**Notes:**

- A student is defined as *New* in a term (cohort) if he or she was not previously enrolled in a FA or WI term at UNB (going back to a 2002 data cutoff).
- Presence of students over time is taken into consideration only for their first degree or certificate.
- IDs that met the following criteria were filtered out:
  - Blank 'Fees paid'
  - 'Number of courses' less than 1
  - Program = UGND, UGVS, UGEX and STU
  - Student Type = BCCBB, BCCCS, CARM, DUBKV, HUM, KIEV, POL, ROY, ROY1, ROY2, ROY3, ROYED, SAMS and SING
- *Expected to Return* is defined as: *Total Enrolled* minus *Did Not Return & Graduated* (RTW students are still included in *Expected to Return*).
- *Attrition as a % of Expected to Return* is therefore defined as: the number of students who *Did Not Return & Did Not Graduate* divided by the number of students *Expected to Return*.
- *Persistence as a % of Expected to Return* is defined as: *Returned (Persistence)* divided by the number of students *Expected to Return*.
- Admit Status-HS/HSA: 'Admit status from Application' field from Enrolment Cube has value of either 'HS (Yr1 High School)' or 'HSA (Yr1 High School -Auto assess)'.
