About this Codebook

This codebook is intended for users of the Radon Test Results database. This codebook provides an overview of the data contained in the database and important technical information regarding use of the database, which contains test dates and results across the Fredericton area of New Brunswick and indicates if the test was short-term or long-term.

This data product is provided 'as is,' and NB-IRDT makes no warranty, either express or implied, including but not limited to, warranties of merchantability and fitness for a particular purpose. In no event will NB-IRDT be liable for any direct, special, indirect, consequential or other damages, however caused.

Overview

The Radon Test Results database provides information on radon tests across the Fredericton area between November 2016 and October 2018. The database includes information about whether the test was short-term or long-term in nature.

Data Range

November 2016-October 2018

Data Source

NB Research and Productivity Council

How to Cite this Codebook

New Brunswick Institute for Research, Data and Training. (2020). Radon Test Results Codebook for November 2016 – October 2018. Fredericton, NB: New Brunswick Institute for Research, Data, and Training.

Acknowledgements

Radon Test Results is used with the permission of the NB Research and Productivity Council.

About this Product
