About this Codebook

This data product is provided 'as is,' and NB-IRDT makes no warranty, either express or implied, including but not limited to warranties of merchantability and fitness for a particular purpose. In no event will NB-IRDT be liable for any direct, special, indirect, consequential or other damages, however caused.

Due to the operational nature of administrative data sets, there is potential for discrepancies between the names of variables and their corresponding definitions. In the case of such a discrepancy, the variable definition should be considered the most accurate representation.

Overview

The New Brunswick Early Learning Centre or New Brunswick Early Learning Home is a designation that is given to eligible licensed early learning and child care facilities that offer services to preschool children aged five and under through a voluntary application process. Designated New Brunswick Early Learning Centres and Early Learning Homes commit to work in collaboration with government to offer equitable and affordable access to higher quality early learning and child care services by removing barriers linked to family income, children's ability and needs, language, and minority settings. This will be accompanied by an on-going operational funding for preschool services and improved parent subsidies. Early learning and child care facilities need to meet specific eligibility criteria in order to be designated.
