

## Internships

Internships are discipline-specific, supervised, structure work experience or practice placements. These can be paid, unpaid and/or for academic credit. Internships help students enter the world of work, prepare for the future of work and participate in hands-on, meaningful work.

Since 2018, over 437 UNB students have completed internships. Internships give students the opportunity to apply their academic skills in a short-term partnership with a business or organization.

## Exceptional learning experiences offer more than just a degree

Experiential education, including work integrated learning (WIL) opportunities such as internships, help students to create knowledge while reflecting on experiences.

Internship success stories:

- Aishwarya Yewle completed an internship for her MBA program at 3DPlaneta, where her focus was on marketing for 2metre, an initiative helping businesses address COVID-19 restriction and their accompanying challenges.
- [Sarah Lunney](#) completed an Arts internship with the Saint John Community Food Basket by advocating to local and federal government, connecting with other local agencies, and proposing new projects to aid in tackling food insecurity.

Internships are available through:

- EngagedUNB Summer Internship Program
- Faculty of Arts (Fredericton)
- Faculty of Arts (Saint John)
- Faculty of Business (Saint John)
- Faculty of Computer Science (Fredericton)
- Faculty of Computer Science (Saint John)
