INTRODUCTION

This University of New Brunswick Fredericton (UNBF) contract consists of three main sections: 1. Administration; 2. Residence Community Standards; 3. Residence Food Service. Although individual sections may be printed, displayed, or read separately, they are all part of the Residence Contract and apply to the following residences located on or in close proximity to the Fredericton campus of the University:

- Aitken
- Bridges
- Elizabeth Parr-Johnston (Suite-style)
- Harrison
- Joy Kidd
- Lady Beaverbrook
- Lady Dunn
- MacKenzie
- Magee (Family and mature student housing)
- Neill
- Neville/Jones
- Tibbits

Mature students or students with families (spouses and children) who wish to reside in residence are not eligible for residence governed by this Contract, but may apply for accommodations in Magee House, our family housing building, or in our internal Residence suites. Please email mageehouse@unb.ca for more information regarding Magee house (for families) or resadmin@unb.ca for Residence units (graduate students, or mature students with partners without children).

This is a legally binding agreement between you and the University as represented by Residence, the Residence Office within the department of Student Services (“Residence”, or “RO”) This document and your Residence Contract Acceptance (either completed through the application process or during the check-in process) , comprise the contractual agreement between you and the University (henceforward referred to as the “Contract”).

Summary of Contract

Section 1.0 Administration

This section outlines administrative requirements, procedures, and important deadlines. The information contained here will answer many of your questions. For other questions or clarifications, please refer to <http://www.unb.ca/fredericton/residence/> or contact Residence Administration at (506) 453-4800 (additional contact information is listed in Appendix 1 of this Contract.)

Section 2.0 Residence Community Standards

These two sections of this Contract define the standards of behaviour required of all residents and their guests while present on or about residence property (which includes but is not limited to all residence buildings and dining halls operated by the Residence Division including their parking lot, and surrounding grounds), and during all residence related events, even if the events occur off campus. Living with others in residence is different from living in a private apartment or house. What you may feel comfortable with in private may not be safe or appropriate in a shared residence environment that has a mandate to support the University's academic mission.

Section 3.0 UNB Food Services

- a) Students who reside in Aitken, Bridges, Harrison, Joy Kidd, Lady Beaverbrook, Lady Dunn, MacKenzie, Neill, Neville/Jones, or Tibbits are required to purchase a residence meal/dining plan, each of which are referred to in this contract as a "Residence Meal Plan" or "Residence Dining Plan". Section 4, the UNB Food Services section of this contract, outlines the Residence Meal Plans, and the rules of conduct for the dining halls.
- b) Students who reside in Elizabeth Parr-Johnston are not required to purchase a dining plan but if available, may choose to purchase an optional meal plan which can be used in all residence dining halls. Applicable dining cash may be used at select retail shop outlets on campus.

1.0 ADMINISTRATION

Interpretation of Terms

In this Contract:

The resident will be referred to as "you," or "your," "resident," "residents," "student," or "students"; "Your accommodation," "the accommodation", "your room", "your suite", "your apartment" and "your unit" refer to the room identified on your Room Assignment, and may be amended from time to time by agreement and, in particular:

If you live in shared accommodations, it refers to your room and the living area you share with other residents. The living area that you share with other residents, together with your roommate or suitemate, and every other resident's room is also referred to as your "unit" or "suite";

An "assessment" means a bill for an amount, determined by the University, that you owe to the University on account of one of the following: any damage to, repair of, or loss of University property (including your keys) or extraordinary service, cleaning, administrative or other costs you, your designated roommate or any other of your guests cause to University residence facilities whether through accident, neglect or intent;

"Fees" means the residence fees plus all other sums, amounts, charges and monies payable by you to the University pursuant to this Contract, including, without limitation, all Residence Meal Plan fees if applicable, assessments, costs, interest, and amounts owing as a result of any breach of this Contract.

"Guest" refers to anyone who you accompany on, invite, accept, or admit to the residence property (which includes but is not limited to all residence buildings, parking lots and surrounding grounds):

"Move-out Date" means the date identified as such within this Contract, unless otherwise agreed by you and RL.

"Residence fees" means the residence fees applicable to your accommodation, as set out in the fee payment schedule listed on the University's website, which for greater certainty, include utilities, and high-speed Internet; cable is provided in certain lounges, and in the living rooms of EPJ suites.

References to Residence or RO refer to the University, acting through Residence.

1.01 Binding Contract

By signing the Residence Contract Acceptance page, you have accepted an offer from the University for Accommodations in a student residence managed by Residence. By accepting this offer and/or by moving into our residence accommodation, you have confirmed that you agree to comply with the terms and conditions outlined in this contract.

Prior to moving into your accommodations, you must fill out and sign the Residence Contract Acceptance page and provide your emergency contact information. Even if you omit a step in the acceptance or move-in process, you agree that by taking possession of validly offered accommodations establishes a contract between you and RCS on the terms and conditions set out in this Contract.

1.02 Contract Term

The Contract term commences at 8 a.m. on the Move-In Date and ends at 12 p.m. on the Move-Out Date, by which time you must have vacated and surrendered your accommodation to the University. This refers to the date in which the student moves into residence. The contract is terminated once the student moves out of residence. If the student continues to live in residence for the full year, the contract is in effect for that period.

As set out in this Residence Contract, your accommodation occurs within one of the following sessions: Fall Term only; Winter Term only; Summer Term only; Fall and Winter Term, Education academic year. These Terms take place during the following dates:

1.03 Residence Closure – Winter Holiday Break

All residence students that have accepted accommodations for the Fall and Winter Terms must vacate their accommodation during the Winter Holiday Break. The Winter Holiday Break closure commences 24 hours after your final Fall Term exam, and no later than the day after the final regular scheduled Fall Term exam at 12 noon and ends at 12 noon on the Move-In day in January.

During this period, you are not permitted to access or reside in your accommodation, nor are you permitted to access or reside in any other residence building during this time unless you have been approved for an extended stay (see section 1.04 for more information on extended stays). You are permitted to leave your possessions at your accommodation. If you fail to vacate your accommodation during this period, then you are in breach of this Contract and the University will pursue its remedies pursuant to Section 1.14.

1.04 Extended Stays and Summer Residence

End of Term Extensions

Students who require accommodations after their last exam of the Fall Term or Winter Term are required to complete an application for an End of Term Extension, Holiday Stay, or Summer Stay. Information regarding these residence periods will be emailed to students throughout the academic year and will be available on our website.

Term Extension Applications will only be approved for students for documented academic reasons, or for students who's home or primary residence is outside of the Maritimes, they are returning to this address immediately after leaving UNB and are unable to arrange travel for an earlier date/time. Students will be expected to provide supporting documentation from their academic faculty or supporting travel documentation.

Term Extension Applications will not be approved for reasons outside of the reasons listed above. More specifically, extended stay requests will not be approved for any student moving from UNB residence to any location within the Maritimes, regardless of where their home or primary residence is located. The fees for the extended stay are separate and in addition to all fees associated with the Fall and Winter Terms.

Winter Term Extensions

Students that require accommodations for longer than 24 hours after their last exam of the Winter Term, but not later than the date Residence closes for the Winter Term are required to complete an application for an extended stay. Details on how to apply for an extended stay will be provided to resident's mid-semester.

Holiday Residence (between Fall and Winter Term)

If you reside in any residence on either UNB campus and have accepted accommodations for the Fall and Winter Terms, you must vacate your accommodation during the Winter Holiday Break. The Winter Holiday Break closure commences 24 hours after your final Fall Term exam, and no later than the day after the final regular scheduled Fall Term exam at 12 noon and ends at 12 noon on the Move-In day in January. During this period, you are not permitted to access or reside in your accommodation, nor are you permitted to access or reside in any other residence building during this time unless you have been approved for an extended stay (see section 1.04 for more information on extended stays).

Students that require accommodations for after the date Residence closes are required to apply for Holiday Residence. Details on how to apply for an extended stay will be provided to residents' mid-semester.

All Holiday Residence applications will be granted for documented academic reasons or if the student's home or primary residence is outside of the Maritimes. The fees for the Holiday Residence are separate and in addition to all fees associated with the Fall and Winter Terms.

The Residence Office is closed over the holiday period and any student granted residence for the winter holiday break, regardless of length of stay, will be charged the flat rate extended stay fee.

You are permitted to leave your possessions at your accommodation. If you fail to vacate your accommodation during this period, then you are in breach of this Contract and the University will pursue its remedies pursuant to Section 1.14. You may also be faced with delayed departure fines.

Summer Residence

Students wishing to stay in residence beyond the date that Residence closes for the academic year (anytime after the final exam date of the Winter Term and throughout the summer months) must submit a Summer Residence Application. Summer Residence fees apply to all students who stay in residence past their specific winter term check out date and in accordance with the summer fees as outlined on the UNB Residence website.

Summer Residence may be housed in a separate residence than a student's academic year room assignment. Due to this most students will need to move from their academic year room into a different building and room for the summer months. This transition will typically occur within a week of academic year residence closing and will require students to pack up their belongings and move out of their academic year bedroom, return their old keys, and sign out the keys for their new bedroom.

At that time, the payment for Summer Residence fees are due. Students are charged Summer Residence fees beginning from their specific winter term check out date until either the date that a student moves out of residence, or in the case of students who have a confirmed room assignment in residence the following Fall, the fee end date is the date that Fall Term residence re-opens for returning students in the Fall. If you have any questions about Summer Residence, please contact us at 453-4800 or resadmin@unb.ca (Fredericton) res@unb.ca (Saint John)

Early Arrival

No activity or interactions shall involve acts of hazing, humiliation, intimidation, bullying, or coercion. Students who plan, implement, or participate in such activities will be subject to disciplinary action, which may include a charge under the UNB Student Disciplinary Code and/or eviction from residence.

Given the tendency for alcohol to detract from the Orientation experience (heightening emotions, inappropriate behaviour, etc.), Orientation is to be alcohol-free, both in terms of organized activities and personal consumption.

For the duration of Orientation, anyone returning to residence early is expected to:

- Refrain from consuming alcohol personally, on- or off-campus.
- Refrain from encouraging consumption of alcohol by others, including new students, and other residents.

Failure to uphold the special circumstances surrounding Early Arrival can result in

- Having to leave residence for the remainder of Orientation
- Eviction from residence
- Other charges / sanctions under the Residence Community or University disciplinary codes

1.05 Additional Occupant

Additional occupants (others living full time with you) are not permitted. Students who wish to reside in residence with their family/partner/children are not eligible for residences governed by this Contract and may apply for accommodations in the University student family housing (Magee House).

1.06 Mandatory Meal Plan

If you reside at Aitken, Bridges, Harrison, Joy Kidd, Lady Beaverbrook, Lady Dunn, MacKenzie, Neill, Neville/Jones, or Tibbits, purchasing the Residence Meal Plan described in Section 4.0 of this Contract is mandatory.

1.07 Communications Agreement

The University will provide Internet access to your accommodation. If you use the Internet service(s), you agree to abide by the conditions outlined in the UNB Acceptable Use of Information and Communication Technologies (which can be found on the UNB Information Technology Services website).

All Residence students or those associated with Residence in any official capacity (leadership position, volunteer, etc.) are required to use the UNB logos, name, building names, building logos, pictures of any UNB property, or any other item, picture or description of UNB or UNB Residence building or staff in a professional, respectful manner. Any students setting up social media accounts (Facebook, Instagram, Twitter, Snapchat, Tik Tok etc.), videos or other means of communication that choose to use UNB or UNB Residence names, pictures, descriptions, or logos must do so in a manner that is respectful and professional. All social media accounts/pages/sites/videos set up in a manner that appears to represent UNB Residence must first seek permission to do so from the Director of Residence Life, and must allow monitoring by Residence Life staff (house websites etc.)

1.08 Eligibility

Age Criteria

- Students 19 and older prior to moving into residence have reached the New Brunswick age of majority (See the Age of Majority Act, R.S.N.B., 1973,c.A-4), and may independently apply for UNB residence accommodations and sign the required residence contract.
- Students under 19 years of age have not yet reached New Brunswick's age of majority (See the Age of Majority Act, R.S.N.B., 1973,c.A-4) and therefore must have their parent or guardian's consent to apply. The parent or guardian must also sign the residence contract and agree to be responsible for all aspects of their student's care (medical, academic, conduct, financial etc.). Additional Provincial and Federal laws apply to students under 16 that, depending on a student's individual circumstances, may limit students' eligibility to stay in UNB residence. Please inquire with Residence Administration for further details.

Fall Term Only

Residents are generally required to contract for accommodations for the full Fall and Winter Term together. You are not permitted to contract for the Fall Term only unless you can substantiate to the satisfaction of RO that you meet the following criteria:

- Your academic studies at UNB will conclude by the end date for the Fall Term and you will be leaving UNB completely, or a University-related academic pursuit will require your absence from Fredericton.

Academic Criteria

To be eligible to reside in residence at UNB during the Fall or Winter Term you must be and remain registered as a full-time student (enrolled in 3 or more courses, or equivalent at your academic institution and maintaining an AGPA/CGPA of at least 2.0) during the applicable term. The UNB Residence's primary mandate during the Fall and Winter Term is to provide residence accommodations to full time UNB students. Full time students that share a campus with UNB Fredericton (STU and NBCC) may request to live in a UNB residence but will only be assigned a room as space permits (please see assignment policy for more details). Students attending other institutions not listed above are not permitted to live in UNB residences.

To be eligible to reside in residence at UNB during the Summer Term you must be a post-secondary student from an eligible university.

Self-Care Criteria

Members of the residence community are required to demonstrate through day-to-day actions that they are able to care for themselves and behave in ways that will not negatively affect the welfare, safety, and success of themselves or others. It is also expected that students will seek out and / or accept assistance (from medical professionals or appropriate UNB staff members) for those situations they are unable to resolve on their own.

Accommodations

Students who require accommodation in residence due to a documented disability or significant ongoing medical condition are required to inform Residence Administration and the Student Accessibility Center as soon as possible.

1.09 Assignment Policy

Residence will attempt to honour, but does not guarantee, your request for a particular type of accommodation. Failure to provide your preferred accommodation will not invalidate this Contract.

RO reserves the right, without notice, to assign/change roommates, to change accommodation assignments and/or to consolidate vacancies by requiring you or other residents to move from one accommodation to another. This may include requiring you to move to a different residence building or different type of room. If this happens to you, you are required to pay the residence fees stipulated for the new accommodation. If you are in a double room and your roommate moves out, you must only occupy your side of the room as you could be assigned a new roommate at any time. Failure to do so may result in any items occupied on the other side of the room being moved or disposed of, as well as an administrative charge of \$80 and possible disciplinary action.

Fall Room Assignment Priority

RO will attempt to honour, but does not guarantee, your request for a particular type of accommodation. Failure to provide your preferred accommodation will not invalidate this Contract.

RO reserves the right, without notice, to assign/change roommates, to change accommodation assignments and/or to consolidate vacancies by requiring you or other residents to move from one accommodation to another. This may include requiring you to move to a different residence building or different type of room. If this happens to you, you are required to pay the residence fees stipulated for the new accommodation.

Unoccupied space within residence

If you are in a double room and your roommate moves out, you must only occupy your side of the room as you could be assigned a new roommate at any time. Failure to do so may result in any items occupied on the other side of the room being moved or disposed of, as well as an administrative charge of \$80 and possible disciplinary action.

Additional occupant

Additional occupants (others living full time with you) are not permitted. Students who wish to reside in residence with their family/partner/children are not eligible for residences governed by this Contract and may apply for accommodations in the University student family housing (Magee House).

Assignment and Unauthorized Occupancy

You alone, may occupy your accommodation. This Contract and your accommodation cannot be assigned, “sublet”, lent, or otherwise shared with another person without the prior written authorization of RO. Unauthorized assignment, “subletting”, lending, or sharing is a breach of this Contract and will result in the eviction of the other person(s) occupying or sharing your accommodation and may result in RO evicting you.

Fall Room Assignment Priority

Students are assigned to residence accommodations each Fall Term at UNB in groups. These groups are assigned to residence accommodations based on the following priority sequence (i.e., those in group 1 assigned first, those in group 2 assigned after all students in group 1 have been assigned etc.) Within each group students will be assigned based on the date UNB has received their complete residence application and paid the residence application fee.

Group 1

Students returning to residence (have lived in UNB Residence at least one prior term), have an AGPA (or CGPA if AGPA is not available) of at least 2.0, do not have repeated or significant residence contract violations or community standard violations, and have completed their residence application and paid their residence application fee before May 15th.

Group 2

New UNB students (have never lived in UNB Residence prior) that have completed their residence application and paid their residence application fee before May 15th and are a Currie or Schulich Scholar recipient.

Group 3

New UNB students (have never lived in UNB Residence prior) that have completed their residence application and paid their residence application fee before May 15th.

Group 4

Returning UNB students (have lived in UNB Residence at least one prior term), have an AGPA (or CGPA if AGPA is not available) of at least 2.0, and do not have repeated or significant residence contract violations or community standard violations, and have paid their residence application fee after May 15th.

Group 5

New UNB students that have paid their residence application fee after May 15th. These students will be assigned a room in residence after all students above (groups 1 through 4) have been placed and in sequence based on the date UNB has received their complete residence application and residence application fee.

Group 6

All STU/NBCC students that have submitted a residence application and paid their residence application fee.

Please note:

- a. If you have documented medical or special accommodation requirements, you may be given priority within your room assignment group for your preferred room type (not necessarily room location or building).
- b. All residence assignments are subject to room availability. UNB Residence may have variable room availability based on many factors including on-going renovation/construction. UNB Residence does not guarantee residence accommodation will be available for all assignment groups listed above, as space is limited.

1.10 Compliance with Laws etc.

You agree to the terms of this Contract and to abide by all federal, provincial and local government laws, regulations and bylaws, University rules, regulations, policies, and procedures, including but not limited to those issued from time to time by RO. To the extent that if there is any discrepancy between matters dealt with both in this Contract and any other publication of RO, the provisions of this Contract shall prevail.

1.11 Contract Changes

Changes may not be made to the terms of this Contract without the written permission of the Senior Director, Residence. During the Term of the Contract, RO may unilaterally change or delete any provisions of this Contract or add provisions to this Contract by sending you an email notification to your [UNB email address](#) or through written notification to your accommodation. Changes will be effective and binding upon you on the date set out in the notification. If no date is set out in the notification, the contract changes will be effective one week from the date the notification was sent. Please note, however, that changes may be implemented immediately when, in the opinion of the Senior Director, Residence, the health and/or safety of any person may be adversely affected by a delay.

1.12 Rates and Payment

You agree to pay the residence and meal plan fees which are outlined in the UNB Residence website. If you choose, or are required to change your accommodations, you will be required to pay the fees stipulated for the new accommodation. If you request a particular type of room but are assigned something different, you are required to pay the fees for the accommodation you are assigned to.

Failure to pay your residence and meal plan fees by or on the date they are due will lead to forfeiture of your accommodation assignment. Charges for residence fees and meal plan fees will continue until you return all assigned keys to the Residence Administration Front Desk and/or you receive confirmation from RO by email to your UNB email address that your Contract has been terminated.

The \$500 residence application fee is not refundable for any reason (unwilling or unable to attend UNB, deciding to live elsewhere etc.), regardless of when you cancel. If you apply for the Fall term and then subsequently choose to defer your arrival, you may carry over your application fee to be applied to your new application for the winter term of the same academic year. Application fees associated with deferred applications cannot be carried over to future academic years (for example from Fall or Winter 2022/2023 to Fall or Winter 2023/2024) or transferred to any other student or application process.

The minimum AGPA requirement for residence is 2.0.

You agree to pay for all U card transactions/balances associated with your card including laundry services, vending machines and dining services. U card transactions can, at times, be delayed being applied to your U card balance. It is your responsibility to know your U card balance and ensure you pay for any transactions you are responsible for, regardless of when they were officially posted to your account.

1.13 Cancellation of the Residence Contract After the Move-In Date

By agreeing to the terms and conditions outlined in the Residence Contract students are responsible for the residence and meal plan fees for the duration of the residence contract dates. Students may request to cancel their residence contract for academic or compassionate reasons (health or wellness related reasons, family or personal crisis etc.) after the move-in date. Requests should be submitted in writing to resadmin@unb.ca or directly to the Residence Administration front desk. If a student's request to cancel their residence contract is granted, they will be subject to our residence room refund policy.

If a student chooses to leave residence but remains a student at UNB Fredericton, they are responsible for the financial portion of the contract term, unless exceptional circumstances as noted above, have been approved by Residence.

For a residence student to be eligible for a refund the following criteria must be met.

1. The student has withdrawn from UNB prior to leaving residence and is no longer a UNB student. Residents must completely check out of residence within 48 hours after they are no longer a current registered student in good standing.

2. The student has signed the contract for the full year but will graduate at the end of the Fall Term.
3. The student moves out of residence to participate in a co-op work placement outside of Fredericton, an exchange program outside of Fredericton, or a teaching or other academic practicum outside of Fredericton.

In these circumstances, you must provide applicable documentation, such as letter from the Registrar's Office or Co-op Coordinator.

Our refund schedule for residents staying for the Fall and Winter Terms are as follows:

- Cancel after move-in
 - o Responsible for residence fees for the remainder of the confirmed booking or one month whichever is less.

- c) Return your keys (residence entrance key, room key and mailbox key, whichever is applicable to your building) to the Residence Administration front desk.

For greater clarity, Residence cannot re-assign your accommodation until you have completed your check-out procedures listed above. - The date you return all assigned keys to the Residence Administration Front Desk.
- The date Residence, solely at its own option, deems you to have abandoned your accommodations; or
- Your contractual Move-Out Date.

Students who do not follow the check-out procedures will be charged an \$80 improper check-out fee. Keys not returned/received will also result in the applicable lost key charge. Examples of improper check-outs are (but not limited to) the following:

- Leaving your keys in your residence room/accommodation.
- Failing to return your keys the same business day as you vacate your residence accommodations.
- Staying in residence longer than 48 hours after you are no longer a current registered student in good standing.

Students are responsible for returning their own keys to the Residence Administration Front Desk. Do not leave your keys with another person to hand in for you (including Residence Assistants). Students will be responsible for their late or lost keys, regardless of who returned or lost them.

1.14 Termination of the Residence Contract by the University

If at any time:

- a) You fail to pay (when due) any of the fees stipulated in this Contract;
- b) You fail to pay (when due) any assessments assessed pursuant to the terms of this Contract;

- c) RO becomes aware that the offer of accommodation made to you was based upon incorrect information or a mistake as to your eligibility for residency in your accommodation;
- d) You no longer meet the eligibility requirements for residency in your accommodation;
- e) You have failed to pay (when due) monies owed to Residence with respect to matters other than this Contract;

Students should be prepared for emergencies by having a working flashlight, battery operated radio, and non-perishable snacks in their residence accommodation at all times. Failure to pay assessments may result in the relocation of you or other resident(s) to another floor or unit, denial of future residence assignment, behaviour interventions, or eviction from residence. To appeal an assessment, you must follow the written appeal procedure as outlined in the Residence Resolution Process.

Appeals will only be considered if you are not in arrears for any other fees, charges or amounts owed to Residence.

Residence rooms and shared units are furnished. Additional furniture and appliances larger than 3'x3'x3' are prohibited. Costs associated with removing unauthorized or abandoned furniture or appliances will be assessed.

1.29 Residence Owned Furniture and Appliances

Costs associated with relocating/returning furniture and/or any damages associated with moving furniture will be assessed. The same holds true for the removal of any furniture from common spaces, such as lounges. The relocation of any furniture is prohibited and may result in sanctions.

1.30 Housekeeping/Cleaning/Damages

Our team thoroughly inspects and cleans all rooms prior to your arrival. Following check-in or a room move, you have 48 hours to report any concerns with the condition of your room and submit it to the Residence Administration front desk. This will create a report regarding the condition of your accommodation. These reports will be followed up on by our facilities team and items will be repaired, replaced or cleaned as required. If you do not report any concerns, it will be assumed that your room, unit or suite is clean and in good condition. After your departure from your accommodation, your room, unit or suite, and any applicable common areas and their

contents, will be inspected. Any missing items, damage not documented, or required cleaning will be assessed to you. You will be notified of this assessment via email with supporting pictures if possible. Costs assessed to shared accommodations (double rooms, common areas of suites etc.) between multiple students will be split equally between all occupants, regardless of individual check out dates or any other factors.

Common areas in units or suites may be inspected from time to time during the year to ensure they are kept clean and safe. If you fail to keep common areas/units clean it will result in an assessment and/or possible relocation of you or other residents, and/or denial of a future residence offer.

1.31 Repairs and Alterations

All repairs and alterations to accommodations will be carried out by the University. Residents are prohibited from repairing or altering the exterior or interior of their room or unit. Without limiting the foregoing, residents are prohibited from painting or wallpapering their room, unit, suite, or any residence common space. In addition, it is strictly prohibited to change beds into “lofted” beds, and/or bunk beds, including the use of lift kits.

If it is after regular business hours (evenings and weekends) and the maintenance concern is urgent, advise a member of the Residence on-call team by calling the RA on Duty for your area.

Residents should report any required repairs to residence facilities by using the following email address: sswork@unb.ca. Should you have any maintenance-related concerns, please email sswork@unb.ca. Please provide your name, building, room number and a description of the issue.

1.32 Pest Treatment

You shall not allow conditions to exist that, in the opinion of RO, may encourage the infestation or propagation of insects, rodents or other varmints. You are required to report the presence or suspected presence of pests (including bedbugs) in your accommodation to RO. Personnel authorized by the University may enter your accommodation, without notice and, if necessary, without your presence, to inspect for pests. Should, in the opinion of RO or the University, treatment be required, you will be required to comply with the prescribed treatment methods and protocol. This may include relocation, cleaning and/or removal and disposal of furnishings or personal possessions. In such an event you shall not be reimbursed by the University for any disruption, relocation, loss or loss of use of personal possessions or furnishings. If you allow conditions to exist that encourage the infestation or propagation of insects, rodents or other varmints, you may be responsible for the costs associated with the treatment of these pests.

If you suspect an infestation, you are not to remove any belongings from your accommodations until RO has indicated the prescribed treatment and protocol, as such action on your part may spread the infestation.

1.33 Construction and Maintenance

There are on-going maintenance, renovation, and construction projects taking place in and around the residences. The work typically takes place during regular business hours (8:00am – 6:00pm), but may begin earlier or extend later into the evenings or weekends. Ongoing construction or renovation projects will continue through midterm and final exam periods. The University will take measures to ensure that prudent construction practices are followed, but there may be noise, dust, and temporary interruptions of some services. Residents may be required to temporarily or permanently relocate to facilitate construction or renovations to their residence area. There will be no compensation or reduction to your residence fees due to disruption and/or relocation.

1.34 Storage

Storage is available to students during the academic year excluding those living in EPJ. To access storage, students must come to the Residence Administration office to complete paperwork and receive tags for their items.

Items without tags will be removed and disposed of. All items must be removed from the storage space when the students move out of residence. Any items remaining will be disposed of and a disposal fee will be placed on the students' fee statement.

The University and Residence do not assume liability for loss, thefts, or damage of articles regardless how such theft or damage occurs.

Summer storage will be available to students returning to residence in the fall term for a fee of \$250. Payment for summer storage must be made at the residence administration building prior to moving out of residence in the winter term.

All items left in common areas of residence buildings will be removed and disposed of without further notice.

1.35 Room Changes

Room changes, whether in house or to a new building for accommodation, must be approved by Residence administration. The initial request is to be made to your Residence Assistant, who will inquire about room availability. An Administrative Assistant will contact the applicant to advise them of the outcome of their request. The administrative fee for a room change, whether in house or to another building, is \$35.00, and will be billed to your UNB Student Account. Students required to change rooms due to behavioural intervention/conduct reasons will also be assessed the administrative fee associated with room changes and may not be guaranteed a move to the same type of room. Students who request a room change and are offered an alternate room, and subsequently decide they do not wish to move, will also be billed the \$35.00 room change administrative fee.

Unauthorized room changes or switches may result in you being required to move back to your assigned accommodation and will result in an \$80 unauthorized room change fine. You are required to pay the difference in residence fees when you move to more expensive accommodations. Refunds due to a change to less expensive accommodations will be credited to your account. You agree to be bound by the terms of the Contract governing your new accommodation. If you are changing rooms to a building different from the one you currently reside in, you may be issued a set of keys for your new accommodations and may use both sets (from your old accommodations and your new accommodations) to complete your move for up to 24 hours. You must return the keys from your old room within that 24 hour period or RO will order a lock change for that room and you will be responsible for the charges associated with that lock change, regardless of whether you return the keys at a later time/date.

Eligibility for Room Changes: You must meet the minimum and/or maximum requirements to be eligible for a room change or switch to specific residence areas.

Room Change Application Dates: The first date that you may apply for a room change once you have moved into residence is September 15. There are no room change applications accepted, or room changes made, between December 1 and January 15 and again between April 1 and the end of the contract period.

Room Change Completion Date: Room Changes must be completed within 72 hours of notification of approval from RO or the room change will be void.

For information on parking rules (including winter parking regulations) please refer to the UNB Security and Traffic website.

Theft or damage: The University and RO are not responsible for theft or damage to cars, bicycles, or any other vehicle, or any contents stored on or within them.

Scooters, bicycles, or other similar vehicles may not be stored inside any accommodation unless required to accommodate a documented disability and so long as space requirements meet all fire and egress regulations outside of EPJ.

1.36 Safety, Security and Lost Keys

You are responsible for taking reasonable precautions to ensure that your accommodation and the building in which it is located are protected from a breach of security. This includes, but not limited to, locking your door(s) and windows(s), not forcing, or propping open building entrance doors, not permitting unknown persons into residence buildings, following all guest policies, and immediately reporting strangers or security concerns. You are not permitted to copy any key provided by RO. Lost room, entrance or U card door keys pose an obvious security risk.

As such, replacement key prices include the actual cost of replacing the core locking mechanism and are \$40.00 for a bedroom key and for every suite key required, and \$135.00 for a building entrance key. Replacement post office box keys cost \$20.00. **Lost keys must be reported and replaced immediately and** can be replaced by the Residence Front Desk Staff. For students residing in Residence buildings using Ucard electronic locks, replacement U cards or temporary U cards are \$20. Keys not returned within 7 days of a student moving out of residence will be presumed lost and the student will be charged for the keys and lock replacement.

In order to support the health and safety of residents from the spread of communicable diseases caused from viruses such as the COVID-19 virus, UNB Residence may develop and require residents to abide by certain requirements or precautions including but not limited to the wearing of face masks, physical distancing, sign-in or tracking procedures, room capacity limits, limits to who can enter certain areas or buildings, limiting or restricting guests etc. Failure to abide by these will be deemed to be a material breach and may result in Termination of this Contract.

1.37 Advertising/ Poster Policy/Businesses and Solicitation

Any persons wishing to advertise on these boards must bring the advertisement materials to the Residence Administration Front Desk for prior approval. If residence students are found to be in breach of this policy they will be subject to fines and possibility of not being re-admitted to residence in future terms.

Prohibited activities include, but are not limited to, flyers being slipped under doors; door-to-door knocking; door hangers, stickers, or other promotional materials being used/placed in residence or on vehicles; and mass mailings.

UNB and Residence are committed to protecting personal information. Your personal information is being collected for the purposes of administering the Residence Contract and will only be accessed by those who require the information for the administration of the Residence Contract. For more information on the protection of personal information at UNB please consult *UNB Policy for the Protection of Personal Information & Privacy* and the University Secretariat, University of New Brunswick, PO Box 4400, Fredericton, NB, E3B 5A3 www.unb.ca/secretariat (506) 453-4613.

This consent will extend for the entire duration of your status as a UNBF residence student.

A student who has required significant intervention for personal challenges, mental health support, significant community disruption, or who is experiencing a significant medical/health concern may be required to have their physician/psychiatrist/clinical psychologist complete a residence medical form. *This form will ensure that UNB Residence Administration has a full assessment of the student's needs and can assess whether it is in their best interests, and the interests of the surrounding community, for them to remain in residence or return to residence.*

1.40 Communication

All communication from Residence to residence students are sent via email to students' UNB email account or to their UNB residence mailbox. Students are expected to check their UNB email and residence mailbox regularly and are held accountable for being aware of any information communicated.

2.0 RESIDENCE COMMUNITY STANDARDS

2.01 Purpose

The Residence Community Standards aim to define the rights, responsibilities, and expectations of a UNB Residence student. Residence, under the umbrella of the Department of Student Affairs and Services, strives to enhance a resident's university journey by providing a supportive living environment conducive to academic success, personal learning and growth, respect for diversity, and responsibility for community living. Each member of the residence community bears the personal and shared duty of establishing a positive and welcoming environment for all, by adhering to all community standards.

2.02 Scope

The Residence Community Standards pertain to a resident's behaviours, activities, actions, or lack thereof. These behaviours can be a one-time occurrence, repeated actions, or part of a consistent pattern that, when viewed as a whole, violate the Residence Community Standards. Residents are expected to abide by the Residence Community Standards from the moment they sign the Residence Contract and move into a UNB Residence building, until their housing contract expires, is cancelled, terminated, or if they choose to voluntarily leave Residence.

The Residence Community Standards apply to a resident's actions or behaviours that take place on Residence premises, including, but not limited to, the interior of buildings, entrances, walkways, and rooftops. It also includes the immediate surroundings outside the Residence. If a resident engages in misconduct while visiting an on-campus Residence dining hall, they may be held accountable for a breach of the Residence Contract. Sanctioned Residence events, whether on or off-campus, fall under the jurisdiction of the Residence Community Standards. Moreover, should a resident's conduct or activities on an online platform, like social media, breach the Residence Community Standards or result in conceivable harm or actual detriment to members of the Residence community, whether indirectly or directly, the student may be in breach of the Residence Community Standards.

Residents who engage in misconduct outside of Residence property will be referred to UNB Security & Traffic or the appropriate University officer to follow up under other existing University policies. Any complaints or concerns that do not involve a resident, such as campus-related complaints, non-Residence-related complaints, complaints regarding non-residents, or complaints involving university faculty or staff, will be directed to the relevant department(s) in accordance with the established policies and procedures of the University. This includes the actions or behaviours of a non-resident that occurs on Residence property.

Residents are subject to all municipal, provincial, and federal laws. In situations where Residence becomes aware that a student has violated the law, the incident will be referred to the appropriate law enforcement agency. In instances where the conduct of a Residence student falls within the scope of other institutional policies, such as

UNB's Sexual Assault Policy or the Discrimination, Sexual Harassment and Harassment Policy, the matter may be addressed by the university through the respective process.

2.03 Our Mission

The mission of the UNB Residence Community is to contribute to the University experience by providing a supportive living environment conducive to learning, personal growth, respect for diversity, and responsibility for community life.

2.04 Rights and Responsibilities of Residence Students

Residence aims to promote personal growth and development within our community members through various educational and academic initiatives, while also holding individuals accountable for any violation of the Residence Community Standards. It is important to acknowledge that not everyone is well-suited for the unique characteristics of living in a residence. Residence life entails a high-density, communal living setting that necessitates a heightened level of awareness, care, and respect for the well-being of fellow residents. It differs from living in a private apartment or house, as one's personal preferences and behaviours must align with creating a safe and appropriate shared environment that supports the University's academic mission. As a resident, you bear sole responsibility for your choices, and it is crucial to consider how those choices impact both yourself and the community around you.

As members of the community, every resident has a personal and shared obligation to foster a positive and inclusive environment for all students. It is your duty to promptly report or disclose any instances of misconduct that come to your attention, particularly if they involve potential harm, violations of the Residence Community Standards, or actions that compromise the dignity of other residents.

The following guiding principles outline the rights and responsibilities of residents:

Academic Environment: Residents have the right to live in an environment conducive to their academic goals, and it is their responsibility to help maintain this environment for others.

Communication and Collaboration: Residents have the right to open and respectful communication, and it is their responsibility to engage in constructive dialogue, actively participate in community discussions, and collaborate with their fellow residents.

Diversity and Inclusivity: Residents have the right to be included and valued regardless of their background or identity, and it is their responsibility to promote an inclusive space.

Personal Accountability: Residents are accountable for their actions and behaviours within the Residence community. This includes having the responsibility to abide by the Residence Community Standards and other policies set forth by the university.

Respect for Others: Every resident has the right to be treated with respect, and it is their responsibility to respect the rights and dignity of fellow residents.

Safety and Security: Residents have the right to feel safe and secure in their living environment, and it is their responsibility to contribute to the overall safety and security of the community.

In instances where it is alleged that a resident has violated the Residence Community Standards, the student may be required to participate in the Residence Resolution Process. They will have a right to procedural fairness, to ensure they are given fair consideration during the fact-finding process and determination of responsibility.

2.05 Equity, Diversity, Inclusion, and Indigeneity

Residence's core mission is to foster and support communities that wholeheartedly embrace and celebrate the principles of equity, diversity, inclusion, and indigeneity. As a department, Residence firmly believes the unique and diverse backgrounds, perspectives, and lived experiences of community members are foundational for a strong community.

The establishment of an inclusive living environment, where every student is embraced, is both a personal and shared obligation. All members of the Residence community, irrespective of their racial or ethnic background, skin color, religion, age, gender, sexual orientation, gender identity, disability, or any other differentiating factor, have the right to live peacefully and thrive in Residence.

Residence respectfully acknowledges that UNB stands on the un-surrendered and unceded traditional Wolastoqey land. The lands of Wabanaki people are recognized in a series of Peace and Friendship Treaties to establish an ongoing relationship of peace, friendship, and mutual respect between equal nations. We recognize that the unresolved relationship between Indigenous and non-Indigenous people limits us from reaching our full potential as a society. As Residence continues its work in creating equitable and inclusive living environments for all students, residents are welcomed and encouraged to take part in this mission by submitting their thoughts and ideas to reslife@unb.ca.

2.06 Residence Community Standards

As a resident, it is your responsibility to comply with the behavioural standards outlined by Residence. The Residence Community Standards exist to support your learning and overall personal wellness. Ignorance, anger, alcohol, or substance use will not be accepted as an excuse, reason, or rationale for unacceptable behaviour. The Residence Community Standards also encourage you to take responsibility for your actions to ensure that everyone in residence has a safe and enjoyable experience. If you have any questions regarding the Residence Community Standards, please contact your Residence Life Coordinator.

Violations of the Residence Community Standards are addressed as described in the Residence Resolution Process.

2.07 Alcohol

Engaging in illegal, disruptive, or unsafe behavior related to alcohol is strictly forbidden. Residents who decide to consume alcohol are expected to do so responsibly and in accordance with all applicable federal, provincial, and municipal laws, as well as university policies and regulations. Being under the influence of alcohol does not serve as a valid excuse for violating the Residence Community Standards.

Residence Administration cannot accept alcohol deliveries on behalf of residents, regardless of their age.

Alcohol Paraphernalia

Possession of accessories intended to promote excessive or rapid alcohol consumption or encourage dangerous alcohol-related activities is strictly prohibited. These items include, but are not limited to, drinking hats, funnels, and any equipment used for brewing, distilling, or producing alcohol, such as beer, cider, wine, spirits, or any other form of alcohol.

Distribution of Alcohol to Minors

Residents who are of legal drinking age are strictly prohibited from selling, distributing, or providing alcohol to individuals under the age of 19 on Residence property. Any student found supplying alcohol to a minor may face referral to the University and/or local law enforcement.

Large Alcohol Containers

Possession and/or consumption from 'common source' alcohol within Residence is prohibited. Examples of large alcohol containers include Texas Miceys, kegs, mini-kegs, growlers, wine boxes and "borgs," among others. Spirits and bottled wine must not be consumed from their container directly.

Open Alcohol

Residents who are of legal drinking age are allowed to consume alcohol in Residence bedrooms, suites, and designated lounges, as well as at Residence-sanctioned events where alcohol is permitted. Consuming alcoholic beverages is not allowed in any other areas, including but not limited to patios, courtyards, elevators, washrooms, laundry rooms, hallways, stairwells, foyers, dining halls, and all other areas outside the residence buildings.

In lounges, individuals are limited to one standard drink per person at any given time, and it must be contained in a plastic cup, can, or glass bottle covered with a koozie. It is permissible to transport alcoholic beverages between rooms and lounges in hallways, stairwells, elevators, and foyers, provided the beverage is in a sealed container.

Promotion and Glorification of Alcohol Culture

Engaging in activities that encourage excessive or rapid alcohol consumption, as well as those promoting unsafe drinking practices, is strictly forbidden on Residence property. This includes any involvement in or promotion of drinking games and binge drinking. Traditional drinking games like "beer pong," "flip cup," "King's cup," "quarters," and others are not allowed on Residence property, regardless of whether alcohol is present. The list provided is not comprehensive, and decisions regarding whether an activity qualifies as a "drinking game" will be at the discretion of the Residence staff.

Residents are strictly prohibited from engaging in the following activities on Residence property:

1. Creating trophies from alcohol bottles.
2. Displaying full, partially full, or empty alcohol bottles in windows.

3. Stockpiling alcohol.

Organizing, promoting, or participating in alcohol tours, such as "floor crawls," within the Residence premises is also strictly prohibited.

Students of legal age may consume cannabis in its non-smokable and non-vaped forms (i.e., edibles, oils etc.) while in residence rooms and designated lounges but must comply with the law(s) when doing so. When transporting cannabis in such instances, it must be stored in a sealed, airtight container to minimize any impact on the surrounding community, regardless of its state. It is strictly prohibited to have cannabis in any other areas beyond those mentioned earlier, including hallways, stairwells, dining halls, and washrooms.

2.10 Guest Policy

Residents have the privilege of hosting guests in their residence. A guest is characterized as an individual who does not reside in the same building as the host. Residents are responsible for the behaviour of their guest at all times. If a guest violates a policy, the host will be held responsible as though the host violated that policy. Residents are also responsible for any violations of the Residence Community Standards that take place in their respective residence room, regardless of whether they are present. Residents are encouraged to lock their residence room doors when they are not present.

It is expected that residents exercise caution and take necessary measures to ensure their guests' compliance with the community guidelines. Unless otherwise advised, residents must abide by the following guest expectations:

1. Residents are responsible for their guests' behaviour regardless of whether they participated in, condoned, or were aware of the guests' behaviour. Anyone who is invited to, accompanied on, accepted, or admitted to the residence property (which includes but is not limited to all residence buildings, parking lots, and surrounding grounds) is deemed to be a guest of that resident.
2. Granting access to a Residence building, such as opening an exterior door, for a stranger, tailgater, or uninvited individual is strictly forbidden on Residence property. Any resident providing such access will be considered the host of that person and will be held accountable for their behavior, as if they were an invited guest.
3. While on Residence property, residents must be present with their guests at all times. A host's absence does not excuse or release them from responsibility for their guests' behavior. Residents are accountable for their guests' actions until the guests leave the residence property.
4. In cases of non-compliance with the Residence Community Standards, a guest may be asked to leave Residence Property immediately, based on the discretion of Residence or University staff. The severity of the non-compliance will determine if the individual also faces additional restrictions, such as being barred from returning to the Residence as a guest in the future.
Incidents of severe misconduct will be promptly reported to Security & Traffic and/or local law enforcement for appropriate actions to be taken.
5. Accompanying or acting as a host to any individual who was previously evicted and does not have visiting privileges, or to a person whose visiting privileges have been revoked, is strictly prohibited.
6. Residents are held responsible for activities that occur in their room, irrespective of their presence.
7. A resident's failure to lock their door does not mitigate their responsibility for the actions of others that occur in the resident's room or unit.
8. Residents can only host two (2) people at a given time.
9. Residents who live with others must obtain permission from their roommate or suitemate(s) to allow an overnight guest.
10. Children (16 years of age and younger), are not permitted to stay as guests in residence during the overnight period of Midnight to 7:00 A.M.
11. Residents may accommodate overnight guests in their rooms for a maximum of three nights in any given week, with no more than two nights in a row. A guest is considered overnight when they are in residence between midnight and 7 a.m. for any length of time. Residents will be subject to disciplinary for guests' stays that exceed this period or are a disturbance to the floor, or resident(s). No extra bedding is available, and guests may not sleep in the lounge or common area. No person may be the guest of more than one resident in succession. In exceptional circumstances, extensions may be granted by the Residence Life

Coordinator.

12. No overnight guests are not permitted during Orientation Week or the Final Exam Periods in December and April.
13. Residence reserves the right to limit the number of persons who may be registered as a guest during certain periods of the academic year, under special circumstances, or due to ongoing conduct issues in the building. This may apply to an individual, a Residence building, or all residents.

Pre-Planned Guest Restrictions

There are several times throughout the year where a guest restriction is in place for the added safety and comfort of students in residence. In Fredericton, no guests will be permitted in residence at any time during these special events. This includes students who live in other residence buildings on the Fredericton campus. Specific details regarding guest restrictions will be communicated to residents in advance.

These policies will be in effect leading up to, and during the days of the special event. These times include, but are not limited to, the following:

- Orientation Week (September)
- “Fake Homecoming” (September – FR)
- Halloween Weekend (October)
- St. Patrick's Day/ Weekend (March)
- Last Class Bash (April)

The above guest policy may need to be amended or revoked entirely due urgent or emergency situations, for health or safety related concerns or in response to Public Health, Government, or UNB directives. In these circumstances, the Residence aims to provide as much notice as possible to residence students.

2.11 Smoking

The University of New Brunswick’s smoke-free policy prohibits the smoking of tobacco and cannabis by all methods, and prohibits vaping of all substances in any form, including the use of vaporizer and inhalant devices such as vape pens and e-cigarettes at all buildings and grounds owned, leased, or operated by the university, including outdoor play areas, athletic and recreational fields, university residences and housing. The policy also applies to vehicles or equipment rented, owned, or leased by the university.

Failure to abide by the smoke-free policy in Residence may result in sanctions, and/or administrative charges to cover the costs associated with cleaning a residence space. Smoking off Residence property may be referred to UNB Security & Traffic for follow-up under the Student Disciplinary Code.

Smoking

Smoking is strictly prohibited in all areas on campus, including residences. Residence students are not allowed to use the following, non-exhaustive list of items while on Residence property: smoking cigarettes, vapes, cigarillos, cigars, cannabis, smoking pipes, electronic cigarettes, hookahs, shishas, and any other smoking devices.

Compliance with Health and Safety Directives

Failure to follow UNB Residence, University, or provincial regulations related to pandemic mitigation, or any other health and safety concerns is prohibited. Residence may develop and require residents to abide by certain requirements or precautions. These precautions may be adjusted throughout the year to ensure adherence to Provincial and University changes.

Examples of precautions Residence may impose include but is not limited to the wearing of face masks, physical distancing, room capacity limits, limits to who can enter certain areas or buildings, and limiting or restricting guests.

Initiation or hazing activities that single out residents, create mental or physical discomfort, exposes another to embarrassment or ridicule, and/or may be physically or emotionally harmful to others, are prohibited. Encouraging, participating in, or supporting such activities are not permitted, regardless of the willingness or consent of the participants.

Noise

Residence is a thriving and rapidly expanding community with a high population density. It is important to note that in such a lively environment, some level of normal living noise is to be expected. Absolute silence is not possible; however, residents are not permitted to create excessive noise.

Residents are expected show consideration for their Neighbours 24 hours a day, seven days a week. The priority of Residence is to ensure that individuals have an environment conducive to studying and sleeping, which takes precedence over others' rights to create noise. In cases of dispute, Residence will assess and determine what is deemed reasonable. If someone requests that you reduce your noise level, it is important to respect their wishes and make the necessary adjustments.

Audio equipment may not be played such that the sound and especially the bass (low frequency sound) can be heard outside of the resident's room or unit. Subwoofers or similar sound augmenting accessories are not permitted. Musical instruments may not be practiced or played in the resident's room or unit. Residents may be required to practice their musical instruments elsewhere on campus. Instruments that are stationary or not easily transported to a practice area (for example acoustic piano) are not permitted in residence.

The use of the outdoor areas (the green spaces around residences) for sports or other activities creating noise is not permitted during Quiet Hours.

In addition to being always considerate, Quiet Hours are those times during which residents are prohibited from making noise which can be heard outside of their unit or room, or which may disturb the resident's roommate (if applicable), or which can be heard outside the residence building and may disturb a resident inside the building. This refers primarily, but not exclusively to talking, noise from audio equipment, radios, televisions, musical instruments, computer equipment, and telephones.

These products may also trigger allergic sensitivities, or the activation of fire safety equipment, and you may be asked to refrain from using such items. In addition, mothballs and camphor are not permitted in residence. Students who opt to smoke (i.e., cannabis, cigarettes, etc.) outdoors must be mindful of, and minimize, any residual scent they might carry upon re-entry to a Residence building, as these scents can have an effect on fellow community members in the vicinity.

Students must register their service animal and/or have any emotional support animal approved by the Student Accessibility Centre prior to contacting Residence.

Cleanliness Standards

Residents are expected to maintain the cleanliness of their individual units as well as shared living areas, such as study lounges, washrooms, and kitchens. Residents must ensure that their living spaces are kept clean and orderly. At the request of Residence, residents must participate in meetings to discuss cleaning expectations with roommates. Meeting outcomes may include creating and adhering to a shared cleaning schedule for all residents of a shared unit.

Residents are also responsible for strong odours and smells originating from their room/unit that are deemed disruptive to their community. Failure to do so may result in cleaning charges, and or further action as may be deemed appropriate by Residence.

Housekeeping staff regularly clean common areas such as lounges and hallways. However, it is the responsibility of all residents to clean up after their personal use of common areas in residence. If areas are left excessively messy or if there is vandalism, the individuals responsible may receive individual damage charges.

Personal Rooms: Residents are expected to keep their rooms clean and to an acceptable standard to avoid problems like pests, including bed bugs, and irritants to others. Removing garbage in a timely fashion and cleaning up after oneself is expected.

Common Spaces: Residents must contribute to the cleanliness of common areas and are not permitted to leave any items in the common areas of the building (i.e., lounges, living rooms, kitchens, bathrooms, laundry rooms, and stairwells) including without limitation, shoes, umbrellas, garbage bags, waste or other items anywhere other than in designated areas.

Suites: If one or more bedrooms within a suite are vacant, residents residing within will maintain cleanliness within common/shared spaces in preparation for any new residents. Each resident is responsible for ensuring that the entire apartment is cleaned at the end of their Residence Contract term, regardless of the date upon which they have moved out.

Garbage: Residents are responsible for disposing of their garbage, compost, recyclables, and all other unwanted items within the provided bins. Littering or leaving garbage or unwanted items in hallways or any location other than within the proper waste disposal bins is not permitted. Removing garbage in a timely fashion and cleaning up after oneself is expected. Intentionally dirtying areas of the Residence building is prohibited. If an excessive amount of garbage is left in their Residence room or suite, students may be charged a disposal fee.

Uncollected food deliveries can attract pests and result in a mess. Residents ordering food or grocery deliveries must meet the delivery person to immediately collect their order. Uncollected food deliveries left around entrances or other common areas are subject to immediate disposal by staff. Residents may be assessed for any pest control or clean up associated with uncollected deliveries.

Housekeeping and the Residence Life Coordinator will perform cleaning inspections in each suite and/or room to ensure that they are being cleaned regularly and thoroughly. Residents will receive notice of the date of their

cleaning inspection one week prior. If they have any questions about proper cleaning techniques, Housekeeping and Residence Life Staff are eager to help.

Consolidated Singles

A "consolidated single" refers to a double room occupied by only one person, who pays an extra fee to utilize the entire space. This option is available to residents if there's enough availability. If no offer is extended, residents are not allowed to use the whole room. If a resident declines the offer for a "consolidated single" and refuses to pay the additional charges, they must confine their belongings to their designated side of the room. Moreover, residents who decline the "consolidated single" option may be assigned a new roommate without prior notice at any time.

In case a resident is found occupying both sides of the room without Residence's authorization, they will incur charges for cleaning and item removal.

Equipment Storage

Residents are allowed to store their belongings only in their designated accommodations, such as their room or suite, or in an area specifically designated for storage, subject to approval from Residence. Storing personal items in unauthorized areas like hallways or lounges is strictly prohibited. This rule applies to various items, including but not limited to bicycles, hockey equipment, musical instruments, and furniture.

Failure to Respond

Residents are required to respond to requests and communications from Residence Staff promptly and attentively. Ignoring or intentionally avoiding such requests, including failing to respond to meeting requests, is not permitted. Since Residence primarily communicates with students through their UNB email accounts, it is essential for residents to regularly check their University of New Brunswick email and promptly respond to any messages from the Residence Staff. In cases where students do not reply to emails, Residence Staff may resort to other communication methods to contact them.

False Identification

Using false identification for any reason, including gaining access to a licensed event when underage, signing out a key, or collecting a package, is prohibited, and may result in referral to the police.

Heating & Cooling

Residents are responsible for maintaining an appropriate temperature within their living unit. Failure to properly control the heating and/or cooling in their unit may lead to financial liability for any resulting damages. For instance, setting the thermostat to an unreasonable temperature or leaving a window open during cold weather could cause damage to the unit, including pipe failures and water damage. Residents must exercise care and responsibility in managing the temperature to avoid such issues and the associated costs.

Students are not permitted to bring air conditioning units into Residence.

Losing Keys

If a resident loses or finds keys, it is crucial to report the incident immediately to Residence to maintain a safe and secure living environment for all. During weekdays from 8:30 A.M. to 4:00 P.M., students who find themselves locked out of their rooms should contact Residence during office hours to request assistance.

For lockouts occurring after 4:00 PM on weekdays and during weekends, residents should contact the Residence Assistant On-Call via the Duty Phone. Please note that a fee of \$10.00 will be charged for every lockout after the

first occurrence. Only officially registered residents of a specific room are allowed to request new keys for that space.

Posters, Signs, & Solicitation

The display of signs (including electric signs), posters, banners, or flags of any size outside or around the residence is strictly prohibited unless prior permission is obtained from Residence. Additionally, all advertisements must be approved by Residence before they can be placed within the Residence building. To ensure compliance with these guidelines, all posters are required to be stamped with Residence's approval before being displayed.

Prohibited Items

Residence does not allow students to bring any large furniture items, such as couches or chairs, beyond what is provided. If you have personal items you wish to bring, please contact Residence.

Any items that are not permitted on Residence Property can be found listed in the Appendices of the Residence Contract. Failure to remove a prohibited item from Residence property will result in Residence taking action to remove the items and charging a disposal fee accordingly.

Removal of University or Residence Property

Under no circumstances are residents allowed to remove furniture or property from their individual rooms, lounges, or any shared common areas without explicit permission from Residence. Relocating any residence property from common areas to individual student residence rooms is strictly prohibited and not allowed.

Residents are not permitted to replace any of the furniture provided by UNB with their own personal belongings or furniture. The furniture provided by the university must remain in its designated place and should not be altered or replaced by residents at any time.

Room Alterations

Residents are not permitted to modify their living space in any way, including, but not limited to, painting, adding wallpaper, installing shelves or hooks, or removing window treatments. Students are not permitted to repair their own drywall or install additional window treatments.

Any posters, signs, or pictures placed on all the walls of Residence must be hung with a special double-sided tape which is provided by Residence office, upon request. Duct tape, scotch tape, masking tape, 3M hooks, hockey tape, LED strip lights, sticky tack, nails, screws, tacks, hooks, et cetera are all strictly prohibited.

Students who cause damage to their bedroom, unit, or common area due to these modifications will be responsible for the cost associated for damages and labour required to return the room to its original state.

Telecommunications and Piracy

All residents have access to internet within their living space. Residents shall not run or install personal routers, wires, cables, or other electronic connections between rooms, in hallways or outside buildings between windows.

Unauthorized Assignment

Residence students are strictly prohibited from subletting, lending, or sharing their accommodation with another person unless they have obtained prior written authorization from Residence. It is mandatory for students to reside in their assigned space for the entire duration of their contract unless any exceptions have been approved by

Residence. Additionally, residents are not allowed to switch rooms with another resident unless they have obtained explicit permission from Residence.

Unauthorized Commercial Use of Space

Students are not permitted to use any space or service in Residence for commercial purposes unless approved by Residence. Commercial purposes are described as any profit-driven activities. This may include promoting good or services and/or hosting events intended to promote goods and sell goods. This definition does not include residents who are working from home for their employer.

ACCOMMODATIONS OF THE RESIDENCE COMMUNITY STANDARDS

Residence students may request accommodation regarding the Residence Community Standards. The following list includes, but is not limited to, some of the possible accommodations that a Residence student may request:

- Ceremonial and/or cultural/religious requests,
- Guest policies,
- Medical drug permissions,
- Residence property and furnishings adjustments,
- Service/support animals (service, therapy, emotional support),
- Smudging
- Specific equipment or device use

Residence students may request accommodation at any point in any process through discussions with Residence. Accommodations will be provided in accordance with the New Brunswick Human Rights Act and applicable University policies and procedures.

3.0 UNB FOOD SERVICE

Residence dining is provided by our food service provider Chartwells, and all students in traditional residence must purchase a meal plan.

3.01 Dining Plans

UNB Dining Plans combine the security of regular all-you-care-to-eat meals with the flexibility of dining cash for campus retail or extra residential dining. More information and options on dining plans can be found on the UNB Residence webpages.

Unused dining cash is forfeited and may not be carried over to the next academic year. All the cash is put on the card in September and students can spend it as they please. If students do happen to run out of cash before the end of the academic year, more can be added by visiting the Chartwells window in the atrium of the SUB.

3.02 Dining Cards

UNB Student ID Cards (UCards) function as dining cards. If a card is lost, it should be reported immediately to the UCard Office, and the student should obtain a replacement card. If lost after hours or weekends, the cardholder should see the Dining Hall Manager. If a student is unable to replace their UCard immediately (due to the UCard office being closed) students will be required to show another form of legal picture i.d. to enter the dining hall. Students may enter the dining hall using this method for a maximum of 4 hours after the reopening of the UCard office. After the 4-hour window, students will be expected to obtain a replacement card.

3.03 Conduct in Residence Dining Halls

Inappropriate or disruptive behaviours observed in the McConnell Dining Hall and DKT Dining Hall, are not permitted. All students must abide by the Residence Community Standards while visiting a dining area. Non-

residents who conduct themselves inappropriately visiting these spaces will be directed to Security & Traffic for appropriate follow-up.

In addition to the other rules regarding conduct set out elsewhere in this Contract, you are required to abide by the following rules and conduct standards pertaining to Food Services:

- Trays, dishes, and cutlery are not to be removed from the dining hall. The loss of dishware and cutlery increase your costs.
- A resident or their guests(s) found responsible for any of the following may be subject to residence disciplinary sanctions, compensation to the UNB food service provider, a fine, being prohibited from using a certain dining hall or referral to Security & Traffic and/or Regional Police:
 - Misuse of the UNB Student ID card.
 - Removal of any product or dining room property from a Food Service facility without permission from the Dining Hall Manager.
 - Damage to UNB Food Services' property or equipment
- All individuals must wear appropriate clothing in the residence dining halls (shirt, shorts, pants or skirt, and shoes).
- Alcohol is not permitted in any Residence Dining Hall unless it is part of a sanctioned Residence event for students of legal drinking age.
- Food Services staff may refuse to serve any individual who appears to be under the influence of alcohol or illegal drugs, or who are acting in a threatening manner, and may ask those individuals to leave the dining hall. If you are asked to leave the dining room, you will comply with such requests. Please speak to your Residence Assistant if you have any questions or concerns.

Use of roller blades, skateboards, et., are prohibited in the dining halls. Bicycles may not be brought into the dining halls.

Residence Contract Acceptance Page

This Contract is a legal document between students (and when applicable, their parent or guardian) living in Residence and the University of New Brunswick (specifically the Residence Division). The Contract represents the University's commitment to provide the listed services and facilities to Residence students, in consideration of fees paid by the student (and when applicable, their parent or guardian). Signing this Contract is promising that the students' conduct will not be in violation of any of the conditions or regulations noted in the Contract and acknowledges that sanctions will be imposed because of violations. **Please take special care to note that signing the Contract is also committing the student to live in Residence and pay Residence fees from the Move-In Date until the applicable Move-out Date as expressed in Section 1.01 and 1.02 of the Contract.** Any student/guardian who decides to cancel this Residence Contract must follow the steps outlined in section 1.13 of the Residence Contract. Student accounts will be responsible for the appropriate fees as outlined in section 1.13.

Every student offered a room in Residence is expected to read the Residence Contract thoroughly before signing it/agreeing to it. If a student is under the age of 19, their parent/guardian must also read this contract thoroughly and sign it. They must be certain that they are prepared to accept and adhere to the regulations included and that living in Residence is the best personal choice for them or their child. This decision will depend upon personal objectives and lifestyle preferences. Persons choosing to live in Residence must be prepared to accept academic endeavour as a priority and to appreciate that the number of people living in Residence and the physical nature of the buildings and environment require that these rules and policies will be enforced by the appropriate authorities within the community. Persons wishing a higher level of privacy or "personal space" and/or freedom from regulation and supervision often find that living in Residence is not the best choice for them. Students wishing to live in UNB Residence should be able to care for themselves independently and behave in ways that will not cause problems for themselves or those around them, nor negatively impact the welfare, safety, and success of others. It is highly recommended that every student purchase Contents Insurance to cover all of their personal belongings while living in residence.

This is a legal document. Please read it with care and ensure that all of its provisions are understood. If you have any questions or concerns, please contact Residence for explanation or clarification.

- I acknowledge that my name and Residence address information may be provided to the agency responsible for the creation of voter lists for any municipal, provincial, or federal election.
- **I acknowledge that Residence, will, from time to time, communicate important information concerning the enforcement of the terms of this Contract by means of e-mail addressed to my UNB e-mail account with the University and, when appropriate, to my parent or guardian's email provided below.** I further acknowledge my responsibility to read and respond appropriately to such e-mail messaging regularly and promptly.
- I accept a Residence room and by acknowledging this Residence Contract, which I have read and understood, agree to abide by the terms of the Contract and abide by the terms described in the Contract and by the directions of the University and Residence. Violation of any of these terms may result in the termination of the Residence Contract.

I am aware of the residence refund policy and my responsibility for fees should I choose to withdraw from residence:
