Call for Abstracts, Workshops and Conference Sessions

**Deadline: January 31, 2007**

**Deadline extended to February 15, 2007**

You are invited to submit proposals to the conference Assessment and Action for Healthy Settings: Schools, Communities, Workplaces, Public Health Organizations & More, sponsored by the Atlantic Networks for Prevention Research (ANPR www.preventionresearch.dal.ca). It will be held in St. John’s, Newfoundland & Labrador, Canada, July 4-6, 2007.

As the 2nd ANPR Conference (www.safetynet.mun.ca/ ANPRConference) this event will focus on healthy environments and will highlight research on disease prevention and health promotion with a special emphasis on approaches and tools for assessing health challenges and opportunities in specific settings as well as for developing and evaluating effective interventions.

ANPR is a research team funded by the Canadian Institutes of Health Research. It is developing methods for linking research with interventions to prevent illness and promote health with a focus on four settings: communities, workplaces, schools, and public health organizations. The Conference invites submissions on these settings, as well as on any others.

Proposals are encouraged from the full range of those involved in health promotion and disease prevention—researchers, policy-makers, community groups, NGOs, governments, schools, labour and industry.

**Types of Participation**

- **Abstracts** for oral or poster presentations will be accepted from individuals or groups. The application should indicate which mode of presentation is preferred.

- **Workshops**: We are also seeking proposals for workshops for July 4th. These workshops will be facilitated events led by 1 or 2 individuals and will be from 90 minutes to 6 hours long.

- **Conference Sessions**: We are inviting proposals to organize panels and roundtable discussions at the Conference. Panels can involve formal presentations by up to 4 presenters; roundtables can include up to 6 speakers. Each session will be 90 minutes long. Proposals for panels or roundtables should include a topic outline and the names of potential speakers.

**How to Submit**

Abstracts and proposals for workshops or conference sessions are to be submitted on our web-based forms (www.safetynet.mun.ca/abstracts). Questions may be addressed to Angela Drake, Conference Coordinator, adrake@mun.ca or (709) 737-8476.

The deadline for abstracts and proposals is January 31, 2007. Abstracts and proposals will be peer-reviewed, and successful applicants will be notified by the end of February 2007.
