

OUR TOP CHOICES FOR

GREENER TECH PRODUCTS

HiSaver Power Bar - \$99.99

Don't waste power when you're not at your desk. The HiSaver power bar features motion-activated sockets that shut down power to unnecessary devices after ten minutes without detecting motion. Features two "Always On" sockets for computers and other items that need to stay on, plus three motion-controlled sockets for monitors, printers, and other items that can shut down when not needed. A simple innovation that can save you hundreds of dollars every year!

Macally EcoPad
Bamboo Lap Desk
\$24.99

Macally EcoFan
Bamboo Laptop Cooling Fan
\$34.99

Xerox ColorQube 8570N Solid Ink Printer - \$699.00

Xerox solid ink printers generate up to 90% less waste than comparable laser devices and, from manufacturing to transport to end-of-life, solid ink printers have up to 30% lower lifecycle energy demand and up to 30% smaller carbon footprint. Solid ink gives you rich, vibrant colours on all media, including recycled paper.

EKG Cables

High quality cables manufactured with recycled materials and minimal packaging. "Buy the product, not the package".
