2008	2292	90.3%	75.1%	71.7%	64.5%	62.8%	57.3%	55.4%	41.1%	35.4%	19.8%	15.6%	8.2%								
2009	2348	90.5%	74.3%	70.6%	63.5%	62.1%	58.0%	56.9%	40.1%	33.1%	19.4%										
2010	2386	90.4%	75.8%	72.1%	64.6%	62.4%	57.5%	55.6%	41.1%												
2011	2365	90.9%	75.0%	71.3%	63.6%	61.4%	56.2%														
2012	2179	92.0%	75.5%	72.0%	65.5%																
2013	2199	88.4%	75.3%																		
Average	2445.5	91.5%	76.3%	72.6%	64.8%	62.7%	57.6%	56.4%	42.0%	36.3%	20.9%	16.9%	10.8%	10.2%	7.5%	5.8%	3.8%	3.5%	2.9%	2.5%	2.2%
			1-Yr		2-Yr		3-Yr														

Notes:

- A student is defined as *New* in a term (cohort) if he or she was not previously enrolled in a FA or WI term at UNB (going back to a 2002 data cutoff).
- Presence of students over time is taken into consideration only for their first degree or certificate.
- IDs that met the following criteria were filtered out:
 - Blank 'Fees paid'
 - 'Number of courses' less than 1
 - Program = UGND, UGVS, UGEX and STU
 - Student Type = BCCBB, BCCCS, CARM, DUBKV, HUM, KIEV, POL, ROY, ROY1, ROY2, ROY3, ROYED, SAMS and SING
- *Expected to Return* is defined as: *Total Enrolled* minus *Did Not Return & Graduated* (RTW students are still included in *Expected to Return*).
- *Attrition as a % of Expected to Return* is therefore defined as: the number of students who *Did Not Return & Did Not Graduate* divided by the number of students *Expected to Return*.
- *Persistence as a % of Expected to Return* is defined as: *Returned (Persistence)* divided by the number of students *Expected to Return*.
- Admit Status-HS/HSA: 'Admit status from Application' field from Enrolment Cube has value of either 'HS (Yr1 High School)' or 'HSA (Yr1 High School -Auto assess)'.
