

Report Committee and Proposed Topic Form

This form is intended to guide and establish the report Supervisor, Committee and Student partnership and identify the proposed focus for the student report. The project/report committee will consist of a supervisor who is a full member of the Nursing GAU. The project/report committee will also include one other GAU faculty member and, if designated as a project collaboratively engaged with a practice partner, a stakeholder. If the stakeholder is not a Nursing GAU member, a member of the Nursing GAU in addition to the supervisor shall also be on the report committee (minimum of 2 Nursing GAU members must be on the committee).

Once the Student has reached agreement with the Supervisor and Committee Member, it is the student's responsibility to complete this form, obtain signatures and submit a scanned or paper copy to Tricia Canning, canningt@unb.ca, Rm. 115A MacLaggan Hall.
