

November 13, 2009

Dear Graduating Bachelor of Education Student, University of New Brunswick:

The Nova Scotia Department of Education is pleased to announce that the eight Nova Scotia school boards are undertaking a recruitment initiative for the early hiring of teachers for the 2010-11 school year. This will be one of the first opportunities for Nova Scotia school boards to hire for the ensuing school year; school boards will continue to hire teachers for the 2010-11 school year through September 2010. The school boards are particularly interested in recruiting applications from graduating students who have backgrounds in mathematics, physics, physical education, fine arts, family studies, and French. I hope you will be interested in participating in this exciting initiative, whether or not you possess these teachables.

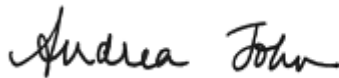

The first step is to complete the attached application form(s), and return it with a copy of your résumé, unofficial transcripts, and (if available) student teaching field reports. The deadline for receiving these applications is November 27, 2009. If you have any questions please email [jobfair@gov.ns.ca](mailto:jobfair@gov.ns.ca).

Once your application is received, it will be sent to the school board(s) you selected on the form. Out of courtesy to the school boards, please select only the boards in which you would seriously consider employment. The school boards will review all the applications and will follow up with selected applicants.

I am very pleased that the Department of Education and the Nova Scotia school boards have committed to this initiative. I encourage you to participate, as it will be an excellent opportunity for you to learn about opportunities for teaching in Nova Scotia, and to discover where you would like to apply your newly acquired teaching skills.

Thank you for your interest in employment with the Nova Scotia school boards.

Yours truly,

Andrea John  
Manager, Information Management Division
