- 14.03 Academic freedom does not require neutrality; rather, academic freedom carries with it the duty to use that freedom in a manner consistent with the scholarly obligation to base research, teaching and scholarship on an honest search for knowledge.
- 14.04 Academic freedom does not confer legal immunity, nor does it diminish the obligation of Employees to meet their responsibilities to the University of New Brunswick. Employees shall not be hindered or impeded in any way, by either of the Parties, from exercising their legal rights, nor shall they suffer any penalties because of the exercise of such legal rights.

Article 15 **NON-DISCRIMINATION**

Article 16A PROFESSIONAL RESPONSIBILITIES OF PROFESSORS

16A.01 Professors have certain rights, duties and responsibilities which derive from their positions as teachers and scholars and which reflect the rightful expectations of the University of New Brunswick, the Professors and the students.

16A.02 The responsibilities of Professors shall be an appropriate combination of:

- (a) dissemination of knowledge through undergraduate and/or graduate teaching; and
- (b) research, scholarly or other creative activities; and
- (c) academic service.

The Dean may also assign reasonable duties which are not in conflict with this Collective Agreement. There shall be consultation with Professors prior to the assignment of such duties. The pattern of these responsibilities may vary from individual to individual and from time to time subject to the Dean's assignment of workload set out in Article 19, taking into account that for the majority of Professors, the principal duties will be in areas (a) and (b), and that for a Professor holding a research rank, the principal duty will be in area (b). The University of New Brunswick shall make every reasonable attempt to facilitate the work of Professors.

16A.03 Professors have the responsibility to deal fairly and ethically with students and other members of the academic community, to avoid discrimination, to foster a free exchange of ideas and to refuse to practice or permit censorship, to respect the principles of confidentiality in a manner consistent with their academic role, to acknowledge their indebtedness to students and/or colleagues in relation to their own research, to uphold and to protect the principles of academic freedom, and to seek the highest possible standards of scholarship.

Dissemination of Knowledge

16A.04 This involves undergraduate and/or graduate teaching and may contain elements of continuing education which fall within the Professor's area of expertise and which have been approved by the Dean.

- (a) Professors have an obligation to develop and maintain their scholarly competence and effectiveness as teachers within their area of expertise, to conscientiously prepare and organize their subject matter and to revise that subject matter on a regular basis as appropriate for that subject. They shall inform their students of the methods of instruction and evaluation in their courses, giving due regard to Senate regulations in these matters. Upon written request **Professors** shall provide a course outline to the Chair **(where applicable) and the Dean** giving due regard to Senate regulations and the University Calendar within two (2) weeks of the first day of classes.
- (b) Whenever possible, there shall be prior consultation with Professors on the assignment of teaching duties. Once such duties have been assigned by the Dean in accordance with Article 19, it is the responsibility of Professors to teach the assigned courses to students registered in them, at a time and place designated or approved by appropriate University authorities and in a manner which reflects the description in the Calendar, or as approved at the appropriate level. Professors shall be available regularly for individual consultation with their students beyond class or laboratory hours and shall

inform their students, and upon written request their Dean, of such arrangements.

- (c) Professors shall comply with formally approved and published procedures and deadlines concerning the reporting and reviewing of the grades of their students, and such other formally approved and published procedures and deadlines as may be reasonable and necessary for the well-ordered operation of the teaching programs of the University.

For the purposes of 16A.04(c) only, publication means that the procedures and deadlines have been printed in a current University Calendar, or circulated to each Professor.

Professors shall accept reasonable responsibility for academic counseling, supervision of examinations and other related activities as may be necessary and reasonable and which are not in conflict with this Collective Agreement.

- (d) Professors have the responsibility to schedule and organize their instruction within relevant academic regulations, and the right and responsibility to maintain an orderly and productive academic environment.
- (e) Professors may cancel or terminate scheduled instruction only for good cause and they shall so notify the Dean. If possible, they shall give their students advance notice of such cancellation. Professors shall make every reasonable effort to reschedule instruction. Students and the Dean shall be informed of such rescheduled instruction.
- (f) Supervision of students' research and practical work and of their theses preparation, as well as participation in the evaluation of their theses, are integral aspects of teaching responsibilities.

Research, Scholarly or Creative Activity

16A.05

This involves the creation of new knowledge, and/or the creative use of existing knowledge, and/or the organization and synthesis of existing knowledge and/or creative expression, in the Professor's area of expertise.

- (a) Research, scholarly or creative activity within their area of expertise conducted by Professors in the course of their duties shall have as its primary objectives the increase of knowledge and understanding, and the improvement of the Professors' teaching and scholarly competence.
- (b) Professors have the right, and shall be encouraged and expected, to devote a reasonable portion of their time to meaningful research, scholarly or other creative activities.
- (c) Where appropriate in their published work(s), Professors shall indicate their affiliation with the University of New Brunswick and their reliance on the work and assistance of others, if any. It is the responsibility of Professors to make the results of their research, scholarly or creative activity in their discipline available for review and assessment in a form in which it can be evaluated. Therefore, the results and conclusions of research, scholarly or creative activity shall normally be made accessible to the scholarly and general public through publication, public lectures or other means appropriate to their area of expertise. When contract research is to be performed using University facilities, the prior written authorization of the University of New Brunswick for such use is required. Professors may

agree to delay for a specified period of time the dissemination of the results of contract research which uses University facilities, only if such delay is authorized by the University of New Brunswick in writing. Any such authorization may not involve indefinite delay of the dissemination of results.

- (d) Contract research will be viewed as research, for the purpose of this Collective Agreement, if the results of the work are readily accessible to the scholarly and general public and meet an acceptable standard of peer evaluation.

If encumbrances are placed on the publication or dissemination of the results and conclusions of contract research, it will not be viewed as research for the purposes of this Collective Agreement until such time as the results and conclusions are published or disseminated.

- (e) Research and scholarly or creative activity does not normally include research directly related to the immediate and normal preparation for scheduled teaching, except when it is judged by peer review to represent an academic advance or a development of clinical or instructional materials or methods of an innovative sort, with application wider than a Professor's own courses.
- (f) Professors have a responsibility for the proper use of resources provided for the purposes of research.

Academic Service

- 16A.06 Consistent with their principal duties, Professors have the right and responsibility to participate actively in the work of the University through **participation in the process of academic decision-making through** active membership on appropriate bodies such as Academic Department or Faculty Councils, Academic Department, Faculty and University Committees, and Senate **in accordance with 16A.02**. Professors have the right, and are encouraged, to participate actively in the work of academic and professional associations provided such activities do not interfere with their principal duties.

- 16B.01 Teaching Professors have certain rights, duties and responsibilities which derive from their positions as teachers.

- 16B.02 The principal responsibility of Teaching Professors is to support the work of the Academic Department or Faculty through laboratory, clinical, or other teaching assignments. In addition, Teaching Professors have the right and responsibility to be involved in academic service and may be involved in research and other related activities to the extent that such involvement does not prevent the Teaching Professors from fulfilling their principal responsibility. Such activities shall be discussed in advance with the Dean to ensure that these activities are not in conflict with the Teaching Professor's principal responsibility as a teacher. If any proposed research or related activities would involve the use of University resources, such activities require the prior approval of the Dean. The pattern of these responsibilities and other activities may vary from individual to individual and from time to time, subject to the Dean's assignment of workload as set out in Article 19. The Dean may also assign reasonable duties which are not in conflict with this Collective Agreement. There shall be consultation with Teaching Professors prior to the assignment of such duties. The University of New Brunswick shall make every reasonable attempt to facilitate the assigned work of Teaching Professors.

Teaching

16B.04 (a) Teaching Professors have an obligation to develop and maintain their scholarly competence and effectiveness as teachers within their area of expertise, to conscientiously prepare and organize their subject matter and to revise that subject matter on a regular basis as appropriate for that subject. They shall inform their students of the methods of instruction and evaluation in their courses, giving due regard to Senate regulations in these matters. Upon written request **Teaching Professors** shall provide a course outline to the Chair (**where applicable**) and the Dean giving due regard to Senate regulations and the University Calendar within two (2) weeks of the first day of classes.

(b) Whenever possible, there shall be prior consultation with Teaching Professors on the assignment of teaching duties. Once such duties have been assigned by the Dean in accordance with Article 19B, it is the responsibility of Teaching Professors to teach the assigned courses to students registered in them, at a time and place designated or approved by appropriate University authorities and in a manner which reflects the description in the Calendar, or as approved at the appropriate level. Teaching Professors shall be available regularly for individual consultation with their students beyond class or laboratory hours and shall inform their students, and upon written request, their Dean, of such arrangements.

(c) Teaching Professors shall comply with formally approved and published procedures and deadlines concerning the reporting and reviewing of the grades of their students, and such other formally approved and published procedures and deadlines as may be reasonable and necessary for the **well-ordered** operation of the teaching programs of the University.

For the purposes of Article 16B.04(c) only, publication means that the procedures and deadlines have been printed in a current University Calendar, or circulated to each Teaching Professor.

Teaching Professors shall accept reasonable responsibility for academic counselling, supervision of examinations and other related activities as may be necessary and reasonable and which are not in conflict with this Collective Agreement.

(d) Teaching Professors have the responsibility to schedule and organize their instruction within relevant academic regulations, and the right and responsibility to maintain an orderly and productive academic environment.

(e) Teaching Professors may cancel or terminate scheduled instruction only for good cause and they shall so notify the Dean. If possible, they shall give their students and the Dean advance notice of such cancellation and they shall make every reasonable effort to re-schedule instruction. Students and the Dean shall be informed of such re-scheduled instruction.

- (f) Supervision of undergraduate students' research and practical work and of their theses preparation, as well as participation in the evaluation of their theses, are integral aspects of teaching responsibilities.
- (g) With the approval of the School of Graduate Studies, upon recommendation of the Dean of the Faculty concerned, Teaching Professors shall be eligible to teach and co-supervise graduate students, subject to the assignment of their teaching load under Article 19B.04.

Research, Scholarly or Creative Activity

16B.05 Where research and scholarly or creative activity is conducted by Teaching Professors in the course of their duties in accordance with the provisions of Article 16B.02, it shall have as its primary objectives the increase of knowledge and understanding, and the improvement of the Teaching Professors' teaching and scholarly competence, and shall conform in all respects, as applicable to Article 16A.05.

Academic Service

16B.06 Consistent with their principal duties Teaching Professors have the right and responsibility to participate actively in the work of the University through **participation in the process of academic decision-making through** active membership on appropriate bodies such as Academic Departments or Faculty Councils, Academic Department, Faculty and University Committees and Senate, in accordance with the provisions of Article 16B.02. Article 17A **RESEARCH ASSOCIATES AND SENIOR RESEARCH ASSOCIATES**

17A.01 In this Article, the term Research Associate shall include Senior Research Associate.

17A.02 An Employee whose principal responsibilities are research and scholarly activity may be appointed as a Research Associate or Senior Research Associate.

17A.03 Unless explicitly stated in this Collective Agreement to be otherwise, the ranks of Research Associate and Senior Research Associate shall correspond in terms of qualifications, salary and terms and conditions of employment to the ranks of Assistant Professor and Associate Professor, respectively.

17A.04 Subject to the agreement of the Research Associate concerned, and of any Professor whose research grant provides part or all of the Research Associate's salary, a Research Associate may be assigned teaching duties from time to time. Such duties shall involve not more than the teaching of one (1) full course, or its equivalent, per year.

17A.05 Except when explicitly stated in this Article to be otherwise, the procedures to be used for appointments of Research Associates shall be the same as those stated in Article 22A. It is also agreed that prior advertising of positions is not required in the case of Research Associates where less than 25 percent of the salary is paid from University of New Brunswick funds.

- 17A.06 Appointments of Research Associates shall be of three (3) types: probationary, tenured and term. Notwithstanding the provisions of Article 22A.06, the University of New Brunswick shall normally make a term appointment but may, at its option, make a probationary or tenured appointment where circumstances make such an appointment desirable. Term appointments of Research Associates to positions in the bargaining unit shall be for periods of not less than one (1) academic year, but may be for any greater duration.
- Where less than 25 percent of the salary to be paid to a Research Associate is provided from University of New Brunswick funds and the remainder is paid from research grants, research contracts or donations, or is provided to the University via a research grant to a Professor, the letter of appointment shall state that, should such external funding cease or be substantially reduced, the appointment may be terminated. Such termination shall not constitute layoff.
- 17A.07 Except as stated in this Article to be otherwise, the assessment of Research Associates for promotion, probationary review, tenure, or other purposes shall involve the same procedures as those used for Professors. The evaluation shall be based on the principal responsibilities, workload and duties of the Research Associate concerned, as set out in the letter of appointment.
- 17A.08 In the case of Research Associates whose salary is derived in whole or in part from a research grant to a Professor, the assessment procedure shall be as described in Article 17A.07 except that the Professor shall be given the opportunity to provide an assessment which shall be considered at Level 1.
- 17A.09 In the case of a Research Associate holding an appointment wholly in an Institute, that Research Associate's Dean shall be the Dean of the School of Graduate Studies.
- Prior to appointment of such a Research Associate, a cognate Department and Faculty shall be identified and assigned the responsibility for the various types of assessment for the Research Associate. Such assessment shall be carried out as for Professors with the additional provisions that assessments shall be provided by the Director of the Institute or Centre at the first level of assessment and by the Dean of the School of Graduate Studies at the second level of assessment.
- 17A.10 Research Associates shall not normally be eligible for sabbatical leave unless they hold a tenured appointment. The letter of appointment shall explicitly state whether or not the Research Associate will be eligible for sabbatical leave.

The University of New Brunswick shall normally make a term appointment in the case of NSERC University Research Fellows but may, at its option, make a probationary or tenured appointment where circumstances make such an appointment desirable. An NSERC University Research Fellow on a term appointment may have their employment terminated by the University of New Brunswick if NSERC funding of the NSERC University Research Fellowship ceases. Unless explicitly stated in this Collective Agreement to be otherwise, an NSERC University Research Fellow and a Senior NSERC University Research

Fellow shall correspond in terms of qualifications, salary and terms and conditions of employment to the ranks of Assistant Professor and Associate Professor, respectively.

17B.02 The Parties recognize that from time-to-time other positions in the bargaining unit may be created where the salary is in whole or in part supported by contributions from external funds. Where the terms and conditions of the appointment would be at variance with the provisions of the Collective Agreement, the University of New Brunswick shall consult with and obtain agreement of the AUNBT. Such agreement shall not be unreasonably withheld.

- 19A.03 Upon written request by the Dean, Professors shall submit a summary of the nature, scope and specific achievements of their research, scholarly and creative activities carried out in the preceding academic year.
- 19A.04 The Dean shall determine for the Faculty as a whole and, where they exist, for each Academic Department, following consultation with the Chairs, the normal teaching load to be assigned to the majority of Professors in each Academic unit. Such normal teaching load shall be appropriate and reasonable for the discipline(s) concerned.

 - (b) the requirements and priorities of the Faculty/Department concerned;
 - (c) the Professor's abilities and areas of expertise in their discipline;
 - (d) the number of separate courses taught, the level (e.g., introductory, upper year, graduate) of each course, and the type (e.g., in person or **online** instruction, **and whether it is term-based, hybrid, or hyflex**, seminar, lecture, or other format) of each course, including responsibility for tutorials, laboratories, clinical and field supervision, practice schools, and field schools;

This date may be extended by the Dean for good cause.**

- 19A.10 The individual teaching load of Professors shall normally be scheduled for the Fall and Winter terms of the Regular Session. With their consent, Professors may be assigned to teach in the College of Extended Learning or Summer Term as part of their individual teaching load. This date may be extended by the Dean for good cause.**

19B.06 If a Teaching Professor wishes to undertake an individual teaching load which would deviate from the normal teaching load, it is their responsibility to so request of the Dean and to apprise the Dean, in writing, prior to May 1 of any relevant

information to be considered by the Dean. Such requests shall not be unreasonable and shall not be unreasonably denied by the Dean.

- 19B.09 The individual teaching load of Teaching Professors shall normally be scheduled for the Fall and Winter terms of the Regular Session. Such individual workload shall be appropriate and reasonable for the work of the Library Department concerned. The **Dean of Libraries** or their designate, the Dean of Law or the Department Head shall consult the Librarian or Archivist concerned with respect to the individual workload to be assigned.
- 19C.04 Unless otherwise consented to in writing by the Librarian or Archivist, fluctuations in the individual workload shall, over a reasonable period of time, result in an average scheduled load for the Librarian or Archivist which is similar to the normal average workload, as stated in Article 19C.03.

19C.05 For hours worked in excess of the normal workload, equivalent time off shall be scheduled by the **Dean of Libraries** or their designate, or Dean of Law, as appropriate, in consultation with the Librarian or Archivist concerned, within twenty working days.

19C.06 The **Dean of Libraries** or their designate, or Dean of Law, as appropriate, shall assign the individual workload of each Librarian or Archivist, which shall be reasonable, taking into account any information available to them with respect to such factors as:

19D.02 Both Parties recognize that achieving comparable workloads for Professors and Teaching Professors, specifically the normal teaching load as determined by the Dean pursuant to Articles 19A.04 and 19B.03, may affect a number of factors including but not limited to: staffing, curriculum, and course or program enrolment. Article 20A WORKLOAD REDUCTION FOR FULL-TIME EMPLOYEES

General Provisions

- 20A.01 The Parties agree that the workload for full-time Employees may be reduced by the University of New Brunswick, upon request by the Employee, in those circumstances set out in this Article. Employees of the bargaining unit undertaking such reduced load appointments shall continue to be considered full-time, shall remain in the bargaining unit, and shall have all the rights, protections, duties and responsibilities of this Collective Agreement, including, but not restricted to those governing responsibilities (Article 16), outside professional activities (Article 21), workload (Article 19), promotion (Article 24), tenure (Article 23), discipline (Article 42) and layoff (Article 30).
- 20A.02 For the purposes of any assessments of performance, such as promotion, an Employee on a reduced-load appointment shall be assessed solely on the basis of their actual workload (in the same manner as if they were on a full-load appointment). In accordance with Articles 23 and 24, an Employee may request advancement or deferral of the typical or such dates for assessment as are specified in the Employee's offer of appointment.
- 20A.03 For the purposes of sabbatical leave, an Employee with a reduced-load appointment shall have the right to a sabbatical salary calculated in accordance with the provisions of Articles 31A and 31B, and on the basis of the actual reduced salary, with the years of service calculated as if the Employee was on a full-load appointment.
- 20A.04 An Employee who accepts a reduced-load appointment shall have the same access to all University of New Brunswick research facilities as if they were on a full-load appointment; and where the Employee has accepted a reduced workload in order to devote additional time to research, the University of New Brunswick shall not unreasonably deny increased access to these research facilities, taking into account the requirements of all other Employees with research responsibilities.

Temporary Workload Reduction for Full-time Employees

- 20A.05 An Employee may apply for a temporary workload reduction at any time. Such application shall be made in writing to the Dean. Following consultation with the Chair, the Dean shall submit to the **Provost** a written recommendation that the application be either granted or refused. The **Provost** shall make a recommendation to the President who shall decide whether or not to recommend the temporary workload reduction to the Board of Governors. The President shall advise the Employee of their decision, together with reasons, with a copy to the Association. Requests for a temporary workload reduction shall not be unreasonably denied.
- 20A.06 Such application shall be granted provided that:
- (a) the proposed temporary reduction does not exceed one-half (½) of the Employee's normal workload, and does not extend for longer than two (2) academic years;
 - (b) the application is made at least six (6) months in advance of the requested commencement date of the temporary workload reduction. Applications received with less notice may be considered in exceptional circumstances;

- (b) the Employee shall have the option of either:
 - (i) maintaining regular monthly pension contributions by payroll deduction during the period of temporarily reduced workload, or
 - (ii) allowing monthly contributions to lapse during the period of temporarily reduced workload, and then purchasing pension entitlement for that period by increased payroll deductions upon return to full-time full salary employment.

- (a) An Employee with a temporarily reduced workload shall continue as a member of the bargaining unit.
- (b) An Employee with a temporarily reduced workload shall receive such additions to their nominal salary as shall be implemented as a result of collective bargaining from time to time during the period of temporarily reduced workload.

- (d) Three (3) months prior to the commencement of the temporarily reduced workload period, the President shall inform the Employee in writing of all agreed terms and conditions on which the granting of a temporarily reduced workload is based, including a reference to the specific section(s) of this Collective Agreement which govern(s) temporarily reduced workload, and specifying a reasonable deadline for acceptance or rejection of these terms and conditions. A copy of this letter shall be sent to the Association.
- (e) The Employee shall not be deemed to have accepted the terms of such temporarily reduced workload until the Employee has so notified the President in writing. Failure to respond within the deadline specified in Article 20A.08(d) above shall be deemed to constitute non-acceptance.

Continuing Workload Reduction for Full-time Employees

- 20A.09 A continuing reduced-load appointment is defined as one in which an Employee, at their request and with the approval of the University of New Brunswick, carries, for an indefinite period of time, a workload reduced by a mutually agreed factor. In the remainder of this Article, each and every reference to a "reduced-load appointment" shall be understood to mean "a reduced-load appointment for an indefinite period of time".
- 20A.10 A tenured or probationary Employee may, on a wholly voluntary basis, apply to their Dean for a reduced-load appointment.
- 20A.11 An application for a reduced-load appointment shall be in writing, with a copy to the Association. An agreement for a reduced-load appointment between the University of New Brunswick and an Employee will require the written approval of the Association.

 - (b) Any salary increases in the case of a reduced-load appointment, shall be made to the nominal salary of the Employee as if they were an Employee on full-load status.
 - (c) Each such Employee shall receive an actual salary prorated from the nominal salary according to the reduction in the workload.
- 20A.13 Employees on a reduced-load status under this Article shall continue their participation in the University of New Brunswick's benefits plans, on the normal basis, including premium sharing, where applicable, as set out in Article 35, and to the extent possible under the contractual requirements of those plans.
- 20A.14
- (a) Any Employee granted a reduced-load appointment shall have the right to resume full-load status on the following conditions:
 - (i) full-load status is resumed within 60 months following the commencement of the reduced-load appointment; and
 - (ii) notice of the intention to resume full-load status is given twelve months prior to the date of the requested resumption of the full-load appointment.
 - (b) Notwithstanding the provisions of Article 20A.14(a), an Employee who agrees to assume a reduced-load appointment as an alternative to layoff in accordance with Articles 28 or 29, shall not have the right to assume full-load status without the approval of the University of New Brunswick, which shall not be unreasonably withheld.
- 20A.15 The University of New Brunswick may, at any time within the 60 months following the commencement of the reduced-load appointment, at its sole discretion, convert a reduced-load appointment to full-load status, with 12 months' notice.

- 20A.16 (a) The letter of offer of the reduced-load status from the President of the University of New Brunswick shall specify the nominal salary, the reduction in the workload and the actual salary, the date of commencement of the appointment, and all other terms and conditions attached to the appointment, as set out for full-load appointments in Article 22. A copy of this letter shall be sent to the Association.

- (c) No reduced-load appointment shall take effect until and unless the Employee indicates in writing to the President their acceptance of the appointment and all its terms and conditions as specified in the letter of appointment.

Article 20B VOLUNTARY SEPARATION AND EARLY RETIREMENT

- 20B.01 The University of New Brunswick may enter into an agreement with an Employee holding a tenured appointment who wishes to terminate their full-time employment with the University of New Brunswick, who does not have alternative full-time academic employment at hand and whose termination is consistent with the academic needs and/or financial interests of the University. The possibility of such an arrangement may be explored informally, but all communication prior to a formal application shall be without prejudice to the Employee and the University of New Brunswick. Formal application shall be made to the University of New Brunswick by the Employee. The University of New Brunswick reserves the right to refuse any application. Any agreement between the University of New Brunswick and an Employee will require the written approval of the Association.

Article 21A OUTSIDE PROFESSIONAL ACTIVITIES OF PROFESSORS

- 21A.01 The Parties acknowledge the importance of outside professional activities. For the purposes of this article, outside professional activities are defined as activities that are related to the Professor's field of academic or professional expertise. Such outside activities can contribute to the professional development of Professors and to the exercise of their University responsibilities. In recognition that outside professional activities offer valuable opportunities to enrich teaching and research, and to share the knowledge, skills and other resources of the institution with the community at large, the University encourages the involvement of Professors in outside professional activities.
- 21A.02 Subject to the provisions of this Article, Professors have the right to engage in part-time outside professional activities, paid or unpaid, provided that such activities do not unduly inhibit the Professor from fulfilling their professional responsibilities to the University of New Brunswick, as set out in Article 16A. Any Professor engaging in a substantial amount of paid or unpaid outside professional activities shall report these activities in advance where practical, in writing in a manner satisfactory to the Dean to ascertain upon consultation with the Professor if it is mutually agreed that these activities do not unduly inhibit the Professor from fulfilling their professional responsibilities, as set out in Article 16A. If a mutual agreement is not reached, the Dean shall provide the Professor with written reasons explaining how the professional responsibilities of the Professor are unduly inhibited.

- 21A.03 When outside professional activities would involve the use of University of New Brunswick equipment, supplies, facilities, employees or services, such use shall be subject to the approval in writing of the Dean or other appropriate University of New Brunswick authority. If approval is granted, the charges for such equipment, supplies, facilities, employees or services shall be at the prevailing rates, unless the appropriate University of New Brunswick authority agrees, in writing, to waive all or part of the charges.
- 21A.04 The name of the University of New Brunswick shall not be used in any outside professional activity unless agreed, in writing, by the appropriate University of New Brunswick authority, although nothing shall prevent the Professor from stating the nature and place of their employment, rank and title, in connection with outside professional activities, provided that they shall not purport to represent the University of New Brunswick or speak for it, or to have its approval unless that approval has been given in writing.
- Article 21B **OUTSIDE PROFESSIONAL ACTIVITIES OF TEACHING PROFESSORS, LIBRARIANS AND ARCHIVISTS**
-
- 21B.01 The Parties acknowledge the importance of outside professional activities. Such outside activities can contribute to the professional development of Teaching Professors, Librarians and Archivists and to the exercise of their University responsibilities. In recognition that outside professional activities offer valuable opportunities to enrich teaching and research, and to share the knowledge, skills and other resources of the institution with the community at large, the University encourages the involvement of Employees in outside professional activities.
- 21B.02 Subject to the provisions of this Article, Employees have the right to engage in part-time outside professional activities, paid or unpaid, provided that such activities do not unduly inhibit the Employee from fulfilling their responsibilities to the University of New Brunswick, as set out in Article 16. Any Employee engaging in a substantial amount of paid or unpaid outside professional activities shall report these activities in advance where practical in writing in a manner satisfactory to the Dean of Faculty, **Dean of Libraries** or their designate, or Dean of Law, as appropriate, to ascertain upon consultation with the Employee if it is mutually agreed that these activities do not unduly inhibit the Employee from fulfilling their professional responsibilities, as set out in Article 16. If a mutual agreement is not reached, the Dean of Faculty, **Dean of Libraries** or their designate, or Dean of Law, as appropriate shall provide the Employee with written reasons explaining how the professional responsibilities of the Employee are unduly inhibited.
- 21B.03 When outside professional activities would involve the use of University of New Brunswick equipment, supplies, facilities, employees or services, such use shall be subject to the approval in writing of the Dean of Faculty, **Dean of Libraries** or their designate, or Dean of Law, as appropriate, or other appropriate University of New Brunswick authority. If approval is granted, the charges for such equipment, supplies, facilities, employees or services shall be at the prevailing rates, unless the appropriate University of New Brunswick authority agrees, in writing, to waive all or part of the charges.
- 21B.04 The name of the University of New Brunswick shall not be used in any outside professional activity unless agreed, in writing, by the appropriate University of New Brunswick authority although nothing shall prevent the Employee from stating the nature and place of their employment, rank or classification and title, in connection with outside professional activities, provided that they shall not purport to represent

the University of New Brunswick or speak for it, or to have its approval unless that approval has been given in writing.

Article 22A APPOINTMENTS OF PROFESSORS

- 22A.01 (a) All appointments shall be to one (1) of the following ranks: Lecturer, Assistant Professor, Associate Professor or Full Professor. Appointments to the rank of Assistant Professor or above may be designated as "Visiting" or "Research" as set out in this Collective Agreement. Appointments of Professors to the honorary rank of University Professor may be made by the University of New Brunswick upon recommendation of Senate, using the criteria adopted by Senate and the Board of Governors.
- (b) An appointment may be designated as "Research" when the principal responsibility of the Professor is to conduct research.
- 22A.02 Appointments of Professors shall be made in accordance with Article 22A.12 only after the positions have been advertised by the University of New Brunswick on both campuses and in appropriate publications, in either print or electronic versions, which shall include at least University Affairs, the CAUT Bulletin and one (1) Canadian professional publication, if such exists, suggested by the Academic Department or Faculty. The University of New Brunswick may also advertise in other professional publications when so recommended by the Academic Department or Faculty concerned. Where appointments must be made urgently for sound academic reasons, exceptions to this practice may be authorized by the President of the University, who shall inform the Association immediately giving these reasons. Such exceptions shall be limited to term appointments.
- 22A.03 Appointments of Professors shall be of three (3) types: probationary, tenured, and term. All new appointments to the rank of Lecturer shall be term appointments.
- 22A.04 For all new appointments the rank, type of appointment, salary, credit for previous experience, the length of the employment in the case of term appointments, and any special applicable conditions and responsibilities shall be determined by the University of New Brunswick in accordance with this Collective Agreement. For appointments to positions in the bargaining unit, the University of New Brunswick shall take into account any recommendations of the appropriate Assessment Committees concerning these matters for any proposed appointees.
- 22A.05 Term Appointments
Term appointments of Professors may be made by the University of New Brunswick only for one (1) of the following purposes:
- (a) to appoint an established scholar who has a continuing appointment elsewhere or who has retired from such an appointment. Such an individual shall be designated as "Visiting";
- (b) to appoint a suitably qualified person to replace a Professor who is on leave;
- (c) to cater to specific teaching, research, scholarly or creative needs of limited duration which, for sound academic and/or budgetary reasons, should not result in a tenured or probationary appointment;
- (d) in the event it has not been possible to locate persons with qualifications normally considered suitable for a probationary appointment, to appoint persons having lesser qualifications to the rank of Lecturer;

- (e) to appoint persons who have retired from the University;
- (f) to make appointments for such other reasons as may, from time to time, be agreed upon by the Parties.

Prior to the University of New Brunswick making **an initial** term appointment pursuant to Article 22A.05 (a) through (f) it shall notify the Association at least five (5) days before the position is to be advertised or at the time that advertising is waived under Article 22A.02.

When the original purpose for the term outlined in 22A.05 (a) through (f) has changed, the Association shall be notified at least ten (10) days before the renewal or reappointment **of the term**. The notification shall state in reasonable detail the **new** reason as provided for under the appropriate sub-section of Article 22A.05.

22A.06

- (a) Normally full-time term appointments to positions in the bargaining unit shall be made for periods **of not less than ten (10) months** and not exceeding two (2) academic years. **In the case of replacing a leave in accordance with Article 22A.05(b), terms of a shorter duration are permitted.** The total duration of term appointments of an individual shall not exceed the greater of the equivalent of four (4) consecutive regular academic years or four (4) academic years (the equivalent of four (4) regular academic years may be spread over eight (8) years at the rate of one (1) term per regular academic year). With the written agreement of both Parties, term appointments may exceed four (4) regular academic years or four (4) academic years (or the equivalent as specified above). **It is the understanding of the Parties that UNB should not rely on term appointments to perform the core duties of tenured and tenure-track Employees on an ongoing basis, and if the duties performed in a term appointment are required by an academic unit for more than four (4) academic years as per above, a tenure-track appointment should be considered to perform those duties.**
- (b) As the only exceptions to a maximum term appointment duration of four (4) years without written agreement as noted in 22A.06(a) above, extended full-time term appointments may be made for up to five (5) years:
 - (i) in the event that a Professor is appointed to an administrative position of Dean, Assistant Vice-President, Associate Vice-President, Vice-Presidents (Research **or Academic**), **or Provost** and that the appointed Professor is expected to return to the bargaining unit; or

- (c) **At the beginning of an individual's fourth year in a term appointment, the University shall notify them that they are ineligible for further term appointments at the University.**

22A.07

In the event that a Professor holding a term appointment is given a probationary appointment, the probationary period shall be reduced on a year-for-year basis for any time served in the rank of Assistant Professor or above on a term appointment. Credit, if any, for previous service on term appointments in other capacities may be granted by the University of New Brunswick upon recommendations resulting from the assessment procedures set out in Article 25a.

Probationary Appointments

22A.08 The duration of a probationary appointment shall normally be six (6) years, unless a shorter period was stipulated in the letter of appointment.

Joint Appointments

22A.09 When sound academic reasons exist for doing so, a Professor may be appointed jointly to two (2) or more Academic Departments or Faculties. Such appointments shall be at the same rank, of the same type and with the same salary rate, in the Academic Departments or Faculties concerned. When sound academic reasons exist for doing so, a Professor may be appointed jointly to an Academic Department and to a non-academic unit within the University. The Professor shall have their rank, type of appointment, academic component of salary, credit for previous experience, promotion eligibility and other academic conditions determined on the same basis as for other Professors. If such Professors commence working entirely in one (1) Academic Department, their salary shall be in accordance with this Collective Agreement.

Appointment Procedures for Positions Within the Bargaining Unit

22A.10 (a) The Dean in departmentalized faculties shall initiate the recruitment process by authorizing the Chair to seek candidates for approved positions or for positions which are expected to become vacant. The Dean shall inform the Chair of the minimum academic qualifications and experience required for the rank and type of appointment which may be recommended and of the period of validity for approved vacancies. **The Chair shall solicit and consider feedback from members of the Department, when preparing the advertisement which shall then be submitted to the Dean.**

(b) The Dean in non-departmentalized faculties shall initiate the recruitment process seeking candidates for approved positions or for positions which are expected to become vacant. The Dean shall **inform Faculty Council** of the minimum academic qualifications and experience required for the rank and type of appointment which may be recommended and of the period of validity for approved vacancies. **The Dean shall solicit and consider feedback from members of the Faculty, when preparing the advertisement.**

The letter shall note that the appointment is subject to approval by the Board of Governors and that the appointment will be recommended to the Board of Governors at its next meeting. The letter of offer of appointment shall include the URL of the collective agreement as per Article 6.02 and shall state that the terms of employment are subject to this and any subsequent Collective Agreement between the University of New Brunswick and the Association. Information describing the applicable benefit plans shall also be enclosed as well as a letter from AUNBT congratulating, and offering to consult with, the potential appointee.

- 22A.13 The best qualified Canadian applicant who meets the advertised requirements shall be offered the appointment unless no qualified Canadian who meets the advertised qualifications is available, in which case the appointment may be offered to a non-Canadian provided that such appointment is justified on the basis of superior academic or professional qualifications or expertise. The requirements shall not deliberately place Canadian applicants at a disadvantage. For the purpose of this Article, Canadian shall mean any person who is a Canadian citizen, a permanent resident or a resident holding a ministerial permit.
- 22A.14 In evaluating a candidate for appointment at a proposed rank, the criteria shall be the nature of the academic duties to be performed, the quality and character of the degrees held, and the record of, and/or potential for, performance of the candidate in dissemination of knowledge, in research, scholarly or creative work, in professional activity and in university or public service. The evaluation shall be objectively made on sound academic grounds in relation to the appropriate standard of the University for the appointment at the proposed rank:
- (a) for appointment at the rank of Assistant Professor, the potential for achieving tenure in accordance with the criteria of Article 25D;
 - (b) for appointment to other ranks, the criteria for that rank set out in Article 25D.
- 22A.15 In some cases, the provisions of Article 14.02 shall be subject to the requirements of certain externally-funded research or teaching projects. Such requirements shall be set out in writing to the Employees concerned, with a copy to the Association at the same time. Employees wishing to be employed in connection with such projects shall accept these requirements as conditions of employment. All Professors shall be entitled to contractually agree to participate in such projects.
- 22A.16 Taking into account the recommendations under Article 25B.01, the President may recommend to the Board of Governors that an initial appointment be made at a particular rank when the proposed appointee:
- (a) holds that rank at another recognized university, or
 - (b) has shown evidence of performance which meets the criteria for promotion to that rank set out in Article 25D.
- 22A.17 Taking into account the recommendations under Article 25B.01, the President may recommend to the Board of Governors that tenure be granted on initial appointment when the proposed appointee:

- 22A.18 Taking into account the recommendations under Article 25B.01, the President may recommend to the Board of Governors that credit for service towards promotion be granted on initial appointment when the proposed appointee has shown evidence of performance which meets the requirements for that rank at this University.
- 22A.19 When a probationary appointment commences during the first six (6) months of an academic year, the period of probation shall be considered to have commenced on the first day of that academic year. When a probationary appointment commences

The University of New Brunswick may also advertise in other professional publications when so recommended by the Academic Department or Faculty concerned. Where appointments must be made urgently for sound academic reasons, exceptions to this practice may be authorized by the President of the University, who shall inform the Association immediately giving these reasons. In the case of re-appointment of a Teaching Professor **to a term position**, advertising of the position shall not be required.
- 22B.03 Appointments of Teaching Professors shall be of three (3) types: probationary, tenured and term.

General Provisions

25D.06

Assessment of academic competence shall be based on an appropriate combination of the principal duties of Professors set out in Article 16A.02. The

assessment shall take into account the various ways in which academic competence is demonstrated in different areas of expertise. Academic competence shall be demonstrated:

- (a) in dissemination of knowledge in the Professor's area of expertise by the objectively documented achievement of a continuing and satisfactory record of teaching competence as evidenced by: student opinion surveys by methods approved by Senate and, if available, those approved for use by Faculty Councils, and/or Departments; development of new courses; updating of existing courses; effective use of innovative teaching aids and techniques; development of innovative teaching aids and techniques; involvement in curriculum development; organization of field schools, laboratories or clinical practica; successful direction of the research of undergraduate and/or graduate students; successful public and/or continuing education activities; publication or production of books, articles, films or recordings which elucidate and advance teaching effectiveness; formal recognition by the Board of Governors as an excellent teacher; and through other equivalent accomplishments;

Assessment of teaching competence must be holistic and consider the entirety of the submission seeking balance of all aspects of teaching as well as the context in which the faculty member works. In particular, since student opinions can be subject to biases, they should not be used in isolation as evidence of teaching effectiveness or lack thereof, and committees should consider student opinion surveys alongside impacting factors, such as response rates, the validity of data, and the possibility of bias, especially as it relates to the faculty members who are members of designated groups.

- (b) in research, scholarly or creative activity within their area of expertise, by the objectively documented achievement of continued development as a scholar as evidenced by: designing, developing and conducting research projects; designing, developing and conducting critical analysis of acquired knowledge; the production of knowledge employing Indigenous methodologies or ways of knowing; scientific, literary or professional publications; presentation of seminars, clinics or workshops; reporting the results of research and critical analysis and/or the successful transfer of current technology and/or techniques; participating actively, in their capacity as researchers or scholars in conventions, conferences, symposia or research groups; development of innovative teaching, coaching or professional methods, materials, curriculum and/or techniques likely to be used by others; active scholarly participation as editor or as a member of the editorial board of journals or other scholarly publications; evaluating or refereeing the work of other scholars; serving on grant selection committees; where appropriate in relation to their principal duties, successful attainment of research funding; professional consulting or practice of a creative nature; regular consultation by established researchers or authorities; creation of, maintenance of or contributions to data banks, registries, tables or collections of existing knowledge recognized and used by others; or by other equivalent accomplishments.

The Parties recognize and acknowledge that the value committees attribute to an output related to a research, scholarly or creative activity should normally be augmented if that output has either a) undergone prior assessment, either through peer review or community-based processes, or b) demonstrable outcomes.

 - (b) where applicable, fulfillment of any contractual requirement to complete a higher degree or other academic qualification where such requirement has been included in the offer of appointment to the Teaching Professor.
- The assessment criteria for tenure will take into account the candidate's entire career, but place particular emphasis on the candidate's performance and accomplishments while employed at UNB.
- For the purpose of tenure assessments, "while at UNB" shall also encompass any period for which the candidate was awarded tenure credit upon appointment for work completed at a different institution(s).

Assessment of teaching competence must be holistic and consider the entirety of the submission seeking balance of all aspects of teaching as well as the context in which the faculty member works. In particular, since student opinions can be subject to biases, they should not be used in isolation as evidence of teaching effectiveness or lack thereof, and committees should consider student opinion surveys alongside impacting factors, such as response rates, the validity of data, and the possibility of bias, especially as it relates to faculty members who are members of designated groups.

25E.07 Assessment of demonstrated continuing high level of competence under Article 25E.05 shall take into account the professional responsibilities and workload of the Teaching Professor as set out in Articles 16B and 19B respectively, and shall assess whether the overall performance of the Teaching Professor reflects a level of competence and activity which is appropriate for the level of promotion under consideration in accordance with Articles 25A and 25B. Article 28

CHANGES IN THE BARGAINING UNIT FOR ACADEMIC REASONS

- 28.01 The University of New Brunswick recognizes the importance of sound academic planning in establishing or changing appropriate academic priorities. The University of New Brunswick further acknowledges the powers vested in Senate by the University of New Brunswick Act in these matters. Consequently, the University of New Brunswick will continue to refer all issues related to academic planning and the setting of academic priorities to the Senate for study and recommendation.

- 28.02 The University of New Brunswick shall determine, for each Faculty, Academic Department, Library Department and Library, an authorized complement of Employees. The authorized complement, which may differ from the actual number of Employees, shall be reviewed and adjusted regularly by the University of New Brunswick, taking into account any recommendations which Senate may make, in an effort to ensure that this authorized complement reflects the long-term academic priorities of the University.
- 28.03 Changes in the number of Employees in any Faculty, Academic Department, Library Department or Library, shall normally take place at any time through recruitment, retirement, death, resignation, voluntary redeployment or retraining, voluntary transfers or voluntary assumption of a reduced workload, in order to adjust the actual number of Employees towards the authorized complement.
- 28.04 The Parties recognize that in exceptional circumstances, changes in long term academic priorities of the University may require adjustments to the authorized complement of a Faculty, Academic Department, Library Department or Library, resulting in changes in the actual number of employees at a rate greater than that which can reasonably be attained through the provisions of Article 28.03. Such changes under this Article may only result from academic considerations which include either: a significant decrease in student enrolment in a Faculty, Academic Department, or Library; or the discontinuance of such units, for sound academic reasons and upon recommendation of Senate. Such decrease shall not involve simply a temporary variation in enrolment. Where these exceptional circumstances exist, the University of New Brunswick may make such appropriate changes to the authorized complement and to the actual number of Employees in Faculties, Academic Departments, Library Departments or Libraries, as may be essential, provided the provisions of this Article are met. Under these exceptional circumstances the methods for reducing the actual number of Employees may include layoff, only after any adjustments resulting from the application of Article 28.03 have been made. The Board of Governors, believing that layoff of Employees is required, shall formulate a plan for such action and shall:
- (a) inform Senate and the Association, in writing, of its belief that such action may require layoff of Employees, enclosing a copy of the plan, the academic reasons on which it is based and its reasons for believing that layoff may be required;
 - (b) impose a halt to the hiring of new Employees in the Faculties, Academic Departments, Library Departments or Libraries involved;
 - (c) establish an Academic Commission.
- 28.05 The Academic Commission shall consist of one (1) member of Senate, appointed by Senate; two (2) members of the Board of Governors, appointed by the Board of Governors; two (2) Employees appointed by the Association; the **Provost**. The **Provost** shall chair the Commission. All reasonable expenses of the Academic Commission shall be borne by the University of New Brunswick.
- 28.06 The Academic Commission shall establish its own procedures.
- 28.07 The initial tasks of the Academic Commission shall be to:
- (a) examine the plan prepared by the University of New Brunswick, including the extent of the problems giving rise to the action of the Board of Governors taken under Article 28.04, and present a preliminary report to the Board of Governors, with copies to the Senate and the Association,

making recommendations for any immediate action that can be taken without involving layoff of Employees.

- (b) request Senate to study the potential impact of the plan on the academic programs of the University, including whether enrolment projections are consistent with any proposed reduction in academic staff and to prepare a report within 40 days for the Academic Commission.

- 28.08 Following receipt of the Senate report, the Academic Commission shall, within 70 days, prepare a final report, analyzing the extent and nature of the academic problems giving rise to the plan, the extent and nature of the potential impact of the plan on the academic programs of the University, and making such detailed recommendations as seem appropriate to the Academic Commission, including recommendations on the number and distribution of any layoffs which may be essential. The Academic Commission shall include in its report the reasons for its recommendations and any supporting documents which are appropriate. The report shall be submitted to the Board of Governors with a copy at the same time to the Senate and the Association.
- 28.09 The University of New Brunswick agrees to full disclosure of available information which is pertinent to the academic problem and deemed relevant by the Academic Commission. The Commission may consult with any person or group of persons from inside or outside the University, and shall consult with any Faculty, Academic Department, Library Department or Library concerned.
- 28.10 Upon receipt of the report of the Academic Commission, the Board of Governors shall allow 20 days for comment on the report by Senate and by the Association. Within a further 20 days, the Board of Governors shall prepare a detailed plan of the actions which it proposes to take including the names of those Employees who shall be laid off and the reasons for the layoff of those Employees after due consideration of the report prepared by the Academic Commission and any comments made thereon by Senate and the Association. The Board of Governors' plan shall be sent to the Senate and to the Association for comments. These comments shall be received by the Board of Governors within 20 days. Within 20 days following receipt of these comments and with due consideration for such comments, the Board of Governors shall make its final decision.
- 28.11 In the event the Academic Commission, the Senate or the Association fails to submit its report or comments, as appropriate, within the time limits set out in this Article, the Board of Governors may proceed without such reports or comments. Any time limits under this Article may only be extended by agreement, in writing, of the Parties. Such agreement shall not be unreasonably denied.
- 28.12 In the event the Board of Governors decides to lay off Employees under this Article, such action shall be taken in accordance with the terms of this Collective Agreement.
- 28.13 Any recommendations or decisions made under this Article shall take into account that layoff is an exceptional action which shall not be taken until:
- (a) all reasonable alternative solutions to the academic problems which have been proposed in the report of the Academic Commission and in any comments made thereon by Senate have been considered and implemented as far as reasonably practicable; and

- (b) all reasonable alternative means of making the necessary reductions in the bargaining unit (as described in Article 28.03) have been considered and implemented as far as reasonably practicable.

Any layoffs under this Article shall occur only to the extent necessary to alleviate the academic problem and shall be based on sound academic grounds.

Article 29 CHANGES IN THE BARGAINING UNIT FOR REASONS OF FINANCIAL EMERGENCY

- 29.01 The term financial emergency denotes a condition in which the continued existence of the University of New Brunswick is placed in serious jeopardy because a substantial deficit has occurred or is inevitable and projections show substantial and continuing financial deficits, using generally accepted accounting principles applied on a basis consistent with that of the preceding year.
- 29.02 The Board of Governors, believing that a financial emergency exists or is imminent, shall formulate a plan to deal with this emergency and shall:
- (a) inform Senate and the Association, in writing, of this belief, enclosing a copy of the plan and the financial reasons upon which it is based;
- (b) impose a halt to the hiring of new Employees, except those who are required to perform those functions essential to the ongoing operation of the University;
- (c) establish a Financial Emergency Commission.
- 29.03 The Financial Emergency Commission shall consist of two (2) persons appointed by the Board of Governors, two (2) persons appointed by the Association, and a Chair mutually agreed upon by the Parties. If the Parties fail to agree, each will submit a list of three (3) names and an arbitrator chosen by lot from among those listed in Article 41 will be asked to select a Chair.
- All reasonable expenses of the Financial Emergency Commission shall be borne by the University of New Brunswick.
- 29.04 The Financial Emergency Commission shall establish its own procedures.
- 29.05 The initial task of the Financial Emergency Commission shall be to:
- (a) examine the plan prepared by the University of New Brunswick, including the extent of the financial problems giving rise to the action of the Board of Governors taken under this Article, and present a preliminary report to the Board of Governors, with copies to the Senate and the Association, making recommendations for any immediate action that can be taken, without involving layoff of Employees.
- (b) request Senate to study the potential impact of the plan on the academic programs of the University, including whether enrolment projections are consistent with any proposed reductions in the number of Employees, and prepare a report within 40 days for the Financial Emergency Commission.
- 29.06 Following receipt of the Senate report, the Financial Emergency Commission shall, within 70 days, prepare a final report, analyzing the extent and the nature of the financial problems giving rise to the plan, the extent and the nature of the potential

impact of the plan on the academic programs of the University, and making such detailed recommendations as may seem appropriate to the Financial Emergency Commission, including recommendations on the number and distribution of any layoffs which may be essential. The report shall identify the source or sources of the financial difficulty, and recommend any methods the Commission deems necessary and sufficient to alleviate these difficulties, taking into consideration possible alternatives to the layoff of Employees. The Financial Emergency Commission shall include in its report the reasons for its recommendations and any supporting documents which are appropriate. The report shall be submitted to the Board of Governors with a copy at the same time to the Senate and the Association.

- 29.07 The University of New Brunswick agrees to full disclosure of available information which is related to the financial emergency problem and deemed relevant by the Financial Emergency Commission. The Commission may consult with any person or group of persons from inside or outside the University, and shall consult with any Faculty, Academic Department, Library Department or Library concerned.
- 29.08 Upon receipt of the report of the Financial Emergency Commission, the Board of Governors shall allow 20 days for comment on the report by Senate and by the Association. Within a further 20 days, if a financial emergency exists, the Board of Governors shall so declare and shall prepare a detailed plan of the action which it proposes to take, including the names of those Employees who shall be laid off and the reasons for the layoff of those Employees after due consideration of the report prepared by the Financial Emergency Commission and any comments made thereon by Senate and the Association. The Board of Governors' plan shall be sent to the Senate and to the Association for comments. These comments shall be received by the Board of Governors within 20 days. Within 20 days following receipt of these comments and with due consideration for such comments, the Board of Governors shall make its final decision.
- 29.09 In the event the Financial Emergency Commission, the Senate or the Association fails to submit its report or comments, as appropriate, within the time limits set out in this Article, the Board of Governors may proceed without such reports or comments. Article 31A SABBATICAL LEAVES FOR PROFESSORS

31A.01 In recognition of the fact that Professors are required to continue to develop as scholars, researchers and professionals throughout their careers, a system of sabbatical leaves shall be maintained. Tenured Professors shall be eligible for sabbatical leave in accordance with the provisions of this Article. Such leaves are intended to be used by tenured Professors for academic and professional renewal and enhancement through study, research, scholarship, writing or other creative activities, leading to increase of their knowledge, furtherance of their research and scholarship, and other enhancement of their ability to contribute to the University on their return.

31A.02 Tenured Professors shall be eligible, upon application to the University of New Brunswick, for consideration for sabbatical leave as follows:

- (a) after six (6) years of full-time service at the University of New Brunswick, one (1) year's leave at 85 percent of regular salary, or
- (b) after six (6) years of full-time service at the University of New Brunswick, six (6) months' leave at 100 percent of regular salary, or
- (c) after three (3) years of full-time service at the University of New Brunswick, six (6) months' leave at 85 percent of regular salary.
- (d) For the purpose of counting credit toward sabbatical:

When a probationary appointment or a return to full-time service following a sabbatical leave commences during the first six (6) months of an academic year, the period of such full-time service shall be considered to have commenced on July 1 of that academic year.

When a probationary appointment commences during the last six (6) months of an academic year, the period of such full-time service shall be considered to have commenced on July 1 of the following academic year.

When a return to full-time service following a sabbatical leave commences during the last six (6) months of an academic year, the period of such full-time service shall be considered to have commenced on January 1 of that academic year.

- (e) Subject to Articles 31A.10 to 31A.14 inclusive, normally a Professor will take sabbatical leave either in the seventh academic year in the case of (a) and (b) above or in the fourth academic year in the case of (c) above, following the start of each full-time service eligibility period. Deferral or advancement of normal sabbatical leave shall operate, as appropriate, to decrease or increase the service period specified in (a) to (c) above, in accordance with (d).
- (f) A Professor who has completed a minimum of three (3) consecutive current years of administrative service as Chair of an Academic Department shall be entitled to a supplementary sabbatical salary for sabbaticals taken pursuant to (a) or (c) above following the signing of this Agreement. **Where the period of service is interrupted by a leave, this shall not be considered an interruption of consecutive years of service for the purpose of this article.** The supplementary sabbatical salary shall be calculated at 3 percent of regular salary per year of such administrative service, to a maximum of 15 percent. It is the understanding of the Parties that the maximum of 15 percent will be applied to any one (1) sabbatical leave but credit for unused years of administrative service may be carried forward to a subsequent sabbatical leave.

- 31A.03 Sabbatical leave may be granted subject to:
- (a) satisfactory arrangements being made to carry on the work of the Academic Department (or Faculty where no Academic Department exists) concerned;
- (b) the nature of the Professor's proposal for the utilization of the sabbatical leave and the extent to which the proposal conforms to the purposes of sabbatical leave as set out in Article 31A.01, and the probability of successful implementation.
- 31A.04 Professors on sabbatical leave are expected to make effective use of such leave. The Professor is expected to return to their normal duties on completion of the leave; on application made to the President, this requirement may be waived in the case of hardship or when substantial professional advancement would be denied.
- 31A.05 Normally, sabbatical leave shall be taken without interruption starting on July 1 or January 1, or as otherwise approved by the University of New Brunswick.
- 31A.06 Applications for sabbatical leave shall be directed to the Dean no later than October 1 for sabbatical leaves commencing in the subsequent academic year. Applications received with less notice shall be considered in circumstances where the Employee's decision to apply is affected by factors that could not have reasonably been foreseen prior to the deadline. Applicants for sabbatical leave shall be evaluated by the Assessment Committees as set out in Article 25.
- 31A.07 Applications for sabbatical leave shall be supported by a description of the work planned by the Professor for their leave, including the activities to be undertaken, the location or locations where the activities will be carried out, any fellowship or travel grants applied for or received and such other reasonable information as the University of New Brunswick may require. (Such other reasonable information may include, where applicable, written confirmation that any facilities essential for the successful completion of the planned work will be made available to the Professor by the institutions or organizations in which the work is to be undertaken.)
- 31A.08 The University of New Brunswick shall inform Professors of its decisions with respect to applications for sabbatical leave at least six (6) months prior to the date

of commencement of the leave, or such shorter period as the normal application time was not met by the Professor.

- 31A.09 Upon notification of sabbatical leave approval, a Professor may apply to the University of New Brunswick for a portion of the sabbatical salary, if any, to be awarded as a research grant and/or removal expense allowance. The University of New Brunswick will report such grants in accordance with the income tax laws and regulations.
- 31A.10 A Professor who wishes to withdraw an approved sabbatical leave or an application pending approval shall so indicate in writing to the Dean, normally no later than three (3) months prior to the proposed commencement date for the leave. In such cases, it shall be the Professor's responsibility to re-apply for sabbatical leave in a subsequent academic year.
- 31A.11 Subject to Articles 31A.12 and 31A.13, it is expected that a Professor will take a sabbatical leave once it has been approved.
- 31A.12 In the event of personal hardship, or for sound academic reasons, a Professor may request (in writing to the Dean) deferment of application for sabbatical leave or of an approved sabbatical leave for up to one (1) year. In such cases, it shall be the Professor's responsibility to re-apply for sabbatical leave in the following academic year. This one (1) year deferment shall be counted as service towards the next sabbatical leave.
- 31A.13 The University of New Brunswick may defer a requested sabbatical leave for up to one (1) year in the event the Professor's services are required by the University of New Brunswick during the period of time planned for the leave. Such deferment shall be counted as service towards an application for a subsequent leave, which if approved, shall not be deferred. The University of New Brunswick shall inform Professors of such deferral not **fewer** than three (3) months prior to the approved commencement date of the leave. With the agreement of the Professor, the University of New Brunswick may defer an approved sabbatical leave with notice of **fewer** than three (3) months prior to the approved commencement date. The University of New Brunswick shall compensate Professors for all bona fide expenses incurred by the Professors in connection with the leave deferred at the request of the University of New Brunswick.
- 31A.14 All Professors on sabbatical leave shall receive full benefits according to the provisions of Article 35.
- 31A.15 Professors on sabbatical leave shall receive all increases in their nominal salary and benefits on the same basis as other Professors who are not on sabbatical leave.
- 31A.16 A Professor returning from sabbatical leave shall submit to the Dean, within three (3) months of their return, a written report on the results of their research and scholarly work and action taken to improve academically and professionally during the sabbatical leave period. Such report shall be placed in the Professor's Official File.

Should the Professor be unable to meet the reporting deadline for reasonable cause, the Professor may notify the Dean in writing, requesting an extension, which shall not be unreasonably denied. Failure to submit the sabbatical leave report by the deadline, may result in the forfeiture of 12 months of time towards their next sabbatical. The Professor shall be ineligible to apply for sabbatical leave until such time as the report has been submitted.

31A.17 Professors are encouraged to apply for external fellowships for their sabbatical leave. If such external fellowships are awarded, a reduction in the University of New Brunswick support shall not be made. Any other employment income received by the Professor may be added to the sabbatical salary (including sabbatical research or travel grants) received from the University of New Brunswick, provided the total does not exceed the sum of the nominal salary and additional bona fide expenses arising from the sabbatical leave. If the total employment income exceeds this sum, it shall be reported by the Professor to the appropriate Vice-President and the sabbatical salary paid by the University of New Brunswick shall be reduced accordingly.

31A.18 When special circumstances (such as orderly departmental workload planning or other sound academic reasons) warrant it, sabbatical leave may be granted by the University of New Brunswick up to one (1) year in advance of a Professor's completion of the required years of service. In such cases, the period of advancement will be added to the required years of service for the Professor's eligibility for their subsequent sabbatical leave.

It is the understanding of the Parties that the maximum of 15 percent will be applied to any one (1) sabbatical leave but credit for unused years of administrative service may be carried forward to a subsequent sabbatical leave.

- 32C.09 An Employee on leave without pay shall not normally accumulate credit toward tenure, promotion, or sabbatical. The nominal salary of such Employees shall be increased by any amount implemented by the University in accordance with the Collective Agreement, except the PTR adjustment if the leave is for non academic purposes and is for a period of more than six (6) months.

Article 32D INCOME PROTECTION – SHORT TERM SICK LEAVE

- 32D.01 Unless disabled and receiving benefits from the Long Term Disability Plan, an Employee shall be entitled to sufficient sick leave to provide full pay and benefits for the duration of an absence due to medically verifiable illness or injury, subject to the provisions of this Article. The maximum period for full pay and benefits shall be six (6) months (130 days) after which the Long Term Disability Plan benefits may begin.
- 32D.02 The Employee shall inform the Dean as soon as possible of their illness in order that adequate alternative arrangements can be made to fulfill the Employee's duties.
- The Employee shall also endeavour to keep the Dean informed of the latest medical opinion as to the likely duration of their illness.
- 32D.03 The Employee shall provide medical evidence verifying the illness upon request by the Dean.
- 32D.04 In cases of extended or frequent uses of sick leave, the University of New Brunswick may require a second medical opinion as to the Employee's condition in addition to the medical evidence provided by the Employee.

Article 32E MATERNITY LEAVE

- 32E.01 Upon request by a pregnant Employee, the University shall grant maternity leave consistent in timing and duration with the Employment Standards Act of New Brunswick.
- 32E.02 The Employee will advise the Dean in writing of the expected date of delivery and of their intention to take maternity leave including the anticipated commencement date and duration of such leave as early as possible.
- 32E.03 For Employees on probationary, tenure track, tenured appointments, or for Employees **who have been in term position(s), the cumulative total of at least 12 months in the past 16 months**, the Employee's salary will be maintained at 95 percent of **their** regular weekly earnings for a maximum of 17 weeks of Maternity Leave. The Employer will provide a supplementary employment benefit (SEB) which will make up the difference between the Employment Insurance (EI) benefits received and 95 percent of the Employee's nominal salary. The Employee is required to apply for the EI maternity leave benefit and must be eligible for the benefit for this plan to apply. Contributions to the benefit plans shall continue on the part of the Employee and the University on the basis of 100 percent of the salary. Upon return to active employment following maternity leave, an Employee may elect to have the period of maternity leave recognized as pensionable service. Upon such election, the Employee and the University shall pay the required contributions based on the Employee's pensionable salary for the period of the maternity leave plus Credited Interest thereon.
- In any week, the total amount of benefits and earnings received by the Employee will not exceed 95 percent of the Employee's normal weekly earnings.
- The Employee will be asked to submit their benefit stub to verify **their** receipt of EI benefits and other earnings.
- An Employee on maternity leave will normally accumulate credit toward sabbatical leave, tenure and/or promotion. An Employee may request deferral of assessment for tenure and/or promotion in accordance with Articles 23A, 23B, 23C and 24A, 24B, 24C.
- 32E.04 No employee shall be eligible for supplementary employment benefits during the first academic year in which a term appointment is held. Any Employee holding a subsequent consecutive term appointment shall be eligible for supplementary employment benefits.

Article 32F PARENTAL LEAVE

- 32F.01 Upon request by an Employee,
- (a) who is the biological parent of a newborn or unborn child, or
 - (b) who is adopting or has adopted a child,
- the University shall grant parental leave consistent in timing and duration with the Employment Standards Act of New Brunswick. Subject to the Act, such leave may be taken wholly by one (1), or shared by two (2), employed parent(s). Where an Employee takes parental leave in addition to maternity leave pursuant to Article 32E, the Employee must commence the parental leave immediately on the expiry of maternity leave, unless the University and the Employee agree otherwise.

32F.02 The Employee will advise the Dean in writing of the expected date of delivery/adoption and of the Employee's intention to take parental leave including the anticipated commencement date and duration of such leave as early as possible.

32F.03 For Employees on probationary, tenure track, tenured appointments or for Employees **who have been in term position(s), the cumulative total of 12 months in the past 16 months**, the Employee's salary will be maintained at 95 percent of regular weekly earnings for a maximum of 37 weeks of parental leave based on standard parental benefits. The Employer will provide a supplementary employment benefit (SEB) which will make up the difference between the Employment Insurance (EI) benefits received and 95 percent of the Employee's nominal salary. The Employee is required to apply for the EI parental leave benefit and must be eligible for the benefit for this plan to apply. Contributions to benefit plans shall continue on the part of the Employee and the University on the basis of 100 percent of the salary. Upon return to active employment following parental leave, an Employee may elect to have the period of parental leave recognized as pensionable service. Upon such election, the Employee and the University shall pay the required contributions based on the Employee's pensionable salary for the period of the parental leave plus Credited Interest thereon.

Employees who are receiving extended parental benefits are entitled to receive the same amount of SEB top-up payment on the terms detailed in this article as if they were receiving standard parental benefits.

In any week, the total amount of benefits and earnings received by the Employee will not exceed 95 percent of the Employee's normal weekly earnings.

The Employee will be asked to submit her/his benefit stub to verify receipt of EI benefits and other earnings.

An Employee on parental leave will normally accumulate credit toward sabbatical leave, tenure and/or promotion. An Employee may request deferral of assessment for tenure and/or promotion in accordance with Articles 23A, 23B, 23C and 24A, 24B, 24C.

32F.04 No employee shall be eligible for supplementary employment benefits during the first academic year in which a term appointment is held. Any Employee holding a subsequent consecutive term appointment shall be eligible for supplementary employment benefits.

32F.05 For an Employee who takes both maternity and parental leave, the combined maximum shall be consistent in duration with the Employment Standards Act of New Brunswick. Any election by an Employee to receive a lower EI benefit spread over a longer period of time (e.g., extended parental benefits) as may be permitted under the Employment Insurance Act shall have no bearing on the total amount to which they are entitled to receive pursuant to the SEB.

Specifically, the weekly top-up payment will be calculated using the weekly EI benefit that would be payable to the Employee (i.e., 55%) without regard to any election by the Employee to receive a lower EI benefit spread over a longer period of time as may be permitted under the "Employment Insurance Act". In no event will the top-up payment exceed the difference between 95% of the Employee's actual weekly rate of pay in effect on the last day worked prior to commencement of the leave and the sum of the Employee's EI benefit calculated without regard to any election by the Employee to receive a lower EI benefit spread over a longer

period of time as may be permitted under the Employment Insurance Act (i.e., standard or extended parental benefits).

For an Employee who takes both maternity and parental leave, the combined maximum leave period for the SEB plan top-up shall be 52 weeks.

Article 32G RETURN TO NORMAL DUTIES

Employees are expected to return to normal duties on completion of a maternity/parental leave for which they receive a SEB benefit. On application to the President, this requirement may be deferred or waived in the case of hardship or when substantial professional advancement would be denied.

The same consideration shall be given for other relatives living in the household of the Employee. Upon application, the University will consider granting reasonable travel time in addition to the leave granted under this Article.

32H.03 Such leave does not limit the application of any other leave provided in Article 32.

Article 33 RETRAINING LEAVE

33.01 The University of New Brunswick may offer an Employee leave of absence for retraining purposes. The duration of the leave and the percentage of salary paid, if any, shall be determined by the University of New Brunswick. There shall be no remuneration in excess of the annual salary in the event the Employee chooses to work through all or part of their vacation period. Vacation may be taken in one (1) or more parts. Vacation credits shall not accumulate during periods of leave without pay.
- 34.02 The time period between the end of one (1) regular academic year and the commencement of the next regular academic year is the period of time in which vacation entitlement will normally be taken. Vacation credits may be used during the regular academic year only if such vacation would, in the judgment of the Dean, not unreasonably interfere with the responsibilities of the Employee.
- 34.03 Employees shall arrange their vacation period(s) in consultation with their Chair in departmental faculties or Dean in non-departmentalized faculties, in accordance with the responsibilities of the Employee and with due regard to the continued effective functioning of the Academic Department, Faculty, Library Department or Library concerned. The Chair shall provide the Dean with a statement indicating when Employees plan to be on vacation. Employees shall advise the Chair of any variation in their plans, in writing, with a copy to the Dean.
- 34.04 It is expected that vacation will normally be taken during the year in which it is earned. However, an Employee may request the Dean to allow carry over of unused vacation credits into the next academic year but the cumulative total of vacation credits shall not normally exceed one and one half (1½) and never exceed two (2) times the annual vacation entitlement. Such request shall not be unreasonably denied.
- 34.05 Vacation entitlement shall not be redeemable for its monetary value except in the event of death, in which case the value of unused vacation credits, including any approved carry over from the previous year, will be paid. In the event of termination, the Dean shall schedule earned vacation time prior to the effective date of termination.

- If an Employee commits in writing to a specific retirement date on a July 1 or January 1 that will occur on or before the Employee's Normal Retirement Date, the Employee will receive an amount equal to one-twentieth (1/20) of their retirement allowance for each six (6) months of retirement prior to the Employee's Normal Retirement Date. The maximum benefit that an Employee can receive is three-tenths (3/10) of their retirement allowance. This amount is a component of the Retirement Allowance. The notice shall be irrevocable unless undue hardship arises during the notice period for the Employee and such notice must be given at least six (6) months prior to the effective date.
- If an Employee who is eligible to receive the Retirement Allowance dies while employed by the University, such Employee's surviving spouse shall be granted the Retirement Allowance which the Employee would have received if they had retired as of the date of the occurrence of the Employee's death. - (c) For programs with enhanced tuition fees such as cost recovery programs, the tuition fee waiver/reduction referred to in Articles 35.07(a) and (b) shall be based upon the regular tuition fee for an undergraduate degree program in that faculty.

- (ii) salaries at or above any ceiling are not increased by the PTR;
- (iii) salaries may not be increased above any ceiling by application of the PTR increase;

At the request of the recipient, an equivalent sum may be paid on a T4A basis as a research grant for personal professional development. The disposition of the awards shall be published in University Perspectives following their approval by the Board of Governors. There shall be no grievances arising from the disposition of the merit awards insofar as the disposition is not in conflict with this Collective Agreement. Prior to making their nominations for merit awards, the Deans shall ask for suggestions from the academic departments and the libraries for which they are responsible.

Salary on Initial Appointment:

36A.06 Where a person has been granted credit for previous experience on initial appointment then their initial salary shall be, except as provided for in Articles 36A.07 and 36A.09, the floor salary for their rank or classification, plus an amount equal to the value of comparable experience at the University of New Brunswick. The University of New Brunswick shall provide the Association with an up-to-date table showing the value of experience for each rank and classification.

36A.07 An Employee's initial salary may only exceed the salary established according to Article 36A.06 by any amounts designated as a Market Differential Component and/or as a President's Discretionary Component when such an amount or amounts have been determined in accordance with the terms of this Collective Agreement.

In such cases, the offer may state a reasonable guaranteed minimum. The PTR adjustment is applicable in all cases except when no experience credit is being granted for the Academic Year prior to the Academic Year in which the appointment takes effect. The offer shall indicate whether the EA and PTR adjustments are both applicable or whether only the EA is applicable.
- 36A.10 Employees whose appointment is effective prior to April 1 shall receive a PTR adjustment on July 1 following. Employees whose appointment is effective April 1 or after shall not receive a PTR adjustment on July 1 following unless they have been granted credit for previous experience for the Academic Year in which they were appointed.
- 36A.11 Adjustment Committee:

In the event that the President deems a case to be urgent and so indicates to the Committee, the Committee shall consider the case and make its recommendations known to the President as soon as possible, and in no case shall the time period be longer than five (5) days from the date of receipt by the Committee. If the Committee cannot comply with this time period and an offer must be made, the President will consult with a representative of each Party on the Committee and may proceed with the offer of appointment. In this case, the Committee shall be advised of the details of the consultation and of the Market Differential Component that was offered.
- 36A.13 A Market Differential Component shall be recommended by the Adjustment Committee only when one is necessary to recruit persons who are in a market differential occupation. A market differential occupation is one in which a salary premium is necessary to recruit persons with well defined qualifications in the face of competition in the Canadian academic market taking into consideration salaries paid to individuals of comparable qualifications, experience and levels of accomplishment at other selected Canadian universities. Particular qualifications, including particular types of required experience and/or outstanding merit of an individual shall be within the realm of the President's Discretionary Fund.
- 36A.14 A Market Differential Adjustment may be recommended by the Adjustment Committee only when one is necessary to maintain staffing in a market differential occupation.
- 36A.15 When the Adjustment Committee has arrived at a tentative Market Differential Adjustment recommendation concerning an Employee, the Chair of the Committee shall so advise the Employee in writing together with reasons and shall invite said Employee in writing to submit further documentary evidence if they wish within ten

(10) days from the date of invitation. Any such submissions shall be considered by the Adjustment Committee before reaching its final recommendations. The Adjustment Committee shall convey its final recommendations to the President.

- 36A.16 The Adjustment Committee shall monitor all Market Differential Components and Adjustments identified in accordance with Article 36A.13 and Article 36A.14 and shall recommend appropriate changes to the President. These recommendations shall be made at least once every three (3) years. When a reduction in the Market Differential component or adjustment is determined then the Employee's salary shall be "red circled". Red circling shall mean that either no PTR adjustment, or only part thereof, shall be made until the required reduction has been achieved.
- 36A.17 The President shall implement the recommendations of the Committee concerning the Market Differential Component of Article 36A.13 and the Market Differential Adjustment of Article 36A.14, subject to the limit as specified in Article 36B.04. - 36A.18 The Committee shall determine its own procedures which shall be just and reasonable. The criteria for Market Differential Components and Market Differential Adjustments shall be those of Articles 36A.13 and 36A.14 respectively.
- 36A.19 The Association shall be notified of the names of the recipients of all Market Differential Components and Adjustments, and President's Discretionary Adjustments and components, and the amount of each. Upon request the Association will be provided within a reasonable time with reasons for any adjustments made from the President's Discretionary Fund. Article 37 MOVING ALLOWANCE

37.01 Upon appointment **to a tenure position, a tenure track position, a term position of ten months or more**, or upon re-assignment from one (1) campus to the other, in accordance with the provisions of this Collective Agreement, Employees shall be eligible for reimbursement of bona fide relocation expenses normally up to **12.5** percent of the current salary floor of the Assistant Professor. This limit may be increased in exceptional cases, only if approved, in writing and in advance, by the Dean and the **Provost**. The offer of appointment or offer of re-assignment shall make specific reference to this Article and shall state its application, if any, relative to the specific appointment or reassignment.

- 37.02 All bona fide relocation expenses may be claimed provided the approved limit is not exceeded, and provided the Employee submits a detailed statement and supporting receipts for approval by the Comptroller (or designate). Within the limit, bona fide relocation expenses may include:
- (a) The actual cost of transportation and accommodation when en route, for the Employee and their spouse and dependants allowable for income tax purposes. When travel by car is chosen, the car mileage and meal allowance shall be the same as and subject to the same conditions as those applicable to travel on University of New Brunswick business, provided the total does not exceed economy air fare as stated above.
 - (b) The actual cost of moving and/or storing of household goods and effects from the place of residence to Fredericton or Saint John must be supported by receipts. Transportation of a motor vehicle is not normally included, but may be charged provided the total cost of all relocation expenses charged to the University of New Brunswick does not exceed the approved limit.
 - (c) Living expenses incurred by the Employee and one (1) day at the original place of residence and for a reasonable period in Fredericton or Saint John may be claimed when supported by receipts provided the total cost of all relocation expenses charged to the University of New Brunswick does not exceed the approved limit.

37.03 **The reimbursement of relocation expenses shall take the form of an interest-free loan from the Employer. The loan shall be considered to be repaid when the Member completes two (2) full years of continuous service at the University of New Brunswick, each half year being equivalent to one quarter (1/4) of the loan repayment. Reimbursement is required only if the Member's employment at the University of new Brunswick ceases of their own volition before the completion of two (2) full years of continuous service, in which case the Member shall reimburse the Employer for any outstanding portion of the loan.**

Article 38 INTELLECTUAL PROPERTY

Purpose

38.01 The purpose of this article is to encourage the creation of new knowledge and of scholarly and other creative works within the University of New Brunswick while maintaining high academic standards, to assist in the development and use of new forms of delivery for courses developed at the University of New Brunswick, to provide incentives to the academic staff to create such works and to participate in such **programs**, to contribute to the public good by the useful application of creative knowledge to the social, economic and educational problems of society, to assist in the economic growth of New Brunswick and of Canada, to protect the interests of Employees and the University of New Brunswick, to protect the academic freedom of all those involved in the creative process, and to provide access to a grievance and arbitration procedure to settle disputes between Employees and the University of New Brunswick in this area.

Definitions

38.02 (a) For the purposes of this Collective Agreement, intellectual property means any product of research, scholarly or other creative activity, including curriculum development and instructional programming, which is the result of an Employee carrying out duties relevant to the creation and dissemination of knowledge as defined in Articles 16A, 16B and 16C as well as 17A and 17B, whether copyrightable or patentable. Intellectual

property applies to all original scholarly, scientific, literary, dramatic, musical and artistic works and to recorded works. Such works include but are not limited to: scientific and engineering discoveries and inventions, industrial designs, architectural and engineering drawings, patents, trademarks, computer software and **programs**, data bases, books, texts, articles, monographs, glossaries, bibliographies, modular posters, study guides, laboratory manuals, correspondence course packages, interactive textbooks, course work delivered on the Internet, multimedia instructional packages, syllabi, tests and work papers, lectures, musical and/or dramatic compositions, choreographic works, cartographic materials, unpublished scripts, films, filmstrips, charts, transparencies, other visual aids, video and audio tapes and cassettes, live video and audio broadcasts, programmed instructional materials, drawings, paintings, sculptures, photographs and other works of art.

- (b) **Definitions related to Online Courses are included in Article 39.**
- (c) Creator means an individual or group of individuals who makes, conceives, reduces to practice, invents, or otherwise makes a substantive intellectual contribution to the creation of intellectual property.
- (d) Edit means copy editing, content editing, formatting for **online** delivery, developing an instructional design, or any other activity which modifies the format in which information is presented but does not substantially alter the intellectual content of the material, but not translations or the editing of critical scholarly texts.
- (e) Normal University of New Brunswick resources means those resources, including but not limited to funds, facilities and support or technical personnel, which are usually and customarily provided to Employees in the course of their academic duties and include salary and benefits, office and laboratory space, library facilities and other information sources, ordinary access to computers, routine computer software and networks including normal email and Internet connections, routine use of workshops and other technical facilities and routine financial and administrative support functions. Funding specially targeted toward the development of intellectual property, such as the payment of a development stipend under Article 36B.02 and extensive use of technician time for the creation of intellectual property are examples of resources above normal University of New Brunswick resources. The parties agree that in the case of **Online Courses** offered by the University of New Brunswick, the University has contributed more than normal University resources for the purposes of Article 38.04 c).
- (f) Net proceeds mean the net profit, if any, incurred in protecting or exploiting the intellectual property derived from licensing, sale or other commercialization of the intellectual property after deduction of all reasonable expenses including any payments to subsidiary copyright holders not covered by this agreement, payments to graduate students, and other direct University of New Brunswick expenses incurred in the evaluation, protection or exploitation of the intellectual property, including expenses for patent searches, obtaining patent protection and maintaining said protection in Canada and in other countries. University expenses do not include any expense incurred by the University of New Brunswick in mounting a legal challenge to the creator(s)' ownership claim of the intellectual property. All costs not budgeted of a non trivial kind (at least \$500) shall be disclosed by all parties to the agreement to the other parties

within thirty days of the moment in time that a party becomes aware of such costs. Net proceeds includes cash, equity and other consideration which the University of New Brunswick or the Employee(s) may be reasonably entitled to receive, but have instead been directed to another party, including consideration directed by the Employee(s) to family members or corporations substantially controlled by the Employee(s) or a family member.

The payment of out of pocket expenses, travel expenses, speakers' honoraria and similar payments are not considered as income from commercial activity.

- (g) Commercialization, as used in this Agreement, does not include curriculum development, instructional programming or delivery of courses through the University, regardless of the mode of delivery.

Ownership

38.03

- (a) Except as otherwise specifically provided in this Article, the University of New Brunswick waives, disclaims and abandons any interest or claim to any intellectual property developed by Employee(s) through the use of normal University of New Brunswick resources or without the use of any University of New Brunswick resources other than the payment of salary and benefits, and therefore, agrees and undertakes to transfer to the creator(s) and hereby transfers to the creator(s) any and all rights in the copyrights, patents, industrial designs or trademarks created by them.

When intellectual property has been developed by the Employee(s) with the use of University of New Brunswick resources over and above normal University resources as defined above, the Employee(s) retains ownership of the intellectual property, unless an agreement is negotiated with the University of New Brunswick to share or transfer ownership.

- (b) The University of New Brunswick, in keeping with longstanding academic custom, recognizes the ownership by the Employee(s) of copyright in traditional works of authorship such as textbooks, scholarly monographs and articles, works of non-fiction and fiction or artistic works such as dramatic works and performances, musical compositions and performances, visual works of art, sculpture and poetry, whether such works are disseminated visually, in print, or electronically, and lectures and these copyrights shall not be subject to the provisions of this Agreement pertaining to notification to the University of New Brunswick, commercialization, and revenue sharing in any form.
- (c) Consistent with Article 21 on outside professional activities, if an Employee who is undertaking outside professional activities creates intellectual property but does not make appreciable use of University of New Brunswick resources other than payment of salary and benefits and complies with other applicable University policies, including those on professional responsibilities (Article 16), workload (Article 19), and the use of the University of New Brunswick's name (21A.03), the University does not assert intellectual property rights in works resulting from such activities, and such intellectual property shall not be subject to the provisions of this Agreement pertaining to notification to the University, commercialization, and revenue sharing in any form.
- (d) The name "The University of New Brunswick" or abbreviations thereof and the logos of the University of New Brunswick or its component parts are

trademarks and service marks of the University and are owned by the University.

- (e) No Employee shall claim intellectual property rights in any University of New Brunswick administrative documents or administrative correspondence that may be produced by them or may be in their possession, or in the translation thereof. Where an Employee(s) develops a computer **program** for the internal administrative use of the University of New Brunswick, the University shall own the copyright unless there is a written agreement with the Employee(s) to the contrary. Where the University of New Brunswick owns the copyright, the University shall, at the written request of the Employee(s), grant the Employee(s) a license to use and to exploit the intellectual property without fee. An Employee(s) who is directly employed by the University of New Brunswick to edit a journal or magazine owned by the University, or to write a specific article for such a journal or magazine, shall not own any copyrights therein save and except for articles, reviews or literary pieces written by the Employee.
- (f)
 - (i) The University of New Brunswick shall take steps to prevent operators on the Internet from posting, without the written permission of the Employee(s), notes taken, or purported to have been taken, which are represented as giving some or all of the content of lectures given in courses offered by the University, and shall give every reasonable assistance to the Employee(s) to prevent publication, recording or broadcasting of lectures not authorized by the Employee(s) concerned, other than for the accommodation of disabled students according to the policies of the University. Where the University of New Brunswick pursues such cases, Employee(s) will give every reasonable assistance to the University.
 - (ii) The University of New Brunswick shall give every reasonable assistance to an Employee(s) who is the creator(s) of **an Online Course** to prevent unauthorized use of the course and its teaching materials. The Employee(s) shall give every reasonable assistance to the University in any attempt by the University to prevent the unauthorized use of such a course and its teaching materials.
- (g) The University of New Brunswick may, at its expense, tape record and/or video courses in whole or in part, copy course materials whether traditional or **online**, or transform course materials into other formats solely for the purpose of accommodating disabled students of the University according to regulations established by the University. The University may not charge the students a fee for such services other than to recover the direct costs of duplicating or copying. Such materials shall not be used by the University for any other purpose, and any videos or other electronic copies of courses, in whole or in part, shall be erased within three (3) months of the end of the term in which the materials were used unless otherwise agreed in writing by the Employee(s).

Commercialization

38.04

- (a) The Employee(s) who is the owner of intellectual property is solely responsible for the decision to commercialize or not to commercialize such intellectual property.

- (b) Employees agree to disclose to the **Provost** the intention to patent or to commercialize intellectual property, other than property specified in 38.03 b) and c), within one (1) month prior to filing of the patent application or intellectual property sale and shall affirm in writing at that time whether or not the discovery has been made or developed with the use of University of New Brunswick resources over and above normal University resources.
- (i) In making the disclosure, the Employee(s) shall also warrant to the University of New Brunswick that they are the owner of the resulting intellectual property and that they are the creator, and shall disclose the circumstances under which the work was created, a description of the use of the University of New Brunswick's resources if any, and any financial or other relationship with a third party that might affect the University's rights in the work (e.g. third party funding agreements). The University of New Brunswick may, within one (1) month of receipt of the statement of the Employee(s), challenge in writing the assertion of the Employee(s) in regard to the use of the University of New Brunswick's resources, in which case the matter shall be settled by arbitration by a single arbitrator as detailed in Article 41. Failure by the University to challenge the declaration of the Employee(s) within one (1) month shall constitute a waiver of any rights which the University of New Brunswick may have had in the intellectual property and its exploitation. If the Employee(s) fails to disclose the existence of a patent application or a process to commercialize intellectual property, other than property specified in Article 38.03 b) and c), it shall be understood that the University of New Brunswick maintains its rights under this Article until disclosure is made.
- (ii) In situations where it is determined that intellectual property has been developed with normal University of New Brunswick resources, the University has a right to negotiate an agreement with the Employee(s) to own and/or manage the intellectual property.
- (c) When the intellectual property, other than that specified in 38.03 b) and c), has been developed with the use of University of New Brunswick resources over and above normal University resources, 38.04 c) (i), (ii), and (iii) below apply.
- (i) The Employee(s) recognizes that the request for resources from the University of New Brunswick over and above normal University resources may be considered as a decision to commercialize if the result is the development of intellectual property.
- (ii) The Employee(s) shall enter into an intellectual property agreement with the University of New Brunswick specifying the share of net proceeds based on relative contribution which shall accrue to the University and the Employee(s) in the event that the intellectual property is commercialized. When the Employee informs the **Provost** in writing that they wish to proceed with such an agreement, the University shall respond with a proposal within thirty days. In the absence of a proposal within this time period or of an agreement within a further thirty days, either party may refer the matter to a single arbitrator according to Article 41 of this Agreement within a further thirty days, and, in the absence of an agreement or a referral within the time limits, the fees, royalties or

other income shall be shared so that the Employee (or their heirs, successors and assigns) receives 50 percent thereof and the University of New Brunswick 50 percent thereof. Access to arbitration shall only be available where the net proceeds in any one (1) year are more than 25 percent of the Assistant Professor floor.

- (iii) In cases where fees or licenses for the use of third-party material in the intellectual property are required, the Employee(s) shall provide the University of New Brunswick with a list of those intellectual property owners. The University shall be responsible for securing permission to use such properties but the Employee shall indemnify the University against any loss resulting from failure by the Employee to list the names of such subsidiary rights holders. The University shall prepare a standard form for use by the Employee in this context which shall include a clear statement in layman's language of the current state of Canadian copyright law in regard to fair use and educational exceptions as they might apply to technologically mediated courses.
- (d) Where an Employee(s) has decided to commercialize intellectual property produced with University of New Brunswick resources over and above normal University resources, the Employee(s):
- (i) shall grant to the University of New Brunswick a license to use the property, including the right to grant others the right to use the work;
 - (ii) shall either directly or through the agency of the Association establish with the University of New Brunswick a fee or royalty to be charged to third parties wishing to use the work; in default of such agreement within a time period of thirty days from the date of the request by the Employee(s), such fee or royalties shall be set by one (1) arbitrator who shall be named by the Association and by the University in accordance with Article 41;
 - (iii) if the license granted to the University of New Brunswick is not exclusive, shall not grant any other licenses at fees or royalties less than those paid by the University;
 - (iv) may waive any fee, royalty or other payment to the University of New Brunswick provided that such waiver shall be in writing and shall be limited to the occasion and the user or users specified in the said writing and a copy provided to the Association.
- (e) Where the Employee(s) has granted a license to the University of New Brunswick or otherwise transferred intellectual property rights to the University, the University shall ensure that:
- (i) the work is not distorted, mutilated or otherwise changed without the written consent of the creator(s);
 - (ii) the work is not put to any use that is not in keeping with the purposes for which it was produced;
 - (iii) the creator(s)' name(s) shall be associated with the work as author or inventor, if reasonable in the circumstances;

- (iv) the work shall not be used in association with any commercial activity or any cause or institution without the permission of the creator(s);
 - (v) the provisions of f) below are fully respected, and the University of New Brunswick shall not enter into any agreement with a third party which alters or abridges, or has the effect of altering or abridging, the intellectual property rights of an Employee(s) as set out in Article 38 of this Agreement, without the written consent of the Employee(s).
- (f) An Employee(s), believing their work to be unsatisfactory for a proposed use due to dating, the development of new knowledge, the need to correct errors of fact or to maintain technological currency, or for other good reason, may require the work to be amended or may require that its use be withheld provided that the Employee(s) may not require such amendments or withholding within one (1) year of the delivery of the intellectual property to the University of New Brunswick. The University has the right to challenge the bona fides of the Employee(s)' decision. Any dispute as to the bona fides of the Employee's position shall be settled by a single arbitrator pursuant to Article 41.
- (g) Severability
- (i) Where more than one (1) right holder has an interest in an intellectual property, each right holder may exercise their rights with respect to their contribution, provided that it is severable;
 - (ii) A contribution is severable for this purpose if it could be erased without undermining the value of other contributions to the same intellectual property, or it could be replaced in the intellectual property by another contribution by someone else;
 - (iii) Where an intellectual property involves non severable contributions by more than one (1) rights holder, any reference to permission by the rights holder shall be deemed to mean the unanimous permission of all such rights holders.
- (h) The University of New Brunswick agrees that it shall not enter into any agreement to sub contract work or responsibilities already undertaken or possessed by the University and Employee(s) (Professors, Librarians Archivists, and Teaching Professors) without securing to the Employee(s) who may be seconded to or employed by the sub-contractor all the rights, privileges and benefits accorded to them in this Article of this Collective Agreement, nor shall the University enter into any agreement to create a consortia involving universities, government departments or agencies, private companies or non-profit bodies for the purposes of research or development or commercial exploitation without securing to the Employee(s) who may be seconded or employed by such bodies, all the rights, privileges and benefits accorded by this Article.
- (i) The use of the University of New Brunswick's name, trademarks, service marks and logos may not be used in advertising, personal publicity or product promotion which purport to represent the University or to speak for it without the prior written approval of the **Provost**. Nevertheless, members of the bargaining unit may identify themselves, as per Article 21A.03, by stating the nature and place of their employment and their rank and title in their publications and when engaged in outside professional activities. The

name of the University of New Brunswick shall not be used without mutual agreement in connection with intellectual property in which the University of New Brunswick has no interest.

Non-Commercial Use and Distribution

38.05

- (a) The Employee(s) shall grant to the University of New Brunswick a non-exclusive, royalty free, irrevocable, indivisible, and non-transferable right to use, solely for its internal use, any patentable, patent pending or patented invention, device, equipment or process, industrial design, computer program, recorded work such as films, CD-ROMS or videos (except where the computer **programs** or recorded materials encapsulate a course or part of a course given by the University of New Brunswick), including associated documentation used in the patenting process where applicable, when such device, equipment or process or industrial design or computer **program** or recorded material such as films, CD-ROMS or videos, has been invented with the use of the University's funds, facilities, support or technical personnel, whether using normal or additional University resources. Such right shall not include the right to transfer, or to commercially exploit any product or process except as provided in this Agreement, and shall remain in force if the Employee(s) ceases to be in the employ of the University of New Brunswick. The University shall ensure that the moral rights of the Employee(s) are respected in any use made of the computer **programs** or recorded materials.
- (b) Employees agree to waive any claim for monetary compensation, other than direct out of pocket expenses, arising out of intellectual property claims in relation to teaching or lab manuals, technologically mediated courseware, course notes produced internally as part of their workload, provided that such materials are sold only within the University of New Brunswick at a price set to recover direct costs (i.e. paper, bindings, time of support staff, duplicating costs, distribution costs, and associated required taxes but not honoraria or other similar payments) or less. If the University sells at a price higher than direct costs or sells to the general public, then the University shall pay to the Employee(s) who holds the intellectual property rights in such works a ten (10) percent fee on all such sales unless an alternative contract is signed by the Employee(s) and the University. The University of New Brunswick shall not authorize another university or subsection thereof or any other body or person to use such works without a prior written agreement with the Employee(s) who is/are the creator(s) which, inter alia, stipulates the royalties to be paid to the creator(s), and shall provide the Association with a copy of any such agreement within two (2) weeks of signing. The fee may be paid to the Departmental unit if such an agreement is made and signed with the relevant Employee(s).
- (c) (i) Employees have the right to use and to copy all intellectual property created by them, including recorded course content and courseware they develop or create, in the course of teaching or research at the University of New Brunswick. This includes the right to make changes to the work and the right to distribute such works, without payment of any copyright fees to the University or any third party licensed by the University, to its students, faculty and other University personnel for teaching, research, academic review and other non commercial University purposes.
- (ii) With respect to course content and courseware in technologically mediated instruction, see Article 38.07.

Web Sites

38.06

- (a) When an Employee(s) develops a web site, other than an official administrative web site, whether professional or personal on the University of New Brunswick server, the Employee(s) retains intellectual property rights in that web site and in any materials on that web site created by the Employee(s). The University may not alter or cause to be altered or erase or cause to be erased any material on the web site without the written agreement of the Employee(s) except that the University may require that materials be removed from the site if the contents violate the laws of Canada, constitute a threat to public health or safety, or violate any article of this Agreement provided that any disagreement between the University of New Brunswick and the Employee(s) over the interpretation or application of this Article may be referred by either party to a single Arbitrator as provided in Article 41. If the Employee(s) ceases to be in the employ of the University, the University may remove the Employee(s)' web site on the University server provided the University gives the Employee(s) thirty days' notice in writing of its intentions.
- (b) If a web site is created and maintained by the Employee(s) on a server other than the University of New Brunswick server and without any direct costs to the University for its creation and maintenance other than payment of salary and benefits to the Employee, the Employee retains intellectual property rights in that web site and in any materials on that web site created by the Employee(s). The Employee shall not represent the site as being sponsored or approved by the University of New Brunswick nor use the name of the University other than as permitted under Article 21A.03, and the University shall not interfere or attempt to interfere in any way with the material on the web site or impose any sanctions or attempt to impose any sanctions of its own on the Employee(s) arising from such material except to enforce 38.03 f), (i). Nothing in this Article shall be deemed to inhibit in any way the right of the University or any of its Employees to take legal action against an Employee(s) arising from material the Employee(s) has put on their web site.

Storage/Archiving

38.07

- (a) Rights and Responsibilities of the University of New Brunswick
- (i) The University of New Brunswick shall retain possession of all intellectual property created by an Employee(s) and transferred to it or licensed to it to be archived according to this Article and shall exercise reasonable care to ensure that such intellectual property is not damaged, erased, copied, amended or edited without the authorization of the creator(s).
- (ii) For the purposes of storage and library use, the University of New Brunswick may retain at its own expense, but without payment of royalties or other fees to the Employee(s) who is the creator, one (1) copy of any film, on line educational **program**, video, CD-ROM, other equivalent electronic recording developed by an Employee(s) for a recognized educational **program** of the University of New Brunswick but nothing in this article shall be construed as a waiver of any intellectual property rights by the Employee(s), other than as specified in this Article 38. Such copies shall include the copyright symbol and note on the copy the names of the copyright holders.
- (iii) The University of New Brunswick shall not loan or transfer a copy of the intellectual property of an Employee(s) to any third party

outside the University academic community without the written permission of the Employee(s) who holds the property right, except for the purposes of library or inter library loan according to the regulations of the libraries of the University.

- (b) Deposits by an Employee(s)
- (i) Employees who deposit their own or other documents in the archives of the University of New Brunswick shall be bound by the rules and regulations of the archives in force from time to time in regard to the use and disposition of such documents.
 - (ii) Nothing in this Article shall be deemed to require the University of New Brunswick to accept any deposits or donations of documents to the archives although the University shall make every reasonable effort to provide such facilities for deposits, particularly those directly related to the history of the University and its academic and scientific work.
 - (iii) Nothing in 38.07 a), (i) above shall be constituted as a waiver of any intellectual property right by the Employee(s) nor as permission to the University of New Brunswick or to any agent of the University to share that intellectual property without the written approval of the creator of the intellectual property.

Estates

38.08

- (a) When an Employee or former Employee dies, their estate shall retain all their rights and responsibilities under this chapter of this Collective Agreement, unless the estate chooses to renounce such rights and transfers the rights and responsibilities in writing to the University of New Brunswick or to another party.
- (b) The estate of an intellectual copyright holder shall, in the event that the copyright holder received public funds while at the University of New Brunswick or from the University for a specific research project which did not result in publication prior to death, allow unrestricted access to and quotation from papers, documents or research materials collected for the research project by the right holder to other members of the bargaining unit or to academic administrators of the University of New Brunswick, provided that such access shall not abrogate any existing publication contracts (viz. where a completed or virtually completed manuscript is in existence with a firm publication contract) and shall not abrogate legal responsibility to pay copyright fees where required by law.

Legal Protection

38.09

The Employee(s) agree to indemnify and save harmless the University of New Brunswick from any claim, action or cause of action for any reason whatsoever brought, threatened or made by any person relating to the intellectual property which the Employee(s) solely owns. Should any claim, action or cause of action for any reason whatsoever be brought, threatened or made by any person where the intellectual property rights are jointly owned, the liability to defend shall likewise be joint. Should a claim be advanced where the intellectual property right has been transferred to the University of New Brunswick, the liability to defend shall be that of the University and not the Employee although the Employee(s) shall give every reasonable support to the University for its defence. If the action against an Employee(s) arising from copyright materials owned or co-owned by an Employee(s) can reasonably be considered as an attack on the academic freedom

of the Employee(s), the University shall support the Employee(s) involved in the case.

Article 39 ONLINE COURSES

Purpose and Scope

39.01 Both the University of New Brunswick and Employees are committed to **online** instruction as a means of enhancing the ability of Departments and Faculties to offer their desired **programs and courses**. **Online programs and courses have increasingly become an expectation from students, government and regulatory bodies and other communities the University serves**. Both the **University and Faculty Members** see the potential to enhance instruction for students by allowing for new and different content **and engagement strategies**, the potential for more personalized feedback or instruction, and the opportunity for more off-campus student participation. The intent is not to reduce the number of full-time academic positions.

Course and Program Approval

39.02 **Online** credit courses, **sections and programs** (or modifications thereof), **whether new offerings or conversions of in person courses and programs to online formats, or conversion from one online format to another**, shall only be developed **(or subsequently discontinued) through collegial processes** as part of the curriculum offerings of existing Departments **and Faculties** or of offerings agreed between Departments and Faculties for interdisciplinary credit courses and **programs**. **These** shall comply with the practices, procedures and criteria which have been established at the University of New Brunswick for the creation by Departments and Faculties of in classroom credit courses. The textbooks and learning materials for courses which are to be **online** shall be selected in the same manner as they are for traditional courses.

General Principles

- 39.03
- (a) **Online course** instruction shall not be used by the University of New Brunswick to reduce or eliminate full-time academic positions at the University without consultation with the Association.
 - (b) **For the purposes of interpreting this Article 39, the provisions for assignment of teaching load set out in Article 19A or 19B, as applicable, apply, provided assigned Online Courses have been designated as Assignable Online Courses in accordance with MOU 34 Assignable Online Courses.**
 - (c) **In a manner consistent with in-person courses, the Dean shall, in consultation with faculty members in academic units, and taking into account pedagogical considerations and those relating to workload, determine the maximum enrolment in any online course section.**
 - (d) Employee(s) **teaching online** courses shall have academic freedom as stipulated in this Agreement.
 - (e) **In the event the Instructor of an Online Course determines there is a need for invigilation as a part of student assessment, the Dean shall determine in consultation with the Instructor, whether in-person or online invigilation shall occur for a particular Online Course, taking into account pedagogical considerations, accreditation requirements, invigilation options, and location of students in the course.**

Definitions

- 39.04 (a) **Online course:** Courses that are taught online (either term-based or open access). The incidental use of online teaching for courses put forward in the academic calendar as “in classroom”, or the required shift to online teaching due to governmental restrictions is not within the scope of this Article and are treated as courses under general provisions of this Collective Agreement.
- (i) **Term-Based Online Course:** Online courses that are offered for fixed periods of time during the year with defined start and end dates matching the start and end dates of academic terms (Fall/Winter/Summer). Instruction and assessment are scheduled and paced within that period of time. Term-based online courses may be wholly online or may involve instruction that is hybrid (available as a sequential blend of online and in-person instruction) or hyflex (available concurrently online and in-person, where students can move between online and in-person).
- For the purposes of this Agreement, the use of learning management systems (e.g., Desire-2-Learn), the use of virtual reality tools, or the incidental use of slides, video or electronic aids to teach in courses otherwise primarily delivered in-person, does not result in a course being an online course.
- (ii) **Open-Access Online Course:** Online courses that have fixed enrollment dates, and the student has a fixed period of time (typically six months) to complete the course but without defined scheduling or pacing of instruction and assessment (non-paced).

Instructional Design Support

- 39.05 (a) In the event that an Employee is **scheduled** to teach an **Online Course**, **UNB** shall **make available** appropriate **instructional design** support as **determined by the University** so that the Employee is specifically and comprehensively prepared **and supported** to teach in this environment.

This written notice shall summarize the allegations in sufficient detail to allow the individual concerned an opportunity to respond, and shall advise the individual concerned of the right to be represented by the Association and that they should contact the Association before responding. An Employee, who is an authorized representative of the Association, shall be present at any meeting or hearing involving the individual named in the allegations during the course of the formal investigation. More than four (4) years of the individual Professional Expense Account allocation may be carried over only if the Employee has applied to do so by April 1 and it has been approved by the Dean. Appendix B COMPULSORY RELEASE FROM EMPLOYMENT FOR EMPLOYEES WITH
LONG TERM DISABILITIES

Introduction

Consistent with human rights obligations and the principles of accommodation, it is recognized that Employees may be released from employment after they have been absent from their work for an extended period of time, without a good prognosis for return to work within a reasonable period of time.

Whereas this principle has been recognized for some time, the time limits and assessments involved have not previously been defined.

Policy

1. Compulsory release from employment of Employees with long term disabilities routinely occurs thirty months (two and one-half (2½) years) after commencement of the disability. Two and one half (2½) years represents the initial six (6) month sick leave under 32D and two (2) years of long-term disability (LTD) benefits. At the option of the Employer, compulsory release may occur after (a) two (2) years of LTD benefits and (b) a medical assessment by the LTD provider showing that the individual is totally disabled from any occupation and has no good prognosis for return to work within a reasonable period of time.
2. Earlier release from employment may be considered prior to two and one-half (2½) years after the commencement of the disability if there is a medical prognosis by the employee's personal physician, a physician appointed or approved by UNB, or the LTD provider's medical assessments, indicating that the employee will not be able to return to work before the end of the two and one-half (2½) year period. Such potential earlier release of Employees with long term disabilities shall be taken in consultation with **UNB Faculty Relations**, the AUNBT and the relevant Dean subject to approval of the respective campus Vice-President.
3. Employees shall be paid out any retirement allowance under Article 35.02 when they are released from employment in accordance with this policy, if they have accrued sufficient service.
4. Employees released under this policy will receive special consideration with regard to UNB employment opportunities, should they be able to return to work at a later date and a position that they are qualified and able to perform is available.
5. Persons who have had their employment released under this Appendix will continue to have access to benefits, such as group life, and group health insurance, so long as they remain eligible under the terms of the benefit plans, in the period after compulsory release of employment, for as long as eligibility for disability benefits continues. This will be on a premium payment basis, unless the Employee qualifies for a waiver of premium.

NOTE 1:

This policy is consistent with the University's Long Term Disability Benefit plan, which provides a disability benefit for Employees who are prevented from performing the essential duties of their own occupation during the six (6) month qualification period and the two (2) years immediately following the six (6) month qualification period. After the two (2) years and six (6) months have passed, disability benefits are paid if employees are unable to perform the essential duties for any occupation for which the employee is qualified, or may reasonably become qualified, by training, education or experience. If the Employee is not

eligible for benefits under that test, the Employee may be required to assume another available occupation at UNB which they can perform.

Memorandum of Understanding

The Association of University of New Brunswick Teachers (AUNBT)

And

The University of New Brunswick (UNB)

Subject: Discipline Guidelines

Principles

The Parties agree that it is in the interest of good labour relations that these guidelines have been developed. These guidelines are intended to provide a fair process for the informal non-disciplinary and disciplinary dispute resolution.

The Parties agree to adopt the following principles:

1. It is a good practice to resolve disputes, issues or problems (collectively referred to as "Disputes") by way of the informal non-disciplinary process.
2. Discipline will not normally be assessed until a matter has been investigated as per these guidelines. For Disputes the University considers serious, an Employee may be required not to attend work pending investigation. Normal pay and benefits shall continue and this will not be considered discipline. While an Employee is off work with pay pending investigation the Employee must contact the Dean as directed and be accessible. The University reserves the right to suspend an Employee without pay in exceptional circumstances.
3. During the informal non-disciplinary dispute resolution process, an Employee may, upon request, have union representation. During a disciplinary investigation, an Employee shall be informed of the right to union representation.
4. During the informal non-disciplinary process where, in the opinion of the University, it would be prejudicial to disclose the identity of the complainant or documents identifying the complainant, such disclosure shall not be made and the complainant shall remain anonymous. Upon request, the union's grievance officer may be provided with the name of the complainant on condition the union's grievance officer agrees in writing not to disclose the name of the complainant to anyone, including the Employee, except as provided by law.
5. During a formal discipline investigation as per Article 26 no anonymous documents or materials shall be kept in the official file or submitted in evidence in any formal decision or action involving an Employee.
6. Prior to discipline being assessed, the Employee will be interviewed at least once. Prior to the interview, the Employee and the AUNBT will also be provided with the substance of the allegations, including reference to the appropriate articles of the Collective Agreement, any documentary evidence to be relied upon by the University and the names of any witnesses. The Employee, in this meeting, will have the opportunity to respond to allegations, verbally or in writing, and provide the names of any witnesses that the Employee believes might be able to provide

further evidence. In the case where the Employee provides the names of further witnesses, the University will interview such witnesses if available and practical.

7. The representatives of the University participating in the investigation will act fairly and will maintain confidentiality during the investigation. The AUNBT shall maintain confidentiality during the investigation process; however, such confidentiality shall not inhibit the AUNBT, Employee or the University from conducting the investigation, seeking counsel or making disclosures as required by law. In the event the Employee makes a public statement about the investigation or any matter relating to the investigation which becomes commonly known, the University shall have the right to respond to these public statements.
8. The University and AUNBT will provide joint training to the appropriate University representatives and the appropriate AUNBT representatives for the implementation of these guidelines.
9. At any time the Parties may agree to a neutral fact-finding process.
10. This Memorandum of Understanding contains guidelines to assist the parties and is not intended to replace, modify or diminish the rights and obligations contained in the Collective Agreement.

Informal Non-Disciplinary Process

1. The appropriate University representative, who is the **Provost** or Dean, may take steps to attempt to resolve the Dispute. This resolution may include or require:
 - a. making contact with the Employee to provide an opportunity to respond and/or to resolve the Dispute;
 - b. taking non-disciplinary steps to resolve the Dispute;
 - c. where appropriate, arranging mediation should mediation be deemed appropriate by the parties involved in the Dispute;
 - d. taking any other steps that would help resolve the Dispute in an informal fashion.
2. When a Dispute is resolved through the informal non-disciplinary process in addition to the above resolutions, the Parties may enter into an agreement which sets out the terms of the resolution. Before entering into such an agreement the Employee shall be advised of the right to consult the AUNBT.
3. The agreement or non-disciplinary counselling letter of expectation shall be retained by all parties but shall not be added to the Employee's official file unless the Employee is involved in a subsequent similar Dispute, in which case the resolution agreement or counselling letter may be referenced in any discipline letter that may be put in the official file.

Formal Disciplinary Guidelines

1. If the Dispute is not resolved or dealt with in the informal non-disciplinary process or where the severity of the allegation warrants, the appropriate University representative will promptly inform the Employee and the AUNBT in writing that a disciplinary investigation has commenced. The Employee and the AUNBT will also be provided with the substance of the allegations, including reference to appropriate

articles of the Collective Agreement, any documentary evidence to be relied upon by the University and the names of any witnesses, and the Employee will be informed of the right to union representation.

It is the intention of the parties that these disclosure guidelines are to help ensure the investigation is complete, the parties have the appropriate information from which to base their decisions and to ensure the process is fair and transparent.

2. The appropriate University representative, who is the **Provost** or Dean, will investigate the allegations expeditiously. The appropriate University representative may have the assistance of the Department of **UNB Faculty Relations** and/or, in exceptional circumstances, any other resources deemed appropriate. The appropriate University representative:
 - (a) will conduct an interview with the Employee unless unable to contact the Employee;
 - (b) will conduct interviews with any witnesses deemed necessary, if available and practical;
 - (c) will interview witnesses identified by the Employee or AUNBT if available and practical;
 - (d) will provide the opportunity to the Employee to respond to all allegations and documents to be relied upon by the University before discipline, if any, is assessed provided the Employee is available;
 - (e) should a complaint be found to be malicious, make recommendations to mitigate any employment harm or disadvantage suffered by the Employee.

3. If the formal process is conducted by a Dean, the results of the investigation may be forwarded to the **Provost**. The **Provost** will review all the material submitted to them and may meet with the Employee to discuss the results of the investigation.

4. The **Provost** will decide on a course of action taking into consideration Article 42.01, the results of the investigation, including the **Provost's meeting** with the Employee should one have occurred. The appropriate University representative, who is the **Provost**, will assess discipline at a discipline meeting involving the AUNBT and the Employee provided the Employee is available. The **Provost** will provide a copy of the disciplinary letter to the Employee and AUNBT, and such letter shall be placed within the Employee's official file.

Memorandum of Understanding

Between

The Association of University of New Brunswick Teachers (AUNBT)

and

The University of New Brunswick (UNB)

Subject: Comparable Group of Canadian Universities

The parties agree that, for the purposes of collective bargaining, it is important to establish a comparison group of Canadian Universities selected as being similar in size and scope to the University of New Brunswick. It is also important to revise that list periodically in order to ensure the group remains comparable over time.

The parties agree that the University of New Brunswick is and will strive to maintain its status and reputation as a national, comprehensive institution. Comparable Universities to the University of New Brunswick:

- Will offer a similar scope of programs over a wide range of undergraduate and graduate faculties including Professional Faculties,
- Will be institutions of relatively similar size,
- Will have a similar research profile,
- Will be one for which reliable objective data is available, and
- As a group will be geographically representative of such Universities in Canada.

The Universities agreed to be comparable are:

- Memorial
- Dalhousie
- Concordia (*)
- Carleton
- Queen's
- Guelph
- Waterloo
- Windsor
- Manitoba
- Regina
- Saskatchewan
- Simon Fraser
- Victoria

(*) Any use of Statistics Canada data in respect to Concordia, in order to be used, will be adjusted to reflect and compensate for any cautions expressed by Statistics Canada about the data it reports.

Either party may on or before 15 months prior to the expiry of a current collective agreement, submit a request that consideration be given to adding to or subtracting from this list of comparable national comprehensive universities. Any such request will be considered by the Joint Committee on the Economic Adjustment Article 36B.07. The Committee will meet to consider the issue and where it finds there are good and sufficient reasons for so doing, report the recommendation for any change

to the parties. Any such report and recommendation will be made within 6 months of the initial request.

11. MOU Stipends for Canada Research Chairs (Article 17B.03)

Memorandum of Understanding

Between

The University of New Brunswick (UNB)

And

The Association of University of New Brunswick Teachers (AUNBT)

SUBJECT: Stipends for Canada Research Chairs (Article 17B.03)

The Parties recognize that the awarding of Canada Research (CRC) to members of the faculty of the University of New Brunswick, following a process that involves international peer review of both the research record and the research proposal of the candidate, is strong recognition of the international research stature of the recipients and represents a major contribution by the federal funding agencies toward research at the University of New Brunswick. Specifically, Tier 1 Canada Research Chairs must demonstrate that they are internationally recognized leaders in their field. A Tier 1 award brings \$200,000 per annum and a Tier 2 award brings \$100,000 per annum into the University of New Brunswick to support the research of the CRC holders.

The Parties recognize the common practice across Canada of awarding salary bonuses to recipients of Canada Research chairs and the inclusion in the CRC application of a line in the proposed budget for the "salary, including any bonus", to be paid to the Canada Research Chair.

The Parties therefore agree to implement a stipend to all current holders of Canada Research Chairs according to the following terms:

Tier 1 Chairs: Beginning on the date of appointment as a Canada Research Chair, a stipend at the rate of 25% of the current salary floor for Assistant Professors will be paid to all Tier 1 Canada Research Chairs;

Tier 2 Chairs: Beginning on the date of appointment as a Canada Research Chair, a stipend at the rate of 12.5% of the current salary floor for Assistant Professors will be paid to all Tier 2 Canada Research Chairs;

Red Circling: In the event that a Canada Research Chair ceases to hold that appointment, for whatever reason, the income (equal to the total of the Professor's salary plus CRC stipend at the time the Professor ceases to hold the CRC) will be "red circled". This means that the Professor will continue to receive the same income until such time as the salary of the Professor, determined in accordance with the Collective Agreement, exceeds the income at the time the Professor ceased to hold the CRC, after which the Professor will receive a salary in accordance with the Collective Agreement.

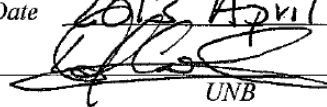

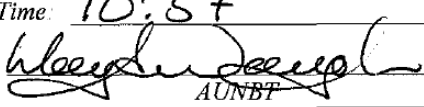

Teaching Load: Canada Research Chairs shall be appointed with "research" designation in accordance with Article 22A.01 of the Collective Agreement. Accordingly, their professional responsibilities will be principally research, scholarly or other creative activities in accordance with Articles 16A.02 and 19A.02. In the event that a Canada Research Chair ceases to hold that appointment, for whatever reason, the appointment will revert that a tenured Professor without "research" designation, and their professional responsibilities and workload will be in accordance with Articles 16A.02 and 19A.02 respectively.

Transition Arrangements: The Parties also agree to the following transition arrangements concerning Canada Research Chairs:

The stipends paid to Canada Research Chairs as set out above will not factor into salary comparisons with other institutions for the purpose of determining competitive adjustments and will not be counted towards Faculty's share of the university budget in any University documentation.

The terms of this Memorandum of Understanding will expire with the current Collective Agreement and may, at the request of either Party, be subject to renegotiation during any negotiations to renew or revise the Collective Agreement or to make a new Collective Agreement.

In the event that a renewed, revised or new Collective Agreement is negotiated between the Parties containing provisions for an increase in salary scales in excess of the Competitive Adjustment specified in the current Collective Agreement, the stipends above may be reduced by any such excess scale adjustment.

Memorandum of Understanding

Between

The Association of New Brunswick University Teachers (AUNBT)

and

The University of New Brunswick (UNB)

Subject: Accountability of Professors

The Parties have agreed that it would be useful to have a summary of the processes by which UNB Professors are reviewed. Therefore, the following summary has been prepared. Nothing in this memorandum modifies the provisions of the Collective Agreement between the Parties.

1. PERIODIC INTERNAL REVIEWS

Appointment: Typically faculty are hired on a probationary appointment as an Assistant Professor. A successful candidate will have been evaluated by at least four (4) levels of the University including the Department and Chair, if applicable, the Faculty, the Dean, and the appropriate Vice-President(s) [25A.01 and 25B.01]. With the exception of some professional disciplines, candidates are normally expected to have completed the Ph.D. degree.

Probationary Period: The probationary period normally lasts six (6) years. During this period the Assistant Professor submits annual written self-assessments which are discussed with the Chair or Dean [23A.02].

Probationary Review: In the fourth year of probation, the Professor's performance in teaching, research, and academic service is reviewed by several levels of the University including the Department and Chair, if applicable, the Faculty, the Dean, and the **Committee of the Whole**, [16A, 19A, 25A.01 and 25B.01]. This review may result in termination **or** the continuation of the probationary appointment for a further two (2) years [23A.05].

Granting of Tenure and Promotion to Associate Professor: Normally the Professor receives a probationary review in the fourth year and if successful, the probationary period is extended by two (2) years. During the sixth year, the Professor is assessed for tenure with a review of the Professor's performance in teaching, research, scholarly and creative activities, and academic service by several levels of the University including the Department and Chair, if applicable, the Faculty, the Dean, and the **Committee of the Whole** [16A, 19A, 25A.07, 25D.03 and 25D.04].

The tenure review may result in a grant of tenure and simultaneous promotion to Associate Professor, or the denial of tenure which results in termination [23.07].

Promotion to Full Professor: **Application for promotion to Full Professor is optional [24A.04(b)].** The Professor's performance in teaching, research, scholarly and creative activities, and academic service (since the last promotion) is assessed by several levels of the University including the Department and Chair, if applicable, the Faculty, the Dean, and the **Committee of the Whole** [16A, 19A, 25A.07 and 25D.05].

The promotion may be granted or denied. Following a denial, an Associate Professor may re-apply for promotion in any subsequent year.

Applications for Sabbatical Leave: After six (6) years' service a tenured Professor is eligible for a sabbatical leave. The purpose of the sabbatical leave is academic and professional renewal and enhancement through study, research, scholarship, writing or other creative activities. Research, scholarship, and study plans for a sabbatical leave are evaluated by various levels of the University including the Department, the Chair (the Faculty for non-departmentalized Faculties), the Dean, and the **Provost**.

2. CONTINUING INTERNAL REVIEW

Teaching: Student opinion surveys of each Professor's teaching during each academic term are placed in the Professor's official file annually. Professors are encouraged to develop a teaching dossier.

Research, Scholarly and Creative Activities: A report by each Professor on their research, scholarly and creative activity is submitted annually to the Chair or Dean as part of the University's annual research ranking of each Department or Faculty. Each year Departments (and Faculties without Departments) are ranked according to their research activities and the results are used to determine part of the operating budget of the department (or Faculty).

Curriculum Vitae (CV) Update: Each Professor submits an annual updated CV to the Chair, the Dean, and the **Office of the Provost** for inclusion in the Professor's official file. The CV shows the ongoing academic record of teaching, research and scholarly activity, and academic service.

Workload: Each year the Dean assigns the Professor's workload based on recommendations from the Chair following individual discussions with the Professor on their involvement in research, scholarly and creative activity and academic service in determining the individual teaching load [19A.05]. Such workload may vary from year to year [19A.02].

Professional Expense Account: Applications for the use of PEA accounts require the approval of the Dean or a designate [50.04].

Merit Awards: Each year the Chairs and the Dean review the performance of individual Professors for recommendation for the provision of a merit award to a small number of outstanding individuals [36A.05].

Outside Professional Activities: The Dean must agree that any outside professional activities are not in conflict with the Professor's professional responsibilities [21A].

3. CONTINUING EXTERNAL REVIEW

Conferences: Papers delivered at learned conferences are normally evaluated by academic referees before being accepted for presentation.

Journals: Articles for publication in scholarly journals usually require review and acceptance by two (2) or more academic referees who evaluate the paper anonymously.

Books: Proposals for books are subject to extensive outside review by potential publishers and academic referees retained by the publisher. If a proposal is accepted, the whole manuscript is thoroughly reviewed by other academics before publication.

Funding Applications: Funding for research and scholarly or creative activities is normally obtained from outside sources, either private or public, such as national granting agencies (mainly NSERC, SSHRC, and MRC) contracts or contributions from various government departments (both federal and provincial), private sector corporations, endowments, or registered charitable organizations. Applications are detailed documents setting forth past performance and future plans. Committees

compare applications and solicit academic assessments and reviews for each application from across the country (or worldwide). Competition is extremely keen.

Seminars, Clinics, Workshops: In many disciplines, invitations to deliver seminars, clinics or workshops are subject to extensive review and the performance of the Professor is reviewed by participants.

Performance or Display of Creative Works: The decision to perform or display creative works is subject to extensive review and the resulting work is often broadly reviewed both by other academics and the public press.

4. PERFORMANCE REVIEW

Chairs (and Deans in non-departmentalized Faculties) shall meet with each tenured Professor in their Department (or Faculty) at least every two (2) years to discuss informally that Professor's professional plans for the next two (2) years and that Professor's self-evaluation of their performance of their professional responsibilities [53A]. In addition to any other performance assessments, the University may annually review the performance of an Employee [43.01].

5. DISCIPLINARY PROCEDURE

The University has the right to invoke a disciplinary process as per Article 42 to deal with conduct and/or performance problems of any Employee, whether tenured or not. Disciplinary sanction may include: withdrawal of Progress Through The Ranks (PTR) [36A.04(b)(iv)]; a written letter of warning which is placed in the Professor's Official File, a suspension without pay; or dismissal [42.01, 42.02 and 43.01].

The Parties have agreed that it would be useful to have a summary of the processes by which UNB Teaching Professors are reviewed. Therefore, the following summary has been prepared. Nothing in this memorandum modifies the provisions of the Collective Agreement between the Parties.

1. PERIODIC INTERNAL REVIEWS

Appointment: Typically Teaching Professors are hired on a six (6) year probationary appointment. A successful candidate will have been evaluated by at least four (4) levels of the University including the Department and Chair, if applicable, the Faculty, the Dean, and the **Provost**. [25A.01 and 25B.01].

This review may result in termination **or** the continuation of the probationary appointment for a further two (2) years [23B.05].

Promotion to Full Teaching Professor: **Application for promotion to Full Teaching Professor is optional [24B.04(b)].** The Teaching Professor's performance in teaching, and if applicable research, scholarly and creative work, and academic service since the last promotion is assessed by several levels of the University including the Department and Chair, if applicable, the Faculty, the Dean, and the **Committee of the Whole**, [16B, 19B, 25A.01 and 25E.04]. The promotion may be granted or denied. Following a denial, an Associate Teaching Professor may re-apply for promotion in any subsequent year.

Applications for Sabbatical Leave: **A** Teaching Professor may apply for sabbatical leave. The purpose of sabbatical leave is to enhance the contributions of the Teaching Professors to the work of the University by providing opportunities for engaging in activities for the improvement of professional knowledge, educational background and/or the acquisition of higher degrees. Sabbatical leave plans are evaluated by various levels of the University including the Department, the Chair (the Faculty for non-departmentalized Faculties), the Dean, and the **Provost** [25 and 31B].

2. CONTINUING INTERNAL REVIEW

Teaching: Student evaluations of each Teaching Professor's teaching during each academic term are placed in the Teaching Professor's official file annually.

Curriculum Vitae Update: Each Teaching Professor submits an annual updated **CV** to the Chair, the Dean, and the **Office of the Provost** for inclusion in the Teaching Professor's official file. The **CV** shows the ongoing academic record of teaching, research and scholarly activity, and academic service.

Workload: Each year the Dean assigns the Teaching Professor's workload based on recommendations from the Chair following individual discussions with the Teaching Professor on their involvement in research, scholarly and creative activity and academic service in determining the individual teaching load [19B]. Such load may vary from year to year.

Professional Expense Account: Applications for the use of PEA accounts require the approval of the Dean or a designate [50.04].

Merit Awards: Each year the Chairs and the Dean review the performance of individual Teaching Professors for recommendation for the provision of a merit award to a small number of outstanding individuals [36A.05].

Outside Professional Activities: The Dean must agree that any professional activities are not in conflict with the Teaching Professor's professional responsibilities [21B].

3. CONTINUING EXTERNAL REVIEW

Conferences: Papers delivered at learned conferences are normally evaluated by academic referees before being accepted for presentation.

Journals: Articles for publication in scholarly journals usually require review and acceptance by two (2) or more academic referees who evaluate the paper anonymously.

Books: Proposals for books are subject to extensive outside review by potential publishers and academic referees retained by the publisher. If a proposal is accepted, the whole manuscript is thoroughly reviewed by other academics before publication.

Funding Applications: Funding for research and scholarly or creative activities is normally obtained from outside sources, either private or public, such as national granting agencies (mainly NSERC, SSHRC, and MRC) contracts or contributions from various government departments (both federal and provincial), private sector corporations, endowments, or registered charitable organizations. Applications are detailed documents setting forth past performance and future plans. Committees compare applications and solicit academic assessments and reviews for each application from across the country (or worldwide). Competition is extremely keen.

Seminars, Clinics, Workshops: In many disciplines, invitations to deliver seminars, clinics or workshops are subject to extensive review and the performance of the Teaching Professor is reviewed by participants.

Performance or Display of Creative Works: The decision to perform or display creative works is subject to extensive review and the resulting work is often broadly reviewed both by other academics and the public press.

4. PERFORMANCE REVIEW

Chairs (and Deans in non-departmental Faculties) shall meet with each tenured Teaching Professor in their Department (or Faculty) at least every two (2) years to discuss informally that Teaching Professor's professional plans for the next two (2) years and that Teaching Professor's self-evaluation of their performance of their professional responsibilities [53B]. In addition to any other performance assessments, the University may annually review the performance of an Employee [43.01].

5. DISCIPLINARY PROCEDURE

The University has the right to invoke a disciplinary process as per Article 42 to deal with conduct and/or performance problems of any Employee, whether a tenured appointment or not. Disciplinary sanction may include: withdrawal of Progress Through The Ranks (PTR) [36A.04(b)(iv)]; a written letter of warning which is placed in the Teaching Professor's Official File, a suspension without pay; or dismissal [42.01, 42.02 and 43.01].

14. MOU Accountability of Librarians and Archivists

Memorandum of Understanding

Between

The Association of New Brunswick University Teachers (AUNBT)

and

The University of New Brunswick (UNB)

SUBJECT: Accountability of Librarians and Archivists

The Parties have agreed that it would be useful to have a summary of the processes by which UNB Librarians and Archivists are reviewed. Therefore, the following summary has been prepared. Nothing in this memorandum modifies the provisions of the Collective Agreement between the Parties.

1. PERIODIC INTERNAL REVIEWS

Appointment: Typically Librarians and Archivists are hired on a probationary appointment as a Librarian I or Archivist I (respectively). A successful candidate will have been evaluated by at least three (3) levels of the University including appropriate Library Assessment Committee, the Dean of Libraries or Dean of Law, and the **Provost**. Candidates are normally expected to have completed an MLS degree.

Probationary Period: The probationary period normally lasts four (4) years. During this period the Librarian or Archivist submits annual written self assessments which are discussed with the appropriate Department Head or Dean.

Granting of tenure and Promotion to Librarian II or Archivist II: Normally the Librarian or Archivist will be reviewed during the fourth year. The Librarian or Archivist's performance with respect to the criteria set out in Article 25F is assessed by several levels of the University including appropriate Library Assessment Committee, Dean of Libraries or Dean of Law and the **Committee of the Whole** [Articles 16C, 19C, 24C.03, 25C, and 25F.03].

This review may result in a grant of tenure and simultaneous promotion to Librarian II or Archivist II (as the case may be) or the denial of tenure which results in termination [23C.04].

Promotion to Librarian III or Archivist III: After three (3) years as a Librarian II or Archivist II, a Librarian or Archivist (as the case may be) is automatically considered for promotion to Librarian III or Archivist III. The Librarian's or Archivist's performance of assigned responsibilities and development of their specialization since the last promotion is assessed by several levels of the University including the Department Head, the Dean of Libraries or the Dean of Law if applicable, the Library Assessment Committee and the **Committee of the Whole**. [16C, 19C, 25F.04].

Promotion to Librarian IV or Archivist IV: After four (4) years as a Librarian III or Archivist III, a Librarian or Archivist (as the case may be) is automatically considered for promotion to Librarian IV or Archivist IV. The Librarian's or Archivist's continuing competence in specialization and continuing performance of assigned responsibilities since the last promotion is assessed by several levels of the University including the Department Head, the Dean of Libraries, or the Dean of Law if applicable, the **Libraries** Assessment Committee and the **Committee of the Whole** [16C, 19C, 25F.04].

Application for Sabbatical Leave: A Librarian or Archivist may apply for sabbatical leave. The purpose of the sabbatical leave is to enhance the contributions of Librarians and Archivists to the work of the University by providing opportunities for engaging in activities for the improvement of professional knowledge, educational background and/or the acquisition of higher degrees. Sabbatical leave plans are evaluated by various levels of the University including the Department Head, the Dean of Libraries or the Dean of Law if applicable, the **Libraries** Assessment Committee and the **Provost** [25 and 31B.06].

2. CONTINUING INTERNAL REVIEW

Curriculum Vitae Update: Each Librarian or Archivist submits an annual updated **CV** to the Dean of Libraries, the Dean of Law and the **Office of the Provost** for inclusion in the Librarian's or Archivist's Official File.

Workload: Each year the **Dean of Libraries or**, Dean of Law assigns the Librarian's or Archivist's workload based on recommendations from Department Heads following individual discussions with the Librarian or Archivist on their assigned responsibilities, academic service and research and professional development in determining the individual work schedule [19C.06].

Professional Expense Account: Application for the use of PEA accounts require the approval of the **Dean of Libraries or** Dean of Law.

Merit Awards: Each year Department Heads, and the **Dean of Libraries**, the Dean of Law, or the **Provost**, as applicable, review the performance of individual Librarians and Archivists for recommendation for the provision of a merit award to a small number of outstanding individuals [36A.05].

Outside Professional Activities: The **Dean of Libraries**, the Dean of Law, or the **Provost** must agree that any outside professional activities are not in conflict with the Librarian's or Archivist's professional responsibilities [21B].

3. CONTINUING EXTERNAL REVIEW

Although research, scholarly and creative work is not a required duty [16C.03(a)], Librarians and Archivists may be involved in these activities with the approval of the Dean of Libraries, Dean of Law or the **Provost**), as applicable. When Librarians and Archivists are involved in these activities, the following external reviews occur:

Conferences: Papers delivered at learned conferences are normally evaluated by academic referees before being accepted for presentation.

Journals: Articles for publication in scholarly journals usually require review and acceptance by two (2) or more academic referees who evaluate the paper anonymously.

Books: Proposals for books are subject to extensive outside review by potential publishers and academic referees retained by the publisher. If a proposal is accepted, the whole manuscript is thoroughly reviewed by other academics before publication.

Funding Applications: Funding for research and scholarly or creative activities is normally obtained from outside sources, either private or public, such as national granting agencies, contracts or contributions from various government departments (both federal and provincial), private sector corporations, endowments, or registered charitable organizations. Applications are detailed documents setting forth past performance and future plans. Committees compare applications and solicit academic assessments and reviews for each application from across the country (or worldwide). Competition is extremely keen.

Seminars, Clinics, Workshops: In many disciplines, invitations to deliver seminars, clinics or workshops are subject to extensive review and the performance of the Librarian or Archivist is reviewed by participants.

Performance or Display of Creative Works: The decision to perform or display creative works is subject to extensive review and the resulting work is often broadly reviewed both by other academics and the public press.

4. PERFORMANCE

Department Heads or the Dean shall meet each tenured Librarian and Archivist in their Department (or Library) at least every two (2) years to discuss informally that Librarian's or Archivist's professional plans for the next two (2) years and that Librarian's or Archivist's self-evaluation of their performance of their professional responsibilities [53C]. In addition to any other performance assessments, the University may annually review the performance of an employee [43.01].

5. DISCIPLINARY PROCEDURE

The University has the right to invoke a disciplinary process as per Article 42 to deal with conduct and/or performance problems of any employee, whether a tenured appointment or not. Disciplinary sanction may include: withdrawal of Progress Through The Ranks (PTR) [36A.04(b)]; a written letter of warning which is placed in the Librarian's or Archivist's Official File, a suspension without pay; or dismissal [42.01, 42.02 and 43.01].

15. MOU Offshore and Other Degree Credit Programs with External Partners

Memorandum of Understanding

Between

The Association of University of New Brunswick Teachers (AUNBT)

and

The University of New Brunswick (UNB)

Subject: Offshore and Other Degree Credit Programs with External Partners

UNB has partnerships with external entities to deliver UNB degree credit programs. When the degree credit programs are offered with external partners located outside New Brunswick, this can create uncertainty as to when the work falls under the Group 1 Collective Agreement. The following seeks to clarify these arrangements and relationships.

I. Application of the Group 1 Collective Agreement

Consistent with the bargaining unit described under Article 3, the Parties agree that the Group 1 Collective Agreement shall apply to a full-time Employee of the University of New Brunswick whose normal full-time employment is covered by the bargaining unit described in Article 3 and Appendix A when the Employee teaches a for-credit course (a "course") offered by UNB which is under UNB's direction and control if the Employee:

1. Entered into an overload contract with UNB to teach the course (or is assigned to teach as part of teaching load under Article 19), is paid by UNB (or sometimes, at the Employee's choice, one course is paid by UNB and one course is paid by the external partner for tax reasons), and does most of their preparatory work in New Brunswick but is sent by UNB to the external partner's location on a temporary basis to teach the course; or
2. Entered into an overload contract with UNB to teach the course (or is assigned to teach as part of teaching load under Article 19), is paid by UNB and delivers the course through electronic delivery methods or teaches part of the course at the external partner's location, and part via electronic delivery methods.

In 2013, paragraph 1 above describes the primary method of delivery in the Faculty of Business Administration and paragraph 2 describes methods of delivery in the Faculty of Education. Contracts that the external partner enters into directly with a person to teach or contracts with non-New Brunswick residents to work with external partners) do not fall under the Group 1 Collective Agreement.

II. Posting of Teaching Opportunities

Posting of courses for full-time Employees is done in one of two ways for external programs when the Collective Agreement applies:

1. Recruitment for specific courses previously determined by UNB (with or without input of the external partner); or
2. Obtaining expressions of interest for given time periods amongst available Employees where the interested Employee suggests the courses that they may deliver, and course timetables are then developed based on program needs, interested Employees' suggestions and Employee availability

The Parties agree that, when the Collective Agreement applies as described earlier, the posting of specific courses or expression of interest will be made using the normal methods of the collective agreement to either assign the course as part of individual teaching load (Article 19) or as overload (Article 10). The course timetable will be created using collegial processes outside the collective agreement and will not be subject to the grievance and arbitration procedure.

III. Selection of Teaching Professors

Given the special requirements of working with an External Partner, the following shall also apply notwithstanding anything to the contrary in the Collective Agreement, when determining whether a particular person will be selected to teach a course with an external partner:

1. Ability to Work at External Partner Site – An applicant's legal and functional ability to teach a course may be limited by their availability and ability to be at an off-campus site, depending upon the situation. For example, if a work visa cannot be obtained, the applicant cannot be selected.
2. Past Performance and External Partner Input – Reappointments to teach with external partners are not automatic. Past performance at a particular location and input from an external partner may influence future appointments. Such input will be provided to the Employee in writing upon their request and shall not form part of the Official File.

IV. Remuneration Benefits and Other Financial Issues

1. Stipend Rate – The Parties recognize that the financial opportunities with respect to working with external partners is often on a cost recovery basis and often involves extra work by the Employee to teach in another location and/or on a compressed work schedule. Therefore, the Parties agree that the stipend rates defined in the Collective Agreement be the minimum amount paid for teaching course for these programs. More than the minimum amount may be paid depending on the program. UNB will provide ANBT with the amounts of stipends paid to Employees that exceed the Collective Agreement base stipend rate. In addition, UNB will provide AUNBT with its reasons for offering stipends in excess of the base stipend. These reasons may be provided on a program basis. UNB agrees to provide to AUNBT electronic copies of these overload contracts.
2. Per Diem rates (i.e., room and board) – The current practice will continue, that per diem rates, if any, will be paid according to the applicable Memorandum of Understanding entered into between UNB and the external partner governing each program. If there is a per diem rate, the per diem rate will be stated in job postings so that applicants are able to know what the rates are before they choose to apply.
3. Medical Insurance – UNB provides some medical insurance coverage when it employs Group 1 Employees to work outside of Canada. The level of medical insurance coverage differs depending upon Employee status (e.g., Full-Time, Length of Term Appointment). Program managers will inform participants of the medical insurance coverage being provided by UNB. Any additional coverage beyond what UNB provides may be purchased by the Employee at the Employee's expense.
4. AUNBT Union Dues – AUNBT dues will be collected and remitted on stipend amounts paid from UNB when the collective agreement applies, as described earlier, on a go forward basis from when this MoU is signed. In the limited circumstance where the Employee has requested partial payment to be received from the external partner as described under paragraph I (1) of this MoU, AUNBT dues will not be collected from such amounts but an equivalent amount of what dues will not be collected from such amounts but an equivalent amount of what dues would have been will be paid by UNB.

V. Other Non-Financial Issues

1. Quality – Employees shall perform their duties in teaching a course with an external partner in a manner consistent for a course taught at UNB.
2. Student Opinion Surveys – Where the Collective Agreement applies to the course taught, any student opinion survey results for courses taught with the external partner shall be placed in the Employee's Official File consistent with Article 26.06, only if the student opinion survey format has been approved using the required academic governance processes for student opinion surveys at UNB.
3. AUNBT Representation – When the Collective Agreement applies to the course taught, the normal provisions regarding performance, investigations and discipline apply for issues that arise with an Employee teaching a course. When the Employee has AUNBT representation, UNB will make the necessary introductions (by phone, e-mail, skype or other electronic means) between the appropriate external partner representative, the member and AUNBT so that AUNBT can meet its obligation under the duty of fair representation.
4. Cultural Awareness – Cultural awareness orientation/training, if applicable, will be provided to Employees at least once when working with an external partner.

Memorandum of Understanding

Between

The Association of New Brunswick University Teachers (AUNBT)

and

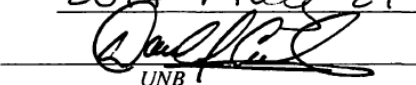

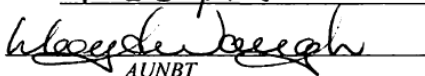

The University of New Brunswick (UNB)

Subject: Surveillance (Article 56.04)

The Parties agree within one (1) year of the signing of this Collective Agreement to form a university wide committee to review UNB's current policies on surveillance of personal information in the use of information technology and of electronic surveillance of workspace and teaching facilities (the "Surveillance Policy Review Committee").

The committee shall have membership from all employee groups. The number and structure of representatives from each group and the University shall be the same number as each has on the Fringe Benefits Review Committee with a similar structure (such as a single chair selected by the University), although the specific members may be different.

The committee will be a standing committee and will make specific recommendations on an annual basis for changes (if any) to the University policies related to surveillance of personal information in the use of information technologies and the electronic surveillance of workspace and teaching facilities.

17. MOU Impact of Leaves with or without Salary Savings on Departments and Faculties

Agreement of Distribution of Increases

Between

The University of New Brunswick (UNB)

and

The Association of University of New Brunswick Teachers Group 1 (AUNBT)

Subject: Impact of Leaves with or without Salary Savings on departments and Faculties

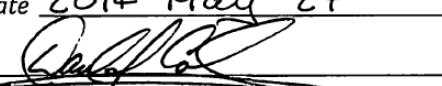

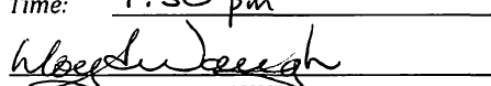

Whereas

- It is in the interest of the parties to determine what, if any, impacts may result within departments and faculties because of leaves provided for under the Collective Agreement;
- Such leaves may have an impact on the ability of a department or faculty to deliver programs and services;
- AUNBT has received reports from employees who state they have experienced difficulties in planning for and/or obtaining leaves as provided for under the Collective Agreement.

The Parties agree to establish a joint leave replacement review committee with the following objectives:

- 1) to gather information on the numbers and patterns of such leaves by bargaining unit members across the university;
- 2) to identify and make recommendation to address anomalies in the implementation of leave policies across units, departments, programs and campuses;
- 3) to make recommendations on means to deal with any identified issues in the delivery of programs and services that arise due to leaves; and
- 4) to make other such recommendations that the committee feels necessary.

This committee shall consist of two (2) co-chairs, one (1) appointed by each of the Parties, in addition to two (2) other persons appointed by each of the parties. The appointments shall take into consideration the need for bi-campus representation. This joint committee shall determine its own procedures and shall report within one year of signing this Collective Agreement.

18. MOU Administrative Stipends

Memorandum of Understanding

Between

The Association of University of New Brunswick Teachers (AUNBT)

and

The University of New Brunswick (UNB)

Subject: Administrative Stipends

The positions for which an administrative stipend at the rate of 10 percent of the current salary floor of the rank of Assistant Professor will be paid are:

Director, Institute of Biomedical Engineering;
 Director, Animal Care (Saint John);
 Director, Animal Care (Fredericton);
 Director of Wood Science and Technology Centre;
 Coordinator, Centre for Enhanced Teaching and Learning Services;
 Director, Muriel McQueen Ferguson Centre;
 Director, Mi'kmaq-Wolastoqey Institute;
 Director of Advanced Digital Research & Scholarship, UNB Libraries (F);
 Director of Collection Strategies & Scholarly Communication, UNB Libraries (F);
 Director of Learning and Research Services, UNB Libraries (F);
 Director, Richard J. Currie Centre in Nanotechnology;
 Director, Canadian Rivers Institute;
 Director, New Brunswick Institute for Research, Data and Training;
 Limerick Chair;
 Law Library Head;
 Director, Canadian Institute for Cybersecurity;
 Director, Atlantic Institute for Policy Research;
 Director, IBM Centre for Advanced Studies – Atlantic;
 Director of the Centre for Research in Integrated Care;
 Director of the Centre for Nuclear Energy Research;
 Head, Hans W Klohn Commons Library (SJ).

The Parties agree that employees holding these positions shall continue to receive an administrative stipend of 10 percent of the current salary floor of the rank of Assistant Professor.

The guidelines for awarding administrative stipends shall be based on an analysis of the range in responsibilities, budget oversight and supervision. In general, these stipends should continue to recognize the significant effort for additional managerial or administrative work of AUNBT members who undertake roles at the director level or equivalent, such as managing budgets and supervising employee(s) on an ongoing basis. To be eligible for the stipend, the range of responsibilities should encompass various combinations of responsibilities, such that lower responsibilities in one area should be offset by additional responsibilities in another, but should minimally include supervision of at least one full-time employee, and management of an ongoing significant budget, and regular (weekly) effort distributed over the calendar year. In this context, "ongoing" refers to budget lines that continue over periods of greater than five years and are attached to continuing activities (i.e., continuing directorships or equivalent). The criteria of "ongoing" will allow for differentiation from grant holders and research chairs. Administrative stipends are not intended as a top-up for Canada Research Chairs, or research chairs in general, who already receive an additional salary stipend. However, should an individual who holds a research chair also engage in additional administrative

work consistent with that outline above, and beyond that covered by activities that are established by their work as a research chair, such as the administrative directorship of a centre, that individual may be considered for receipt of the administrative stipend.

The Parties further agree there shall be a standing Joint Committee on Administrative Stipends. The Joint Committee shall consist of two (2) co-chairs, one (1) appointed by each of the Parties, in addition to two (2) other persons appointed by each of the parties. This Joint Committee shall:

- a) Evaluate proposed additions to the list of positions, and based on that evaluation, make recommendations to the parties; and
- b) Undertake regular evaluation of positions currently on the list to determine if they continue to meet the threshold for eligibility, and to recommend removal from or continuation on that list to the parties.

This Joint Committee shall determine its own procedures and shall meet annually to undertake the review described in (b) above.

Positions eligible for evaluation by the Joint Committee are only those positions/titles creates and assigned by the University to and AUNBT Group 1 member that the University brings forward. Further, if through Senate(s)-led processes, a directorship arises from the creation of a new research centre or institute, this Joint Committee will evaluate the director for potential receipt of an administrative stipend.

All further changes to the list of recipients in this MOU will result from recommendations by this Joint Committee, and will require agreement of both Parties after they have received and considered the Joint Committee's recommendations.

When a position is agreed to be added to the list in this MOU, the award of the stipend shall be retroactive to the time it was applied for in writing to the Joint Committee. Positions that are agreed to be added will have the position title brought to the next round of collective bargaining for addition to the list in this MOU.

Individuals in positions that currently receive the stipend but whose positions are determined by the Joint Committee to no longer meet the guidelines should continue to receive the stipend while they are assigned the position, but: (1) the position will be marked for deletion for this MOU; and (2) any replacement will not receive the stipend. This does not restrict the current ability of the University to reassign positions to new people, choose not to fill a vacant position, or end an administrative position (for example, if a research centre closes, the director position also ends). In those circumstances, the stipend would end.

20. MOU Early Sabbatical (Recruitment and Retention Initiative)

Memorandum of Understanding

Between

The Association of University of New Brunswick Teachers (AUNBT)

and

The University of New Brunswick (UNB)

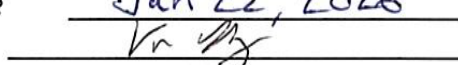

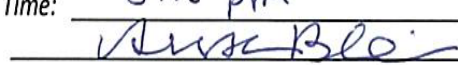

Subject: Early sabbatical for newly hired Assistant Professors as a recruitment and retention initiative

Whereas:

- UNB competes with comparable Canadian universities to attract high quality Professors who will conduct research as a part of their professional responsibilities under Article 16A;
- only tenured Professors are eligible for sabbaticals under Article 31A,
- for Professors to be successful in their research programs, **early-career** progress is necessary to compete for research funding and to engage in collaborative research activities; and
- success of **early-career** Professors benefits UNB.

As an exception to Article 31A, the Parties agree that tenure-track Professors who are hired as Assistant Professors may apply for an 85% salary, six-month sabbatical (as outlined in Article 31A.02(c)) if they receive a positive probationary decision to continue employment (as outlined in Article 23A.05(b)).

An application for an early sabbatical may be submitted prior to receiving a positive probationary assessment decision. An early sabbatical will normally begin on July 1 or January 1 immediately following such a decision. The principle of early sabbatical is that it shall be cost neutral compared to the current requirement that sabbatical can only be taken after the granting of tenure. An early sabbatical consumes three (3) years of credit toward a sabbatical; years of service shall only be counted once as credit toward either an early or an Article 31A sabbatical. Unused credit must be noted in the early sabbatical application to be carried forward (to a maximum of two and a half (2 1/2) years) to a subsequent sabbatical. Early sabbaticals under this MOU are still subject to potential deferral under Article 31A.

21. MOU Fringe Benefits for Employees beyond their Normal Retirement Date

Memorandum of Understanding

Between

The Association of University of New Brunswick Teachers (AUNBT)

and

The University of New Brunswick (UNB)

Subject: Fringe Benefits for Employees beyond their Normal Retirement Date

Whereas

- Employees are not subject to mandatory retirement
- there are Employees who work beyond their Normal Retirement Date, and
- the Parties will consider the potential of providing a benefit plan to Employees only after the impact of including persons working past age 65 on the existing plan and the cost of such benefits is known.

The Parties agree that, until a resolution is reached on the status of fringe benefit plans for Employees beyond their Normal Retirement Date, such Employees:

- shall continue to make pension contributions to the maximum time limit allowed by legislation,
- are eligible for coverage under the Group Supplementary Health Insurance Plan for Retirees on the same terms and conditions as retirees aged 65 or over who participate in this Plan,
- are ineligible to participate in the following UNB benefit programs:
 - Group Dental Insurance Plan
 - Group Life Insurance Plan
 - Group Long Term Disability Plan
 - Group Accident Insurance Plan

Further, until a resolution is reached on the status of fringe benefit plans for Employees beyond their Normal Retirement Date, UNB agrees to make a payment of \$2,300 per year, effective July 1, 2016, into a Health Care Spending Account [HSA] for each employee who is beyond the Normal Retirement Date. The HSA payment will increase by 4% every July 1.

AUNBT and UNB will share equally the cost of determining the cost impact of potentially incorporating post-65 active AUNBT employees into the UNB wide benefits plans and will endeavor to find an appropriate way to incorporate post-65 active AUNBT employees into the group plans. It is understood by AUNBT that it might not be appropriate to provide the exact same benefits to post-65 employees.

The Association of University of New Brunswick Teachers (AUNBT)

Subject: Gendered Pay Equity

Whereas, it is in the interests of the Parties to understand the structural and systemic factors that may impact on the salary of Employees and how these factors may be influenced by gender.

The Parties agree to create a joint committee to analyze this issue. As part of this analysis, the Parties agree that UNB will conduct a study of the salary awarded to members at UNB with the purpose of understanding factors that may impact on pay equity. The joint committee will have the responsibility of overseeing the study and advising with respect thereto.

Procedures:

The joint committee will ensure that the study draws directly on salary data both currently and historically, over the course of the members' careers (i.e., comparing salaries on initial hire, and then at set intervals after hire, such as every five years). This joint committee should ensure that the study considers within-stream/within-rank differences that may be related to gender, which may include:

- 1) The length of time spent in rank;
- 2) Market differential (36A.04d);
- 3) Credit-in-rank at point of hire (36A.06);
- 4) The use of President's discretionary amount (36B.05);
- 5) Receipt of administrative stipends, such as:
 1. Chair, department heads (36B.02);
 2. Administrative stipends as per MOU 23; and
 3. Deans, Assistant and Associate Deans (as per policy on Salary Administration, Leaves, Research Assistance and Professional Development for Deans, Associate Deans and Assistant Deans – Human Resources & Organizational Development (P&C).
- 6) Merit awards (36B.03);
- 7) Stipends for Canada Research Chairs (17B.03, and MOU 15);
- 8) Impact of leaves (i.e., parental leaves, other leaves) on progress and time to promotion;
- 9) Faculty specific factors or clustering of faculties (e.g., STEM vs non-STEM);
- 10) Campus location;
- 11) Credentials (CV); and
- 12) Any other factors that may result in a deviation from appointment with a salary at the floor of the lowest rank in that employment stream, or influence progress through ranks and/or the ability to acquire additional compensation through any of the means outlined above at any stage of career.

The joint committee may request reports and presentations on the progress of the study. Members of the joint committee will be empowered to examine data as a part of their role subject to any privacy requirements. The joint committee will also use the results of its analysis to discuss potential

remedies to any systemic or structural factors that may have produced patterned gendered differences in pay at UNB.

The joint committee shall contain two (2) co-chairs, one (1) appointed by each of the Parties, in addition to two (2) other persons appointed by each of the Parties. The appointments shall take into consideration the need for bi-campus representation. The joint committee shall determine its own procedures and shall report within two (2) years of signing this Collective Agreement.

34. MOU Assignable Online Courses

Memorandum of Understanding**Between****The University of New Brunswick (UNB)****And****The Association of University of New Brunswick Teachers****Subject: Assignable Online Courses**

Assignable Online Course means a term-based online course that is designated as such through the collegial process as described in this MOU.

Online Courses will only be assigned by Deans when such courses are designated as **Assignable Online Courses** as per the Collegial process described below:

- 1) The proposal for designating a course as assignable under one of the Registrar's categories of Online Courses is initiated by any members of the academic unit (Departments, or in non-departmentalized faculties, Faculties) including the Dean;
- 2) The proposal is discussed collegially at the level of the academic unit, following the usual academic approval processes;
- 3) The proposal to designate a course as an Assignable Online Course under one of the categories outlined in 1) above is approved by a vote of members of the academic unit (Departments, or in non-departmentalized faculties, Faculties).

With the exception of courses designated as Assignable Online Courses in accordance with the collegial process described in this MOU, which can be assigned by the Dean in accordance with 19A or 19B, as applicable, or as described in MOU 35 Legacy Exceptions on MOU Assignable Online Courses for Pre-Existing Term-Based Online Courses in Programs prior to July 1, 2025, no Employee(s) shall be assigned to develop or to deliver an Online Course without the prior written agreement of the Employee(s). The agreement shall be delivered by the University of New Brunswick to the Association within two (2) weeks of signing. In the case of refusal to accept requests to teach an Online Course such refusal shall not prejudicially affect the Employee.

Additional requirements:

The determination that a program is online does not result in an automatic designation of any of the courses to be taught in the program as Assignable Online Courses, unless they are so designated through the collegial process above.

Where an online program requires service courses from other academic units, those courses may only be assigned as online teaching as part of the normal teaching load where they have been designated as Assignable Online Courses by the academic unit providing those courses.

A course that is not designated as Assignable Online Course or a section of a course that is normally taught in-person can be taught online at the discretion of the Dean with the agreement of the instructor.

In determining whether a course should be designated as an Assignable Online Course, the academic unit should consider that such a designation:

- 1) applies to all sections of the course, including in-person sections; and
- 2) can only be removed by deleting the course itself through Senate procedures for course deletion.
