NOTES							
1. Honours not required to graduate. To apply for honours, speak to faculty at the beginning of year 3. Please see page 2 for additional Honours info.							
2. BIOL 1105 and BIOL 1017 not required for major but are pre-requisites for required courses. It is recommended to take these in first year.							

ATTENTION: Students are responsible for their own academic choices and should always consult the Academic Calendar prior to academic decisions. This checklist is an informal guide to the major. Course selections should always be checked and approved with the academic advisor. If irregularities occur the Academic Calendar is the final source for decisions. Electives must include any general degree requirements. See UNB Calendar for regulations governing course selection.
