How To Create A Weblink in D2L Content

1) Select the “Content” button from your course navigation bar.

![Course Navigation Bar]

2) Under the “Table of Contents” select the module/folder you want to add the weblink to.

![Adding a Weblink]

3) Press the blue “New” button and select the option titled “Create a Link”.

4) When the New Link window pops up put in a “Title”, the “URL” and don’t forget to check off the “Open as External Resource” box.

![New Link Window]
5) Press the blue “Create” button.
