was good experience — you'd go from chicken farming in the morning to digital processing in the afternoon."), and by the early 1970s was teaching at Sir George Williams, now Concordia, in Montreal and completing his PhD at Carleton University.

In 1974, Dr. Lewis accepted a teaching position at Dalhousie University, and moved to Halifax.

"I've never regretted it because I fell in love with Halifax. It's a marvellous place to live. It has all the amenities of a big city without the traffic congestion."

As it turned out, Halifax also had a lot of opportunities. While teaching at both Dal and St. Mary's University over the next four years, Dr. Lewis began dabbling in the residential real estate market, buying properties, fixing them up and then selling them. By 1978, he'd come to a fork in the road.

"I was teaching and working in real estate at the same time," Dr. Lewis said. "The problem was there are only 24 hours in a day, and there were times when I was at the university and I knew I should be involved in the real estate business, and vice versa. I had to make a decision. It didn't take me long to realize that real estate had a far greater financial potential than the university did."

He went into real estate full-time in 1978, and never looked back. Last year, he sold off his holdings, and now considers himself "not retired, but unemployed."

His busy years in business didn't leave Dr. Lewis much time for reflection, even about his days at UNB. He said he hadn't really maintained close ties with UNB until he attended his 25th reunion in 1987.

"That was the first I'd been back to UNB since I'd left. Of course, everyone I knew was there. It was a great reunion and we had a lot of fun. While you're out earning a living and building a career and so on, contact with a lot of those people just wasn't a priority."

After that reunion, Dr. Lewis began traveling to places such as Greece on UNB's Study Abroad program with Prof. Michael Mills and others. He also became a dedicated participant in the alumni travel programs and his ties with the university and Drs. Armstrong and Parr-Johnston strengthened.

And while he's now made his \$2.5-million commitment to the future of UNB, the rest, he said, is up to the university.

"I'm prepared to fund the fellowships, but I do not want to be involved with the choice of the students or what fields they're going into. This is an unrestricted gift to the university.

"Besides," he said with a throaty chuckle, "I'm not going to be here forever, fortunately or unfortunately. The university's just going to have to carry on." ▀

## A student's perspective . . .

**NAME:** Erin Budd

**HOMETOWN:** Moncton, N.B.

**UNDERGRADUATE DEGREES:** BScEE'97, UNB;  
MScEE'02, UNB

**CURRENT STUDIES:** PhD candidate, electrical and computer engineering. "My interests are in the field of signal processing, with a focus on pattern recognition systems."

**ON THE FINANCIAL DEMANDS:** "I have been in the doctoral program for 26 months. I estimate that I will need an additional 24 months or so of full-time study to complete my degree. I was fortunate to be awarded Natural Sciences and Engineering Council of Canada (NSERC) scholarships for the 24 months of my master's degree and the first 24 months of my PhD program. I am currently receiving funding from my thesis supervisor. After finishing my BScEE I worked as an engineer for two years. I would not have been able to leave my full-time job to attend graduate school had it not been for the promise of two years' worth of funding. Furthermore, without secured funding I would not have started work on my PhD. I am extremely grateful for the funding that I've received to date and the choices that it's allowed me to make. I spent five years in my undergraduate program, two years in my masters program, and I estimate a total of four years to complete my PhD. I estimate that my tuition costs alone have already totalled roughly \$28,000, and that another two years will cost approximately \$9,000."

Photo: Joy Cummings

Photo: Joy Cummings

## A student's perspective . . .

**NAME:** Kirk Niergarth

**HOMETOWN:** Peterborough, Ont.

**UNDERGRADUATE DEGREES:** BA'00 (Hons), Queen's University; MA'01 (history), Memorial University of Newfoundland; BEd'02, University of Ottawa

**CURRENT STUDIES:** PhD candidate, history. "I am researching Canadian cultural history of the mid-twentieth century."

**ON THE FINANCIAL DEMANDS:** "I have been very fortunate to have been granted funding by the Social Sciences and Humanities Research Council of Canada (SSHRC), which permits me a four-year window in which to complete my research and dissertation. Without this support, it would be impossible to engage in full-time research — to put this more bluntly, if I had not received adequate funding I would have postponed my graduate work until I was certain that I would not accrue further student debt by continuing. Most of my colleagues need to spend a significant portion of their time working to finance their studies, which inevitably slows an already-long process."

**EDITOR'S NOTE:** While none of the four doctoral students profiled on these pages will benefit directly from Dr. Lewis' gift, all agreed to speak with *Alumni News* about the overall financial challenges of pursuing a PhD.

# In the beginning . . . . . . there was Beaverbrook house

From humble beginnings come great institutions, and the University of New Brunswick Saint John is the very personification of that.

Forty years ago, in September 1964, UNBSJ was born when 96 students (some sources also say 95 or 97 students) enrolled at what was then referred to as the UNB “branch” in Saint John. They began their studies in hastily-assembled facilities and under the tutelage of faculty who were quickly gathered that year by G. Forbes Elliot, who had been named “principal” by UNB President Colin B. Mackay.

This 40th anniversary of the campus’s founding is just one of three significant anniversaries being marked this year. It’s also the 35th anniversary of the opening of the Tucker Park campus in 1969, and the 30th anniversary of the graduation in 1974 of the first class to complete their degrees entirely at UNBSJ.

In recognition of these auspicious events in the life of UNBSJ, the UNB Associated Alumni and the Saint John Alumni Action Committee will be hosting **Celebration 2004** in September. (See box on facing page for details, and information on how to get involved.)

UNBSJ’s evolution really began in 1959, when both civic organizations and prominent individuals in the city began lobbying for a university in Saint John. In 1962, the Royal Commission on Higher Education in New Brunswick, headed by John Deutsch (LLD’75), handed down its report, which recommended among other things that Saint John should have a campus of UNB.

By September 1964, Dr. Elliot had everything — well, almost everything — in place and classes began. Things *were* a little makeshift. Beaverbrook House, the home of the UNB Law School from 1953-59, in downtown Saint John was the school’s only building, housing the principal’s office, reading rooms, four classrooms and a lounge. A barn at the back of the building was converted to a classroom.

Elsewhere in the downtown area, classes, labs and study areas were held in such diverse locations as Saint John High School, the Old Provincial Building, the YMCA, a former liquor store and the Saint John Library. For a time, UNBSJ was referred to as the “sidewalk university.”

Still, the university grew quickly. Second-year students were admitted in 1965-66, and by 1967, plans were in place for a full campus to be located on 101 hectares at Tucker Park, a site with a spectacular view of the confluence of the St. John and Kennebecasis rivers about six kilometres from downtown. The campus opened in the fall of 1969.

At the time, students could only attend two years at UNBSJ and were required to finish their degrees on the

Above, English Prof. **John Grube**, one of three full-time faculty members at UNBSJ in 1964, teaches a class in what used to be a barn at the back of Beaverbrook House. Left, a youthful chemistry Prof. **Barry Beckett**, who later served as the institution’s long-time registrar, at work in a lab.

*The Tucker Park campus takes shape in 1969 with its outstanding view of the Kennebecasis River.*

*In 1964, the science lab was in Saint John High School.*

Fredericton campus. But that changed in 1974 when the first class of students to complete their full four-year degree program at UNBSJ graduated. The campus was also offering more courses and changes in its administration gave it more autonomy from Fredericton.

Among these changes, many of which came as the result of a second report by Dr. Deutsch early in the 1970s, abolished Dr. Elliot's title of "principal" and replaced it with "vice-president," a better reflection of the scope and responsibility the position carried.

Today, UNBSJ has come a long way. Its growth continued through the '70s, '80s, and '90s under the stewardship of Dr. Thomas Condon, who succeeded Dr. Elliot in 1977, Dr. Doris Ryan, who replaced Dr. Condon in 1987, and Dr. Rick Miner, who succeeded Dr. Ryan in 1994. The campus' future is today guided by Dr. Kathryn Hamer, who was named VP in 2003.

Over that time frame, student residences, an athletics and student centre, and additional buildings for classrooms and labs have been added, as have a multitude of educational programs. The student body now stands at slightly more than 3,100.

That's a long way from the 96 bodies who stepped through the doors of UNBSJ for the first time 40 years ago this fall. ▀

## Celebration '04 — Sept. 10-12

The Sep. 10-12 weekend will get under way with a Friday afternoon golf tournament followed by a pub. On Saturday evening the schedule offers a dinner theatre, and Sunday will be focused on a family-oriented come-back-to-campus day.

### Friday, September 10

Annual Alumni Golf Tourney — Rockwood Park Golf Course  
Steak & Stein / Golf Banquet  
Alumni Pub with The Hill Brothers Band

### Saturday, September 11

Dinner Theatre — Re-live 40 Years Of UNBSJ History

### Sunday, September 12

Back To Campus Day — family activities, campus tours, sporting events

Saturday's dinner theatre is being billed as a highlight of the weekend as alumni will be treated to a humorous and sentimental journey, in song and skit, through UNBSJ's 40-year history. The production will be staged and performed by an assortment of alumni — both student and faculty — from the campus.

### Get your group together

In addition to all that is planned for the weekend, the steering committee is also promoting Celebration '04 as a great opportunity to get class, club or team groups together for private gatherings. To encourage these small group reunions, a package of resources is being assembled that will make organizing a group relatively easy. Everything from on-campus catering and facilities packages for private functions to local accommodations and car rental info is included. As well assistance is available with tracking down and communicating with the alumni in your group.

Event schedules, program updates, reunion resources, ticket prices and registration details will be available on a special Celebration '04 website at [www.unb.ca/alumni/celebration2004](http://www.unb.ca/alumni/celebration2004).

For further information, visit the website or contact Mary Duffley, alumni program manager, at (506) 648-5906 or [duffleym@unbsj.ca](mailto:duffleym@unbsj.ca).

## ASSOCIATION ACTIVITIES

# UNB Homecoming 2005!

JULY 28 - 31, 2005

## Make your plans now . . .

The Big Tent is already reserved and in just more than a year it'll be going up again on the Fredericton campus for our next all-inclusive alumni reunion — Homecoming 2005.

Scheduled for July 28-31, 2005, the event will be modelled on our highly-successful Homecoming 2000, which drew more than 3,000 of you back to campus for lobster, music, entertainment and socializing — much of it under the aforementioned Big Tent we set up on Chapman Field, right beside the Aitken Centre.

The Homecoming 2005 organizing committee has been hard at work over the winter putting in motion the wheels for the reunion.

The committee is being chaired by Mary Ellen McKinney (Burke, BBA'77, BN'00), an operating room nurse at the Dr. Everett Chalmers Hospital in Fredericton, and a member of Alumni Council.

Other committee members include:

Photo: Kathy Mac Farlane

*The Homecoming 2005 organizing committee. Front, from left, Barb MacMullin (Lewis, BPE'74), Mary Ellen McKinney (Burke, BBA'77, BN'00), and Margot Russell (Ritchie, BA'69). Back, from left, Larry Guitard (BA'75, LLB'77), Milt Thomas (BA'73), Margie Gregg (BA'92), and Wolfgang Faig (MScSE'65).*

Margot Russell (Ritchie, BA'69), retired, responsible for programs and events; Wolfgang Faig (MScSE'65), retired UNB dean of engineering, heading up the operations side; Barb MacMullin (Lewis, BPE'74), the association's reunions and special events coordinator, who will handle the 'small-groups' reunions (see box below); Larry Guitard, (BA'75, LLB'77), UNB's comptroller and director of financial services, will again guide Homecoming's administration and finances; Margie Gregg (BA'92), executive director of the

Chalmers Hospital Foundation, recruitment and co-ordination of volunteers; and Milt Thomas (BA'73), the association's communications co-ordinator, who will head up promotions.

Over the spring and summer the committee will be putting together the program for Homecoming 2005. Watch for details in the fall *Alumni News*. For further information or to get on our guest list early, contact the Alumni Office at Tel: (506) 453-4847; Fax: (506) 453-4616; E-mail: [alumni@unb.ca](mailto:alumni@unb.ca), or visit our website at [www.unb.ca/alumni](http://www.unb.ca/alumni).

### Calling all volunteers

The Homecoming 2005 committee will be in constant need of volunteers up to and including the event itself.

If you are in the Fredericton area and willing and able to offer your services in any capacity whatsoever, we'd love to hear from you. We can make use of talents you may not even realize you have!

For further information, please contact us at Tel: (506) 453-4847; Fax: (506) 453-4616; E-mail: [alumni@unb.ca](mailto:alumni@unb.ca).

### Why not become a 'small-group' leader?

The Homecoming 2005 committee is again emphasizing the concept of 'small-groups' to encourage UNB graduates to return to Fredericton in July 2005.

The 'small groups' we're talking about can be just about anyone. There are the more traditional associations through small groups — defined by your classes, faculties, residences, sports teams, etc. But there are others. Maybe your small group worked on *The Bruns* during a particular period. Maybe it was a group of guys who played a little pick-up hockey.

Maybe it was just an 'Arms' crowd.

We need people to step forward, contact the other members of their 'small group,' and get them together in Fredericton in July 2005. Just think of it . . . wouldn't it be great to get all the people you hung around with so many years ago back together again!

So take the initiative. Become a 'small-group' leader. The Alumni Office is more than willing to help. For further information, contact Barb MacMullin, (506) 447-3371 or e-mail [reunions@unb.ca](mailto:reunions@unb.ca).

# UNIVERSITY OF NEW BRUNSWICK BE PROUD OF IT. BE PART OF IT.

## WE ARE PROUDLY UNB...

For us, believing in New Brunswick means believing in our university. We are Proudly UNB, a group of alumni from the University of New Brunswick that devote time to building awareness and support for our alma mater. Our goal is simple... get the message out that the university is vitally important to our province... to our industries and communities, and for our future.

Blake Brunsdon  
UNB Graduate –  
Faculty of Forestry  
& Environmental  
Management, BScF '79  
Chief Forester  
J.D. Irving Limited  
Saint John, N.B.

## PROUD AND PROACTIVE...

UNB is as old as the province itself. It has a long, proud history of graduating those who have built New Brunswick. It continues that tradition today. Those of us involved with Proudly UNB are extremely proud to have graduated from the University of New Brunswick and we want to actively inform, motivate and involve those who feel the same way. Because when it comes down to it, UNB generates the energy as to where our province can go by the graduates who will take it there.

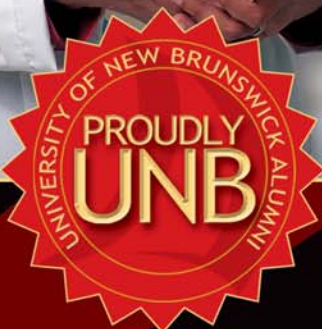

Gary Hoadley, P. Eng.  
UNB Graduate –  
Faculty of Engineering  
BScME '74  
Consulting Mechanical Engineer  
Hoadley Engineering Inc.  
Moncton, N.B.

## BUILDING AND PROVIDING SUPPORT...

Proudly UNB wants to create a dialogue for, and between, our alumni here and around the globe. This dialogue will speak our message to companies and governments, students enrolled and those yet to come, that UNB is crucial to the future of our province. Together, we will be UNB's voice and speak loudly as to its importance and the necessity of our joint support.

Atreyi Mukherji, M.D.  
UNB Graduate –  
Faculty of Science, Applied Science  
and Engineering  
BSc, Biology '88  
Medical Doctor and Researcher  
Atlantic Health Sciences Corporation  
Saint John, N.B.

## GET ACTIVE AND GET INVOLVED...

Speak up. Join in. Your university needs you. As alumni, find out about what you can do to make a difference... a significant difference on behalf of your university. Show how proud you are of UNB by being a part of Proudly UNB!

UNB's *Making a Significant Difference* program has been funded through the generosity of alumni and friends to encourage a better understanding of Our University.

MAKING A SIGNIFICANT  
DIFFERENCE

Photo: Alumni News

Association President **Carey A. Ryan**, right, is shown with first-year students who were awarded alumni entrance scholarships for the 2003-2004 academic year.

## Alumni, Alumnae distribute \$103,000 to 134 students

The UNB Associated Alumni and the UNB Associated Alumnae have distributed \$103,000 to 134 UNB students under their 2003-04 scholarships and awards program.

The Associated Alumni and Associated Alumnae have been helping students through scholarships and awards for decades, but the need has become even more pressing in recent years. For the 2003-04 academic year, tuition plus student, health and other fees for a full-time undergraduate Canadian student totalled \$4,943. Add in residence fees and other costs such as books, travel and miscellaneous costs, and a year's undergraduate study at UNB can total anywhere between \$14,500 and \$15,300.

Associated Alumni scholarship committee chair Heather Neilson said the association is acutely aware of the ever-increasing financial pressures on students and parents alike.

"We hope we've been of some assistance to these students," Ms Neilson said.

The Associated Alumni scholarships and awards program has three main components. This year, the breakdown was as follows:

- **Alumni Entrance Scholarships:** \$23,500 divided among 39 students at UNBF and five at UNBSJ;
- **Alumni Undergraduate Scholarships:** \$25,200 divided among 29 students at

UNBF and four at UNBSJ;

- **Alumni Merit Awards:** \$22,000 to 35 students, 31 of whom attend UNBF.

As well, the Associated Alumni also presented its Alumni Council Leadership Awards, which go to students who demonstrate leadership at the university and in the community. This year's leadership awards, valued at \$2,300 each, or roughly half a year's tuition, were awarded to Stewart MacLennen, a fourth-year nursing student in UNB's nursing program in Miramichi, and Brendan Sheehan, a third-year science student at UNBSJ.

Two students also were awarded John Gilchrist Associated Alumni Engineering Scholarships, valued at \$500 each, and a third student was awarded the Anne Murray Alumni Scholarship, valued at \$500.

On the side of the Associated Alumnae, which represents female graduates of UNB, undergraduate scholarships were presented to 13 students, and four others received special scholarships and awards. The total awarded by the Alumnae was \$26,200.

While both associations, through their revenue-generating activities, provide the money for the awards, the actual selection of the recipients is handled through the Undergraduate Awards Office under the direction of Assistant Registrar Kathy Waugh.

## Association offers new credit card

The UNB Associated Alumni is excited to announce the launch of our new UNB Associated Alumni MasterCard® credit card program with MBNA Canada Bank®.

Our previous credit card affinity partner sold its contracts to MBNA. We have now completed the transfer of our current card holders from our former affinity partner to MBNA, and have established a new partnership with MBNA through which we will offer an MBNA affinity card to new participants.

We hope that many of our members select the Alumni MasterCard® credit card as a way to show their support and pride for UNB and the association. If you are someone who supports the goals of the UNB Associated Alumni, then you have several reasons to carry the Preferred MasterCard.

Not only will you be supporting the association, you will also be carrying a credit card with exceptional benefits, and customer service, all with a low introductory annual interest rate of 1.9 per cent on cash advance cheques and balance transfers.\*

What's more, cardholders generate income for the association at no additional cost to themselves. MBNA Canada®, the card's issuing bank, has committed to provide a contribution to the Associated Alumni for each new account that is opened and used to make a purchase. The UNB Associated Alumni MasterCard credit card program is a great benefit to cardholders and the association.

If you have any questions or concerns, contact the Associated Alumni office at (506) 453-4847 or [alumni@unb.ca](mailto:alumni@unb.ca).

Keep an eye out for this great new offer, coming soon!

\* There are certain costs associated with the use of this credit card. You may contact the issuer and administrator of this program, MBNA Canada, to request specific information about the costs by calling 1-888-876-6262 or writing to P.O. Box 9614, Ottawa, ON K1G 6E6.

# Your Candidates for Alumni Council 2004-2006

(Choose up to four of the candidates listed below)

**BALLOT**

**Voter Identification Section:**

Your signature and the Alumni ID number from the mailing label of your *Alumni News* must be inserted below to validate your ballot. All ballots **MUST** be signed.

Signature \_\_\_\_\_

Alumni ID Number \_\_\_\_\_

— OR —

If you *do not* know your Alumni ID number, you must include your name, degree/year, address and work and home telephone below to confirm your eligibility to vote:

Name \_\_\_\_\_

Degree/Yr. \_\_\_\_\_

Address \_\_\_\_\_

Tel: (H) \_\_\_\_\_

Tel: (W) \_\_\_\_\_

**Council Elections**

**Four to be elected**

Choose up to four of the following candidates:

- Jeff Clark
- Teresa (Laskey) d'Entremont
- Matthew Hanrahan
- Jill Jollineau
- David Le Blanc
- Aaron McIntosh
- Heather (Whyte) Neilson
- Brian Seaman

Ballots must be returned by 4 p.m. (ADT) May 31, 2004, to: Associated Alumni, P.O. Box 4400, Fredericton, N.B., E3B 5A3 OR Fax to: (506) 453-4616.

**Or Vote Online at [www.unb.ca/alumni](http://www.unb.ca/alumni)**

**Jeff Clark** (BSc'97, BBA'98) of Montreal is marketing director at Webstorm Media, a cutting-edge Montreal-based online marketing company. While attending UNB, Jeff was VP finance of the Student Union and was heavily involved with the orientation committee, served as a student representative on the Board of Governors and was president of his graduating class. Jeff has been a proud and active participant over the past two years during his term on Alumni Council and wishes to continue to make his voice heard on behalf of his fellow alumni.

**Teresa d'Entremont** (Laskey, BA'00) is a job developer with West Nova Persons with Disabilities in Yarmouth, N.S. She is an in-school mentor with Big Brothers Big Sisters, and is secretary of the Shelburne County Learning Network. Teresa is hoping to be able to join other proud UNB alumni to ensure that UNB remains a well-respected university in the future. She realizes the important role alumni have in promoting UNB to prospective students, and would like the opportunity to be part of this process as a member of Alumni Council.

**Matthew Hanrahan** (BBA'98) of Calgary, Alta., is a district sales manager with General Motors of Canada. While attending UNB, Matthew was a Student Union Business Faculty representative, served as an elected student member of the UNB Senate, worked as a proctor, and was chair of Student Union beverage services. Matthew volunteered with SPARC and is a member of the Calgary Alumni Chapter. Matthew is looking forward to the opportunity to continue to strengthen the support and involvement of UNB Alumni.

**Jill Jollineau** (Class of '75, MEd'02) of Saint John, N.B., is a high school math teacher and the supervisor of math, science and enrichment for School District 8. She completed two years of her science degree at UNBSJ in 1973 before completing her BSc at Concordia. Jill is co-chair for Celebration 2004, a salute to UNBSJ's 40th anniversary. Jill is a community volunteer in Saint John and looks forward to continuing to be part of a council that will instill the love of UNB in alumni, current students and future students.

**David Le Blanc** (BBA'82) of Ottawa works for Statistics Canada. He has been a member of the Alumni Council for eight years, and is currently chair of the member services committee. He believes the Associated Alumni has an important role to play with its members and with the university through the Key Results Areas outlined in the association's strategic plan, Energized and Involved. With this year's renewal of the strategic plan — Energized and Involved II — he would welcome the opportunity to continue the association's work.

**Aaron McIntosh** (BBA'97, BA'00) of Toronto is manager, economic development, in Bell Canada's Community Development Team. While attending UNB, Aaron served as president of the Business Society. He is a recipient of the Student Union's merit and silver activity awards. Aaron is heavily involved with Ontario's economic development community, sitting on the steering committees of a number of provincial programs and panels. Aaron looks forward to the opportunity to continue his involvement with UNB on the Alumni Council.

**Heather Neilson** (Whyte, BPE'72) of Fredericton is an elementary physical education mentor. Heather has been active in the community by promoting active living among school children, and as a volunteer at the YMCA. She recently finished her term as president of the Y operating board. She is the proud recipient of a City of Fredericton *Unsung Hero Award*, 2001. For the last two years as a council member, Heather has enjoyed her work on the scholarship committee. She looks forward to the next two years as Homecoming 2005 approaches.

**Brian Seaman** (LLB'92) grew up on the East Coast but has called Calgary, Alta., home since 2000. Since graduation, he has worked in a variety of capacities — as a lawyer running his own practice and on contracts for the Halifax Regional Municipality, Province of Nova Scotia and City of Calgary. He is currently employed by an internet service provider called Cybersurf. His recreational interests include singing, running and creative writing. He is pleased to stand as a candidate for Alumni Council and welcomes the opportunity to give back to the UNB community.

## ASSOCIATION ACTIVITIES

Photo: Kim Bishop

### Alumni take to the ice — twice

The Associated Alumni Fredericton Chapter took to the ice of the Aitken Centre twice over the winter. Most recently, the association offered a chance for its members to skate with the Varsity Reds hockey team the weekend before the CIS national championships. Above, some of the alumni attending and the V-Reds gather at centre ice. At right, Alysha Elliott, daughter of Paul (BA'89, LLB'97) and Jennifer Elliott (MacFarlane, BSc'87, BA'89) was the winner of a family ticket package to the hockey championships. In January, the association held its "Capture the Magic of Winter" skating/dinner party in the Aitken Centre. About 150 alumni turned out for an evening of skating, dining, dancing and socializing. Below left, association President Carey Ryan presents Pat O'Brien (BBA'79, BEd'79) with the grand door prize, two tickets to Boston, courtesy the Greater Fredericton Airport Authority and Delta Airlines, and two nights accommodation, courtesy McGinn Travel. Below right, Herb (BScME'64) and Helen Walsh, Dr. Dorothy McDade (BSc'57) and John Bliss (BScCE'55) take a turn around the rink. Proceeds from both events went to the creation of a Fredericton Chapter scholarship fund.

## UPCOMING EVENTS

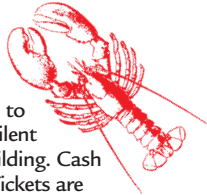

### NEED MORE INFORMATION?

Updates and additions to our Upcoming Events are also listed on the UNB Alumni Web Page: [www.unb.ca/alumni/events](http://www.unb.ca/alumni/events)

### CAMPUS EVENTS

#### Lobster Boil and Silent Auction, Fredericton, June 4

UNB alumni, faculty, staff and friends are invited to attend the Associated Alumni Lobster Boil and Silent Auction in the cafeteria of the Student Union Building. Cash bar reception at 5:30 p.m.; dinner at 6:30 p.m. Tickets are \$35 for lobster and \$25 for chicken, and will be available at the alumni office: (506) 453-4847. Deadline to purchase tickets is May 31. Special guests will include the Classes of '34 and '44 and the '64 Engineers. The very successful Silent Auction will be held again this year. All funds raised through bids on unique and interesting items will go to the UNB Alumni Scholarship Fund. For further information, contact [reunions@unb.ca](mailto:reunions@unb.ca).

### REUNIONS

#### Class of '34

Several members of the Class of '34 will celebrate their 70th reunion June 4-5 on the Fredericton campus. Members of this class have been invited to join the Class of '44 activities. Contact [reunions@unb.ca](mailto:reunions@unb.ca) for more information.

#### Class of '44

The Class of '44 will celebrate its 60th reunion June 4-5 on the Fredericton campus. The planning committee, with chair R.S. (Bob) Forbes, invites '44 alumni to contact [reunions@unb.ca](mailto:reunions@unb.ca) if you wish to join the group. For complete information, please visit the UNB website.

#### Class of '64 Engineers

The engineers of '64 will celebrate their 40th reunion June 3-5 on the Fredericton campus. Harvey Semple heads a committee putting together an exciting package of events. If you did not receive information, but wish to attend, please contact [reunions@unb.ca](mailto:reunions@unb.ca) ASAP.

#### Class of '74 Nursing

Nurses of the Class of '74 will also be in the Fredericton area on June 4-5, having a spa weekend. If you did not receive information, but wish to attend, please contact [reunions@unb.ca](mailto:reunions@unb.ca) ASAP.

### CHAPTERS

#### Calgary, May 28, 2004

The UNB Alumni Calgary Chapter Maritime Lobster Dinner will be held Friday, May 28, at 6:30 p.m. at Gunn's Dairy Barn, Heritage Park. Social hour 6:30 p.m.; dinner 7:30 p.m. Special guests will include UNB President John McLaughlin, UNB Associated Alumni President Carey Ryan and UNB Associated Alumni Executive Director Mark Hazlett. Look forward to a delicious meal, meeting old and new acquaintances, and trying your luck at winning terrific raffle items. For ticket information or raffle item donations, please contact Christine Coldwell at [cmcoldwell@shaw.ca](mailto:cmcoldwell@shaw.ca) or at 403-249-4638. Don't miss out on a great evening.

#### Edmonton, May 29

The UNB Alumni Edmonton Chapter is to hold its annual Lobster Boil on May 29, at 6 p.m. at Egge's Barn, Fort Edmonton Park, Edmonton. E-mail [sfall@telusplanet.net](mailto:sfall@telusplanet.net) if you are interested in helping out with the event.

#### Ottawa, June 12

The 15th Annual UNB Club of Ottawa golf tournament will be held June 12 at the Canadian Golf and Country Club (West/Gold course), Hwy. 7, Ashton, Ont. All UNB alumni, friends and guests are welcome to participate in this fun filled best-ball scramble. Skill and fun prizes will be awarded. For more information: MikeVandeerver at (613) 560-5987 or email [mike.vanderveer@unb.ca](mailto:mike.vanderveer@unb.ca).

Photo: Alumni News

*This enthusiastic squad of alumni turned out in Halifax in March to cheer on the Varsity Reds men's basketball team during their first appearance in the CIS national championship tournament since 1967. The eighth-ranked Reds won their first game against ninth-ranked Carleton Ravens in the quarter-finals. The Reds lost to the Ravens, the eventual national champions, 77-75 in a game that was a thriller.*

Photo: Kathy Mac Farlane

*Associated Alumni President Carey Ryan, centre, is shown with some of the graduating varsity UNB athletes to whom the association presented UNB watches. The association presents graduating varsity athletes on both campuses with the watches to thank them for their contributions to the pride and spirit of the university.*

## Annual general meetings, Associated Alumni, Alumnae

The Annual General Meeting of the UNB Associated Alumni will be held on Saturday, Sept. 11, 2004, at 1:30 p.m. in Room 206 of Philip W. Oland Hall on the Saint John campus.

All UNB alumni are invited and encouraged to attend this meeting to learn of the latest developments with their UNB Associated Alumni.

The UNB Associated Alumnae Annual General Meeting will take place on Saturday, May 29, 2004, from 11 a.m. to 2 p.m. in the President's Room of the Alumni Memorial Building on the Fredericton Campus. All women graduates of UNB are welcome to attend. Lunch will be provided. To help with planning, register your attendance with the UNB Alumni Office (506) 453-4847.

# Friends OF THE ALUMNI NEWS

magazine maintains its current quality, frequency and circulation. With this thought in mind, we are seeking your support through the **Friends of the Alumni News**. We encourage you, as a loyal reader and dedicated UNBer, to become a member by making a tax deductible contribution today. Whether you choose to contribute at the **Reader's, Editor's** or **Publisher's Circle**, all gifts are deeply welcomed and greatly appreciated. Thank you for your consideration.

# Hither & Yon FREDERICTON

**NOTE:** Hither & Yon is compiled from submissions sent to us directly by alumni, and from information about alumni gleaned from various public sources, such as newspapers, trade publications and news releases. @ at the end of an item indicates entries sent to *Alumni News* via e-mail or the Internet.

'36

**Dorothy King** (BA) of Fredericton passed away on Feb. 26, 2004. Born in Shawville, Que., she received her early education at Moncton and Westmount schools. After graduating from UNB, she earned her MA from Columbia University, New York, in 1937. Dorothy taught in schools in Louisville, Sherbrooke and Quebec City and

for 23 years at Westmount High School, completing her career in administration at Monkland High School in Montreal. A bright, knowledgeable, and intelligent person, Dorothy gave much to her profession and her students. She was active in the Provincial Association of Protestant Teachers, and the Women's Teacher Association of Montreal, of which she was once president. A firm believer in the value of school extracurricular activities, Dorothy directed and produced for many years the theatrical presentations at Westmount High School and frequently assisted in the supervision of summer tours for high school students. After retiring, she became more active in the University Women's Club, the UNB Alumnae Association, Unitarian Fellowship and the Capital Branch Genealogical Society. She is survived by her sister **Jean Morrison** (Class of '43); two brothers Dr. **Barry King** (BSc'50) and Dr. **John King** (BSc'50); and several nieces and nephews.

'37

**Robert Peacock** (BScEE) of Erin Meadow, Ont., passed away on Nov. 17, 2003. His is survived by his son Brian and two grandchildren.

'38

**Sister Mary Murphy** (BA, MA'40) of Saint John, N.B., passed away on Jan. 6, 2004. She taught Grade 3 from 1930-1937

and Grades 10 to 12 from 1937-1967. She is survived by several nieces and nephews.

'39

**Madeline Carter** (BA) of Millidgeville, N.B., passed away on Jan. 5, 2004. She spent her 35-year career as a teacher at Saint John High School. She is survived by several cousins.

'40

**Patrick Murphy** (BSc) of Riverview, N.B., passed away on Jan. 9, 2004. He earned his medical degree in 1944 and operated his medical practice for 45 years. He is survived by his brother Judge **Henry Murphy** (BCL'44); children Thomas, Kevin, Colin and Neal; and nieces and nephews, including **Penny McIlwaine** (BN'63) and **John Murphy** (BScCE'72).

'42

**Frances Peacock** (Murray, BA) of Ridgeville, Ont., passed away on Jan. 29, 2004. She is survived by her children.

'46

**Henry Durost** (BA) of Toronto passed away on Jan. 6, 2004. In conjunction with his private practice, he held the rank of *professor emeritus* in the Department of Psychiatry, School of Medicine, University of Toronto. He is survived by his sister and three nieces.

## Leaving a Legacy

Since graduating from UNB in 1935 with an Electrical Engineering degree, **Reg Tweeddale** has had a remarkable career as an engineer and public servant. Reg credits UNB for making it all possible. Reg has continued a long association with his alma mater. He has chaired UNB's Board of Governors. He has been President of the Associated Alumni. He was founder and first Director of UNB's Office of Development and Donor Relations.

Reg knew the importance of securing long term funding for UNB's future. "We are talking about a long term proposition of getting people in Canada, and particularly in New Brunswick, informed about what we do in society and what we can do for them. Correspondingly we want to let them know the needs of the University and what they can do to help us," said Reg. Recently

Reg established the Jean F. Tweeddale Leadership Award for students from New Brunswick high schools. The new scholarship will be endowed by a life insurance policy Reg has donated to UNB. He has also provided for the Scholarship in his will.

**You can leave your own legacy.**

'47

**Harold Swim** (BSc, MSc'49) of Danville, Ky., passed away on October 29, 2003.

**John E. McAllister** (BScEE) of Hot Springs Village, Ark., passed away March 2, 2004. John was born in Milltown, N.B., and graduated from UNB in 1947. He was a member of the Class of 1942, but left at the end of his junior year to join the RCAF. As a pilot, he completed 31 missions, flying large bombers over Germany and rising through the ranks to become squadron leader. After returning from a mission in a damaged plane with dead and injured crew members, he was awarded the Distinguished Flying Cross. A professional engineer, John spent his entire working life in the U.S.A. For many years, he worked for General Electric, then established his own company, Electrical Apparatus, in Rockford, Ill. After retirement, he did consulting work as long as his health permitted. He is survived by his wife Ann (Darnall), two daughters, a stepdaughter, two stepsons, three grandchildren, four great-grandchildren, a niece and a nephew. He was predeceased by a brother, **Francis Charles McAllister** (BA'48).

'48

**Douglas Tims** (BSc) of Ottawa passed away on Oct. 15, 2003. He is survived by his children, grandchildren and great-grandchildren.

'49

**Lawrence Dow** (BA, BEd'54, PG/ED'74) of Bath, N.B., passed away March 2, 2004. He is survived by his wife Ruth; daughter Nancy; sons **Michael** (BBA'75) and wife Beatrice, and **Stephen** (BScEE'73) and wife **Denyse** (Belanger, BA'74); and grandchildren.

**Joseph White** (BScCE) of Ottawa passed away July 26, 2002. He is survived by his children and grandchildren.

'50

**Alfred Tracy-Gould** (BCL) of Miramichi, N.B., passed away on Dec. 3, 2003. He was a land surveyor, and a charter member of the Association of New Brunswick Land Surveyors. He is survived by his wife Hester; sons **Jack** (BEd'88), **Bob**, and **Ed** (BA'77); daughters **Jill Stewart** (Tracy-Gould, BT'75, BEd'82, MEd'97) and **Cynthia Moore** (Tracy-Gould, BEd'94); and eight grandchildren.

**Arthur Hannah** (BScCE) of Baie d'Urfe, Que., passed away on Dec. 8, 2003, after a brief illness. During his distinguished 40-year career with Montreal Engineering, he worked on major energy transmission projects in 30 countries on five continents. Tributes to his engineering designs stand in all Canadian provinces and territories. He enjoyed his post retirement consulting whenever it did not clash with his leisure time loves of golfing, curling, skiing, and bridge.

'51

**Edison Cliff** (Class of) of Vancouver passed away on Dec. 5, 2003. He is survived by his daughter, son and grandchildren.

**Ruth Dibbs** (Nicholson, BA, MA'53) of Ottawa passed away Jan. 23, 2004. She was retired from Statistics Canada. She is survived by her husband, three children and seven grandchildren.

**Wallace McCain** (Class of, DLitt'02) of Toronto was awarded the Order of New Brunswick in a December 2003 ceremony. The award is given to those New Brunswickers who have made a contribution to the overall well-being of the province.

'52

**Dirk van der Meijden** (BScEE) of Saint-Laurent, Que., passed away Nov. 26, 2003.

**John E. (Jack) White** (BScEE) of Halifax passed away Sept. 1, 2003. Jack worked with NB Power for many years, retiring in 1979. He is survived by his wife, Marie Yvette; daughter **Rosemary** (BSc'70); son, John; and four grandchildren.

'56

**Bill Thorpe** (BBA, BEd'57, MA'73) of Fredericton was a recipient of the 28th Annual Distinguished Citizen Award from the Fredericton Chamber of Commerce for being active in the community. He is currently involved with the board of Friends of the Railway Station, which is trying to preserve the York Street Railway Station.

'57

**John Hamilton** (BSc, MSc'62) of Fredericton passed away on Jan. 14, 2004. He worked with the Department of Natural Resources as provincial geologist. He is survived by sons **John** (BA'80) and **Ian**; two grandchildren; and sisters **Yvonne Hall** (BA'52) and Gertrude Sykes.

'58

**Douglas Ferguson** (BScCE) of Dorval, Que., passed away on Jan. 17, 2004.

**Robert L. Stanfield** (LLD) of Ottawa, leader of the federal Progressive Conservative Party from 1967 to 1976, died Dec. 16, 2003, at the age of 89. Born in Truro, N.S., he became president of the N.S. PCs in 1947, and served as premier of that province from 1956 until 1967, when he moved on to federal politics. He is survived by his wife Anne; children Sarah Nyland, Max Stanfield, Judy and Mimi Stanfield and their families; stepchildren Bill and Laurie Austin and their families; 15 grandchildren, and two great-grandchildren.

'59

**Myrna Tomlinson** (BSc, BEd'60) of Perth-Andover, N.B., passed away Dec. 21, 2003. She was a teacher for 32 years before retiring in 1993.

'60

**Theodore Bremner** (BScCE) of Jemseg, N.B., honorary research professor from UNB's Department of Civil Engineering, recently presented lectures on "The Role of Fly Ash in Reducing the Corrosion of Steel Reinforcement in Concrete," at a series of international workshops in India. These workshops, titled "Emerging Trends in Construction — Green Concrete," were held at Delhi, Shimla, Ahmedabad, and Kolkata. The series of one-day workshops by North American speakers concentrated on the role fly ash can play in reducing greenhouse gas emissions. In the manufacture of cement, for each tonne of cement produced, a tonne of carbon dioxide is generated. World-wide, this results in about seven per cent of the carbon dioxide emissions that cause global warming. Fortunately, when fly ash, a waste by-product of burning coal, is used to replace some of the cement needed to make concrete, not only are the carbon dioxide emissions reduced, but the durability of reinforced concrete is enhanced.

Sister **Agnes Butler** (BEd) of Saint John, N.B., passed away on Feb. 7, 2004. She was a teacher at Holy Trinity and St. Patrick's School in Saint John. She is survived by her sister, and several nieces and nephews.

**Ralph Estey** (BEd'60) of Baie d'Urfe, Que., has been awarded a Lifetime Achievement Award by the Canadian Phytopathological Society for his contributions to plant pathology in Canada. Dr. Estey, emeritus professor in the Department of Plant Science at McGill University, Sainte-Anne-de-Bellevue, Que., is internationally recognized for his significant contributions to the field of plant pathology. Born in central New Brunswick, he earned a BSc in general agriculture from McGill in 1951, and later earned an MSc in mycology and plant pathology from the University of Maine, Orono. In 1956 he earned his PhD in plant pathology from McGill. He then taught at McGill for 26 years, becoming chair of the plant pathology department before retiring in 1982.

**Gordon Mockler** (BA) of Grand Bay-Westfield, N.B., was awarded senior membership in the Canadian Medical Association in November 2003 in recognition of distinguished service. He has been a physician in the Saint John, N.B., area since 1965.

'62

**William Cooper** (BScCE) of Oakville, Ont., joined the board of directors of Cogeco Cable Inc. in January 2004. He is president and chief executive officer of Cooper Construction and director of Stelco Inc. Cogeco Cable is the second-largest cable operator in each of Ontario and Quebec and the fourth-largest in Canada.

'63

**Nancy Kilburn** (BA, BEd'73) of Fredericton passed away on March 1, 2004, after a long, courageous and determined fight against environmental illness and can-

cer. After graduating from UNB, she taught school, traveled the world, and then decided to go back to school. She graduated from the New York School of Interior Design in 1969, and came home to go into the family business, R.L. Kilburn Ltd. She completely immersed herself in her business and developed many friendships over the years. She was a member of the Canadian Interior Designers Association, served as president of the UNB Associated Alumnae, and was a member of the UNB Board of Governors. She was very active in the Order of the Eastern Star, Celestial Chapter No. 3, serving in many offices. She was a loving daughter to her parents, Robin Long Kilburn and Florence Nina (Hood) Kilburn, and looked after both in their final years. She is survived by her siblings: **Sandra Dubrule** (Kilburn, BA'61), George, Glen, Clark and **Chris** (BA'77, BEd'79) and their families.

## '64

**Alexander (Sandy) LeBlanc** (BScCE) of Fredericton, husband of Louise Boudreau, passed away on Jan. 14, 2004, at the age of 61 after a courageous battle with cancer. During his career, he was an executive and political supporter with several organizations throughout eastern Canada, most recently as executive director of the N.B. Automobile Dealer's Association. He served as president of the UNB Associated Alumni from 1980-81. Sandy was known for his work with N.B. Special Olympics and as a devoted YMCA volunteer with a passion for helping youth. He is survived by his former wife Mary LeBlanc; children Scott, Katie, **Jody** (BScFE'97), Jamie, and stepdaughter Dominique Gillis; and two sisters, several grandchildren and nieces and nephews.

**Gailand Ross Bradford** (BT, BA'65) of St. Stephen, N.B., passed away Feb. 7, 2004. He is survived by his wife Sherrill; daughter Deborah; sons Harold and **Rodney** (BSc'82, MSc'87); step-daughters Sharon and Leslie; 11 grandchildren; and brothers Victor, Eugene and **Brock** (BPE'66, BA'67).

## '65

**Alan Grant** (MSc) of Dartmouth, N.S., was awarded the 2003 Gesner Medal by the Atlantic Geoscience Society in February 2004. He is a marine geoscientist and emeritus geoscientist at the Geological Survey of Canada.

## '66

**Alfred Short** (BBA) of Guelph, Ont., passed away on Dec. 1, 2003. He is survived by his brother, nieces and nephews.

## '67

**Jeremy (Jerry) Gadd**, CDR (Ret.) OMM, CN (BA) of Victoria passed away on March 20, 2004. A native of Formby, England, Jerry, while attending UNB, was a member of The Henchmen folksinging group, along with **Al Brien** (BA'67, LLB'69), **Peter**

**Chipman** (BBA'69), and **Dave Sansom** (MScChE'68). After graduation from UNB, Jerry began his lifelong naval career. He and his wife and family moved many times as he was stationed in Halifax, St. John's, Toronto, Victoria, and Norfolk, Va., where Jerry earned his master of public administration in 1978. He retired from the navy in 1996, and had worked at the Naval Simulator at NOTC, Venture, Workpoint Esquimaux for the past four years in a job he absolutely loved. He was a member of Christ Church Cathedral, Vancouver Island Division, the Navy League of Canada, and the Victoria Model Ship Building Society. He survived by his best friend and wife Ann; son Matthew (Amy) of Victoria; daughter Adrienne (Jordan) of Victoria; brothers **Tony** (Wanda) **Gadd** (BA'67) of Fredericton and **Peter** (Deana) **Gadd** (BPE'70) of Miramichi, N.B.; sisters Jennifer (Thomas) Collette-White of England and **Susan** (Charles) **Ferris** (BT'75) of Fredericton; sister-in-law Betty Gordaneer of Toronto; brother-in-law Tim Allard (Tami) of Vancouver; and two nephews.

## '68

**Theresa Hebert** (BT, PG/ED'76) of Fredericton passed away on Dec. 10, 2003. She taught school for many years before retiring. She is survived by her brother Joseph; sister **Margaret Dove** (Hebert, BT'75, BEd'75, MEd'82); and nieces.

## '69

**Robert Britton** (BSc) of Victoria says it will be 35 years on May 17 since he graduated with his BSc from the Fredericton campus.

**Bill Kennedy** (BScEE) of Calgary, Alta., assumed the presidency of IEEE Canada (Institute of Electrical and Electronics Engineers, Inc.) on Jan. 1, 2004, for a two-year period. He will sit on the board of directors as the Region 7 director. As president of IEEE Canada, he will also sit on the Engineering Institute of Canada board as president, Canadian Society of Electrical and Computer Engineers. He is the principal engineer with the Alberta Electric System Operator.

**Andrew (Drew) Matheson** (BA, BEd'70) of Miramichi, N.B., passed away Nov. 25, 2003. He was a retired teacher. Andrew is survived by his wife **Deborah** (Dealy, BA'71); daughters Carrie and Leanne; a sister and nieces and nephews.

## '70

**Art Comeau** (BA, BEd'72) of Saint John was awarded the RBC Local Hockey Leader award for 2003-2004. The national award was presented to 12 individuals in recognition of their volunteer leadership in their communities. Art has operated a program called School Hockey for 30 years, volunteering his time to co-ordinate a hockey league for more than 400 children. The award consists of a place in the Hockey Hall of Fame for 2004, a monetary contribution

to his hockey program and a signed Team Canada jersey.

**Hilda Joslin** (BT) of Fredericton passed away on Jan. 3, 2004. She was a school teacher and supervisor for more than 15 years. She is survived by her nieces and nephew.

**Mary Munro** (Robson, BA, MEd'96) of Riverview, N.B., is still studying (thanks, UNB). Her latest training is critical incident stress management (emergency team) through the Red Cross. Her daughter, Kristina Robson, is a speech and language pathologist; son Andrew Robson is a performer, designer and illustrator with NSCAD. Mary is also a Canadian human resources professional.

**John Payne** (BA) of Fredericton passed away on Jan. 20, 2004. He was a retired school teacher in the Fredericton area. He is survived by his wife Susan; daughter Jennifer; mother Yvonne; sisters **Paula** (BPE'70) and Maureen; and brothers Roy and Bliss.

## '71

**Judith Chapman** (Patterson, BA, MA'74) of Grand Bay-Westfield, N.B., passed away on Dec. 31, 2003. She is survived by her daughter Melanie, grandchildren and brother **Lawrence Patterson** (BBA'73).

**Patricia Cumming** (BBA, LLB'73) of Fredericton, a provincial court judge, was appointed associate chief judge in December 2003. The appointment is for a 10-year term. Judge Cumming was appointed to the provincial court in 1985, the first woman to be appointed a provincial court judge in New Brunswick.

**Richard (Dick) Flynn** (BPE) of Kuwait City, Kuwait, was killed Jan. 5, 2004, near Fallujah, Iraq, when a convoy in which he was traveling was hit by an explosion. He was 54. At the time of his death, he was working for an American company that was managing logistics for supply convoys to U.S. military camps. Born in Pierrefonds, Que., he was an all-star tackle with the Red Bombers football team in the late 1960s and early 1970s. After graduating from UNB, he taught briefly, and then joined the RCMP, where he served for 24 years before retiring as a sergeant in 2000. Mr. Flynn and his wife **Nancy** (Conklin, BPE'74) later moved to Kuwait City, where she was employed as a teacher. Mr. Flynn also taught in Kuwait for a period of time before joining the American company in November 2003. Besides his wife, he is survived by daughter Christine of Kuwait City, son Tom of Edmonton, brothers **Mike** (BPE'72) of Mill Bay, B.C., and **Marty** (BPE'81) of Fredericton, sister **Kathryn** (BEd'77) of Newmarket, Ont., and other family members.

**Jackson Hanson** (BT, MEd'73, BEd'73) of Fredericton passed away on Feb. 6, 2004. He was school superintendent for several districts in New Brunswick throughout his career. He is survived by his wife Diane; sons Stephen and Peter; daughters Deanne and **Stephanie** (BA'02); and many grandchildren.

**Gary Pitman** (BBA) of Hamilton, Bermuda, was named a Fellow CGA recipient for 2003 by the CGA Association. The national award is for exemplary service by a CGA to the profession and community, and is the highest award given by the association.

**Daniel Skaling** (MA) of Fredericton passed away on Jan. 27, 2004. Dan served as the chair of NB Power, the president of Kingsdale Atlantic and president of Venture Communications Inc. His public-sector career spanned 20 years of service in both the provincial and federal governments. He is survived by his wife Donna; children Andrew and **Jennifer** (BBA'93); and two brothers.

**Frederick Toole** (LLB) of Saint John passed away Jan. 21, 2004. He joined the law firm of McKelvey, Macaulay, Machum & Fairweather (now Stewart McKelvey Stirling Scales) in 1971, becoming partner in 1975. Fred was named as one of the 500 leading lawyers in Canada by *LEXPART* magazine, and *American Lawyer Media* in their joint publication "The 1999 Leading 500 Lawyers in Canada." He is survived by his wife Suzanne; daughters Colleen and **Erin Toole** (LLB'01); son Sean; and two grandsons.

## '72

**Barney Wright** (BA) of Woodstock, N.B., passed away on Feb. 22, 2004. He is survived by his wife Lois; sons **Michael** (BBA'96, BScCS'99) and Andrew; daughter **Sarah** (BA'99); a grandson; sister **Carole** (BN'87) and other family members.

## '73

**Allan Denton** (BScF) of Fort McMurray, Alta., and wife Nancy retired in 2002 after 20 years with Investors Group. They have completed the heavy equipment operators course offered by Keyano College in Fort McMurray and are now employed at the Syncrude, Aurora oil sands site. Both are driving the Cat 797 Heavy Hauler, the world's largest mining truck, which weighs in empty at 250 tons and has a payload of up to 480 tons per load. The truck is 32 feet wide, 48 feet long and 29 feet high, and can travel at speeds up to 44 m.p.h. on tires that are 13.5 feet in diameter, weigh 10 tons and cost \$45,000 each. Allan has been named top driver at the Aurora. @

**Carl Sparrow** (BSc) of Corner Brook, NL, has been practising medicine in Canada since 1980 and recently was appointed the director of CSAT (clinical skills assessment and training), a program of Memorial University Medical School. This program offers the educational component for international medical graduates upgrading to practise in Canada. He is married to Anne Lynch, who obtained her MSc from the University of Toronto. They have three children, ages 19, 17, and 15. @

## '74

**J. Ernest Drapeau** (LLB) of Shediac, N.B., was appointed chief justice of New Brunswick on March 26, 2003.

## '75

**William Allen** (BEd) of Mactaquac, N.B., passed away Feb. 3, 2004. He was a retired teacher and principal. He is survived by his wife **Clara** (MEd'90); son Sean; daughters Shannon and Shelonie; and grandchildren.

**Darrell Duffie** (BScCE) of Palo Alto, Calif., was the 2003 recipient of the Financial Engineer of the Year Award presented by the International Association of Financial Engineers (IAFE) and SunGard Trading and Risk Systems, an operating group of SunGard. Dr. Duffie, who is James Irving Miller Professor of Finance at the Graduate School of Business, Stanford University, is the 11th recipient of the award, joining a prestigious list of individuals who have contributed to the advancement of financial engineering technology. The chairman of the IAFE said "Darrell's important contributions in risk management, credit risk modeling and the burgeoning market for credit derivatives are used daily by financial practitioners around the world. He has advanced the field of quantitative finance immeasurably." Dr. Duffie, a member of Stanford's faculty since earning his PhD there in 1984, is the author of books and articles on asset valuation, credit risk, derivative securities, incom-

plete financial markets, financial innovation and risk management.

**Nancy Taylor** (BA) of Moncton, N.B., passed away on Feb. 24, 2004. She was a retired school teacher in District 2. She is survived by her sons **Colin** (BBA'96), Jean Pierre and Ben; grandchildren and other family members.

## '76

**Santanu Dasgupta** (PhD) of Trivandrum, India, has been working with the Department of Space, India, for the last 30 years. He is now the deputy director of the Space Research Institute, and designs control and guidance systems for space vehicles. He is grateful for the education and values imbibed during his stay at UNB and wishes to contact friends he had made then. His wife Syama and sons Jishnu and Kaustuv wish all his friends a happy new year. He can be contacted at [s\\_dasgupta@vssc.org](mailto:s_dasgupta@vssc.org). @

**Bloyce McLellan** (LLB) of Albany, P.E.I., was appointed Queen's counsel on Dec. 16, 2003. He is a partner with Taylor, McLellan law firm in Summerside, P.E.I. He and his wife Erith have three children, Ashley, Morgan and Lindsay. @

**Chris Pratt** (BA) of Owen Sound, Ont., is the rector of Saint George's Anglican Church and an archdeacon of the Diocese of Huron. He is married to Carolyn and has two sons, Jon (studying at Laurentian University) and David (studying at Ryerson University). Chris has lived in Owen Sound for the past 11 years of his ministry. He has lived and worked in New Maryland and Saint John, N.B., prior to a move to Windsor, Ont., in 1988. The former director of CHSR, he has maintained an interest in the media with a weekly column in the *Owen Sound Sun Times* and a regularly-televised TV program on the Rogers cable network. @

## '77

**Mary Brennan** (BT, BEd'79) of Saint John passed away on Jan. 11, 2004. She was a teacher before her retirement in 1988. She is survived by her children John, **Justin** (BScSE'75), Joseph, **Patrick** (BEd'77), Paul, Margaret-Anne, Mary-Alice, Maureen, and **Peter** (BScSE'86); and 20 grandchildren.

**Brian Dingle** (BBA) and Janice van Wart of Fredericton were married June 7, 2003. In February 2004, Brian and Janice moved to Fredericton from Woodstock, N.B. Brian is employed with Atlantic Rentals in Fredericton.

**Robert Quartermain** (BSc) of Vancouver has joined the board of directors of Strathmore Minerals Corp. The Canadian-based company specializes in the acquisition and development of uranium properties. He is currently the president and director of Silver Standard Resources Inc.

## '78

**Thomas Budd** (BBA) of Calgary was appointed president of GMP Capital Corp. in January 2004. Before joining GMP in April 1996, he was a partner and director of an independent investment dealer for six years and has held corporate finance positions with national investment dealers for eight years.

**Marjorie (Midge) Chapman** (Neilson, BN) of Moncton, N.B., passed away Jan. 31, 2004. She spent her career as an operating room nurse, and then as a teacher. She is survived by her sons Karl Falkjar, **David Falkjar** (BScME'86); **Eric Falkjar** (BScBA'87, MBA'00); stepdaughter Janet Salazar; stepsons Robert and Mark Chapman; and grandchildren.

**Bridgette (Betty) Henderson** (McNamara, BN) of Saint John, N.B., passed away on Dec. 21, 2003. She worked 25 years as a psychiatric nurse, and later an instructor of student nurses. She is survived by her husband and daughter.

**Glenn Murray** (BScCE, MScCE'82) of Riverview, N.B., passed away on Dec. 8, 2003. He was manager of maintenance and operations and special projects at the Moncton International Airport. He is survived by his wife, daughters, mother, nieces and nephews.

**Bernard Richard** (LLB) of Cap-Pele, N.B., was appointed ombudsman for the Province of New Brunswick. He resigned his seat as the Liberal MLA for the Shediac-Cap-Pelé riding.

This group of graduates from the 1978 nursing class got together last year for their 25th reunion. In attendance were (back row, from left, and all names are maiden names) Sue Phippen, Patti Cox, Rosalie Underhill, Patti Hennessey, Nancy Jacobs, and Marilyn Calhoun; (middle row), June Price, Nancy Hooper, Kathy Lutes, Jane Elderkin, Debbie Hardy, and Denise Legere; (front row), Maureen Kelly, Lisa LeGresly, Heather Walker, Donna Black, Nancy Muck, Judy Affleck, Kathy Toner, and Lynn Nagle.

## '79

**Andy Scott** (BA) of Fredericton was named minister of state (infrastructure) in Prime Minister Paul Martin's federal cabinet.

## '80

**Rodney Burgar** (BA, LLB'83) of Halifax was re-appointed national president of the Canadian IT Law Association on Oct. 23, 2003. A chair of the technology group with the law firm of Patterson Palmer, he was also recently named one of Canada's leading IT lawyers by *LEXPERT*.

**Deborah Hale** (MacDonald, BEd, CAUS'87) of Lower Sackville, N.S., since selling her first book to Harlequin Historical in 1998, has published 10 more historical romance novels. Her books have won or been nominated for several prestigious awards, including the Golden Heart, the RITA and Romantic Times Reviewers' Choice Awards. Recently Deborah branched out to the fantasy genre with Harlequin's new imprint, Luna Books, following launch authors Mercedes Lackey and Nebula-winner Catherine Asaro. Deborah's husband, **Michael Hale** (BSc, PhD'90), is senior medical physicist at the N.S. Cancer Centre. They live in Lower Sackville with their four children, Robert, Deidre, Brendan and Jamie. For more information about Deborah's books, visit her website [www.deborahhale.com](http://www.deborahhale.com).

**Marc Pepin** (BEd) of Fredericton shot a television commercial with Bruce Jenner in Fort Lauderdale, Fl., in January 2004. The commercial was to be aired across Canada in February.

## '81

**Harry Ames** (BA) of Ottawa, after traveling between Fredericton and Ottawa for the past 18 months, announces that he has sold his dental practice in Fredericton and has relocated. He is a senior dental consultant with Health Canada (First Nations and Inuit Health Branch) located in Tunney's Pasture. **Elizabeth** (Harris, BEd) and son Matthew (Grade 10) are settled into life in Ottawa. Daughter **Tanya** (BSc'01) is pursuing a master of science degree at the University of Alberta in Edmonton. Son Christopher is a third-year UBC (Vancouver) Thunderbird baseball player and is enrolled in a BA program with a history and anthropology major. If you are in the Ottawa area, give us a call. @

**W. J. (Bill) Kerr** (BScCE) of Baie d'Urfe, Que., was appointed vice-president, sales and marketing, for Lafarge North America in

August 2003. In his new role, he oversees cement sales activity in eastern Canada and the northeast U.S. Bill, his wife Dawn and three sons moved to Montreal in late 2001. @

**Andrew LeMesurier** (BEd, LLB'84) of Rothesay, N.B., was appointed a New Brunswick provincial court judge in December 2003. He had been a partner at Clark, Drummie in Saint John since 1993.

Ivy League play. Donna joins the Big Red after serving as the head coach at Houghton College in Houghton, N.Y., since 1995. Her teams earned a record of 111-39-4 during that time, including a 16-2 record this past season. While playing field hockey for UNB as a student, she was a four-time all-conference and four-time All-Canada selection. She was also a member of the Canadian national team from 1979-83. Following her collegiate and national team experiences, Donna started her coaching career as the coach of the N.B. provincial team, leading the squad to a gold medal at the 1989 Canada Games. She went on to coach at UNB, where she posted a 60-8-6 record from 1990 to 1995. During that period, her teams never lost a conference game, winning five Atlantic conference titles and two silver medals at the Canadian university championships. She was selected as the conference coach of the year four times and was once selected as the national university coach of the year. @

**David MacDonald** (BPE) of Calgary, Alta., is the vice-president of operations for Network Health Inc., a private health-care organization that specializes in surgical services, rehabilitation and workplace absenteeism solutions. The *Financial Post* recently named Network Health one of the 50 Best Managed Companies in Canada. He went on to graduate from Queen's University (BCCPT'89, MBA'01) and currently lives in Calgary with his wife Marilynne. @

**Geoffrey McBeath** (BScCE) of Halifax passed away on Jan. 30, 2004. He was a partner in the firm of Maritime Testing Ltd., founder of EARTHTECH Engineering Ltd., and a leader in the field of geotechnical engineering. He is survived by his wife Jennifer; son Jack; and daughters Marin and Taylor.

**Michele Murphy** (BA, LLB'86) of Charlottetown was appointed Queen's counsel in December 2003. Michelle is a partner with McInnes Cooper in their Charlottetown office.

## '84

**Geoffrey Machum** (LLB) of Halifax was appointed Queen's counsel in January 2004. He is a partner with Stewart McKelvey Stirling Scales.

**Raymond Shalala** (LLB) of Moncton, N.B., passed away on Feb. 8, 2004. He was an entrepreneur and businessman. He is survived by his sons Casey and Zachary; their mother Lisa; five brothers and a sister.

## '85

**Shirley Anderson** (BEd) of Centreville, N.B., retired in June 2003 after teaching for 33 years in School District 14.

## '86

**Harrison McCain**, CC, (LLD), co-founder and founding chairman of McCain Foods Limited and a long-time friend of UNB, passed away March 18, 2004, at the Lahey Clinic in Boston. Dr. McCain had been in declining health for some time. He was 76 years old. (See story page 10.)

**Mary-Kay Stangroom** (BN) of Calgary, Alta., has been very busy in her old age. She was remarried in 2001 to Greg Zubach and gave birth to their son in September 2002. Jackson Alexander is a little brother to Hannah, who is now 6. Mary-Kay is working as a casual RN at the Peter Lougheed Hospital in Calgary, which allows her to be a semi-stay-at-home mom. Any old Mermaids or Beavers out there passing through Calgary give us a call at 568-2032. @

## '87

**Peter Cummings**, DMD (BSc) and wife Kimberley of Holden, Me., announce the birth of their second son, Lenox Stone, on Sept. 16, 2003. Heir Jagger Cruz Cummings is very proud of the spare. @

**Raouf Khodabocus** (BA, MSc'89, PhD'93) of Fredericton is working as Head of Secondary (principal) in a school in the Gulf. His wife, and children, Ibrahim, 4, and Salma, are enjoying themselves in their new fully-furnished apartment. You can connect with him at [drkhodabocus@hotmail.com](mailto:drkhodabocus@hotmail.com). @

**Dan** (BScChE) and **Pam Pastirik** (Breen, BN) of Saint John are happy to be back in N.B. after a 15-year absence. Pam is an assistant professor of nursing at UNBSJ and Dan is a technical group leader with the Irving Oil Refinery. Dan, Pam and "their three sons" welcome old alumni buddies to look them up at [dpastin618@rogers.com](mailto:dpastin618@rogers.com). @

**Elizabeth Pugh** (BScCE, MScCE'93) and husband David Regan of Halifax announce the birth of Sarah Elizabeth on Sept. 20, 2003.

## '88

**Kevin Allport** (BSc) of St. Andrews, N.B., who has been working in the aquaculture industry in Charlotte County, N.B., since 1988, has accepted a new position as senior Movex consultant with Nutreco in Holland. He is still living in St. Andrews with his wife Lynn (Boyd) and three children, Andrew, Laura and Jonathan, but is traveling quite extensively assisting in the worldwide implementations of the new company software Movex. In 2003 he implemented in Fukuoka, Japan, and Verona, Italy, and in 2004 he will be responsible for the implementations in Ireland and the U.K., as well as Tasmania. @

**Shelly** (BBA) and **Brian Bronnum** of Sussex, N.B., announce the birth of their daughter Dena Ann on Aug. 28, 2003.

**Pierre Dubé** (LLB) of Tide Head, N.B., was appointed a provincial court judge in December 2003. He had been a member of the law firm of Dubé & Dubé since 1990.

**Carol Jones** (Class of) of St. Lambert, Que., passed away Nov. 1, 2003. She is survived by her parents.

**Shelley** (Gordon, BBA) and **Shaun Pelkey** (BScGE'89, MScCE'97) of Fredericton announce the birth of Jonathan Alexander Robert on Nov. 17, 2003, a little brother for Benjamin.

**Andrew Petrie** (BPE) and wife Trish of Moncton, N.B., announce the birth of Alexander Arnold on Oct. 22, 2003.

## '89

**Rachel Ingram** (BA) of Toronto was a partner at the law firm Blake, Cassels & Graydon LLP until April 2003. She then accepted a job as general counsel and corporate secretary for one of her clients, KremeKo Inc., the Krispy Kreme Doughnut area developer in Canada. Shortly after she made this job change, Rachel, her husband Scott Dunlop and their 4-year-old twin daughters Alana and Mallory moved out of downtown Toronto to a beautiful home in the country about an hour northwest of Toronto. And to top it all off, Rachel had a baby boy, Roan, on Dec. 30, 2003! Rachel can be contacted at [racheli@sympatico.ca](mailto:racheli@sympatico.ca). @

**George Ivey** (BSc) of Campbell River, B.C., is president and senior environmental specialist of Ivey International Inc., which was nominated for a National Globe Innovation Award for their recently patented environmental remediation (clean-up) technology. The technology goes by SPTT (selective phase transfer technology) and/or Ivey-sol (both trademarked). The technology involves processes and mixtures, hence two patents. The company developed a way to dissolve oil products in water and as a result is able to clean up contaminated soil and groundwater in a fraction of the time traditional methods take. To get a better understanding of the technology, please visit their website at [www.sptt.net](http://www.sptt.net). @

**Bradley Matthews** (BSc) and his wife Brenda of Fredericton announce the birth of their daughter, Taylor Ann, on Dec. 13, 2003.

**Robin** (Morrison, BEd) and husband James **Claus** of New Market, Ont., announce the birth of their son, Alexander James, on Dec. 2, 2003, a little brother for Jennifer.

**Tanya Whitney** (BA, BEd'90, MEd'00) and **Clay Rideout** (BBA'94) of Woodmans Point, N.B., are pleased to announce the birth of their son, Jagger Allan Rideout, on Dec. 18, 2003, a little brother for Laura, 12, and Hartley, 8. Tanya and Clay were married in a lovely backyard wedding on July 5, 2003. After experiencing great success with opening and operating a lucrative powersports business in Saint John, Clay is choosing a more simplistic lifestyle by becoming a stay-at-home dad. Tanya is principal of two schools — Morna Heights Elementary and Brown's Flat Elementary.

## '90

**Geneviève Marie Chanteloup** (BA) and husband Dennis Stevens of Ottawa announce the birth of Isabelle Margaret on June 17, 2003.

**Stephen Cole** (BA) and Jean Hill of Fredericton announce the birth of their daughter Bridget Sophia on Jan. 7, 2004.

**Beth** (Clark, BA) and **Will Elliott** (BA'89) of Edmonton, along with big brother Liam, 4, are happy to announce the birth of Karen Michelle on Nov. 17, 2003. The family moved to Edmonton in the summer of 2003. @

**Wendy** (Nelson, BN) and **Kevin Ferguson** (BBA'92, BA'93) of Natick, Mass., are pleased to announce the arrival of Nicole Elizabeth on Jan. 5, 2004. Nicole is a sister to Alec, 4½, and Sean, 2½. Both big brothers are very excited about the new addition. @

**Carolyn Humphrey** (Gill, BBA) and hubby Nick of Barbados, West Indies, belatedly announce the arrival of their third child, Danielle Marie, on Jan. 27, 2003. She joins siblings Logan, 4, and Katelyn, 2½. @

**Shelly Monroe** (BBA) of Fredericton married Brad Thomas on Oct. 4, 2003. They both work and live in Fredericton.

**David Morgan** (BA, BEd'92, MEd'02) of Saint John, N.B., is now in his second year as principal of Simonds Middle School in Saint John. He and his wife of 26 years, Mary Ann, have four children.

**Christine** (BA'01, BEd'02) is a teacher at Saint John High, **Wendy** (BBA'02), is attending UNB Law School, Lesley, who has recently finished high school, and Michael, who is in middle school. David can be reached at [david.morgan@nbed.nb.ca](mailto:david.morgan@nbed.nb.ca). @

**Chris Scott** (BScF) and Rhonda Kariz of Prince George, B.C., had a baby boy, Brody Kendall, April 9, 2003. Chris is operation manager for Pas Lumber Co. Rhonda runs her own consulting company for forestry and biology operations. Chris's e-mail is [chris@paslbr.bc.ca](mailto:chris@paslbr.bc.ca).

## '91

**Heather Helpard** (Brown, BN) and Dana, along with big sister Haley, announce the birth of Olivia Heather Dawn on May 8, 2003, at the IWK Halifax.

**Jon** (BSc, BA'93) and Bonnie **Johnsen** of Thunder Bay, Ont., celebrated the birth of a daughter, Hannah Faith Johnsen, on Nov. 6, 2003. Big brother Cameron, 2, is thrilled. Jon is currently the lead physician at the Fort William Family Health Network in Thunder Bay. @

**AFFORDABLE, CONVENIENT & EXCELLENT AMENITIES:**

## STAY ON CAMPUS

Every summer we open our campus and our residences to tourists looking for affordable accommodations. We invite you - our Proud Alumni - to come back to UNB this summer and **STAY ON CAMPUS.**

We offer clean, comfortable rooms at affordable rates. While on campus you can visit your old hang outs, have a beer at the campus pubs, eat in the meal hall, visit your old professors and classrooms and witness the changes that have occurred since you left. Share your memories with your friends and family - **STAY ON CAMPUS.**

**CALL OR E-MAIL US TODAY TO MAKE A RESERVATION, OR JUST DROP IN WHEN YOU ARRIVE.**

**WHETHER YOU'RE PASSING THROUGH OR STAYING FOR A VISIT, WE ENCOURAGE YOU TO STAY ON CAMPUS!**

**RESIDENTIAL LIFE & CONFERENCE SERVICES**  
TEL: 506.458.7549  
EMAIL: [UNBHOTEL@UNB.CA](mailto:UNBHOTEL@UNB.CA)  
ONLINE: [WWW.UNBF.CA/HOUSING](http://WWW.UNBF.CA/HOUSING)

**Jody Maillet** (BBA) and wife Editha of Mississauga, Ont., announce the birth of Jacob Jeremiah on Aug. 31, 2003. The couple was married on Aug. 31, 2002.

**Krista Savoy** (BN) and **Gerry Gaudet** (BE'd'99, BA'99) are pleased to announce their marriage. The wedding took place on April 7, 2004, in beautiful Las Vegas, Nev. The couple has been living happily in Calgary, Alta., since the summer of 2002. Krista is a nurse at the Foothills Hospital, while Gerry is teaching with the Rocky View School Division. They would love to hear from old friends at [kristaandgerry@shaw.ca](mailto:kristaandgerry@shaw.ca). @

**Sarah** (Hall, BA) and **Jeff Vail** of Sussex, N.B., announce the birth of Kathleen Elizabeth on Aug. 25, 2003.

## '99

**Jamie** (Simons, BA) and **Phil Apa** (BScKin'00) of St. Catharines, Ont., are thrilled to announce the arrival of their daughter Caitlyn Taylor. She entered the world on Nov. 22, 2003, healthy and beautiful! Caitlyn comes from a long line of UNB grads, starting with her grandparents **Jim** (BA'71) and **Laurie** (Stevens, BN'73) **Simons**. @

**Gena** (Egers, BN) and **Jeff Curtis** of Fredericton announce the birth of Karlie Ellen on Oct. 15, 2003, a little sister for Ryan.

**Elizabeth** (Hanselpacker, BA) and **Rob Doncaster** (BScChE) of Brockville, Ont., announce the birth of their son, William Frederick, on April 29, 2003. Born two weeks early, he was a healthy 8 lb., 9.5 oz. Everyone is doing well. Rob is still working at Procter and Gamble as the plant quality manager, and Elizabeth is teaching history and English full time at Brockville Collegiate Institute. We look forward to hearing from friends. Our e-mail address is [robind@ripnet.com](mailto:robind@ripnet.com). @

**Charlene** (Starkey, BScChE) and **Jim Lafferty** (BBA'98) of Moncton, N.B., announce the birth of their first child, Grace Erin Dawn, on Oct. 1, 2003. @

**Jason MacEwen** (BSc) of Kitchener, Ont., married Nora Doerr on July 26, 2003. @

**Vicky** (Adams, BN) and **Brent Mills** (BBA'92) of Quispamsis, N.B., are thrilled to announce the birth of their beautiful daughter, Hanna Catherine, on Oct. 24, 2003. Vicky and Brent were married June 8, 2002. Vicky is on maternity leave from the Saint John Regional Hospital and Brent is employed with Service New Brunswick. They welcome e-mail from their friends and classmates at [millsbd@nb.sympatico.ca](mailto:millsbd@nb.sympatico.ca). @

**Diana Roy** (BE'd) and Mark Searle of Rothesay, N.B., announce the birth of Abigail Jane on May 25, 2003.

## '00

**Marsha MacLean** (McLaughlin, BA) and her husband Paul of Fredericton announce the birth of their son, Nicholas Joshua, on Sept. 27, 2003, weighing 7 lb., 4 oz., a brother for Alexander, 5. @

**Jamie Morrison** (Bouchard, BN'00) and husband Chris of Miramichi, N.B.,

Photo and Design: Rob Blanchard

This stylized photo by Rob Blanchard of UNB's Media Services in Fredericton serves to give some sense of the electric atmosphere inside the Aitken Centre during the CIS men's hockey championships. The photo was taken at a critical point of UNB's game with Alberta, with UNB down 2 goals.

# What a show!

## CIS hockey tourney rocks as UNB earns a silver

Ask anyone who was there. It was the best display of hockey, rife with both talent and drama, in the Canadian Interuniversity Sports (CIS) men's hockey championships in years, and it happened at UNB.

The results are well-known by now. The UNB V-Reds, ranked last going into the tournament among the six teams competing, won the silver after dropping a heartbreaking 3-2 double overtime gold medal game to the St. Francis Xavier University X-Men.

The Varsity Reds were gunning for their first national title since 1998 in front of a sold-out Aitken Centre crowd as UNBF hosted its second straight CIS championship. The club had jumped into a 2-0 first period lead before St. FX battled back to tie the contest, forcing the extra sessions and winning it on a dramatic goal in the second overtime.

To get to the final, UNB pulled off the upset of the entire season when it defeated the previously undefeated University of Alberta Golden Bears 6-5 in overtime just 24 hours before the gold-medal game. It was No. 1-ranked Alberta's first loss in 44 games, but UNB fought back from two goals down to stun the Bears. The Varsity Reds had also

CONTINUED, see V-Reds, p. 38

*In the photos to the right: Top, three generations cheer on the Reds. From left are Carol McKinley, her grandson Gavin McClare, Gavin's mother Michele McClare (McKinley, BPE'88), Ryan McClare, and Gary McKinley. Middle photo, the V-Reds' Ryan Burgoyne pops home the puck during the Alberta game, a pivotal goal that brought the Reds to within one of the Bears, who were leading 4-2 early in the third. Bottom, former V-Reds goalie Gene Chiarello, left, who is battling cancer, is greeted during a ceremonial puck drop by N.B. Justice Minister Brad Green (BA'87, LLB'90), and a party of UNB hockey alumni and dignitaries.*

## V-Reds

CONTINUED from p. 37

defeated the University of Ottawa Gee Gees along the way in the highly successful national tournament.

And in the bronze-medal game, the Dalhousie Tigers handed Alberta its second defeat of the season with a 4-1 victory. That meant the top three finishers in the CIS were Maritime universities. St. FX entered the tournament ranked second, while Dal was ranked fifth.

UNB alumni, faculty, staff, and students were all part of the emotionally charged atmosphere generated by the hockey team. All eight games were sold out in the 4,000-seat arena. And dozens of former UNB varsity hockey

players returned for the tournament and attended special events, including receptions held by the Associated Alumni before each game.

More than anything, the games, and the V-Reds' performance, inspired a sense of pride among students, alumni and every day fans of the Reds that hasn't been seen for some time. In an editorial about school spirit, *Brunswickan* editor-in-chief Sean Patrick Sullivan wrote, "In my five years here, I've never seen anything like I did Sunday night."

The Varsity Reds battled their way to the silver, but for many it was indeed a gold medal performance.

## Elsewhere on the CIS sporting front . . .

The V-Reds men's basketball team made it to the CIS championships in March for the first time since 1967.

After an easy win over Brandon in their first game, the eighth-ranked Reds took on the top-ranked Carleton Ravens in the quarter-finals. The Reds lost a knuckle-biter 77-75 to the eventual national champions.

In other CIS championships, swimmer Carla Guerts-Cole won two golds and a bronze, swimmer Dan Monid brought home a silver, and wrestler Promise Mwenga also garnered a silver.

### KUDOS — VARSITY REDS

Following are the major Varsity Reds award winners for 2003-04:

Female: **Jacqueline Kennedy**; Male: **Scott Hachey**

# TAKE A CLOSER LOOK AT THE UNIVERSITY OF NEW BRUNSWICK... THE REST OF CANADA SURE IS!

Gary Saunders  
Steacie Fellowship

Pierre Zundel  
3M Teaching Fellowship

Nancy Mathis  
Principal Award for Innovation –  
Ernest C. Manning Foundation

## IN 2003, UNB TOOK HOME SOME OF THE NATION'S TOP AWARDS FOR RESEARCH, TEACHING, AND INNOVATION... THAT'S SIGNIFICANT.

There's been a lot of national attention focused on the University of New Brunswick, and for three good reasons! This year, two of our professors garnered one of the top research awards and one of the top teaching awards in Canada for 2003. And one of our graduates also received the top national Manning Innovation prize for technology transfer and commercialization.

Biologist Gary Saunders received one of NSERC's prestigious Steacie Fellowships, marking the second time in three years that the top research award in the country has gone to a UNB researcher.

Pierre Zundel, a professor in the Faculty of Forestry and Environmental Management and at UNB's Renaissance College, received Canada's premier teaching honour, a 3M Teaching Fellowship.

UNB graduate Nancy Mathis, who successfully commercialized the technology she developed as a PhD student – and nurtured the growth of her company at UNB's entrepreneurial development centre – was just awarded the Ernest C. Manning Foundation's Principal Award for Innovation.

Research, Teaching and Innovation – that's how we make a difference for New Brunswick and for Canada... a significant difference!

## TAKE A CLOSER LOOK AT A POWERFUL PARTNERSHIP!

It's the power of three! The University of New Brunswick. The Government of New Brunswick. And the New Brunswick Innovation Foundation. It's their vision and partnership that will ensure continued results of this kind enhancing New Brunswick's place as a player in Canada's innovation agenda.

The Honourable Bernard Lord  
Premier of New Brunswick

John McLaughlin

MAKING A SIGNIFICANT  
DIFFERENCE

## An Alumni Success Story

### Emily and Rob know they can't predict their future. But they know how to protect it.

Emily and Rob know there are no guarantees in life. They make the best financial decisions they can for their future and accept that some things are out of their control. The future security of their family isn't one of those things. That's why Emily and Rob invested in their Alumni Insurance Plans — the ones that support their alma mater. They benefit from the low rates and the security of knowing that help will be there, just in case it's ever needed. After all, the future is too important to be left to chance.
