(Revised December 2019)

The ALPS Student Keener Award was created to recognize the contributions made to university life by part-time undergraduate students and full-time undergraduate adult learners (25+) at the UNB Fredericton campus. Selection for this award will be based on a student's participation in and contribution to the university and/or participation in and contribution to their community at large, and life considerations.

In order to be considered for an ALPS Student Keener Award, applicants must write a letter to the ALPS university selection committee and address their contributions to the university and/or their community.
