

RECORD OF CLINICAL HOURS FOR SKILLS COURSES

1. After receiving competency feedback from their instructor, students should complete this summary and submit it to their instructor.
2. Guidelines for documentation of hours are available here: https://ccppp.wildapricot.org/Student_Resources

Skill Course Name: _____

Dates: _____

Professor: _____

Student: _____

Student ID: _____

For skills courses, students should count only those hours spent in direct contact with their practice clients. All other activities (e.g., scoring, preparing for sessions, practicing skills, reviewing video, etc.) are considered part of the regular course work. Be sure to review the guidelines noted above regarding documentation of asynchronous supervision. Lastly, don't forget to add these hours to Time-2-Track.
