

Our Alumni

Dr. Jeffrey Mark McNally Contract Academic Instructor, UNBSJ

Dept. of Computer Science
Faculty of Business
Dept. of Engineering
Dept. of Mathematics and Statistics

- Certificate of Data Analytics
- Bachelor
- Masters
- PhD
- Computer Science
- Data Analysis
- Information Science

Dr. McNally is a Contract Academic at UNB, teaching introductory courses in Programming and Problem Solving, Data Structures, Numerical Methods, Parallel Programming, Calculus, Business Mathematics, Linear Algebra, Management Science, Business Research, and numerous fields of Statistics.

He has been nominated for the UNB Allan P. Stuart Award for Excellence in Teaching 8 times over the past decade and in 2016 was the recipient of both the Saint John CS Department Teaching Excellence Award and the UNB Saint John Golden Apple Award.

His research is in the area of Fast Parallel Algorithms for solving banded Toeplitz systems of Linear Equations with minimal or no inter processor communication with 15 well received conference papers and publications. His focus now, however, is on his teaching.

- BSc - First Class Honours, Math
- MSc Math
- PhD Computer Science
