2018

it begins here

THE CAMPAIGN FOR
THE UNIVERSITY OF
NEW BRUNSWICK

TOTAL \$125,000,000

Thank you for being part of this historic moment as we celebrate the success of *It Begins Here*, the largest fundraising effort in UNB's history. Over 10,000 alumni, as well as students, faculty, staff and corporate and community partners joined the campaign as we met and then surpassed our \$110 million goal. I am grateful for the magnitude of your support and I am truly proud of your dedication to supporting our University.

UNB has a great story to tell – we are Canada's first English-language university and one of the nation's top comprehensive universities. Our outstanding faculty, award-winning entrepreneurship programs, national-calibre athletics teams and state-of-the-art facilities draw students from across Canada and around the globe. The *It Begins Here* campaign has helped build on these strengths.

A large part of our success is due to the hard work of the campaign co-chairs and the campaign cabinet. Bob, David and our dedicated volunteers have taken the story of what faculty, staff and students are accomplishing at UNB and carried that message all across the country.

Together, we have worked hard to ensure that students have the financial support they need to obtain a quality university education. UNB begins with our students and that's why one half of the campaign's goal has been dedicated to student support. With your assistance, we have impacted the lives of young people and enhanced their experiences, on campus and elsewhere. These students will carry with them a sense of gratitude as they graduate and make a difference in Atlantic Canada, the nation and the world.

Thank you for joining with us in this campaign. I hope you are as proud of our UNB community as I am.

It begins here!

H.E.A. Eddy Campbell
President & Vice-Chancellor

It Begins Here has been the largest fundraising campaign in UNB's history. When I look at the tremendous results that alumni and friends like you have generated, I am deeply proud of what we have accomplished.

It Begins Here brought together more than 16,500 donors, and more than 10,000 of these benefactors are UNB alumni. Graduates of our two largest faculties – engineering and arts – contributed the bulk of alumni donations. More than \$43 million, representing the largest portion of the campaign proceeds, was raised by donors located right here, in New Brunswick.

The impact of your support has been profound. UNB's alumni and allies have raised \$3.4 million for new postdoctoral fellowships and created 5 new research chairs. They have contributed more than \$10 million in support of centres of excellence, while supplying \$62 million in new and expanded student support. This has resulted in a \$2.9 million increase in the annual value of scholarships, bursaries and prizes awarded to our students, and an increase of \$1,274 in the average value awarded per student per year.

Because our donors have directed more than \$106 million to medium and long-term funds held in trust, many of these benefits will continue to be delivered to each new generation of students and researchers at UNB, in perpetuity.

We launched *It Begins Here* with five key objectives: giving students a great start; investing in our faculties; building on UNB's research strengths; preparing students to succeed in the world; and leading Canada's next wave of innovation. Thanks to your generosity and loyalty, we have achieved these aims and exceeded our \$110 million target by more than \$15 million.

I'd like to acknowledge the hard work of the staff in the Advancement offices, in particular Development and Donor Relations. Their dedication and professionalism helped to put us over the top.

On behalf of all of us, thank you once again for your remarkable support for our students, our faculty researchers and the future of our university.

Bob Skillen
Vice President (Advancement)

HERE'S WHAT WE'VE DONE TOGETHER.

it begins here

THE CAMPAIGN FOR THE
UNIVERSITY OF NEW BRUNSWICK

01 **GIVING OUR STUDENTS A GREAT START**
\$50 MILLION

Supporting undergraduate and graduate students with scholarships, bursaries and special awards recognizing academic achievement and promise.

02 **INVESTING IN OUR FACULTIES**
\$10 MILLION

Creating Opportunities Funds in each faculty to foster new initiatives, enhance research, seed new programs and meet unforeseen needs.

03 **BUILDING ON OUR ACADEMIC STRENGTHS**
\$25 MILLION

Establishing new chairs, professorships and centres for academic leadership and distinction in a variety of disciplines.

04 **LEADING CANADA'S NEXT WAVE OF INNOVATION**
\$10 MILLION

Bolstering our award-winning entrepreneurship programs and encouraging partnerships with industry, business and the community.

05 **PREPARING OUR STUDENTS TO SUCCEED IN THE WORLD**
\$15 MILLION

Developing experiential learning opportunities, expanding co-op education, internships and travel-study programs.

ORIGINAL GOAL: \$110 MILLION
FINAL RESULT: \$125 MILLION

Alumni Donors

GIVE OUR STUDENTS A GREAT START

For Chloe Dallon, it began with a dream to attend university and pursue her academic goals in the bachelor of science in chemical engineering program at the University of New Brunswick. Those aspirations were boosted when she received the \$40,000 **Arthur & Sandra Irving Primrose Scholarship**, one of the largest renewable awards on the Saint John campus. With the support of Sandra (BA '95, DLitt '09) and Arthur Irving (DLitt '09), who funded the scholarship and who increased their commitment to the Primrose program as part of their \$7 million contribution to the campaign, Chloe felt that someone believed in her. She has maintained a place on the Dean's List each year and now displays a confidence that, in large part, grew out of the Irvings' belief in students like her.

STUDENT AWARDS 2012 - 2018

■ TOTAL FROM OPERATING BUDGET AND OTHER UNIVERSITY SOURCES

■ TOTAL FROM DONOR FUNDED TRUST ACCOUNTS

GIVE OUR STUDENTS A GREAT START

Students from all over the world come to study at UNB so it's no surprise that the Reds men's soccer team has an international flavour of its own. Midfielder Diego Padilha's soccer dreams began in Brazil, but it was UNB that led him to be one of the best university soccer players in Canada. Along with his all-star abilities on the soccer field, Diego excels in his civil engineering studies at UNB. Now in the fourth year of his program, he has maintained his position on the Dean's List since he was a freshman. In recognition of Diego's achievements both on and off the field, UNB awarded him a **BMO Financial Group Soccer Award**. The awards, which recognize members of the men's and women's Reds soccer teams who demonstrate strong academic performance as well as athletic excellence, were made possible as part of a \$1.75 million donation from BMO Financial Group.

SOURCE OF AWARDS BY VALUE 2017-2018

■ TOTAL FROM OPERATING BUDGET AND OTHER UNIVERSITY SOURCES ■ TOTAL FROM DONOR FUNDED TRUST ACCOUNTS

INVEST IN OUR FACULTIES

For Dr. Mikael Hellstrom, it began when he was awarded the first **Purdy Crawford/TD Bank Postdoctoral Fellowship** in Accessibility. The award allows him to study the role immigrants can play in designing and delivering social services for newcomers as they integrate into the New Brunswick community. Dr. Hellstrom's fellowship is one of two Purdy Crawford Fellowships supported by an endowment of \$2 million, created through the generosity of alumni, corporate and community partners including the Jarislowsky Foundation, TD Bank Group and the families of Dr. Purdy Crawford, CC (LLD '10) and Mrs. Beatrice Crawford and the Hon. Dr. Margaret Norrie McCain, CC, ONB (LLD '93). This critical backing allows UNB researchers, like Dr. Hellstrom, to gauge whether New Brunswickers have access to education, health care and other programs and services that will enable them to reach their full potential.

DONOR ENGAGEMENT

PARTICIPATION RATES

INVEST IN OUR FACULTIES

For Dr. Martin Sénéchal, a new faculty member in Kinesiology, it began with the dream to build muscle mass in the body without exercise. After co-leading a study at UNB and gathering initial results, he and his team hope to develop a protein drink that does just that. Recognizing his potential in the field of health and wellness, UNB granted Dr. Sénéchal a **Harrison McCain Young Scholars Award**. Knowing how important it is to attract and retain promising young faculty like Dr. Sénéchal, the Harrison McCain Foundation renewed support of its faculty awards program with a gift of \$1.25 million. Thanks to this award, Dr. Sénéchal and other recipients like him will have increased resources for pursuing and presenting their innovative research.

TOTALS ACCORDING TO DONOR CONSTITUENCY

BUILD ON OUR ACADEMIC STRENGTHS

It began with OSCO Construction Group's vision to make New Brunswick a global leader in modular manufacturing and off-site construction. Through the company's gift of \$2 million, the **OSCO Chair in Off-site Construction** will lead research in construction methods that reduce waste, promote sustainability, compress time schedules and, overall, result in better quality products. The Chair will be a leading specialist in the field and build on the Faculty of Engineering's current strengths in civil engineering and related pre-manufacturing technology. The Chair will also seek opportunities for partnership within the university and with world-renowned construction experts.

Hans O. Klohn, President, OSCO Construction Group; Jeff Rankin, Chair of Civil Engineering, UNB; Chris Diduch, Dean of Engineering, UNB; John K.F. Irving, Chairman and CEO of OSCO Construction Group and President of Ocean Capital Holdings Limited; Bob Skillen, Vice-President (Advancement), UNB.

ENDOWMENT AND TRUST INVESTMENT HORIZON

As donors' gifts are received, they are invested for varying lengths of time according to their purpose and expenditure plan. Permanent endowments are invested long-term, supporting initiatives in perpetuity.

BUILD ON OUR ACADEMIC STRENGTHS

For Dr. Shelley Doucet (BN 2005, PhD 2010), it began at UNB Saint John when she was a graduate student in nursing and interdisciplinary studies. She recognized the need for more coordinated and patient-centred care for N.B. families dealing with complex health conditions. Her research received national recognition, which culminated in her being appointed the **Jarislowsky Chair in Interprofessional Patient-Centred Care**. Dr. Doucet's current research focuses on improving health care practices for children who face chronic illnesses, thanks to investments of \$1 million from the Jarislowsky Foundation, \$500,000 from the Sir James Dunn Foundation and \$750,000 from the New Brunswick Children's Foundation.

ALUMNI CAMPAIGN DONATIONS BY FACULTY OF GRADUATION

*Alumni who did not complete their degrees at UNB.

LEAD CANADA'S NEXT WAVE OF INNOVATION

For Lisa Pfister (BSE '16, MTME '17), it began with a love for horses. Now, with the technology she developed at UNB, Lisa has the potential to change the equine breeding industry. With the help and guidance of UNB's Dr. J. Herbert Smith Centre for Technology Management & Entrepreneurship, Lisa launched her own company, PFERA Inc., an animal-health biotechnology company that can better predict when mares are about to give birth. Thanks to support from donors like RBC who gave \$1 million to support the **RBC Innovative Action Fund**, students like Lisa have access to a variety of experiential activities as they design and pitch new products, learn from trusted mentors, attend leadership conferences, and learn about export opportunities.

ALUMNI CAMPAIGN DONATIONS BY DECADE OF GRADUATE

Includes bequests from alumni

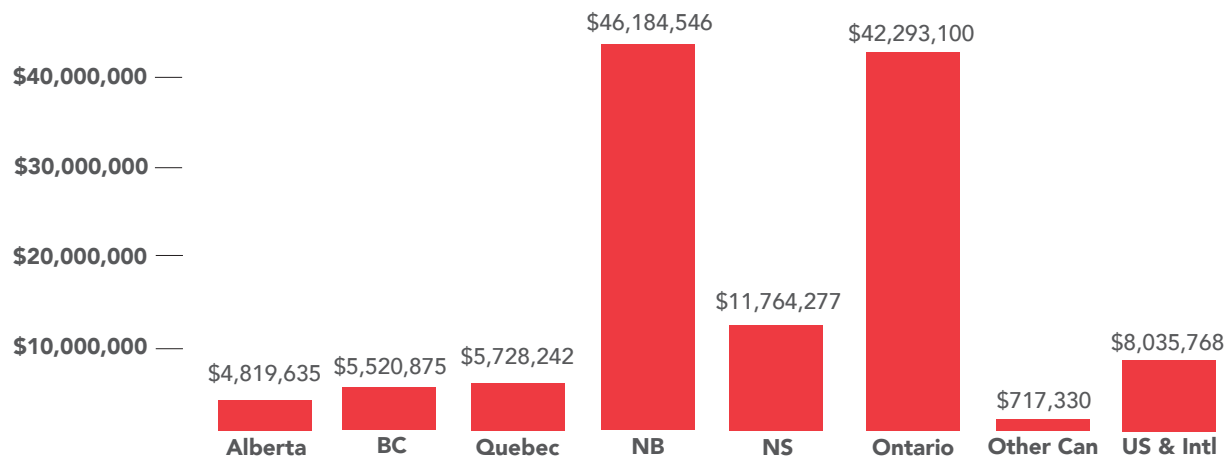

LEAD CANADA'S NEXT WAVE OF INNOVATION

A stronger culture of innovation begins with recruiting Student Ambassadors through the **Pond-Deshpande Centre (PDC)** at UNB Fredericton. With investments of \$2.5 million from both Dr. Gerry Pond (BA 1966, DLitt 2004) and Dr. Gururaj (Desh) Deshpande (MScEE 1975, DSc 2001) and his wife Jaishree, as well as **\$100,000** from the National Bank, the PDC immerses promising young entrepreneurs in the world of business development, where their skills are nurtured by enthusiastic faculty, talented alumni, partner businesses and peer students. The Student Ambassador program, with YES Atlantic (Youth Entrepreneurial Summit), encourages youth to take action, seize opportunities, leverage support and join the entrepreneurial community in the region.

Student Ambassadors Oriana Cordido (left) and Kjeld-Mizpah

ALL CAMPAIGN DONATIONS BY REGION

PREPARE OUR STUDENTS TO SUCCEED IN THE WORLD

It began here at UNB for Alysha-Rae Weekes, who participated in an international exchange to Germany in her third year of Business Administration. Alysha-Rae was awarded a **Scotiabank International Study Award** from UNB and, without this financial support, she might not have been able to study for a semester in Heilbronn and participate in a co-op placement in Hamburg. Thanks to Scotiabank's investment of \$1 million in this program, students like Alysha-Rae are able to gain a greater understanding of other cultures and broaden their educational experiences without having to worry about many of the costs associated with travel.

AVERAGE PER STUDENT SUPPORTED 2012 - 2018

PREPARE OUR STUDENTS TO SUCCEED IN THE WORLD

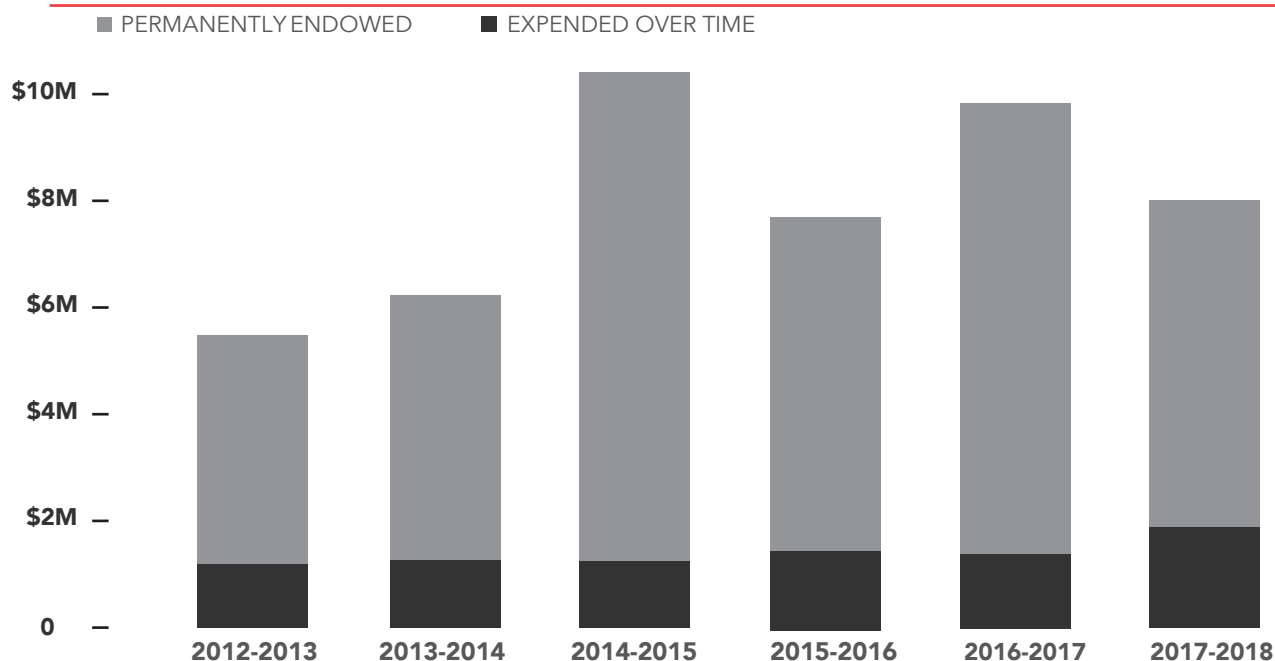

For the late Ron Joyce (DLitt '15), it began with a promise to support the social, economic and emotional well-being of young people by empowering them to develop into healthy, confident, independent contributors to Canadian society. Now, thanks to the **Joyce Family Foundation's** donation of \$500,000 to the Work-Study Fund, UNB students have more opportunities to gain valuable skills and experience on campus, while also obtaining financial support to pay for their education. This generous donation is part of the foundation's total campaign commitment of \$5 million to help students from modest economic backgrounds attain their education and work-related goals.

Bob Skillen, Vice-President Advancement; Ron Joyce, honorary degree recipient; Richard J. Currie, Chancellor Emeritus.

STUDENT SUPPORT

RAISED ANNUALLY BY UNB 2012 - 2018

More than \$78 million of the \$125,000,000 raised was designated to the new programs, initiatives and facilities listed below.

The remaining \$47 million was donated to existing scholarships, bursaries, academic programs, athletic teams, chairs and professorships, special research projects, and experiential learning activities.

GIVING OUR STUDENTS A GREAT START

Schulich Leader Awards	UNB Environmental Studies Scholarship	James Edward (Ned) Hughes Scholarship	Bud and Peggy Bird Fund for the Canadian Rivers Institute
Joyce Foundation Bursaries-Fredericton	Stephen Wetmore Award in Sport and Recreation Management	Harold Peter Hughes Scholarship	Tom and Wanda Doyle Scholarship

OFFICE OF DEVELOPMENT & DONOR RELATIONS

Current, and many former, staff in the Office of Development & Donor Relations have contributed significantly to the success of the *It Begins Here* Campaign by working with and supporting our Cabinet members and volunteers, developing proposals, meeting with donors, researching potential contributors, organizing events, and more. The Office has managed four major UNB campaigns since 1980. More than **\$350 Million** has been contributed to the University over those four decades.

THE CAMPAIGN FOR THE UNIVERSITY OF NEW BRUNSWICK

As co-chairs of the *It Begins Here* campaign, we have witnessed first-hand what it means for the UNB community to come together for a common purpose. Together, with a 40-plus volunteer Campaign Cabinet, we have engaged alumni and donors, and increased support for students, faculty and programs, and helped intensify UNB's impact on the world.

Thanks to your support, we maintained a steady momentum throughout the campaign, so much so that we surpassed our \$110 million goal. We are excited to witness the impact of this campaign at our University for years to come.

Thank you for making this campaign a success. *It Begins Here.* It begins with you.
