

have learned anything so it won't help you in the long run.

In life this quote can help you a lot. You could be really smart and have a good work ethic but if you want to succeed you need to be able to co-operate and work with other people. Just look at Barry Bonds; he has the record of the most career^{thru} home-runs of all-time in the world of baseball. But you know what, he hasn't won a championship in years because his team doesn't work well with him. Just imagine~~ed~~ you're sitting in a canoe and your rowing and rowing and rowing, where would you be, spinning in circles. That's why working with other people will get you where you want.

The author of this quote, Michael Jordan, can relate a lot to it. We all know M.J for being a great basketball player but did you know that he missed over 9000 shots in his career? But when he missed his teammates were right behind him to grab the rebounds, Michael Jordan
