

Guard Me Emergency Coverage

Guard Me cards are issued after the opt-out date. This is when UNB will send Guard Me a list of students who still need coverage. Guard Me will email your forms to you.

If you have paid your tuition and need an appointment before this date, email **international_insurance@unb.ca** and Financial Services will get your card issued for you. This way you can avoid paying for your appointment. Guard Me forms expire at the end of each semester.

If you have to pay for an appointment before your card is issued, you can submit a claim online with Guard Me. Go to **<https://www.guard.me/login.php>** and login to your online account.

There are 2 Guard Me insurance forms:

- **Policy # ending with CE:** this form is for travel, so take a copy of this form with you when you travel outside of New Brunswick
- **Policy # ending with SD:** this form is for use in New Brunswick.
 - This form covers: Doctor's appointments, hospital visits, and testing.

Full time international students are able to apply for a New Brunswick Medicare card. For more information on applying for a Medicare Card, please visit the International Student Advisor's office.
