George Demetre (BScEE’69) Dieppe, NB - The family of George Demetre mourns his sudden death on Saturday, March 28th, 2015 at the age 69. Born in New Glasgow, NS to Greek immigrant parents, the late Samuel P. and the late Mary (Chrisomalis) Demetre, he moved with his family to Montreal and grew up there. George came to New Brunswick to study at UNB, graduated with an engineering degree, and spent his life here. George worked for NB Tel/Alliant for over thirty years, and was an avid golfer, bridge player and hockey dad. He was a computer geek before any of us knew what computers were. Warm-hearted and generous, George had high standards, and he applied them equally to everyone, including himself. He always had a kind streak and his sense of compassion emerged most in his later years: George seemed happiest helping neighbors file their taxes or as a volunteer driver for late night revelers on New Year’s. A true New Brunswicker, he didn’t judge or call attention to himself and he died the same way, quietly in his sleep. George is survived by his son Gregory (Krista) of Fredericton, sisters Beatrice (Jerry) Katsouris and Christine, both of Halifax, brother Theo of Gatineau, QC, nieces and nephews, as well as his former wife, Stella of Shediac, with whom he retained a deep connection. He lost two siblings in recent years, Nina (Andreas) Lambou of Athens, Greece and Peter of New Glasgow. Visitation will be held at Passage Funeral Co-operative in Shediac Bridge on Wednesday, April 1st, 2015 from 2:00 to 4:00pm and from 7:00 to 9:00pm and on Thursday, April 2nd, 2015 from 10:00 till the time of the funeral. Funeral service will be held a Passage Funeral Co-operative Chapel on Thursday, April 2nd, 2015 at 11:00am. In lieu of flowers, donations to the Canadian Diabetes Association or to a charity of the donor’s choice would be appreciated by the family. Edwin Graham (BScEE’46, DSc’82) It is with heavy hearts that the family of Ed Graham, husband of the late Marion (Steeves) Graham, announce his passing on Tuesday, April 28, 2015 at his residence. Born December 16, 1924, in Worcester, Massachusetts, he was the son of the late Roy and Gladys (Fisher) Graham. Ed was a great believer in education and empowerment of all individuals. Throughout his life, his community support and projects helped shape New Brunswick. It is difficult to look around our province to find an avenue of business or government that Ed has not directly impacted. He graduated from Moncton High School in 1942. Ed then earned his Bachelor of Science degree in Electrical Engineering at UNB, Fredericton. (1946) He was awarded an Honorary Doctorate of Science degree in 1982 from UNBSJ. Ed began his career with NBTEL in 1946 where he continued until his retirement as
Vice-President of Planning in 1990. Edwin was never content with just one career. He was also President and Chief Executive Officer of Bruncor. While serving in this capacity, he was seconded by the provincial government at the request of the premier and appointed to the Office of Government Reform. During his leadership at Bruncor, Ed changed the landscape of New Brunswick with the development of Brunswick Square in Saint John, Kings Place in Fredericton, and the Blue Cross Center in Moncton. Besides his family, community service was Ed's passion. He became known in the province as “The Man Who Got the Regional Hospital Built”. G. E. Graham was listed in both the “Who's Who in Canada” and the “Who's Who in America” for his accomplishments in business and the community. He was appointed to the Medical Research Council of Canada by the Prime Minister. He was appointed by the provincial Minister of Health to serve as the President of the Saint John Region Joint Planning Committee. Ed was a founding member and Chairman of the Board of the Extra-Mural Nursing Program in New Brunswick. Ed served as Chairman of the Board of Governors at UNB. He was Past President of the Canadian Chamber of Commerce, and Past President of the Atlantic Provinces Chamber of Commerce. Ed also served as the President of the Canadian Standards Association, President of the Saint John Board of Trade, President and Chairman of the Board of Governors of the United Way of Greater Saint John. Ed enjoyed serving as a member of the board for many businesses: Saint John Energy, Fundy Linen, Major Foods and NB Coal. However, for those who knew Ed's love of chocolate, his admitted favourite board to sit on was the Ganong Brothers. They always made sure Ed received honorary chocolates long after he resigned. (Thank you, David!). Ed is survived by his only son, Roger Graham (Katharine Brooks) of Nackawic; grandchildren: Ryan (Sarah El-Shaarawi), Kurtis, Peter (Dominique Trotter), Mark, and Madeleine; grandson-in-law, Simon Hind; step-grandchildren: Martin Bowmaster, and Grace Bowmaster (Alex Green) and their son Jack; sisters: Elizabeth King (Ralston) and Louise Fraser, both of Moncton; sister-in-law, Marcia Godsoe (Percy); brother-in-law, Gerald Steeves (Joyce); and his caregiver of ten years, Ida O’Neil. She and her support staff, including Ed's own son Roger, provided Ed with a quality of life he might not have otherwise received. The entire family thanks this group of dedicated individuals. The family would also like to thank Dr. Hobbs, Dr. W. Irving and the Extra-Mural nurses for all the care and support. Besides his parents and wife, Ed was predeceased by his granddaughter, Krista Hind. Resting at Brenan’s Funeral Home, 111 Paradise Row, Saint John (634-7424), with visiting on Friday, May 1, 2015 from 2 to 4 and 7 to 9 pm. A funeral service will be held on Saturday, May 2, 2015 at 11:30 am from Brenan’s Funeral Home Chapel. Family flowers only, please, as there were so many charities Ed would love to see supported instead. In lieu of flowers donations may be made to Salvation Army, UNBSJ, The Saint John Regional Hospital Foundation, United Way, or a charity of one’s choice. Online condolences and remembrances may be made at www.brenansfh.com. Published Thursday April 30th, 2015, Telegraph Journal.

Gerald Hughes (BScEE'40) Passed away peacefully on Tuesday, February 3, 2015 at the Perley & Rideau Veterans' Health Centre in Ottawa. He is greatly missed by Mary (née Wade), his loving wife of 73 years, his three sons, Michael, (Marianne), Christopher (Sharon) and Timothy (Julie), his grandchildren, Claire, Veronica and Dawson, his surviving sister, Lois (Lorne), and many nieces and nephews. Gerry was born in Sayabec, Quebec, attended high school in Campbellton, N.B., and the University of New Brunswick in Fredericton as a Beaverbrook scholar. After completing his degree in Electrical Engineering he joined Canadian General Electric briefly in Toronto, and then joined in the Royal Canadian Navy in 1941. He enrolled in a joint British/Canadian project to degauss (de-magnetize) allied minesweepers in order to protect them against enemy magnetic mines, and crossed the Atlantic numerous times on destroyers to confer with his British counterparts. While on leave in 1941 he met the love of his life on board a CN train from Montreal to Ottawa and they were married on February 28, 1942. Gerry was de-mobbed from the navy in 1945 as Lieutenant Commander and immediately joined Canada's Foreign Service (Trade Commissioner Service) in which he had a long and distinguished career until his retirement in 1983. Beginning in 1946 he served in Scotland, Turkey, Lebanon and Sweden as Trade Commissioner. He served as Minister Commercial in London and Rome and as Ambassador in Ankara and High Commissioner in Kuala Lumpur, Malaysia. One of his memorable adventures in Istanbul in 1950 was to swim across the Hellespont, as Leander did in mythological times to be with his beloved Hero. In all of those postings Gerry delighted in exploring the cultural treasures these marvelous countries had to offer. In 1964, he was asked to establish and head up the International Trade Centre at Expo '67 in Montreal, the opportunity of a lifetime. Throughout his career Gerry was not inclined to self-promotion, and preferred to arrive at the right course of action with discretion and modesty. His most cherished place was the family cottage on the Gatineau River, acquired shortly after the War, where he delighted in making breakfasts and barbeques for his family and friends, while developing the cottage and maintaining the boats, canoes and outboard motors. He also cherished his participation in the White Pine Fishing Club in the Gatineau hills where he worked tirelessly to help maintain the serene beauty of this remote property. We were very blessed and lucky to have him and he will be greatly missed. Gerry's funeral will be held privately, but the family will be arranging a memorial gathering to celebrate his life in the early summer. In lieu of flowers, Gerry would have appreciated that any donations be made to the Perley & Rideau Veterans' Health Centre in Ottawa, where he was cared for during his last year with love and respect, endearing himself to many of the wonderful staff.

Robert Kenny (BA'66, BCL'68) Robert Kenny, a devoted husband, father, grandfather, and friend to many, died in Fredericton on Saturday, June 6th, 2015 of complications related to amyotrophic lateral sclerosis, or Lou Gehrig’s Disease. Bob was born on October 19, 1942 in Marysville, NB to Winifred (Price) Kenny and Irvine Kenny. His wife Joan (Keenan) and his daughters Mary Ellen, Natalie, and Brigette were his first loves, anchoring a life filled with a passion for family. His grandchildren were the object of endless grandfatherly pride and affection, and will miss him deeply. Bob’s boundless optimism infected others, inspired many, and left all those who encountered him better off for their time with him. Even while facing the insurmountable odds of an incurable disease, he proved that the most pernicious of afflictions is no match for a vital spirit. This spirit will live on in countless ways, for his was a life dedicated to building, helping, serving and nurturing. His legacy is underscored by the countless friends who mourn his passing, a community strengthened by his selfless contributions, and a family that embodies his love and dedication to fellowship and service. Bob left no one untouched by his humour, his gift for storytelling, and his modesty. His friendships extended to every corner of society regardless of age, profession, location or social status. Whether as a baseball coach, a young professional, a prominent leader, or a woodsman, Bob possessed an uncanny ability to enrich others’ lives and to draw people together. Among Bob’s numerous passions, fly-fishing and the Boston Red Sox were two interests that particularly nourished his soul and even occasionally repaid the emotion and energy he invested in them. Bob was ultimately rewarded with three World Series championships, and, allegedly, a salmon or two. A visit to Fenway Park with Bob was a treat that would reanimate in anyone a love for the beauty of the game. A trip to any river in New Brunswick with Bob was a lesson in respect for the delicacy of nature and awe of its beauty. Bob graduated from Fredericton High School, the RCMP Academy, New Brunswick Teachers’ College and the University of New Brunswick, and was called to the New Brunswick Bar in 1968. A dedicated lawyer and contributor to the legal profession, he was a deputy Provincial Court Judge from 1970 to 1972 and served as an adjudicator for the Public Service Labour Relations Board for the Province of New Brunswick. He was appointed Queen’s Counsel in 1986. A battler for the “little guy”, Bob pursued justice for his clients in a way that inspired other lawyers and embodied the principles of the Canadian justice system. Countless Frederictonians and New Brunswickers have benefited from Bob’s involvement in the community. Some of the organizations with which he shared his talents include: the YM/YWCA (president); Fredericton North Rotary Club; Miramichi Salmon Association; Killarney Lake Wildlife Advisory Board; Marysville Heritage Committee; Fredericton Chamber of Commerce (president); and the Dr. Everett Chalmers Hospital Foundation. He also served the United Way, ALS Society, University of New Brunswick, St. Thomas University, the Fredericton Indoor Pool Committee (co-chair), the 1997 East Coast Music Awards, and the Bid Committee for the 2003 Fredericton Canada Winter Games. In 2014 St. Thomas University awarded Bob an honorary doctorate. Other honours included the Paul Harris Fellowship Award; International Year of and worked for GE for nine years before joining Rocca Construction in 1963 and retiring in 1995. He was an avid sailor, being an Honorary Life Member and past Commodore of the RKYC. He also enjoyed camping and was a past President of Gloosecap Campers. He was also involved in the NBGS acting as treasurer for 12 years. Volunteers Award, Government of Canada (2001); Team Membership, Fredericton Sports Wall of Fame (1992); North Side Recognition Distinction, Nashwaaksis “Y” Men’s Club (1991). In 1999 he was named the Fredericton Chamber of Commerce Distinguished Citizen of the Year, and in 2013 the City of Fredericton celebrated Bob by proclaiming Bob Kenny Day, which included a gala performance at The Playhouse. Bob never sought such honours, preferring instead to direct the spotlight to the causes he championed. Many people have been led by his example to make their own contributions to helping others and their community. Moreover, generations of New Brunswick Liberals have been inspired in their commitment to politics and public service by Bob’s social conscience and his unshakeable belief in equality and human rights. A man with keen political interests and deep convictions, he maintained close friendships with people of all political persuasions and offered counsel to leaders in all parties. Bob was predeceased by his parents and by his only sibling Donald Kenny. In addition to Joan, his wife of 49 years, Bob is survived by his children Mary Ellen Kenny (Fred Headon), Natalie Kenny, and Brigette Kenny (Marc Antoine Chiasson), and by his grandchildren Ellen Richardson, William and Meredith Headon, and Claire Chiasson. He is also survived by his sisters-in-law Lillian Bibby of Belleville, ON; Evelyn Catterson (Dr. Alistair Catterson) and Beatrice Ross, all of Ottawa; and Monica Jurosky of Lompoc, CA, as well as many other members of the Keenan family with which he shared a close and loving relationship. Howard Smith (BSc’64) SMITH, Dr. Howard A. - Professor emeritus of educational psychology at Queen's University, Kingston, died peacefully on Friday, April 24 at Kingston General Hospital of complications from pancreatic cancer. He was 71. Dr. Smith is known internationally for his numerous publications on nonverbal communication in teaching, human learning, and the semiotics of education. Two seminal texts, Psychosemiotics (2001) and Teaching Adolescents: Educational Psychology as a Science of Signs (2007) exemplify Dr. Smith's major theoretical and practical contributions to his field. Dr. Smith was born on May 7, 1943, in Ottawa. He grew up in Beebe, Quebec, with an early education in Fitch Bay, Beebe, and Stanstead. After completing a Bachelor of Science degree (University of New Brunswick) and a Diploma in Education (McGill University) he became a teacher of mathematics and science at Montreal's Baron Byng high school, but he soon embarked on doctoral studies (University of Toronto). He was a loving family man and from 1971 to 2008 Dr. Smith distinguished himself as a scholar, mentor, and committed teacher at the Faculty of Education, Queen's University. His motto, from Charles Sanders Peirce was: "Do not block the way of inquiry." In 2003, Howard's sister, Nancy Niemi, gave her brother a kidney; this gift permitted 12 years of high quality living, so that in retirement Howard could travel, maintain his academic interests, and a love of photography; to the very end he remained highly active outdoors. He found joy managing the wooded lakefront property in South Frontenac Township that he shared with Karin and Nicolas from 2001 until his untimely passing. He is sadly missed by his wife, Karin Steiner, and her son, Nicolas Bell; his two children: Lara Smith (Brian Brown) of Sydenham and Dan Smith (Ophelia) of Brampton; his grandsons Ryan and Kyle of Brampton, who learned to fish at grandpa's side, and his step-grandsons Brenden and Jarod Brown. Howard will also be missed by his sister Nancy of Panama, his brother Rodney of Kingston, his step-brother John B. Wilson of Kingston, cousins, nephews and nieces in Ontario, Quebec, Nova Scotia, Saskatchewan, British Columbia, and Florida. Family, friends, and extended family in Canada, China, Israel, Japan, Switzerland, and the USA all pay tribute to Howard's life: he was gentle, kind, a superb listener, and he valued quality over quantity in every sphere. A celebration of life will be held at the Donald Gordon Conference Centre, Queen's University, on June 28, 2015 from 2-4 pm. In lieu of flowers, donations may be made to The University Hospitals Kingston Foundation with the specific direction to support the Renal Program at Kingston Hospitals or New Leaf Link (www.newleaflink.ca) in support of the continuing education and community participation of adults with developmental disabilities.

In 1947, he married Frances Watters, and she, his loving wife of 66 years, died in November of 2013. Claude is survived by his brother Fred (Marjorie) and family in Salisbury, and by his children Peter (Karen Quinn) and Karen, both of Beaconsfield, QC. Dad was the very proud Papa of Austin, Adam (Tania Costa), Riley, Kimberly (Neil McMahon), Scott, and Shaun, and Great-Papa of Isabella, Shayla, Hayden, and Hartlyn. In 1949, in Moncton, NB, Claude joined
the fledgling Trans-Canada Airlines as a reservations clerk in the Traffic Division, remaining with the company and rising to become President and CEO of Air Canada in 1976, then Chairman in 1984. He remained with Air Canada, in Executive and Board positions, through the late 1990s—a career spanning nearly fifty years in the airline and aviation industry. In 1986, Claude was made an Officer of the Order of Canada for having turned Air Canada into a world leader in air transportation and for his leadership of professional organizations at home and abroad. He received honorary degrees from the University of New Brunswick, McMaster University, and Concordia University. Claude’s outstanding leadership and dedication to the foundation of the Canadian airline industry had a profound influence on its development. He was proud of the part he played in Parliament’s approval of the 1977 Air Canada Act, which transformed Air Canada from a subsidiary of Canadian National Railways (CNR) to a Crown Corporation in its own right. He then led Air Canada’s privatization, with its stock first being offered on the public market in 1988. In 1985, Claude Taylor was inducted into Canada’s Aviation Hall of Fame, in recognition of the impact of his efforts, which significantly changed the face of Canadian aviation. Internationally, he led the effort to restructure IATA in the 1980s, serving a term as its Chairman. Claude Taylor also offered his considerable skills and business acumen to the community-at-large, chairing campaigns for Centraide and the Canadian Centre for Cultural Renewal and serving as Honorary Chair of the Governor General’s Canadian Leadership Conference and as Chair of the Board of Governors of Concordia University. He received the McGill Management Achievement Award, the C.D. Howe Award, and the Canadian Operations Research Society Award. Claude is a Commander of the Order of St. John and was named the second Chairman of HRH, The Duke of Edinburgh’s Canadian Commonwealth Study Conferences. Among his many other pursuits was involvement with the Boy Scouts: He proudly accepted the Silver Wolf Award and he attended many Canadian and World Jamborees. Always concerned about the welfare of others, he donated his time and resources to the Salvation Army, Concordia University, and the recently opened McGill University Health Centre (MUHC). As a loving husband and father, devoted to his family and church, he would jet back from the other side of the world to attend school Christmas concerts and family events. A great baseball fan, he held seasons’ tickets to his beloved Expos and attended many games with his granddaughter, Kimmy. A proud Papa, he would walk the sidelines of his grandsons’ Lakeshore football or baseball games, rain or shine. His Christian faith and his Christian community, Val Royal Baptist Church, were his rock and foundation. A founding member of the Church, he was both a life Deacon and occasional caretaker of Val Royal Baptist, attending weekly services up to and including the week before his death. He found great joy and comfort in the Gospel message and in his many friends in the congregation. Claude Taylor lived and breathed Air Canada. He was immensely proud of the Air Canada family and the accomplishments of its people. Whether on an aircraft, or walking through an airport, maintenance base, or a department at HQ, he spoke with—and more important—listened to, all, asking personally for people’s input and taking their advice to heart. Christmas Day would not start at home until after he called Air Canada staff working on Christmas morning at the airport and elsewhere, to wish them and their families a Merry Christmas. The family would like to thank the third-floor staff at the Sunrise Residence (DDO) for their loving care of Dad over this past year since Mom’s passing. Grateful thanks also to Reverend Elliott van Egmond and the congregation of Val Royal Baptist Church for their support. A funeral service, for family members and close friends, will be held at Val Royal Baptist Church, 11800 O’Brien Blvd. Montreal, H4J 1Y8, on Monday, May 4th at 11am. At Dad’s request, there will be no advance visitation. The family would like to invite all, especially his extended Air Canada family, to express their condolences and, especially, to celebrate his life and share their memories of him, at one of Dad’s favourite places, the Forest & Stream
