*Notes: This study divides New Brunswick into the following geographies: Moncton Census Metropolitan Area (CMA), Saint John CMA, Fredericton Census Agglomeration (CA), Other CAs in NB, and Rest of NB. A CMA must have a total population of at least 100,000, of which at least 50,000 or more live in the core. A CA must have a core population of at least 10,000. "Other CAs in NB" includes all CAs with the exception of Fredericton. "Rest of NB" includes all regions that do not meet the criteria to be classified as a CMA or CA. Although Fredericton became a CMA for the 2021 Census year, we continue to use the terminology Fredericton CA in this study, as the change in geography classification occurred during the analytical period.*
