

# RESEARCH IMPACT

Mobilizing knowledge to transform communities.

## RESEARCH INCOME

- increase in grant submissions
- improve grant success rate
- expand partnerships and interdisciplinary projects
- establish additional research chairs

## GRADUATE STUDENTS

- increase the number of master's and PhD students
- establish new programs
- assess student support and funding

## INDIGENOUS RESEARCH

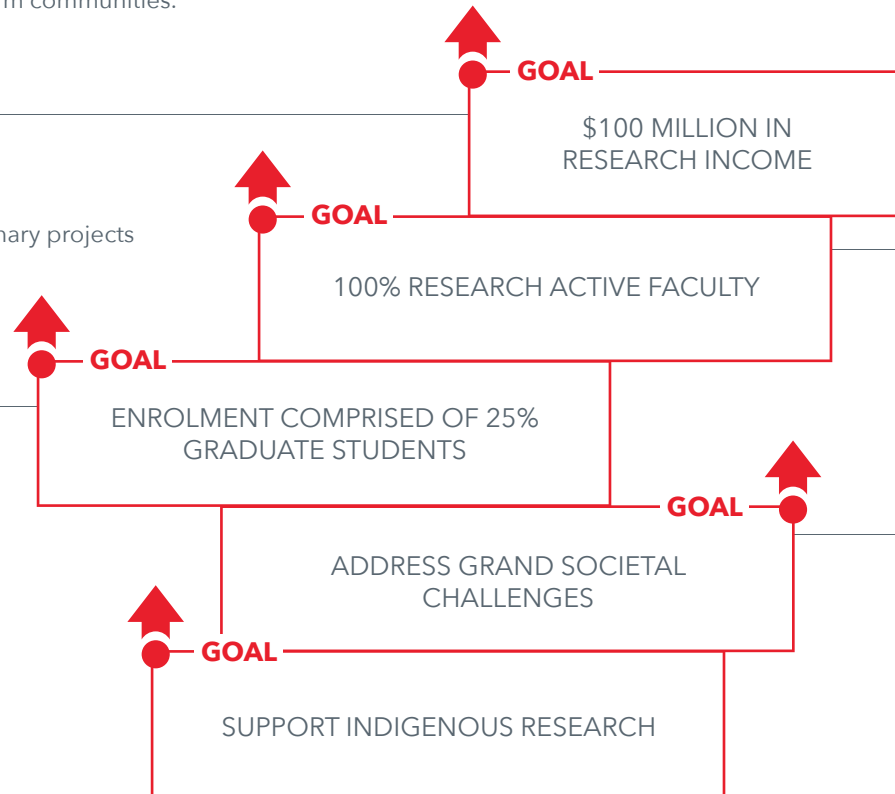

- increase number of Indigenous-research chairs
- enhance the visibility, capacity and volume of Indigenous research
- strengthen relationships with Indigenous communities
- establish a visiting scholar program and a speaker series

## FACULTY RESEARCH

- enhance research productivity
- increase publications
- provide tangible research support

## GRAND CHALLENGES

- identify, embrace and strategically invest in grand challenge research
- continue to support and promote UNB research on grand challenges
- strengthen national and international partnerships

STRATEGIC VISION
