Such an Appointment shall be for a minimum of two (2) years and a maximum of five (5) years, such term to be decided by the Chair or Dean. A MYA may be renewed at the discretion of the Chair or Dean.

When a Contract Academic Instructor has taught a course seven or more times within the last nine years since 1 May 2004 in which the course was offered and the Contract Academic Instructor has a Right of First Refusal for the course, the Contract Academic Instructor shall be offered a five-year MYA for that course. If, in any subsequent year in which the course is offered, the Contract Academic Instructor fails for reasons other than illness, maternity leave under Article 25 or parental leave under Article 26 to teach it at least once, this MYA shall expire. There is no requirement for formal documentation or correspondence at the informal complaint stage. If the dispute is not resolved, the Contract Academic Employee or group of Contract Academic Employees may decide to lodge a formal grievance, and, if so decided, the Contract Academic Employee or group of Contract Academic Employees shall notify the Association of their intentions within ten (10) days of the grievable event or within ten (10) days of the date when this event could first have reasonably been known by the Contract Academic Employee to have occurred. If none of the persons on the list is available within 30 days, the Parties may mutually agree to a chairperson who is not on the above list. If such agreement cannot be reached within five (5) days, the Minister of Labour for the Province of New Brunswick shall be asked to name the chairperson.

Each time a chairperson is selected by the drawing of lots, the last person who actually served as chairperson shall not be included in the list for that arbitration unless none of the others are available within 30 days.

30.21 No person may be appointed to an Arbitration Board deciding any grievance which would involve a conflict of interest because of personal involvement in the subject matter of the dispute. In any arbitration involving a matter of academic freedom (Article 14), any chairpersons not on the list in Article 31.20 must have held an academic, academic/professional or academic/administrative appointment at a Canadian university for at least five (5) of the last ten (10) years, unless agreed otherwise by the Parties, in writing.

30.22 The chairperson of the Arbitration Board shall convene the Parties for the purpose of a hearing within 30 days of appointment. - 30.26 Where an Arbitration Board determines that a Contract Academic Employee has been disciplined for cause, the Arbitration Board may substitute any equivalent or lesser penalty that, to the Arbitration Board, seems just and reasonable.
- 30.27 Without limiting in any way the operation of other appropriate provisions of this Article, the arbitrators shall have the power to award compensation to any Contract Academic Employee, the Association or the University of New Brunswick, but only to the extent of monetary loss actually suffered arising from a proven breach.
- 30.28 The Arbitration Board shall have the duty and the power to adjudicate all matters in dispute, including questions of the arbitrability of an issue.
- 30.29 When dealing with grievances involving procedural irregularity, if the Arbitration Board finds that procedures established in this Collective Agreement have not been complied with, it may direct that the matter be considered again by the appropriate person or committee in accordance with the terms of this Collective Agreement unless the Arbitration Board considers such reconsideration inappropriate. Where, by the terms of this Collective Agreement, judgment or discretion is to be exercised by the University of New Brunswick or any person or committee, the Arbitration Board shall not substitute its own judgment for that already made unless it finds the judgment or discretion to have been exercised in an arbitrary or unreasonable manner.

- It shall give a reasonable opportunity to the grievor and the Parties to be present, to be represented, to present evidence and/or to make submissions to the Arbitration Board.

- 30.33 The Arbitration Board shall give reasonable notice of hearings to the grievor, and the Parties.
- 30.34 The Arbitration Board shall conduct any hearing in camera in the presence of the grievor and the Parties and/or their representatives (if any) unless the grievor and the Parties agree, in writing, to an open hearing.
- 30.35 The Arbitration Board shall strive to maintain confidentiality at all times. Transcripts and/or recordings of the hearings (if any), and copies of any documents considered by the Arbitration Board shall be available for confidential use by the grievor and the Parties.
- 30.36 The Arbitration Board has all the powers set out in the *Industrial Relations Act* of the Province of New Brunswick, in addition to those set out in this Article.
- 30.37 The Arbitration Board shall render its decision, which shall be final and binding, in writing, and shall send copies to the grievor, and to the Parties. - 38.03 It is the responsibility of a disabled Employee requiring accommodation to self-identify to his/her Dean. The Parties agree that teaching apprenticeships provide a positive learning experience for graduate students. Various departments and faculties have developed formal programs for this purpose and the Parties agree that these programs should be encouraged.

In order to allow time for the development of teaching apprenticeship programs within additional departments and faculties, the Parties agree to create a joint committee that will:

- (a) examine existing teaching apprenticeship programs, regulations and practices,
- (b) develop guidelines for introducing and maintaining teaching apprenticeship programs, and
- (c) make other recommendations the committee deems appropriate.

During the term of this Memorandum of Understanding the parties agree to suspend Article 18A.05(c) of this Collective Agreement. During this interim period, the Dean of Graduate Studies may approve the assignment of a course to a graduate student if s/he is satisfied that the graduate student will receive appropriate full-time Employee supervision for his/her teaching under the requirements of Article 10.01(b) of the Full-Time Collective Agreement.

Contract Academic Employees (Group 2)

Subject: Travel Study Programs

A Travel Study Program at UNB includes a cluster of related for-credit courses taught in an international location. The Parties recognize that the logistics and deadlines with respect to the offering of for-credit courses that are part of Travel Study Programs administered by the College of Extended Learning (“CEL”) for potential instruction by Contract Academic Instructors (“CAIs”) are different from the procedures in the Collective Agreement, as planning is done over a year to two years in advance, depending upon whether it is a new or existing Program.

Overview of Travel Study Programs

Overview of Typical Timeline and Process

The normal timeline to offer a previously taught Travel Study Program in May 201X+1 is as follows (subject to change depending upon how long it takes to complete each step):

Date Range	Activity
March – May 201X	CEL distributes Proposal/Budget Templates to the Faculty for Academic planning for Travel Study Programs for Year + 1.
Early to Mid May 201X	Due date for established Travel Study Program proposals and tentative budget to be submitted to Chair, Dean and CEL for Year +1. CEL checks budget, etc., to determine if it will be approved in consultation with Dean. Approved Programs are announced in mid May
Late May 201X	Posting of available courses for application by CAIs
Late May – Mid June, 201X	Appointment of CAIs
July –Jan	Advertise approved Travel Study Programs for student

201X	enrolment. The date range may change, but CEL's goal is to initiate marketing and recruitment as soon as a particular program is ready to promote.
Feb 201X+1	Normal deadline to determine if a Travel Study Program will be cancelled or not (due to insufficient enrollment usually)
May 201X+1	Travel Study Program (usually 3 weeks long)

New Travel Study Program concepts usually require a longer planning period prior to approval and CEL recommends offering the course 2 years after the original Program concept proposal.

Overview of Responsibilities in Travel Study Programs

- **The Program Director** – There is usually only one Program Director for a particular Travel Study Program. Usually the Program Director (or one of the co-Program Directors) is a full-time faculty member. The Program Director is the employee who proposes a Travel Study Program and the courses it will contain, moves it through the process of approval (in the case of new Programs), and is involved in the recruitment of students, implementation and coordination of the Program. Effectively, the Program Director is the “champion” of the Program and is involved usually due to a personal passion to offer a unique experience. The Program proposal process and acting as Program Director is voluntary and is not separately remunerated. The Program Director also acts as an Instructor and teaches one or more of the courses in the Program he/she proposes. If the Program Director is a CAI, the duties of Program Director (separate from the duties as an Instructor for a course in the Program), while not remunerated separately from the payment received as an Instructor, may, if agreed between the Chair or Dean and the CAI, be considered for assessment purposes only.
- **Instructor(s)** – These are the employees (either full-time faculty members or CAIs) who teach for-credit courses offered in the Travel Study Program. Although the Program Director proposing a Program may list individuals he/she has previously discussed teaching the for-credit courses in his/her proposal, this is not an official contract or assignment to teach a course and is, at most, used for potential advertising to students. The official posting and assignment of CAIs to teach the courses will follow the procedures of the Collective agreement, subject to any changes in this Memorandum of Understanding.

Procedure for a CAI to Propose a Travel Study Program

CAIs interested in proposing a new Travel Study Program (a “Proposal”) must speak with the Chair of his/her Department and the Dean of the relevant Faculty and should understand that a full-time faculty member may be required to be co-Director. All received Proposals, like any academic course or program, go through an approval and budgeting process that is outside of the scope of the Collective Agreement. There are no guarantees that any Proposal will be accepted and the acceptance or rejection of a Proposal shall not be subject to the grievance or arbitration procedure under the Collective Agreement.

Procedure for CAIs to Apply for Instructor Positions in a Travel Study Program

CAI Program Directors in the Capacity of Instructor of a For-Credit Course

The Parties agree that a CAI approved as a Program Director will be permitted to be immediately assigned as Instructor for at least one of the for-credit courses in the Program the CAI is acting as Program Director for without using the procedures for course assignment under the Collective

Agreement. Such course assignments shall be excluded from any limit on course assignments provided in Article 18.

All other For-Credit Courses in a Program

All other available for-credit courses in a Program (other than those allocated to the Program Director, above) will be allocated initially to interested full-time faculty, etc., as provided in Article 18A.01 of the Collective Agreement. The for-credit courses that are left after that process are then posted for CAIs to apply for using the procedures of the Collective Agreement. The only difference is that the posting of available courses for CAIs to apply for will usually occur substantially earlier than the times in the Collective Agreement (usually in May or June of the year before the Program is offered). The Parties agree that such postings may occur outside the normal timeframe for posting provided in Article 18.

Payment for CAIs Teaching in a Travel Study Program

Stipend

The Parties agree that a CAI shall be paid the normal stipend to act as Instructor for each for-credit course he/she teaches in a Travel Study Program in the amounts as provided in the Collective Agreement. A CAI may also be paid receipted expenses as set out in the approved budget of the Travel Study Program. The Parties recognize that the budget of a Travel Study Program may change, particularly with respect to expenses, depending on the level of enrollment and agree that nothing in this Memorandum of Understanding or Collective Agreement prevents the CAI from asking to structure the payment of the stipend to allocate a portion or all of the stipend as reimbursement for travel expenses incurred rather than as employment income; however, a copy of the any such agreement will be provided to the AUNBT when made.

Cancellation Fee

The Parties agree that given the substantial preparation time and lead time before a Travel Study Program, it is in the best interests of advertising and recruiting students to have Instructors assigned early, over a year before the Program actually occurs and before most Instructors would have done substantial course preparation. Therefore, in lieu of the cancellation fee procedures of Article 23.04, if a Travel Study Program is cancelled after offers of employment have been made by UNB and accepted by the applicant CAI, one of the following shall apply:

- before it has been advertised for student enrollment, no cancellation fee shall be due to the CAI; or
- after it has been advertised for student enrollment, the CAI shall be paid a cancellation fee of 3% of the stipend.

Contingencies

Recognizing that instruction outside of Canada is subject to medical and other contingencies, the Parties agree that, notwithstanding anything else in this collective agreement:

- the University will not require or request a Contract Academic to waive any legal rights against the University in connection with participation in a Travel Study Program; and

UNB provides some medical insurance coverage when it employs CAIs to work outside of Canada. The level of medical insurance coverage differs depending upon employee status (e.g. retired full-time former Group 1 employees working as CAIs sometimes have coverage different from non-retiree CAIs). UNB will inform participants of the medical insurance coverage b3eing provided by UNB. Any additional coverage beyond what UNB provides may be purchased by the CAI at the CAIs expense.

UNB AUNBT

MOU Offshore and other Degree Credit Programs with External Partners

Memorandum of Understanding

Between

The Association of University of New Brunswick Teachers (AUNBT)

And

The University of New Brunswick (UNB)

Contract Academic Employees (Group 2)

Subject: Offshore and Other Degree Credit Programs with External Partners

UNB has partnerships with external entities to deliver UNB degree credit programs. When the degree credit programs are offered with external partners located outside New Brunswick, this can create uncertainty as to when the work falls under the Group 2 Collective Agreement. The following seeks to clarify these arrangements and relationships.

I. Application of the Group 2 Collective Agreement

Consistent with the bargaining unit described under Article 3.01, the Parties agree that the Group 2 Collective Agreement shall apply to a New Brunswick resident employed by the University of New Brunswick in contractual part-time teaching in a for-credit course (a “course”) offered by UNB which is under UNB’s direction and control if the person employed:

1. Entered into a contract with UNB to teach the course, is paid by UNB (or sometimes, at the person’s choice, one course is paid by UNB and one course is paid by the external partner for tax reasons), and does most of his/her preparatory work in New Brunswick but is sent by UNB to the external partner’s location on a temporary basis to teach the course; or
2. Entered into a contract with UNB to teach the course, is paid by UNB and delivers the course through electronic delivery methods or teaches part of the course at the external partner’s location, and part via electronic delivery methods.

In 2013, paragraph 1 above describes the primary method of delivery in the Faculty of Business Administration and paragraph 2 describes methods of delivery in the Faculty of Education. Contracts that the external partner enters into directly with a person to teach or contracts with non-New Brunswick residents to work with external partners do not fall under the Group 2 Collective Agreement.

II. Posting of Teaching Opportunities

Posting of courses for Contract Academic Instructors (“CAIs”) is done in one of two ways for external programs when the Collective Agreement applies:

1. Recruitment for specific courses previously determined by UNB (with or without input of the external partner); or
2. Obtaining expressions of interest for given time periods amongst available CAIs where the interested CAI suggests the courses that s/he may deliver, and course timetables are then developed based on program needs, interested CAIs’ suggestions and CAI availability.

The Parties agree that, when the Collective Agreement applies as described earlier, the posting will be made by the following methods (after the opportunity has already been offered to multi-year appointments (if applicable) and full-time faculty under the respective collective agreements):

1. **Recruitment for Specific Course Needs** – They will be posted in accordance with Article 18A of the Collective Agreement.
2. **Expression of “General Interest” (no specific course needs, to build a timetable)** – When the program does not require recruitment for specific courses, the “opportunity to express interest” is posted as if it were a specific course opportunity in accordance with 18A. Selection of specific courses will be made under the general principles described earlier but also recognizing the need to create an effective timetable which may mean not everyone who expresses interest may be selected if their skills and experience do not meet the needs of the course timetable developed. The course timetable will be created using collegial processes outside the collective agreement and will not be subject to the grievance and arbitration procedure. Only the specific awarding of a course shall be subject to the grievance and arbitration procedure.

III. Selection of Instructors

Although the general selection process under the Collective Agreement will apply, given the special requirements of working with an External Partner, the following shall also apply notwithstanding anything to the contrary in the Collective Agreement, when determining whether a particular person will be selected to teach a course with an external partner:

1. **Ability to Work at External Partner Site** – An applicant’s legal and functional ability to teach a course may be limited by his/her availability and ability to be at an off-campus site, depending upon the situation. For example, if a work visa cannot be obtained, the applicant cannot be selected.
2. **Past Performance and External Partner Input** – Reappointments to teach with external partners are not automatic. Past performance at a particular location and input from an external partner may influence future appointments. Such input will be provided to the CAI in writing upon his/her request and shall not form part of the Official File.

IV. Remuneration Benefits and Other Financial Issues

1. **Stipend Rate** – The Parties recognize that the financial opportunities with respect to working with external partners is often on a cost recovery basis and often involves extra work by the CAI to teach in another location and/or on a compressed work schedule. Therefore, the Parties agree that the stipend rates defined in the Collective Agreement be the minimum amount paid for teaching a course for these programs. More than the minimum amount may be paid depending on the program. UNB will provide AUNBT with the amounts of stipends paid to CAIs that exceed the Collective Agreement base stipend rate. In addition, UNB will provide AUNBT with its reasons for offering stipends in excess of the base stipend. These reasons may be provided on a program basis. UNB agrees to provide to AUNBT electronic copies of these teaching contracts.
2. **Cancellation Fees** – Cancellation fees (Article 24.04) apply to courses taught under this MoU.
3. **Long Service Premiums** – For the purposes of determining eligibility and amount of long service premiums to be paid (Article 24.03), a course taught for a program with an external partner under this MoU will be considered a 3 credit-hour course.

4. **Per Diem Rates (i.e. room and board)** – The current practice will continue, that per diem rates, if any, will be paid according to the applicable Memorandum of Understanding entered into between UNB and the external partner governing each program. If there is a per diem rate, the per diem rate will be stated in job postings so that applicants are able to know what the rates are before they choose to apply.
5. **Medical Insurance** — UNB provides some medical insurance coverage when it employs CAIs to work outside of Canada. The level of medical insurance coverage differs depending upon employee status (e.g. retired full-time former Group 1 employees working as CAIs sometimes have coverage different from non-retiree CAIs). Program managers will inform participants of the medical insurance coverage being provided by UNB. Any additional coverage beyond what UNB provides may be purchased by the CAI at the CAIs expense.
6. **AUNBT Union Dues** – AUNBT dues will be collected and remitted on stipend amounts paid from UNB when the collective agreement applies, as described earlier, on a go forward basis from when this MoU is signed. In the limited circumstance where the CAI has requested partial payment to be received from the external partner as described under paragraph I(1) of this MoU, AUNBT dues will not be collected from such amounts but an equivalent amount of what dues would have been will be paid by UNB.

V. **Other Non-Financial Issues**

1. **Quality** – CAIs shall perform their duties in teaching a course with an external partner in a manner consistent for a course taught at UNB.
2. **Course Maximums** – The Parties agree that courses taught for programs with external partners will not be counted towards course maximums under Article 18A.04.
3. **Right of First Refusal – In person** – A course taught in person (or both in person and online) for a program with an external partner shall be considered a different course for the purposes of assessments and rights of first refusal, similar to the distinction between technologically mediated courses and non-technologically mediated courses under Article 20A.03.
4. **Right of First Refusal – Online** – A course taught solely online for a program with an external partner shall be considered the same courses with other instances of the course being taught online at UNB for the purposes of assessments and rights of first refusal.
5. **Student Opinion Surveys** – Where the Collective Agreement applies to the course taught, any student opinion survey results for courses taught with the external partner shall be placed into the CAI's Official File consistent with Article 23.06, only if the student opinion survey format has been approved using the required academic governance processes for student opinion surveys at UNB.
6. **AUNBT Representation** – When the Collective Agreement applies to the course taught, the normal provisions regarding performance, investigations and discipline apply for issues that arise with a CAI teaching a course. When the CAI has AUNBT representation, UNB will make the necessary introductions (by phone, e-mail, skype or other electronic means) between the appropriate external partner representative, the member and AUNBT so that AUNBT can meet its obligation under the duty of fair representation.

7. Cultural Awareness – Cultural awareness orientation/training, if applicable, will be provided to CAIs at least once when working with an external partner.
